No. 408.

Earl of Derby to the Marquis of Lorne.

DOWNING STREET,
9th April, 1883.

MY LORD,—With reference to that portion of my predecessor's despatch of the 24th of August 1880, which relates to a proposal that preliminary examinations for the Royal Military College, Sandhurst, should be conducted by means of papers sent out to the Colonies by the Civil Service Commissioners, I have the honor to transmit to you, to be laid before your Government, an extract of a letter from the War Office stating that the Civil Service Commissioners will be prepared, upon being informed that a person residing in any of the more important distant Colonies is desirous of passing the preliminary examination for admission, to forward to the Governor of the Colony in question a sealed packet of Examination papers with explanations as to the mode of conducting the examination, or should the demand for examination be recurrent, they would be willing to supply papers beforehand to be used by the Governor as occasion might require.

It will be noticed that this arrangement supersedes that which was previously announced in Lord Kimberley's despatch of the 25th of June 1881, under which preliminary examinations for Sandhurst would have been conducted in accordance with the prescribed regulations by the authorities of any Universities or Colleges possessing Royal Charters.

I have, &c.,

DERBY.

Governor General,
The Right Honorable
The Marquis of Lorne, K.T., G.C.M.G.,
&c., &c., &c.

EXTRACT from a letter from the War Office to the Colonial Office, dated 9th March 1883, No. 488.

I am to observe that a communication has been received from the Civil Service Commissioners from which it appears that upon its being notified to them that a person residing in any of the more important distant Colonies is desirous of passing in the Colony the "preliminary examination" for admission to Sandhurst they will be prepared to forward to the Governor of the Colony in question a sealed packet of Examination papers accompanied by instructions as to the mode of conducting the

Examination, or should the demand for examination in the Colony be likely to be recurrent, they would be willing for the purpose of avoiding delay, to supply the Governor with papers beforehand, to be used by him when the occasion should arise.

This course will accordingly be adopted in preference to the arrangement originally proposed of holding Preliminary Examinations in the Colonies under the authority of Chartered Colonial Universities.

(Circular.)

DOWNING STREET,
22nd May, 1883.

SIR,—With reference to Sir Michael Hicks Beach's Circular Despatch of the 27th of January, 1879, I have the honour to transmit to you, for information and publication in the Colony under your Government, a copy of an Order of the Queen in Council, dated the 20th of April, exempting Danish steam vessels from re-measurement in this country.

I have the honour to be, Sir,

Your most obedient humble servant,

DERBY.

The Officer Administering
the Government of Canada.

AT THE COURT AT OSBORNE HOUSE,
ISLE OF WIGHT,

The 20th day of April, 1883.

PRESENT:

The QUEEN's Most Excellent Majesty in Council.

WHEREAS by "the Merchant Shipping Act Amendment Act, 1862," it is enacted that "whenever it is made to appear to Her Majesty that the Rules concerning the measurement of tonnage of Merchant Ships for the time being in force under the principal Act have been adopted by the Government of any Foreign Country, and are in force in that Country, it shall be lawful for Her Majesty by Order in Council to direct that the ships of such Foreign Country shall be deemed to be of the Tonnage denoted in their Certificates of Registry, or other national papers; and thereupon it shall no longer be necessary for such ships to be remeasured in any port or place in Her Majesty's Dominions, but such ships shall be deemed to be of the tonnage denoted in their Certificates of Registry or other papers, in the same manner, to the same extent, and for the same purposes, in to and for which the tonnage denoted in the Certificates of Registry of British Ships is to be deemed the tonnage of such ships."

And whereas by the Merchant Shipping Act, 1876, it is enacted that "where Her Majesty has power under the Merchant Shipping Act, 1854, or any Act passed or hereafter to be passed amending the same, to make an Order in Council, it shall be lawful for Her Majesty from time to time to make such Order in Council, and by Order in Council to revoke, alter, or add to, any Order so made."

And whereas by Order in Council dated the 29th day of February, 1868, Her Majesty, to whom it was made to appear that the Rules concerning the measurement of tonnage of Merchant Ships now in force under the Merchant Shipping Act, 1854, had been adopted by the Government of His Majesty the King of Denmark, and were in force in that Country, was pleased to direct that the Ships of Denmark the Certificates of Danish Nationality and Registry of which were dated on or after the 1st day of October, 1867, should be deemed to be of the tonnage denoted in the said Certificates of Danish nationality and Registry.

And whereas certain modifications were subsequently made in the said Rules concerning the measurement of tonnage of Merchant Ships in Denmark, whereby from and after the 1st day of October, 1878, the allowance for Engine Room in certain ships would be estimated in a mode differing from that in force in this country; and it was made to appear to Her Majesty that it was desirable to alter the said first recited Order in Council so far as the same applied or

related to the mode of estimating the allowance for engine room in Danish Steam ships:

And whereas Her Majesty by Order in Council dated the 30th day of December, 1878, was pleased to direct as regards Danish Steamships that if the Owner or Master of any Danish Steamship measured after the said 1st day of October, 1878, desires the allowance for Engine Room in his ship to be estimated under the British instead of under the Danish Rules, such Engine Room shall be measured, and the allowance calculated according to the British Rules.

And whereas it has been made to appear to Her Majesty that it is expedient that certain additions should be made to the provisions of the said last recited Order in Council in regard to the mode of estimating the net registered tonnage of certain Danish Steamships.

Now therefore, Her Majesty in virtue of the powers vested in Her by the said recited Acts, and by and with the advice of Her Privy Council, is further pleased to direct as follows, viz.: that in the event of the net registered tonnage of Merchant Ships belonging to the said Kingdom of Denmark, which are propelled by steam or any other power requiring Engine Room estimated under the British Rules being denoted in the said Certificates of Danish Nationality and Registry issued on or after the 1st day of September, 1882, such ships shall be deemed to be of the tonnage so denoted in the said certificates.

ORDERS IN COUNCIL.

REPORT of a Committee of the Honourable the Privy Council, approved by His Excellency the Governor General in Council, on the 23rd day of June, 1883.

ON a Report dated 15th June, 1883, from the Acting Minister of Railways and Canals, stating upon the representation of the Minister of Inland Revenue that the tolls on the several canals of the Dominion have from time to time, been subject to amendment under specific Orders in Council, and that for greater convenience it is expedient that they should now be placed in a consolidated form; further, that in respect of the Rideau and the Ottawa River Canals a certain re-adjustment is advisable.

The Minister observes that heretofore, under a General Order of the 18th of April, 1873, the distance between Montreal and Kingston was for toll purposes divided into two portions, one the Ste. Anne Lock, with a separate scale of charges, and the other "the Ottawa and Rideau Canal" divided into four sections, namely:—

- 1st. The Carillon and Grenville.
- 2nd. Ottawa.
- 3rd. Smith's Falls.
- 4th. Kingston Mills.

The rates payable for passage being in proportion to the number of sections traversed, and that in order to bring the classification into conformity with the statistical returns of the Inland Revenue Department it is proposed that the Rideau Canal should be treated as an entirely separate work, with distinct rates, the division of its sections however remaining the same, and that the term "Ottawa River Canals" should comprise the Grenville, the Carillon and the Ste. Anne, each of these three constituting a section and the tolls on each being one third of the whole rates.

The Minister further observes that the Department of Inland Revenue having prepared a schedule embodying the several points above mentioned which imply adjustment merely and not fresh alteration in the extent of tolls, he, the Minister, recommends that the said schedule hereunto be approved.

The Committee submit the above recommendation for Your Excellency's approval.

JOHN J. MCGEE,
Clerk, Privy Council.

1-3

GOVERNMENT HOUSE, OTTAWA,

Thursday, 28th day of June, 1883.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON the recommendation of the Honorable the Minister of Inland Revenue, and under the provisions of the Act 46th Victoria, chapter 15,—

His Excellency the Governor General, by and with the advice of the Queen's Privy Council for Canada, has been pleased to order, and it is hereby ordered, that the following Regulations in respect of Tobacco and Cigars and Tobacco and Cigar Manufactories to come into force on and after the 1st day of July, 1883, be and the same are hereby adopted:—

ARTICLE I.—RAW MATERIAL.

FOR DEALING WITH RAW LEAF TOBACCO, SCRAPS, CUTTINGS, STEMS, LIQUORICE OR OTHER MATERIALS, WHEN BROUGHT INTO, PRODUCED OR USED IN, OR REMOVED FROM A TOBACCO OR CIGAR MANUFACTORY.

1. So soon as any tobacco or other raw material is received at the manufactory the quantity thereof shall be ascertained by the manufacturer, under the immediate supervision of the officer in charge, whose duty it shall be to test the accuracy of all weights, and when required so to do by the manufacturer to ascertain the deduction to be made for moisture.

2. Standard tobacco as defined by the Act means tobacco which contains 10 per cent of moisture, but it is not intended to notice a discrepancy of one or two per cent. from this standard in either direction.

3. When, however, there is an evident excess of moisture beyond the proportion above mentioned, viz., 10 per cent., the manufacturer may, if he desires, have this excess ascertained, and if found to be as much as or more than 12 per cent., the excess over 10 per cent. is to be deducted from the weight found. In other words, when an account is taken of excessive moisture at all, 10 per cent. is to be understood as being the standard, and all over that is to be allowed.

4. All samples taken for the purpose of ascertaining the percentage of moisture contained therein are to be furnished by the manufacturer or owner free of cost.

5. It is not necessary that samples should be taken from each package. When two or more packages are, after careful examination, considered by the officer to be about the same as regards moisture, one sample can be taken to represent the lot. It is the desire of the Department that the manufacturer should suffer as little loss as possible by taking his tobacco for the purpose of ascertaining the moisture, and whenever any manufacturer is satisfied that the raw leaf and other unmanufactured tobacco brought into his manufactory at any time is not above or below the standard, he may enter the actual weight upon his books without submitting a sample to be tested, but in such case the weight shall be considered as standard and no allowance made thereafter if the production in the manufactory should fall below the standard established by law.

6. All stems, scraps, cuttings, clippings, waste or

other refuse of tobacco, when produced in, taken for use, removed from, or destroyed at or from any tobacco or cigar manufactory shall be entered in standard pounds.

7. All raw leaf tobacco, stems, scraps, cuttings, clippings, waste and tobacco in process of manufacture at the time and when stock is taken shall be stated in standard pounds, and in all such cases care must be taken that samples for drying fairly represent the degree of moisture in each lot from which samples are taken.

8. In all cases where it becomes necessary to take an account of the moisture, samples must be carefully taken in such a manner as to give a fair sample—as to moisture—of the whole. These samples should each be from one quarter to one half of one pound in weight, and must be carefully weighed immediately they are taken, and the samples are to be taken from the packages at the time of weighing thereof and not at a date previous to or after such weighing. They are then to be carefully dried in the drying oven, with which important offices have already been or will be supplied. The difference between the weight when put in and removed from the dryer will represent the moisture contained therein.

9. The principal offices will be supplied with scales specially constructed for the purpose, by means of which the percentage of moisture in excess of the standard can be read on the arm of the scale, instead of having to resort to computations to ascertain it.

This scale is so constructed that by filing the counterpoise bucket at the end of the arm with shot sufficient to balance the oven tray on the platform, the weight as shown will be the net weight of the tobacco. By means of the adjustable weight on arm the sample can be either one-quarter, one-half, or one pound, and by placing this weight at 100 when weighing the tobacco for drying, and then reading after drying on the lower scale on the arm, the exact percentage of moisture to be deducted, can be seen at a glance.

10. The officer in charge of each tobacco or cigar manufactory shall keep a record of the weight of all packages of raw leaf tobacco or other raw material received into manufactory. The entry shall be made in a book provided by the Department for that purpose.

11. All packages of raw material received into warehouse shall be consecutively numbered, beginning with number one, on the 1st day of July in each year.

12. A ticket, or tag, shall be placed upon each package showing the date when put in warehouse, the serial number of the package, the gross weight, the tare, and the net actual weight of tobacco or other raw material contained therein, and in the case of raw leaf tobacco, scraps and cuttings, stems and other unmanufactured products of raw leaf tobacco, the percentage of moisture and pounds of standard tobacco contained therein. In order that there shall be uniformity of practice the following is the form of ticket or tag to be used, until otherwise modified or altered by Departmental Regulation, which tag will be supplied by the Department upon proper requisition being made therefor:—

Signature Officer in charge.

In the case of liquorice, sugar, gum or other raw materials other than leaf tobacco, cuttings and other unmanufactured products of leaf tobacco, the last two lines will be left blank as no deduction for moisture is to be made from these articles.

13. All leaf tobacco and other materials are, as soon as received and an account of them taken, to be placed in the warehouse provided for that purpose and secured by Crown lock, the key thereof being in the possession of the officer in charge.

14. Raw leaf tobacco and other raw materials are to be delivered to tobacco and cigar manufacturers in such quantities as may be required for use, and as they will have access to the warehouse daily, if required, and can take tobacco from as many different packages as if it were under their sole control, it is not necessary that greater quantities should be taken than is required for each day's use. When taken for use by whole packages it must be entered ex-warehouse at the weight marked on the packages when received.

(a.) If, in the opinion of the Department, the conveniences afforded by any tobacco or cigar factory will not permit of the storing of all raw leaf tobacco and other raw material within the locked apartment designated for that purpose, without unduly harassing the manufacturer, then the Collector may authorize such proportion as he may see fit to be stored in other parts of the factory; and in such case each such package so withdrawn, if not required for proximate use, shall have placed upon it by the manufacturer a red card of not less than four inches square, with the words "In Bond" printed thereupon in letters of not less than one inch in height; and the removal of such card, or of any of the contents of such package, before the weight contained in such package has been entered to the debit of the "Daily Record" as "taken for use," shall be deemed to be an illegal abstraction of goods from warehouse, and shall subject the manufacturer to like penalty as by law provided.

(b.) When the contents of any package is taken for use at various times the last entry from the package shall be made to balance the quantity originally warehoused and marked on such package.

(c.) A manufacturer will be permitted to take whole packages or such quantities as he may require for use, but if it is at any time evident that a manufacturer is entering for use quantities far in excess of what his business demands, the Collector will apply to the Department for specific instructions.

15. All stems produced in any tobacco or cigar manufactory must, unless used or intended for immediate use in the manufactory, or held by the manufacturer with a view to their exportation, be weighed up not less frequently than once a month and either destroyed or locked up as hereinafter provided.

All stems, scraps, cuttings and waste produced in any tobacco or cigar manufactory and charged back to stock and carried to debit of Stock Book No 1, shall unless immediately destroyed, removed, or entered for use, be placed in raw leaf warehouse.

16. The destruction shall be by burning except when some other mode is specifically permitted. Provided that the Department may authorize Collectors of Inland Revenue to furnish known gardeners with small quantities of stems to be used solely for horticultural purposes. The quantity furnished for such purposes and the security to be taken for the proper use of such stems to be within the discretion of the Collector, and the transactions in detail to be reported monthly to the Department.

17. Stems, scraps, cuttings or waste must, before they can be entered for removal or destruction, be carried to debit of Stock Book No. 1.

18. Raw leaf tobacco, after being charged in a tobacco or cigar manufacturer's Daily Record as taken for use, cannot thereafter be removed from factory in an unmanufactured state, unless by a special permission, in each case obtained from the Collector.

19. Raw leaf tobacco, when removed from a tobacco or cigar manufactory, must be entered in standard pounds.

20. Where tobacco and other raw material is secured under Crown lock, it is not necessary to

weigh each package in the warehouse when taking stock; only a sufficient number to satisfy the officer that the packages remain as shown on tag. When not secured by Crown lock each package must be carefully weighed.

21. Flavorings received at a tobacco or cigar manufactory are not to be examined by the officer in charge, but the weights are to be recorded by the manufacturer as in the case of other raw material.

FOR SALE OF SCRAPS, CUTTINGS, STEMS AND SWEEPINGS
OF TOBACCO IN BULK, BY ONE MANUFACTURER
TO ANOTHER.

22. Whenever any manufacturer of tobacco or cigars desires to sell his refuse scraps, cuttings, stems, and sweepings of tobacco, in bulk and as material, to another manufacturer of tobacco or cigars, to be further manipulated or manufactured, he is hereby permitted to do so under the following rules and conditions, viz. :—

(a.) The removal must be made in bond, and the goods consigned to the order of the Collector of Inland Revenue of the Division to which the goods are so consigned in the same manner as provided for manufactured articles.

(b.) The packages containing the goods are to be consecutively numbered, and each to have marked thereon the gross weight, the tare, and the net weight and also the standard weight of unmanufactured tobacco contained therein, and shall in addition have marked thereon the registered number of the manufactory, number of warehouse entry, date, and number of the Inland Revenue Division.

(c.) No persons other than manufacturers of tobacco or cigars will be allowed either to purchase or sell this description of tobacco unless it is packed, stamped and the duty paid thereon, as provided by law.

23. Whenever any manufacturer of tobacco or cigars desires to sell his refuse scraps, cuttings, stems, or sweepings of tobacco for export to a foreign country, he will enter the same for export in bond in the same manner and under the same regulations as govern the shipment and exportation of manufactured goods.

24. Cigar manufacturers will not be permitted to put up small packages of cuttings for consumption.

FOR REMOVAL OF SNUFF FLOUR AND FINE CUT SHORTS,
FROM ONE TOBACCO MANUFACTORY TO ANOTHER.

25. Snuff-flour not prepared for use, but which needs to be subjected to further process of sifting, pickling, scenting, or otherwise, before it is in a condition fit for use or consumption, may be sold by one tobacco manufacturer directly to another under the following regulations :—

(a.) The snuff-flour shall be put up in packages, and these packages consecutively numbered and marked with the gross weight, the tare, and the net weight thereof, and shall in addition have marked thereon the registered number of the factory from which removed, the number of the warehouse entry, date, and number of the Inland Revenue Division.

(b.) The snuff-flour shall be removed from one manufactory to another in bond, the necessary warehouse and removal entries and removal bond being passed therefor as in the case of other removals in bond.

26. Fine-cut shorts, the refuse of fine-cut chewing tobacco, may be sold in bulk, like scraps, cuttings, &c., by one manufacturer of tobacco to another; but when put up for sale and consumption, they must be packed in packages containing one-twentieth, one-sixteenth, one-tenth, one-eighth, one-fifth, one-fourth, or one half pound each, and stamped like other small packages of tobacco. The law does not authorize the packing of fine cut shorts in five or ten-pound packages the same as fine-cut chewing.

27. Fine cut shorts may be sold in bulk by one tobacco manufacturer to another, under the following regulations :—

- (a.) They shall be put up in packages, and these packages consecutively numbered and marked with the gross weight, the tare, and the net weight thereof (the net weight being stated in apparent and also in standard pounds), and shall, in addition, have marked thereon the registered number of the manufactory where put up or from which removed, the number of the warehouse entry, the date and the number of the Inland Revenue Division,
- (b.) The fine-cut shorts, like snuff-flour, shall be removed from one manufactory to another in bond.

28. Upon the receipt of the snuff flour or fine-cut shorts at the manufactory to which it is consigned, it shall be placed in the raw leaf warehouse, and shall be delivered to the manufacturer in such quantities as he may require for treatment.

29. In all books, snuff-flour and fine-cut shorts shall, when entered for removal for further treatment at another licensed tobacco manufactory, be treated as raw material, and as the transactions are not likely to be such as to render it necessary to encumber the books with special columns for these articles, they will be dealt with in the books in the following manner, when removed, viz. :—

- (a) The entries to be made in red ink.
- (b) Enter in column No. 23 in Daily Record when produced, and in columns Nos. 10 and 26 in Stock No. 1 when "charged back to stock" and "removed from manufactory" respectively.
- (c) At receiving manufactory enter in columns Nos. 9 and 25 in Stock Book No. 1, when "brought in" and "taken for use," respectively, and in column No. 7 in Daily Record when "taken for use."
- (d) Explanations to be made in columns Nos. 2 and 19 in Stock Book No. 1, and columns Nos. 2 and 15 in Daily Record.
- (e) Totals of fine-cut shorts and snuff-flour to be also shown in red ink, and separate and distinct from the totals of scraps, cuttings and waste, as shown in the columns referred to.

RAW LEAF TOBACCO SAMPLES.

30. As some misapprehension appears to exist as to the manner of dealing with small quantities of Raw Leaf Tobacco imported as samples, and on which the Department has no authority to collect duty, the following regulations are now issued for the guidance of Customs Officers at the ports where such samples are imported.

(a) Such samples must be bonded in a Customs Warehouse in the same way as all other imported Raw Tobacco is bonded.

(b) The removal of such samples from Customs Warehouse in quantities not exceeding one hundred and fifty pounds at any one time may be permitted on a removal bond being executed with the Collector of Customs by the parties who desire to remove the tobacco, and another surety who must be a resident householder, or other responsible person resident at or near the port at which the bond is given. And each separate parcel or sample must be securely sealed and stamped so that it may be identified.

(c) The removal entry shall accurately state the quantity, description and quality of the tobacco, as known to the trade, to be removed, which description shall also include particulars necessary for the identification of the several samples or parcels.

(d) Each removal paper shall have endorsed on it, by the Collector of Customs the date at which the removal bond will expire, and shall set forth that the holder of the paper is permitted to carry with him the tobacco therein described for the purpose of exhibiting is to his customers.

(e) The conditions of the bond are to be that the tobacco shall, within a specified time, be delivered to and entered upon the books of a licensed tobacco or cigar manufacturer, or that it shall be exported.

(f) And the bond shall only be cancelled on the production of the certificate of an officer of Excise that the tobacco has been entered on the books of a

licensed tobacco or cigar manufacturer, or on the certificate of a Customs Officer that the tobacco has been exported and within the time mentioned.

(g) In addition to the above certificate, when the tobacco is exported, all the Warehouse regulations then in force in reference to the exportation of Customs goods shall be complied with before the bond is cancelled.

(h) Whenever the bond is not cancelled in the manner above stated, and within the time stated in the bond, it will be the duty of the Collector of Customs before whom it is taken to call upon the parties for the immediate payment of the penalty inserted in the bond, which, in accordance with the 304th section of the Inland Revenue Act of 1883, will be for a sum equal to 30 cents per pound on the tobacco to which it relates.

(i) When samples are sent out by the travelling agent of any person duly licensed to warehouse Raw Leaf Tobacco under the Inland Revenue Act, an accurate account of such samples is to be taken by the proper officer of Excise and entered on the warehouseman's books, and the same means adopted for their identification as it directed with reference to samples just imported.

(j) A Bond will be taken with reference to such samples of the same nature as is directed with reference to samples just imported; but, in lieu of making it an alternative that such samples shall be exported, the conditions shall be that they shall be returned to the Warehouse of the licensed warehouseman, and by him entered on his books.

(k) Whenever any Importer desires to do so he may pay the fee of twenty cents per pound on the Raw Leaf samples and have them stamped with the special Raw Leaf Tobacco sample stamp provided for that purpose, and may then bring in and exhibit his samples without any restrictions as to the giving a removal bond, procuring the certificate of Officers of Excise as to its being entered on a manufacturer's book, or for the exportation of the sample.

(l) The special Raw Leaf Tobacco sample stamps are to be destroyed when the tobacco is taken for use in any tobacco or cigar manufactory.

ARTICLE 2.

STAMPS FOR TOBACCO.

1. By virtue of the authority of the "Inland Revenue Act, 1883," the following denominations of stamps for tobacco have been prepared, and their use is hereby prescribed, viz. :—

- (a.) Strip stamps, in sheets, of the denomination of one fortieth of a pound, for cigarettes.
- (b.) Strip stamps, in sheets, of the denomination of one-twentieth, one-sixteenth, one-tenth, one-eighth, one-fifth, one-fourth, and one-half pound, for use on all legal packages of cut and granulated tobacco, cigarettes, shorts, clippings cuttings, and sweepings of tobacco.
- (c.) Strip stamps, in sheets, of the denomination, of five and ten pounds, for pails, kegs or drums of fine-cut chewing tobacco.
- (d.) Strip stamps, in sheets, of the denomination of one pound, for use on packages of Canada twist.
- (e.) Strip stamps, in sheets, of the denomination of five and ten pounds, for packages holding snuff when containing not more than forty per cent. of moisture.
- (f.) Strip stamps, in sheets, of the denomination of ten and twenty pounds, for packages holding snuff when containing more than forty per cent. of moisture.
- (g.) Oblong stamps, in sheets, of the denomination of ten pounds, for packages containing caven-dish, plug or twist tobacco.
- (k.) Coupon stamps, in books, of the denomination of ten, fifteen and twenty with one-half pound coupons, and sixty and seventy with one pound coupons.

2. No stamp of a denomination less than one-fifth of a pound is provided for tobacco solely the product of Canadian raw leaf.

3. It is the duty of every officer in charge of any tobacco or cigar manufactory to see that no greater quantity of tobacco or cigars is contained in the packages to which the stamps are attached than the stamp is intended to cover, and should any packages containing tobacco or cigars at any time be discovered with stamps thereon for a quantity less than the package contains, it is the duty of every officer to detain such packages as forfeited, and report the circumstances to this Department through the Collector of the Division.

4. Stamps for use on tobacco the product in whole or in part of foreign raw leaf, are colored black. Those for use on tobacco solely the product of Canadian raw leaf, are colored green. Those for use on packages of imported tobacco, are colored blue.

FOR CIGARS.

5. The Commissioner of Inland Revenue has caused to be prepared for the payment of duty on cigars the following denominations of cigar stamps :—

- (a.) Strip stamps issued in sheets for boxes containing twenty-five, fifty, one hundred and two hundred cigars each.
- (b.) Strip stamps issued in sheets for sample boxes of cigars containing twenty-five cigars each.
- (c.) Strip stamps issued in sheets for boxes of imported cigars (old issue, rate of duty being on the pound as heretofore).

6. Stamps for use on boxes containing cigars the product in whole or in part of foreign raw leaf tobacco, are colored black.

Stamps for use on boxes containing cigars solely the product of Canadian leaf tobacco, are colored green.

Stamps for use on packages of imported cigars are colored blue.

Stamps for use on sample boxes of cigars, are colored yellow with the letter "F" thereon when used on cigars the product of foreign leaf, and "C" thereon when used on cigars the product of Canadian leaf.

FOR CANADA TWIST.

7. Stamps for Canada Twist are supplied of the denominations one-fourth, one half and one pound each.

8. Stamps of the above denominations will be supplied postmasters or other persons throughout the country who will keep a record of the names of the persons to whom they sell stamps, and of the license number and number and denomination of stamps sold to each (selling them only to licensed persons), for which purpose a suitable book is supplied. The register of sales above referred to is to be open at all times for the inspection of officers of Inland Revenue.

9. Canada Twist cannot be manufactured for sale by the cultivator unless he has taken out a license, paying therefor the sum of two dollars, and the law imposes a heavy penalty on any cultivator who shall manufacture for sale any Canada Twist without taking out such license. Collectors of Inland Revenue and others acting for this Department will, therefore, take all the means in their power to acquaint cultivators with the necessity of taking out such license and stamping the Canada Twist before offering it for sale.

10. The stamps will be attached to the roll or coil by interlacing it through the coil when made and bringing the two ends of the stamp once around the coil and fastening securely by gum or paste. Coils that have been made prior to the coming into effect of the provision of this Act may have the stamp attached by cording or otherwise securing the twist and enclosing it in a paper or other band or casing, so that the stamp may be securely attached thereto. The stamp is to be attached in all cases by means of good strong gum, and every officer of this Department is instructed, so far as it lies in his power, to impress upon cultivators who manufacture Canada Twist for sale that the firm adherence of the stamp to the tobacco is necessary in order to protect it from seizure, for if any packages are found anywhere except in the possession of the licensed cultivator-manufacturer or in the premises of a licensed tobacco manufacturer of Canadian Leaf Tobacco only, without a stamp properly attached, they will certainly be seized and confiscated in accordance with the law.

11. The law also imposes heavy penalties on any person who shall open a package of tobacco without breaking the stamp thereon, or in whose possession a package unlawfully opened, shall be found, or in whose possession any used stamps shall be found.

Every officer will, therefore, avail himself of every opportunity for bringing these matters under the notice of those concerned.

BONDED REMOVAL PERMIT STAMPS.

12. The bonded removal permit stamps to be used on packages of tobacco when ex-warehoused for removal in bond are of the following denominations, viz:—

- (a). For use on pails, kegs, drums or other packages of fine cut chewing tobacco weighing five and ten pounds each.
- (b). For use on five, ten and twenty pound packages of snuff.
- (c). For use on packages of plug tobacco weighing from ten to twenty-five pounds.
- (d). For use on packages of plug tobacco weighing from sixty to eighty pounds.
- (e). For use on packages of cigars.

2. They are to be attached as follows :—

- (a), (b) and (e) are to be attached to the package in such a manner as to be about equally attached to the cover and the body of the package.
- (c) and (d) are to be attached at the same place on caddy or box as reserved for regular duty paid stamp, viz., "over one cover or angle of the box or caddy at equal distances from each end, attaching about equally to each side."

13. Each package of tobacco or cigars removed in bond must be covered by a bonded removal permit stamp of a denomination provided for the class of package upon which it is placed, and is to be attached to the package and cancelled by the manufacturer or his agent. The cancellation will be by means of the rubber stamp used for the first cancellation on the regular duty paid stamps. If the manufacturer so desires it the bonded removal permit stamps may be placed upon the packages intended for removal at the time the tobacco or cigars are put in the warehouse.

FOR CUSTOMS.

14. Arrangements having been made with the Department of Customs that in future stamps for imported tobacco shall be supplied by this Department, through the Collectors of Inland Revenue, you will therefore put yourself in communication with the Collector of Customs who may require to obtain supplies through your office, and request them to make requisitions on you for such stamps as they are likely to require at their respective ports.

15. As it takes considerable time to obtain stamps, when not in stock at the time the requisition is received, you will request the Collector of Customs to make their requisitions as early as possible.

16. The following schedule gives the denominations of stamps already arranged for:—

SUPPLY OF STAMPS.

18. Stamps will be supplied by the Department upon proper requisition being made therefor by the Collector of Inland Revenue, who will make requisition sufficiently in advance to insure having a supply always on hand equal to the probable demand for three months, as required by section 270 of the "Inland Revenue Act, 1883." On receipt of a parcel of stamps the Collector or other officer receiving them is immediately to count them, and if they are found to be in accordance with the receipt accompanying the parcel, he is to sign, date, and return the receipt to the Department by the next mail, and enter the stamps so received on the debit side of his "Record of Tobacco Stamps received and issued." If they are not found to be correct, he must immediately advise the Department of the error, and enter the exact number received by him to the debit of his stamp account. Collectors and other officers must account for every stamp acknowledged to have been received by them.

19. A separate account is to be opened for each denomination of stamp, and kept in the manner shown on first folio of stamp books, stating on the debit side the number received, and on the credit side the number issued. On opening the accounts the debit side is to commence with the number of stamps of the description to which it relates then on hand.

MODE OF AFFIXING TOBACCO AND CIGAR STAMPS.

20. Under the authority of section 270 of the "Inland Revenue Act, 1883," it is hereby prescribed that stamps shall be affixed to packages of tobacco and cigars in the following manner, viz.:—All packages of tobacco, except fine-cut chewing and snuff, containing more than ten pounds, shall have affixed a registered coupon stamp of a denomination corresponding with the net weight of the tobacco contained therein. For example, packages containing from ten to twenty-five, and from sixty to eighty pounds, can be, and must be, covered by a single stamp, by using coupons attached to stamps, when the weight of the package is not precisely ten, fifteen, twenty, sixty or seventy pounds (in which case the stamp alone is used, without the coupons attached). When the weight of the tobacco contained in the package ranges between ten and twenty-five, and between sixty and eighty pounds, the coupons are used in connection with the stamp bearing such weight, so that with one or more of the coupons attached thereto it will correspond with the weight required. Half pounds will not be allowed on packages containing twenty-five pounds and upwards. All other packages of tobacco are to be covered by stamps of the denomination provided by the Department, and one stamp only is to be used on each package.

21. Upon all descriptions of boxes and caddies of cavendish, plug, twist, or other description of tobacco, the stamp shall be affixed over one corner or angle of the box or caddy, at equal distances from each end, attaching about equally to each side. And on and after January 1st, 1884, on all such packages when made of wood, a groove not less than one-sixteenth of an inch deep shall be made to admit the stamp, and prevent its being torn or rubbed off by transportation.

22. Upon all kegs, drums, pails, or other packages containing five and ten pounds of fine-cut chewing, and five, ten and twenty pounds of snuff, as permitted by law, the stamp, being a strip stamp, shall be placed across the cover, so as to extend down each side of the package, and to effectually seal it.

23. Strip stamps, whether used for packages containing smoking tobacco, fine-cut chewing, snuff, cigars, or cigarettes, must be so attached as to effectually seal the package, and render it impossible to open the same or remove its contents without destroying or breaking the stamps. Stamps on cigar boxes must be placed at least three-fourths of an inch from the end of the box.

24. The strip stamps for tobacco are made sufficiently long to pass over both ends of the package and turn the opposite angles, thus effectually sealing the package, and they must be so affixed; and when applied to bags which open only at one end, they must be affixed so as to effectually close that end.

25. The stamps are to be affixed to the packages by using an adhesive material that will cause them to stick to the wood, paper, or other package, securely and permanently. After the stamps on wooden or metal packages of tobacco have become dry, and the cancellation has been made, as herein described, they must be varnished over thoroughly, but not so as to obscure or obliterate the impression upon the stamp.

26. Tobacco or cigar stamps will not adhere to tin-foil with ordinary gum or paste. The manufacturer must therefore either envelope the tin-foil in an outer wrapper of paper or provide some kind of gum or paste by which the stamps may be so attached that they cannot be removed without destroying them.

27. Manufacturers or importers of cigars will not be allowed to wrap the box or package containing cigars in an outer covering of paper or other material and attach the stamp to the outer covering. The stamp must be attached to each package proper so as to remain thereon as an evidence of its being legally in the possession of the holder thereof.

28. The following recipes for cheap and practical paste and varnish, which have been fully tested, are prescribed for use.

For Paste.—Dissolve one pound of gum arabic in one and three-fourths pints of boiling water, add from two to four ounces of acetic acid, and keep it corked when not in use. Apply evenly to the stamp or notice and press it firmly upon the wood or other material of which the package is composed.

For Varnish.—Place in a bottle of sufficient size one half pound of bleached gum shellac, broken fine, and add strong alcohol, shake occasionally until entirely dissolved, and keep it corked to prevent evaporation. Should the varnish at any time become too thick, add a small quantity of alcohol.

29. Stamps on packages of tobacco and cigars are to be attached at the manufactory by the manufacturer or his agent, at the licensed bonding warehouse by the warehouseman or his agent, and at the Customs bonding warehouse by the Customs Officer. Although the responsibility of stamping tobacco ex-warehoused from a merchants excise bonding warehouse remains with the owner of the warehouse—the officer delivering the tobacco is expected to aid in the attaching and cancelling of the stamps—where this can be done immediately after the delivery of the goods from warehouse.

CANCELLING DIES AND STAMPS.

30. By virtue of the authority conferred by section 271 of the "Inland Revenue Act, 1883," the Commissioner of the Inland Revenue will furnish steel dies for the cancellation of all stamps used on wooden packages, or packages made partly of wood and partly of other materials, containing tobacco. These dies will be forwarded to the several Collectors of Inland Revenue and will be loaned by them to the manufacturer of tobacco or other person mentioned in their requisition therefor and to no other, and the cost of such die shall be collected from the manufacturer or other person to whom supplied.

31. In effecting such cancellation, the die will be required to be applied twice to the stamp upon the package, once in the place on the stamp marked "Cancellation by steel die," and a second time over and upon the vignette on the stamp.

32. A steel instrument is also supplied for the cancellation of stamps on tin caddies or boxes of tobacco and which instrument is to be drawn across the stamp and on to the metal of which the package is composed. This instrument should be so used as to sever the stamp and continue the line of separation on to the metal. It is to be applied to the stamp on each side of the package, but is to be done in such a manner as not to disfigure the cancellation made by the rubber stamp.

33. Collectors will keep an account of all steel dies and instruments entrusted to them, and a record of

the names of all persons to whom they are furnished (furnishing them only to the legally authorized tobacco manufacturers and others as instructed by the Department) and the date of their delivery. Whenever any die shall have become broken or damaged in the hands of any manufacturer or other person, so as to be unfit for use, or whenever any person receiving such Government die shall have no longer any legitimate use for the same, it must be returned to the collector (and by him transmitted to the department) and the person accredited therefor.

34. The law makes it imperative upon every manufacturer of tobacco, putting up his tobacco in packages as heretofore described, and upon every person ex-warehousing tobacco from an Excise bonding warehouse, to use this die, and no stamps on such packages will be regarded as properly cancelled, and the packages and their contents will be liable to seizure, whenever found, unless the stamps are cancelled, and the packages and their contents will be liable to seizure, whenever found, unless the stamps are cancelled with a Government die, and in the manner hereinafter named, viz., the stamp must be so cancelled that a portion of every stamp shall be *driven into and lodged within the wood* of the package, or when on metal, by severing the stamp and continuing the line of separation on to the metal of which the package is made.

35. Rubber stamps for the cancellation of tobacco and cigar stamps will also be supplied by the Department, upon proper requisition being made therefor, and the cost of such rubber cancellation stamps shall be collected from the manufacturer or other person to whom supplied.

36. These rubber cancellation stamps are as follows, viz.:

1st. For tobacco manufacturers' use in cancelling strip stamps used on tobacco put up in packages of paper, linen or other soft or yielding material, and for the first cancellation on all other stamps used on packages of tobacco.

2nd. For cigar manufacturers' use in cancelling strip stamps used on cigar boxes.

3rd. For the use of persons having licensed bonding warehouses, in cancelling (in addition to steel die instruments) the stamps on packages of tobacco ex-warehoused for duty from a warehouse other than the manufacturer's where tobacco was made.

4th. For Custom Officers' use in cancelling strip stamps used on imported tobacco put up in packages of paper, linen or other soft or yielding material, and for the first cancellation on all other stamps used on packages of tobacco.

6th. For Custom Officers' use in cancelling strip stamps used on cigar boxes.

37. Collectors must keep an account of all cancellation stamps entrusted to them, as in the case of the steel cancellation dies.

38. The law requires that all stamps upon packages of tobacco and cigars shall be cancelled by a Government stamp or die, and it is now prescribed that when the stamps are upon other than wooden boxes and caddies of cavendish, that the cancellation shall be by means of the rubber stamp recognized by the Department; the stamps on wooden packages of tobacco being cancelled in addition to the above, by the steel die, and those on metal packages by the steel instrument supplied for that purpose.

MODE OF CANCELLING TOBACCO AND CIGAR STAMPS.

39. All stamps are to be cancelled immediately after being placed upon the packages, but the cancellation by the rubber stamp may be made by the manufacturer or other party, immediately before being placed thereon.

40. Stamps for tobacco must be cancelled by imprinting upon each stamp in the oblong blank space left for that purpose, the registered number of that manufactory, or letter of dealer's bonding warehouse, the number of the Inland Revenue Division, and the month and year of cancellation. Numerals only need be used for this cancellation, as follows:—19, 16, 5, 83,—the first numeral, or set of numerals, representing the registered number of the manufactory,

the second the number of the Inland Revenue Division, the third the number of the month of the solar year, and the fourth the last two figures of the year. Rubber hand stamps will be furnished by the Department for that purpose, at the cost of the person to whom supplied; but if any manufacturer desires to use a stamp applied by any other means, permission may be granted for this form of cancellation only.

41. Stamps used on five or ten pounds packages of fine-cut chewing, on five, ten, and twenty pound packages of snuff, and on half caddies, caddies and boxes of tobacco, when made of wood, must, in addition to the above, also be cancelled by means of the steel die supplied for that purpose, and which die drives a portion of the stamp into the wood of which the package is composed, the die being applied to the stamp twice, once in the space reserved for this cancellation, and again on the vignette on the stamp. The further cancellation of stamps on metal packages will be by means of the steel instrument supplied for that purpose, and which severs the stamp, and continues the line of separation beyond the stamp and on the metal of which the package is made; the application being made to the stamp on each side of the package.

42. Stamps on packages of imported tobacco shall be cancelled as follows, viz: Stamps on packages composed of paper, cotton, tin-foil, or other soft or yielding material by means of a rubber stamp which shall imprint upon the stamp the month and year when entered for duty, or this information may be written in on the stamps. Stamps on wooden packages of plug, fine-cut chewing, and packages of snuff shall be cancelled as above, but in addition thereto shall be further cancelled by means of the steel die. Stamps on packages made of metal, when imported, shall, in addition to the above, be cancelled by means of the steel instrument supplied for that purpose, and which severs the stamps and continues the line of separation beyond the stamp and on to the metal of which the package is made.

43. Stamps on packages of tobacco ex-warehoused for consumption by a merchant or person other than a manufacturer and at the manufactory where made or put up, shall be cancelled by the person ex-warehousing the same by means of the rubber stamps which will imprint upon the stamp in the oblong space reserved for that purpose, the letter of the warehouse, the number of the Inland Revenue Division, and the month and year when ex-warehoused. Stamps, when on wooden packages, shall be further cancelled by means of the steel die supplied for that purpose, and which die drives a portion of the stamp into the wood of which the package is composed, and when on metal packages, by means of the steel instrument provided for that purpose, which instrument severs the stamp and continues the lines of separation beyond the stamp and on to the metal of which the package is made.

44. Stamps on packages of tobacco ex-warehoused from the manufactory where made or put up shall be cancelled as described by sections forty-two (42) and forty-three (43).

45. The stamps on cigar boxes will be cancelled by means of a rubber hand stamp supplied for that purpose, and which stamp carries the impression beyond the duty paid Inland Revenue stamps, and on to the wood of which the package is made. In all cases the impression is to be made across the stamp continuously, the circular centre being imprinted over space reserved for cancellation and in an effectual manner. This cancellation stamp, in addition, must imprint upon the stamp the registered number of the manufactory, the number of the Inland Revenue Division, and the month and year, as required on all other stamps.

46. The cancellation of Customs stamps upon package of cigars will be by means of a rubber stamp as per preceding paragraph, but the information to be imprinted upon the space reserved for cancellation, will be the number of the month and year when ex-warehoused for duty.

47. In cancelling stamps by imprinting as herein prescribed, where blank spaces are left on the stamps

for that purpose, they must always be used and until the new issue of stamps are supplied, the proper officer will see that the cancellation is made on old issue of stamps where the impression can be most easily read, and until the rubber cancellation stamps are supplied, the information may be put in, in writing.

48. The cancellation of tobacco or cigar stamps will be done by the following persons, viz.:—

(a.) At a tobacco or cigar manufactory, by the manufacturer or his agent.

(b.) At a warehouse (other than the manufacturer's where tobacco or cigars were made) by the person who ex-warehouses the tobacco or cigars; and

(c.) Stamps on imported tobacco and cigars by the Customs officers at the port where the tobacco or cigars were ex-warehoused for duty.

49. The importance to be attached to the cancellation of all stamps has been shown by the severe fines and penalties imposed upon any person who shall remove from any manufactory or place where tobacco or cigars are made, any such goods without stamps affixed and properly cancelled, and also the fines and penalties imposed upon any person who shall sell, or offer for sale, or have in his possession any tobacco or cigars the stamps upon which are *not properly cancelled*. The interest of the Government and the safety and protection of all who deal in tobacco or cigars, require that manufacturers and others should properly affix and cancel all stamps.

DESTRUCTION OF THE STAMPS ON PACKAGES OF TOBACCO AND CIGARS WHEN EMPTIED.

50. Section 253 of the "Inland Revenue Act, 1883," makes it the duty of every person who empties any stamped box, bag, vessel, wrapper or envelope of any kind, containing tobacco or cigars, to destroy the stamp thereon. And any person who neglects or refuses so to do, is liable to a penalty for each such offence not exceeding one hundred dollars.

51. This provision of the law applies not only to retail dealers who empty legal packages by retailing their contents, but also to every person who purchases tobacco or cigars for his own use, and empties such packages. He must destroy the stamp thereon.

CAUTION NOTICES—TOBACCO AND CIGARS.

52. Upon every package of tobacco, whether put up in wooden packages or otherwise, the law requires that there shall be printed, or securely affixed by pasting thereon, a label, on which shall be printed the number of the manufactory, and the number of the Division in which it is situated, together with the following notice:

"Notice.—The manufacturer of this tobacco has complied with all the requirements of the law. Every person is directed to open this package in such a manner as to break the stamp, and is cautioned not to use this package for tobacco again, or the stamp thereon, nor to remove the contents of this package without destroying said stamp, under the penalties provided by law in such cases."

53. When used on boxes, caddies, kegs, pails, drums or other packages of tobacco weighing more than one pound the label on which the above notice is to be printed, is required to be not less than four and not more than six inches long, and not less than two and one-half inches in width, and to contain in addition to the caution notice, the following facts, printed in plain, open, and legible letters, viz., (1) the number of the manufactory, and (2) the number of the Inland Revenue Division. These labels will be in the following form, viz:—

"Factory, No.....Inland Revenue Division No....."

Notice. The manufacturer of this tobacco has complied with all the requirements of the law. Every person is directed to open this package in such a manner as to break the stamp, and is cautioned not to use this package for tobacco again, or the stamp thereon, nor to remove the contents of this package without destroying said stamp, under the penalties provided by law in such cases."

54. A separate and distinct label will not be required on packages of tobacco containing one-half

pound or less, provided the manufacturer shall cause to be printed on each such package the number of his manufactory and the number of the Inland Revenue Division where situated, together with the caution notice as herein required, in a clear, legible manner, where it will not be covered up by the stamp, or otherwise obscured or concealed.

55. The law provides that "Every manufacturer of cigars shall securely affix by pasting on each box containing cigars manufactured by or for him, a label, on which shall be printed, besides the number of the manufactory, and the number of the Division in which it is situated," a caution notice in the following form:

Factory No..... Inland Revenue Division No.....

"Notice.—The manufacturer of the cigars herein contained has complied with all the requirements of the law. Every person is directed to open this package in such a manner as to break the stamp, and is cautioned not to use either this package for cigars again, or the stamp thereon, nor to remove the contents of this package without destroying said stamp, under the penalties provided by law in such cases."

56. This label for all cigar boxes is to be not less than three inches in length and two inches in width; or, if made in circular or oval form, it shall cover not less than six square inches of paper and to be of a size sufficient to contain, in addition to the caution notice prescribed in plain, open, and legible letters, these facts: (1) the number of the manufactory, and (2) the number of the Inland Revenue Division.

57. Importers of tobacco and cigars are also required by law to place a caution notice on each package of tobacco and cigars imported by or for them.

58. The affixing of this label or caution notice is made the duty of the manufacturer or importer. It is to be a printed label. It is to be supplied and affixed by the manufacturer or importer before the tobacco or cigars are to be removed from the places where they were made or at which imported. No person has a right or will be allowed in any case to tamper with his caution notice, to remove it from the box, or package, to substitute another label for it, or to cover it up with a label either of his own or of any other person.

59. This label or notice is to be distinctively and clearly the label required by law.

60. The labels must be affixed to the package in a conspicuous place where they will not be broken in opening the packages and where they will be exposed as little as possible to be worn or rubbed off, and in a manner so as not to be covered up or concealed by any other labels or marks, and so as not to conceal by them any other marks or brands required by law to be placed upon the package.

61. The law imposes a penalty of \$50 on every manufacturer or importer of tobacco or cigars who neglects to affix such label to any package containing tobacco or cigars, made or imported by or for him, and on every person who removes any such label, so affixed, from any such package, such fine being for each package in respect to which such offence is committed.

If the manufacturer desires to do so, he may increase the size of the paper on which the caution notice is printed, so as to allow the printing, *separate and distinct from the label*, of his name and trade-mark.

ARTICLE 3.—MANUFACTURED TOBACCO AND CIGARS.

SPECIAL PROVISIONS FOR WAREHOUSING TOBACCO AND CIGARS AND FOR STAMPING SAME WHEN EX-WAREHOUSED, FOR REMOVAL IN BOND, FOR CONSUMPTION, OR FOR BRANDING SAME WHEN FOR EXPORTATION.

In addition to the general warehousing regulations established by Order in Council, the following apply specifically to tobacco and cigars:—

1. Tobacco and cigars, when placed in warehouse by the manufacturer thereof, shall not be stamped as heretofore, but all marks, numbers, weights and all other information required by law, must be written or branded upon the packages before the warehouse entry can be accepted; which entry must be compared with the packages of tobacco or cigars, and

certified correct by the officer in charge of the manufactory, before it will be accepted by the Collector of Inland Revenue. Collectors will therefore permit the principal manufacturers to use out-numbers in order that these instructions may be fully complied with.

2. As all marks, numbers, weights, &c., are required to be placed upon the packages before the warehouse entry can be accepted by the officer for comparison, and as no stamps are required prior to being placed in bond, the tobacco must be placed in warehouse immediately upon the receipt by the officer of the proper warrant. In large manufactories where an exact compliance with this regulation is impossible, from the quantities involved, the collector may, at his discretion, extend the time for placing in the warehouse, such extension not, at any time, to exceed three days.

3. The following are the only sized packages of tobacco that may be removed in bond, viz:—

- (a.) Fine-cut chewing tobacco in packages of five and ten pounds each.
- (b.) Snuff in packages of five, ten and twenty pounds each;
- (c.) Cavendish, plug or twist in packages of ten pounds, or from fifteen to twenty-five pounds inclusive, or from sixty to eighty inclusive; and
- (d.) Cigars.

4. Tobacco in smaller packages than those above mentioned, shall not be removed in bond, nor shall the product of Canada leaf tobacco be so removed.

5. Packages of tobacco or cigars when ex-warehoused at the manufactory for removal in bond to another Division or transferred to another person within the same Division, shall be stamped by the manufacturer with the bonded removal permit stamp provided by the Department for that purpose, denoting the class of such goods. Packages of tobacco or cigars which have been placed in warehouse prior to the coming into effect of the provisions of "The Inland Revenue Act, 1883," and which may or may not be covered by the old red stamp when ex-warehoused from any warehouse for removal or transfer must be covered by a bonded removal permit stamp. If previously stamped the old form of stamps must be scraped off the package and destroyed by the officer ex-warehousing the goods. Each package removed or transferred in bond must bear one of these bonded removal permit stamps which must be cancelled by the manufacturer or other person ex-warehousing the tobacco by means of the rubber stamp provided for that purpose. Subsequent removals of same tobacco or cigars do not require additional stamping by bonded removal permit stamp.

6. Tobacco or cigars when entered ex-warehouse whether for removal for transfer or for consumption, will require to be stamped with new form of stamps when so ex-warehoused even if previously stamped under the requirements of past regulations.

7. When ex-warehoused for consumption the regular duty paid stamp is to be attached to the package and cancelled in the manner herein provided. When tobacco or cigars are ex-warehoused for consumption from a warehouse other than the manufacturer's where made, the packages then bearing a bonded removal permit stamp, the duty paid stamp is to be placed over the bonded removal permit stamp, so as to cover it as much as possible and the cancellation to be made through both. The stamps for packages entered for consumption either by the manufacturer or merchant will be supplied upon receipt of proper entry papers ex-warehouse for consumption, the duty on the goods to be ex-warehoused, the warrant properly filled up, and a requisition (in duplicate) on the form prescribed and issued by the Department, which requisition must show for tobacco, the number of stamps at each weight required to cover the tobacco ex-warehoused, and in the case of cigars the number of stamps of each denomination necessary to cover the cigars ex-warehoused, the aggregate number of packages and pounds of tobacco, or packages and number of cigars, agreeing with the entry ex warehouse for consumption.

8. The stamps in all cases to be attached and cancelled by the manufacturer or person ex warehousing

the goods, and in accordance with regulations herein established.

9. Packages of tobacco or cigars when ex-warehoused for exportation to a foreign country, shall be branded under the personal supervision of the officer in charge with a brand of the following nature:—

EXPN.

TOBACCO-9-10-8-83.

For tobacco read cigars when used on cigar boxes. The first numeral or set of numerals representing the factory number, the second the number of the Inland Revenue Division, and the third and fourth numbers the month and year respectively. When ex-warehoused from a warehouse other than that at the manufactory where tobacco or cigars were made, the factory number may be omitted and letter or number of warehouse substituted therefor.

10. When the holder of tobacco or cigars in bond, and which have already been stamped under the provisions of previous Acts, desires to export such tobacco or cigars, the stamps on the packages are to be removed by the officer in charge of the manufactory or warehouse, in the presence of another officer specially detailed therefor by the Collector of Inland Revenue. A record is to be kept by the aforesaid officers, giving the following information, which record is to be signed by them, and filed in the office of the Collector of Inland Revenue, viz:—

- (a.) The number of each stamp removed and destroyed, and the weight of the tobacco or cigars covered thereby; and
- (b.) The license number of the manufactory where the tobacco or cigars were put up and the name of the Division where stamp was issued.

The export papers cannot be finally accepted as complete until this has been done.

11. When packages of tobacco weighing one-half pound and less intended for exportation are packed in large cases it will only be required that the brand as given in section nine (9) be placed upon the outer cases, which cases must be consecutively numbered and have marked on them the total number of packages at each weight and the total weight of tobacco contained therein.

12. Tobacco and cigars when exported cannot be packed in the same case.

13. All goods entered for exportation must be examined by the officer ex-warehousing the same, and in order to do so packages must be opened to such extent as the Collector of Inland Revenue may determine.

14. Scraps and cuttings, or stems, when put up for exportation must be packed under the personal supervision of an Officer of Inland Revenue, and unless the whole case is packed at one time, the packing thereof shall be done in the raw leaf warehouse. Each case or package, when filled, shall be marked by the officer with his name, and date when packed, and in such a manner as to be distinctly and clearly seen and so that it can be identified by him.

ARTICLE 4.

FOR PACKING AND STAMPING IMPORTED TOBACCO AND CIGARS, CANCELLING THE STAMPS THEREON, AND FOR REMOVAL OF SAME IN BOND, FROM ONE CUSTOMS PORT TO ANOTHER, BEFORE BEING PACKED IN PACKAGES SIMILAR TO THOSE USED FOR LIKE ARTICLES MANUFACTURED IN CANADA.

1. The Inland Revenue Act states that "All manufactured tobacco or cigars imported from foreign countries shall have the stamps affixed while they are in the custody of the proper Custom House Officers," and that "such tobacco and cigars shall not pass out of the custody of said officers until the stamps have been so affixed and cancelled.

2. The cancellation of the stamps on tobacco when put up in packages of paper, linen, or other soft or yielding material, shall be by means of the rubber stamp provided for that purpose.

3. The cancellation of the stamps on wooden packages containing imported tobacco shall be by sinking

into the wood of which the package is composed a portion of the stamp by means of a steel die, which die, shall be applied twice to every stamp, once in the place on the stamp reserved for cancellation and again on the vignette, and in addition to the cancellation by the steel die, they shall be further cancelled by means of the rubber stamp supplied for that purpose. The cancellation by rubber stamp to be made in the space reserved on stamp for that purpose, but until the new issue of stamps is supplied the cancellation will be made on old issue of stamps where the impression can be most easily read, and it may be done immediately before the stamps are placed upon the packages if found more convenient. The cancellation of the stamps on metal packages containing tobacco, will be by means of the steel instrument supplied for that purpose, and which severs the stamp and continues the line of separation beyond the stamp and on the metal of which the package is made. The instrument is to be applied to the stamp on each side of the package. The stamp is, in addition to this cancellation, to be further cancelled by means of the rubber stamps used to cancel all stamps on packages containing tobacco.

4. The stamps upon packages containing imported cigars, will be cancelled by means of a rubber hand stamp of the design furnished by the Department. This cancelling stamp shall be so used that the lines shall project beyond the stamp and on the wood of which the box is made, the main or centre portion of the cancelling stamp being imprinted on the cigar stamp. In all cases the impression is to be made across the stamp.

5. These cancellation dies and stamps will be furnished to the different Collectors of Customs upon requisition being made therefor, and from and after the first day of July, one thousand eight hundred and eighty-three, no package containing tobacco or cigars, as defined by the Inland Revenue Acts, shall be handed over to the importer or owner until the stamps on the same are cancelled, as herein directed.

6. The Inland Revenue Law further states that "imported tobacco and cigars shall be put up in packages as prescribed by law for like articles manufactured in Canada, before the stamps are affixed." Every Collector of Customs will, therefore, see that these regulations are fully complied with.

7. The sizes of the different packages into which tobacco and cigars must be packed as permitted by law, are as follows, viz. :—

- (a.) All cavendish, plug and twist, in rectangular wooden boxes containing from ten to twenty-five pounds inclusive, or from sixty to eighty pounds inclusive.
- (b.) All fine-cut chewing tobacco, and all other kinds of tobacco not otherwise provided for, in packages containing one-twentieth, one-sixteenth, one-tenth, one-eighth, one-fifth, one-fourth, or one-half pound, except that fine-cut chewing tobacco, when of a quality and description approved of by the Commissioner of Inland Revenue, may, at the option of the importer, be put up in wooden packages containing five or ten pounds each.
- (c.) All cut and granulated tobacco, other than fine-cut chewing, all shorts, the refuse of fine-cut chewing tobacco, which has passed through a riddle of thirty-six meshes to the square inch, in packages containing one-twentieth, one-sixteenth, one-tenth, one-eighth, one-fifth, one-fourth, or one-half pound each.
- (d.) All snuff in wooden packages containing five or ten pounds each, except that snuff, when containing more than 40 per cent. of moisture, may be put up in packages containing ten or twenty pounds each, actual weight.
- (e.) All cigarettes in packages containing one-fortieth, one-twentieth, one-sixteenth, one-tenth, one-eighth, one-fifth, one-fourth or one-half pound each.
- (f.) All cigars in boxes containing twenty-five, fifty, one hundred and two hundred cigars each, except that Manilla cigars or cheroots, but not imitations thereof, may, when imported from abroad, be contained in addition to the above-named quantities,

in original packages containing five hundred each.

8. The stamps are to be put on or affixed to the packages in the following manner :—

- (a.) All packages of tobacco, except fine-cut chewing and snuff, containing more than ten pounds should have affixed a registered coupon stamp of a denomination corresponding with the net weight of the tobacco contained therein. For example, packages containing from ten to twenty-five pounds and from sixty to eighty pounds, can be, and must be, covered by a single stamp by using coupons attached to stamps when the weight of the package is not precisely ten, fifteen, twenty, sixty or seventy pounds (in which case the stamp alone is used without the coupons attached). When the weight of the tobacco contained in the package ranges between ten and twenty-five pounds, and between sixty and eighty pounds, the coupons are used in connection with the stamp bearing such weight, so that with one or more coupons attached thereto it will correspond with the weight required. Half pounds will not be allowed on packages containing twenty-five pounds and upwards.
- (b.) All other packages of tobacco are to be covered by stamps of the denomination provided by law, and one stamp only is to be used on each package.
- (c.) Upon all description of boxes and caddies of cavendish, plug, twist or other description of tobacco the stamp shall be affixed over one corner or angle of the box or caddy, at equal distances from each end, attaching about equally to each side.
- (d.) Upon all kegs, drums, pails or other packages containing five and ten pounds of fine-cut chewing, and five, ten and twenty pounds of snuff, as permitted by law, the stamp, being a strip stamp, shall be placed across the cover so as to extend down each side of the package and to effectually seal it.
- (e.) Strip stamps, whether used for packages containing smoking tobacco, fine-cut chewing, snuff or cigarettes, must be so attached as to effectually seal the package and render it impossible to open the same or remove the contents without destroying or breaking the stamp.
- (f.) Strip stamps used for cigar boxes must be so attached as to effectually seal the package.
- (g.) The stamps are to be affixed to the packages by using an adhesive material that will cause them to stick to the wood, paper or other package, securely and permanently. After the stamps on wooden packages have become dry and the cancellation has been made as herein described, they must be varnished thoroughly but not so as to obscure or obliterate the impressions upon the stamps.
- (h.) Tobacco stamps will not adhere to tin-foil with ordinary gum or paste. The importer or owner of the goods must, therefore, either envelope the tin-foil in an outer wrapper of paper, or provide some kind of gum or paste by which the stamps may be so attached that they cannot be removed without destroying them.

9. The Inland Revenue Act further provides that "every importer of tobacco shall, in addition to all other requirements of this Act relating to imported tobacco, print on each package, or securely affix by pasting on each package, containing tobacco, imported by or for him, a label, on which shall be printed the name of the port, where, and the number of the entry under which, such tobacco is ex-warehoused for duty, and these words :—'Notice: The importer of this tobacco has complied with all the requirements of the law. Every person is directed to open this package in such a manner as to break the stamp, and is cautioned not to use either this package for tobacco again, or the stamp thereon, nor to remove the contents of this package, without destroying the said stamp, under the penalties provided by law in such cases.'"

10. Every importer of cigars is also required to affix

to each package of cigars imported by or for him, a label showing, in addition to the name of the port where, and the number of the entry under which, such cigars were ex-warehoused for duty, these words:—"Notice: The importer of the cigars herein contained has complied with all the requirements of the law. Every person is directed to open this package in such a manner as to break the stamp, and is cautioned not to use either this package for cigars again, or the stamp thereon, nor to remove the contents of this package, without destroying the stamp, under the penalties provided by law in such cases."

11. This caution notice, when used on boxes, caddies, kegs, pails, drums, or other large packages of tobacco, is required to be not less than four nor more than six inches long, and not less than two and one-half inches in width, and must be affixed to the package in a conspicuous place, where it will be exposed as little as possible to be worn, or rubbed off, or broken in opening the package, and in a manner so as not to be covered up or concealed by any other marks or brands required by law to be placed upon the package. When used on small packages of tobacco, the caution notice may be of smaller dimensions than above, but must be printed in a clear, legible manner, where it will not be covered up by the stamp, or otherwise obscured or concealed.

12. The caution notice label, when used on boxes of cigars, is to be not less than three inches in length, and two in width; or if made in circular or oval form, it shall cover not less than six square inches of paper, and is likewise to be affixed to the box, or package, in a conspicuous place, and where it will not be covered up by the stamp, or otherwise obscured or concealed or broken in opening the package.

13. If the importer desires to do so, he may increase the size of the paper on which the caution notice is printed, so as to allow the printing, *separate and distinct from the label*, of his name and trade-mark.

14. A separate and distinct label will not be required on packages of imported tobacco containing one-half pound or less, provided the importer shall cause to be printed on each such package, the caution notice as herein required, is a clear, legible manner, where it will not be covered up by the stamp or otherwise obscured or concealed. The name of the port and the number of the entry for duty instead of being printed, may be written in on the label or imprinted with a rubber stamp.

15. The packing and stamping must be done in accordance with the provisions of the Inland Revenue Act.

16. The Inland Revenue Act also provides that "tobacco and cigars intended for removal in bond to another port or place within the Dominion of Canada, may be removed to such other port under regulations to be established by the Governor in Council," and which regulations are as follows:—

(a.) That the tobacco or cigars must be consigned to the order of the Collector of Customs at the port to which the goods are bonded.

(b.) A removal bond to be taken by the owner or importer by the Collector of Customs for double the Customs duty accruing on the goods so removed, and the bond shall be conditioned for the delivery of the goods into the possession of the Collector of Customs to whom consigned.

(c.) This bond will be cancelled by the certificate of the Collector of Customs at the port to which the goods are consigned, certifying that they have been received by him and re-warehoused, and that a bond has been duly executed and that the goods shall be re-packed into packages similar to like articles when manufactured in Canada and duly stamped or entered for exportation or destruction.

17. The following recipes for cheap and practical paste and varnish, which have been fully tested, are prescribed for use:—

For paste—Dissolve one pound of gum arabic in one and three-fourth pints of boiling water, add from two

to four ounces of acetic acid, and keep it corked when not in use. Apply evenly to the stamp or notice and press it firmly upon the wood or other material of which the package is composed.

For varnish—Place in a bottle of sufficient size, one-half pound of bleached gum shellac, broken fine, and add strong alcohol. Shake occasionally until entirely dissolve, and keep it corked to prevent evaporation. Should the varnish at any time become too thick, add a small quantity of alcohol.

ARTICLE 5.

FOR SALE OF MANUFACTURED TOBACCO AND CIGAR.—SIZE AND FORM OF PACKAGES

1. The sale of tobacco can only be made by manufacturers in whole packages, each package bearing a stamp properly affixed and cancelled (or when entered for exportation, the packages containing the same, properly branded,) and the package itself being according to the description and limitation prescribed in the "Inland Revenue Act, 1883," and no other.

2. Dealers in manufactured tobacco must also sell whole packages, each package bearing the properly cancelled stamp, except that retail dealers are permitted to sell plug tobacco at retail, from half caddies, caddies, half boxes or boxes, fine cut chewing tobacco from five and ten pound packages, and snuff from five, ten and twenty pound packages, legally stamped, marked and labelled and put up as prescribed by law. With the exception of snuff which at times may require to be dampened, the dealers must not withdraw the goods from the stamped package until actually offered for sale.

3. The stamp upon the package from which he is retailing goods is *prima facie* evidence that the duty on such goods has been paid. The absence of such stamp is *prima facie* evidence of the non-payment of the duty. Dealers in manufactured tobacco will not be allowed to cut a package in two and to sell the divided portions of the package, nor to retail tobacco therefrom.

4. The law provides that all cigars shall be packed in boxes not before used for that purpose, containing definite and limited numbers, and positively prohibits the sale in any other form except by retail dealers. Retail dealers are allowed to retail cigars from boxes packed, stamped and branded in the manner prescribed by law; but this provision does not authorize or warrant the practice of retailing cigars from show cases. Sales can legally be made only from the stamped package in which originally put up and excised.

5. Manufacturers of cigars can only sell original and unbroken packages from their manufactory premises.

6. Collectors of Inland Revenue are hereby instructed to divide their Divisions into surveys under the charge of such officers as they, or the Inspecting Officer of Inland Revenue, may designate. It shall be the duty of these surveying officers to visit all places where manufactured tobacco or cigars are stored or kept, or where it is exposed for sale, and ascertain if the law is being strictly complied with in respect of the stamping, branding, cancelling and sale of tobacco and cigars, and to take such action as the law directs in case of discovery of any infraction of the law.

ARTICLE 6.

FOR USING WOOD, METAL, PAPER OR OTHER MATERIAL FOR PACKING TOBACCO OR CIGARS.

1. Any manufacturer of tobacco or cigars, wishing to avail himself of the privilege which the law authorizes of substituting for the wooden box now used for packing cigars, or for packing fine-cut chewing, cavendish, plug, snuff, or twist tobacco, packages made of other material, will be required to submit to the Commissioner of Inland Revenue samples of such packages for his approval, and if the same are of such a character as to admit of the proper marks, brands, labels, &c., being applied to them, and the stamps to be securely and permanently attached, and properly cancelled, permission may be issued granting their use.

2. All sample packages forwarded to the Commissioner for his approval must be accompanied by a statement, setting forth the materials of which the packages are made, the description of goods intended to be packed therein, and the capacity of the package, in pounds, if intended for tobacco, and if intended for cigars, the number of cigars to be packed in each, and showing also, by samples, the mode in which the marks, brands, labels, and stamps may be put upon the packages, and the law in those respects fully complied with.

ARTICLE 7.

STAMPING TOBACCO OR CIGARS, ABANDONED, CONDEMNED OR FORFEITED, WHEN SOLD FOR THE BENEFIT OF THE DOMINION OF CANADA.

1. All tobacco and cigars, whether imported or of domestic manufacture, sold by any officer of the Government for the benefit of the Dominion of Canada, must, before being delivered, have affixed to the packages containing the same the proper Inland Revenue or Customs stamps, denoting the duty thereon, and such stamps shall only be used for this purpose upon the whole circumstances of the intended sale being reported to the proper Department, and the necessary permission being obtained to use the same.

2. When abandoned, condemned, or forfeited tobacco or cigars are offered for sale, if such goods will not bring a price equal to the duty thereon, then the law forbids the sale to be made for consumption in the Dominion of Canada. Such goods may, however, be sold for immediate export to a foreign country, and be covered by the ordinary exportation brand.

DESTRUCTION OF ABANDONED, CONDEMNED OR FORFEITED TOBACCO OR CIGARS.

3. Abandoned, condemned or forfeited tobacco or cigars may be destroyed by order of the Commissioner whenever it will not sell for an amount equal to the duty due and payable thereon.

4. Collectors of Inland Revenue or Customs having such goods in their custody which have been offered for sale, and have been unable to realise the amount equal to the duty thereon, and who desire permission to destroy the same, will make application therefor to the Commissioner.

5. In making such application they will give a complete history of the goods, also the kind, quantity, their present condition, and what efforts have been made to sell them, and if it shall appear to the Commissioner to be the interest of the Government that the goods shall be destroyed he will give an order for such destruction.

ARTICLE 8.

FOR THE RE-WORKING OF TOBACCO.

1. Before any tobacco can be re-worked twenty-four hours' notice must be given by the manufacturer to, and special permission must be obtained therefor from, the Collector of Inland Revenue of the Division where the manufactory is situated.

2. The manufacturer, in making application for permission to re-work tobacco, must give full particulars as to the quantity and description of the tobacco to be re-worked, stating whether the tobacco is of his own manufacture or the product of another manufactory, and if the latter, the name of the manufacturer. He will also state the reason for desiring permission to re-work the tobacco in question.

3. The tobacco when taken for re-working shall be so credited on Stock Book No. 2 (and an entry ex-warehouse passed on the form provided for that purpose when taken from the bonding warehouse), and the quantity carried to Dr. of daily record, and treated as raw material, the product of which will be accounted for as manufactured tobacco, in the usual manner, and stamped and treated as tobacco the original product of the leaf.

4. When the tobacco to be re-worked has paid duty, the stamps upon the packages must be destroyed in the presence of two officers of Inland

Revenue, one of whom shall be the officer in charge of the manufactory, and the other an officer detailed therefor by the Collector of the Division, and these officers shall keep a record of, and shall furnish the collector with a duplicate certificate showing the numbers on each stamp, the weight of tobacco contained in each package covered thereby, and the registered number of the manufactory (or, if manufactured prior to 1st July, 1883, the name or license number of the manufacturer), where manufactured or put up.

5. When the bonded tobacco to be re-worked has been stamped under the provisions of previous Acts, the stamps on the packages are to be removed and destroyed under the same regulations as are herein provided when the tobacco to be re-worked had paid duty.

6. The Collector of Inland Revenue will compare the numbers of these stamps and the weights thereon, with the record of stamps issued, kept in his office; and if the stamps have been issued in another Division, shall forward to the collector of that Division a detailed statement of the number and weight on each stamp so destroyed, as well as the number of the manufactory where (or the name of the manufacturer by whom) the tobacco was originally put up. The collector so receiving same shall compare this statement with his register of stamps issued to such manufacturer or manufacturers as are mentioned therein, and shall at once return said statement to the collector from whom received, with a certificate as to its correctness or otherwise.

7. So soon as the stamps have been taken an account of and destroyed, the packages are to be also destroyed, and the tobacco contained therein broken up and steamed or treated in such a way that it cannot be removed from factory for sale without being re-worked.

8. No rebate will be allowed or paid when the stamps on the packages containing tobacco have not been taken an account of and the said stamps destroyed in the presence of the officers herein mentioned, nor when the record of stamps destroyed does not accord with the stamp book of the collector by whom issued.

9. When the tobacco to be re-worked has paid duty a rebate of seven cents per pound on the quantity of tobacco entered for re-manufacture will be allowed the manufacturer, and will be paid by the Department upon receipt of a sworn statement from the manufacturer, that the tobacco so taken has been re-worked and entered to the debit of Stock Book No. 2 as produced, accompanied by the certificate of the officer in charge of the manufactory, that the stamps and the packages were destroyed in his presence, and that the tobacco was broken up and steamed, or so treated, that it could not be removed from the manufactory for sale without being re-worked, and which certificate must be countersigned by the collector of the Division.

10. No fee for supervision will be charged when the bonded tobacco re-worked is the product of the manufactory where the operation is to be carried on; or where plug tobacco is merely taken from the caddy to rub or wipe the plugs. In the latter case, however, the operation must be carried on under the supervision of the officer in charge and to the satisfaction of the Collector.

11. The re-working of the product of Canadian raw leaf tobacco is not permitted.

12. Imported tobacco can only be re-worked duty paid.

13. Whenever it becomes necessary to re-work or re-manufacture cigars, special permission may be obtained therefor from the Commissioner of Inland Revenue. The re-working or re-manufacturing to be governed by such regulations and restrictions as may be prescribed by him.

ARTICLE 9.

MARKING OR BRANDING CIGAR BOXES.

1. The law provides that there shall be burned, stamped, indented or impressed into every box containing cigars in a legible and durable manner, the

registered number of the factory, the number of the Inland Revenue Division in which the factory is situated and the number of cigars contained in each box. The number of cigars contained in each box may, however, if desired, be stencilled on the surface of the wood or other material of which the package is made, but the registered number of the factory, and the number of the Inland Revenue Division must be burned, stamped, indented or impressed into every box as required by law.

2. Empty cigar boxes which may have become broken or otherwise rendered unfit for use, may be destroyed in the presence of the officer in charge of the manufactory and credit taken therefor in daily record.

REGISTRATION OF CIGAR MAKERS.

3. The requirements of the Act in respect of the registration of cigar makers will not be enforced at present.

CIGAR SAMPLES.

In addition to the provision of the Act in respect of sample boxes of cigars, the following regulations are hereby prescribed:—

4. A manufacturer of cigars may be permitted to take from the warehouse, under permit from the collector in such case, one package containing not more than one hundred cigars of each brand manufactured by him. These packages to remain on the factory premises unstamped, for the sole purpose of exhibiting the contents to his customers, and when required for consumption, the regular ex-warehouse entry to be passed therefor, the duty paid, and the packages stamped as if just taken from the warehouse.

5. A manufacturer removing any of these packages without the ex-warehouse entry being passed, the duty paid, and the packages regularly stamped, branded and labelled, will be deemed to have illegally abstracted the same from warehouse, and will render himself liable to the penalties imposed in the Act for such offence. The goods although in the possession of the manufacturer, will be considered as still in the warehouse and treated as such until the ex-warehouse entry is passed. The officer delivering such packages of cigars on permit will keep a record of the number and capacity of packages so delivered and will mark such packages so that they can be afterwards identified by him.

6. Should any cigar manufacturer abuse the privilege hereby granted to him, by taking from the warehouse a greater number of packages than are deemed necessary by the Inspector of Tobacco, the Department reserves the right to withdraw from such manufacturer the privilege now granted to all.

ARTICLE 10.

CUTTING MACHINES.

1. No person not having a license to manufacture tobacco or cigars shall be permitted to use, nor (without having notified the Collector of Inland Revenue thereof in writing) to have in possession any machine for the purpose of cutting tobacco. Except that persons dealing in manufactured tobacco at retail may, upon signing a declaration that such machine will be used solely for cutting duty paid "plug" or "cavendish" tobacco for immediate sale thereof to their customers, receive a permit to use the same during the pleasure of the Minister of Inland Revenue, but the said dealers will not be allowed to keep on hand any tobacco so cut, the cutting machine only to be used for cutting tobacco at the request of the customer, and for immediate delivery to him.

2. All persons (other than those hereinbefore excepted) having in their possession any tobacco-cutting machine, are required to notify the Collector of Inland Revenue of the same, and it shall be the duty of the said Collector to cause the same to be fastened or sealed as to render it incapable of being used without removal of the said seal.

3. All tobacco-cutting machines found in possession of any person other than those hereinbefore mentioned, or in the possession of a private individual not dealing in tobacco and using the same for cutting tobacco for his own use (and which machine must not be a rotary cutting machine) are forfeited and may be seized and removed by any officer of Inland Revenue.

ARTICLE 11.—ASSESSMENT FOR DEFICIENCIES.

TOBACCO.

1. Section 258 of the "Inland Revenue Act, 1883," provides that the deficiency in any tobacco manufactory shall not at any time exceed six per cent.

CIGARS.

2. Section 259 provides that at least one thousand cigars shall be produced from each and every twenty-five pounds of unstemmed raw leaf, scraps, cuttings, or other material taken for use in a cigar manufactory. Allowance will be made for leaf tobacco sold or returned, or for cuttings and clippings when they are of such a character that they may be made into cigars, or are sold or removed for that purpose. No allowance will be made for stems, or for ordinary scraps and waste incidental to the business. In the making of finer grades of cigars, particularly of Havana tobacco, manufacturers often use only the best portion of the leaf and sell the balance to be used as filling for a lower or cheaper grade of cigars. In such cases an allowance will be made for such stock when sold or removed.

3. The annual stock statements have been prepared so that officers can readily understand the mode upon which the production is ascertained.

4. The Commissioner of Inland Revenue is empowered by Section 263 of the Act to make an assessment, and to order the collection from the manufacturer of the duty at the highest rate chargeable on the tobacco or cigars produced in the manufactory where the deficiency is found to exist.

ARTICLE 12.

ADDITIONAL FORFEITURE.

1. Any package containing tobacco or cigars which is proven not to have been made by the manufacturer whose name or factory number is marked or branded thereon, shall, with the contents thereof, be seized, and shall be and remain forfeited to the Crown.

ARTICLE 13.

REPEAL OF FORMER REGULATIONS.

1. All Departmental Regulations and Orders in Council in respect of Tobacco and Cigars issued or established under authority of previous Acts (excepting only a certain order of His Excellency in Council, dated on the 5th day of October, 1880, the special privileges conferred by which are continued during the pleasure of the Minister of Inland Revenue) are hereby cancelled.

JOHN J. McGEE,
Clerk, Privy Council.

In the Provinces of Quebec and Manitoba.

A notice inserted in the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District, in which a newspaper is published.

And copies of the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House.

No. 408.

Le comte de Derby au marquis de Lorne.

RUE DOWNING,
9 avril 1883.

EXCELLENCE,—Au sujet de cette partie de la dépêche de mon prédécesseur, portant la date du 24 août 1880, et qui se rapporte à une proposition tendant à ce que les examens préliminaires du collège militaire royal de Sandhurst soient faits au moyen de papiers envoyés aux colonies par les commissaires du service civil, j'ai l'honneur de vous transmettre pour que vous le soumettiez à votre gouvernement un extrait d'une lettre du bureau de la guerre disant que les commissaires du service civil seront prêts, lorsqu'on les informera qu'une personne résidant dans une partie quelconque des colonies les plus importantes et éloignées désire subir les examens préliminaires pour admission, à envoyer au gouverneur de la colonie en question un paquet cacheté des papiers d'examen, accompagné d'instructions quant au mode de conduire l'examen, ou si cette demande était périodique, les examinateurs consentiraient à envoyer d'avance les papiers, dont le gouverneur ferait usage quand il y en aurait besoin.

On remarquera que cet arrangement remplace celui que lord Kimberley a fait connaître dans sa dépêche du 28 juin 1881, d'après lequel les examens préliminaires pour Sandhurst auraient été conduits suivant les règlements prescrits par les autorités des universités ou collèges possédant les chartes royales.

J'ai, etc.,
(Signé) DERBY.

Le Gouverneur-Général
le très honorable,
le marquis de LORNE, K.T., G.C.M.G.,
etc., etc., etc.

EXTRAIT d'une lettre du bureau de la guerre au bureau colonial, daté le 9 mars 1883, No. 442.

Je constate qu'une communication a été reçue venant de la part des commissaires du service civil, de laquelle il appert que lorsqu'ils seront avertis qu'une personne résidant dans une partie quelconque des colonies les plus importantes et éloignées, désire subir dans la colonie l'examen préliminaire pour l'admission à Sandhurst, ils seront prêts à envoyer au gouverneur de la colonie en question un paquet cacheté des papiers d'examen, accompagné des instructions quant à la manière de conduire l'examen, ou s'il est probable que ces demandes d'examen seront périodiques, ils consentiront afin d'éviter des retards, à envoyer à l'avance les papiers au gouverneur, afin qu'il puisse s'en servir lorsque l'occasion s'en présentera.

Ce mode sera en conséquence adopté de préférence à l'arrangement d'abord proposé, de conduire les examens préliminaires, dans les colonies sous l'autorité des universités coloniales possédant des chartes.

(Circulaire.)

DOWNING STREET,
22 mai 1883

MONSIEUR,—Touchant à la circulaire de sir Michael Hicks Beach, émise le 27 janvier 1879, j'ai l'honneur de vous transmettre, pour renseignement et publica-

tion dans la colonie que vous administrez, une copie d'un arrêté de la Reine en Conseil, daté du 20 avril, exemptant les steamers danois d'un nouveau mesurage dans ce pays.

J'ai l'honneur d'être,

Monsieur,

Votre très humble et obéissant serviteur

DURBY

A l'administrateur du
gouvernement du Canada.

PALAIS DE LA COUR A OSBORNE, ILE DE
WIGHT,

Le 20ème jour d'Avril 1883.

PRÉSENT :

Sa Majesté la REINE en Conseil.

TFENDU que par le "Merchant Shipping Act Amendment Act, 1862," il est décrété que "lorsqu'il appert à Sa Majesté que les règlements concernant le mesurage du tonnage des navires marchands, ont été pendant la période couverte par l'Acte principal adoptés par le gouvernement d'un pays étranger, et sont en vigueur dans ce pays, Sa Majesté aura droit par un arrêté du Conseil de décider que les navires de tel pays étranger seront censés posséder le tonnage marqué dans leurs certificats d'enregistrement ou autres documents de leur pays ; et en conséquence, il ne sera plus nécessaire pour tels navires de subir un nouveau mesurage dans les ports ou autres endroits des possessions de Sa Majesté, mais ces navires seront censés posséder le tonnage marqué dans leur certificat d'enregistrement ou autres documents, dans la même manière, avec le même effet et pour les mêmes fins pour lesquels le tonnage marqué dans les certificats d'enregistrement des navires anglais est censé être le tonnage des dits navires."

Et attendu que par le "Merchant Shipping Act," 1876, il est décrété que, là où Sa Majesté a le pouvoir sous l'autorité du "Merchant Shipping Act," 1854, ou de tout acte passé ou devant être passé par la suite pour l'amender, de passer un arrêté du conseil, Sa Majesté aura le droit de temps en temps de passer tel arrêté du conseil, et par arrêté du conseil de révoquer, modifier, ou ajouter à, tout arrêté du conseil ainsi adopté.

Et attendu que par arrêté du conseil daté le 29ème jour de février 1868, Sa Majesté, à laquelle on a fait voir que les règlements concernant le mesurage du tonnage des navires marchands, maintenant en vigueur sous l'autorité du "Merchant Shipping Act," 1854, ont été adoptés par le gouvernement de Sa Majesté le Roi de Danemark, et étaient en vigueur dans ce pays, il a plu à Sa Majesté la Reine de décréter que les navires du Danemark ayant des certificats de nationalité danoise et d'enregistrement portant la date du 1er jour d'octobre, 1867, ou une date ultérieure, seront censés posséder le tonnage marqué dans les dits certificats de nationalité danoise et d'enregistrement ;

Et attendu que certaines modifications ont été faites subséquemment aux dits règlements concernant le mesurage du tonnage des navires marchands dans le Danemark, à l'effet qu'à partir du 1er octobre 1878, la part allouée pour la chambre des machines dans certains steamers serait évaluée d'après un mode différent de celui en vigueur en ce pays ; et on a fait voir à Sa Majesté qu'il était désirable de modifier le dit arrêté du conseil cité en premier lieu, en tant qu'il s'applique ou se rapporte au mode d'évaluer la proportion allouée pour la chambre des machines dans les steamers danois ;

Et attendu qu'il a plu à Sa Majesté par un arrêté du Conseil daté du 30e jour de décembre 1878, de décréter au sujet des steamers danois, que si le propriétaire ou le maître de tout steamer danois me-

suré après le dit 1er jour d'octobre 1878, désire que la proportion allouée pour la chambre des machines dans son navire soit évaluée en conformité des règlements anglais au lieu des règlements danois, telle chambre des machines sera mesurée, et la proportion allouée sera calculée d'après les règlements anglais ;

Et attendu que l'on a fait voir à Sa Majesté qu'il était à propos que certaines additions fussent faites au dit arrêté du Conseil en dernier lieu cité, concernant la manière d'évaluer le tonnage net enregistré de certains navires danois

EN CONSÉQUENCE, il a plu à Sa Majesté en vertu des pouvoirs qui lui sont conférés par les dits actes, cités plus haut, et par et de l'avis de son conseil privé, de décréter de nouveau comme suit, savoir : que dans le cas où le tonnage net enregistré des navires marchands appartenant au dit royaume de Danemark, qui sont conduits par la vapeur ou par toute autre pouvoir requérant une chambre pour les machines estimée d'après les règlements anglais étant marqués dans les dits certificats de nationalité danoise et d'enregistrement émis à la date du 1er jour de septembre 1882, ou à une date ultérieure, tels navires seront censés posséder le tonnage ainsi marqué dans les dits certificats.

C. L. PEEL.

ORDRES EN CONSEIL.

RAPPORT d'un comité de l'honorable Conseil privé, approuvé par Son Excellence le gouverneur général en conseil le 23ème jour de juin 1883.

SUR un mémoire en date du 15 juin 1883, du ministre faisant fonctions de ministre des chemins de fer et canaux, énonçant, sur l'avis du ministre du Revenu de l'Intérieur, que les taux sur les différents canaux du Canada ont été de temps à autre sujets à des modifications suivant des arrêtés spéciaux du conseil, et que pour plus de commodité il est à propos qu'il soit maintenant refondus ; de plus qu'à l'égard des canaux de la rivière Rideau et Ottawa de nouvelles classifications sont nécessaires

Le ministre constate que jusqu'à présent, la distance entre Montréal et Kingston, a été, par un arrêté général en date du 18 avril 1873, divisée pour les taux en deux parties, une l'écluse Sainte-Anne avec un tarif séparé, et l'autre "le canal Ottawa et Rideau" divisé en quatre sections, savoir :

1ère. Carillon et Grenville.

2ème. Ottawa.

3ème. Smith's Falls.

4ème. Kingston Mills.

Les taux à payer pour passage étant en proportion du nombre de sections à traverser, et qu'afin de faire cette classification en conformité des tableaux préparés par le département du Revenu de l'Intérieur, il est proposé que le canal Rideau soit considéré comme un ouvrage entièrement séparé, avec des taux distincts, la division de ses sections restant cependant les mêmes, et que l'appellation "les canaux de la rivière Ottawa" devrait comprendre celui de Grenville, de Carillon et de Sainte-Anne, chacun de ces trois canaux constituant une section, et les taux sur chaque section devant être le tiers du total.

Le ministre constate de plus que le département du Revenu de l'Intérieur ayant préparé une cédule englobant les différents points mentionnés ci-haut, lesquels constituent une simple classification et non pas de nouveaux changements par rapport aux taux, lui, le ministre recommande que la dite cédule ci-jointe soit approuvée.

Le comité soumet la susdite recommandation à l'approbation de Son Excellence.

JOHN J. McGEE,
Greffier du Conseil privé.

HOTEL DU GOUVERNEMENT, OTTAWA.

Vendredi, 6e jour de juin 1883.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL
EN CONSEIL.

ATTENDU que par la cinquième clause de "l'Acte des Territoires du Nord-Ouest, 1877," il est entre autres choses en substance statué, "que les personnes à être nommées membres du Conseil des Territoires du Nord-Ouest devront, avant d'entrer en fonctions, prêter tel serment d'allégeance et tel serment d'office que le Gouverneur en Conseil pourra prescrire," et que la sixième clause prescrit de plus que "le Greffier du dit Conseil prêtera devant le Lieutenant-Gouverneur tel serment d'office que le Gouverneur en Conseil pourra prescrire."

Il a maintenant plu à Son Excellence, par et de l'avis du Conseil Privé, et en vertu de l'autorité conférée par le dit acte somme susdit d'ordonner, et il est par le présent ordonné —

1. Que les membres du Conseil des Territoires du Nord-Ouest prêteront devant le lieutenant-gouverneur, ou une personne par lui autorisée, le serment d'allégeance et d'office tel que dicté ci-après :

SERMENT D'ALLÉGEANCE.

Je, _____ promets et jure sincèrement que je serai fidèle et porterai vraie allégeance à Sa Majesté la Reine Victoria, comme souveraine légitime du Royaume-Uni de la Grande-Bretagne et de l'Irlande, et de cette Puissance du Canada, dépendant du dit royaume et lui appartenant, et que je la défendrai au meilleur de mon pouvoir contre toutes conspirations traîtresses ou attentats quelconques qui pourraient être faits contre sa personne, sa couronne et sa dignité; et que je ferai mes plus grands efforts pour découvrir et faire connaître à Sa Majesté, Ses Héritiers ou Successeurs, toutes trahisons, conspirations traîtresses et attentats que je saurai exister contre elle ou aucun d'eux; et je jure tout ceci sans équivoque, restriction mentale, ou réserve secrète. Ainsi que Dieu me soit en aide.

SERMENT DES MEMBRES DU CONSEIL.

Vous _____ promettez et jurez sincèrement que vous servirez Sa Majesté vraiment et fidèlement en son Conseil dans ses Territoires du Nord-Ouest qui lui appartiennent; vous garderez secrètes toutes les matières qui pourront être traitées, discutées et résolues en Conseil, relatives à vos fonctions exécutives, sans les publier ou les dévoiler, ni aucune partie d'icelles, par paroles, par écrit ou d'aucune manière quelconque à aucune personne ne faisant pas partie du dit Conseil, mais à telles personnes seulement qui appartiendront au Conseil; et cependant, si quelque matière proposée, traitée et discutée dans quelqu'un de ces Conseils regarde quelque personne assermentée faisant partie du même Conseil, vous ne devrez en aucune manière lui faire part de, mais vous devrez tenir secrète, toute telle matière qui pourrait concerner sa loyauté et fidélité à Sa Majesté la Reine jusqu'à ce que le bon plaisir de Sa Majesté la Reine soit connu à ce sujet. Vous devrez sur toutes choses proposées, traitées et discutées, en tous tels Conseils, déclarer fidèlement, honnêtement et franchement votre opinion pour l'honneur et avantage de Sa Majesté la Reine et le bien de ses sujets, sans partialité ou exception de personne, ne vous abstenant de ce faire en aucune manière à raison de respect, faveur, amitié, présents, mécontentement ou crainte d'aucune personne ou personnes quelconques. En général vous serez diligent et circonspect dans toutes vos actions concernant le service de Sa Majesté la Reine; et toutes ces matières et choses, vous observerez et garderez fidèlement comme doit le faire un bon conseiller, au meilleur de votre pouvoir, volonté et discrétion. Ainsi que Dieu vous soit en aide.

II. Que le Greffier du Conseil prêtera devant le Lieutenant-Gouverneur, le serment d'Office ci-dessous :

SERMENT D'OFFICE.

Je _____ jure que je porterai foi et vraie obéissance à Notre Souveraine Dame la Reine, Ses Héritiers et Successeurs. DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un

exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Toute personne désirant obtenir un bill privé devra dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,

Greffier du Sénat.

JOHN GEORGE BOURINOT,

Greffier des Communes.

Et de plus, en conformité d'une Résolution adoptée par la Chambre des communes, le 20 avril 1883, il est ordonné que—

“Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et ré-imprimés à leurs frais, avant qu'aucun comité en examine les clauses.

J. G. BOURINOT,

Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce.

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba.) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

DESPATCHES, Etc.

Copy—Canada.
No. 408.

Earl of Derby to the Marquis of Lorne.

DOWNING STREET,
9th April, 1883.

MY LORD,—With reference to that portion of my predecessor's despatch of the 24th of August 1880,

which relates to a proposal that preliminary examinations for the Royal Military College, Sandhurst, should be conducted by means of papers sent out to the Colonies by the Civil Service Commissioners, I have the honor to transmit to you, to be laid before your Government, an extract of a letter from the War Office stating that the Civil Service Commissioners will be prepared, upon being informed that a person residing in any of the more important distant Colonies is desirous of passing the preliminary examination for admission, to forward to the Governor of the Colony in question a sealed packet of Examination papers with explanations as to the mode of conducting the examination, or should the demand for examination be recurrent, they would be willing to supply papers beforehand to be used by the Governor as occasion might require.

It will be noticed that this arrangement supersedes that which was previously announced in Lord Kimberley's despatch of the 25th of June 1881, under which preliminary examinations for Sandhurst would have been conducted in accordance with the prescribed regulations by the authorities of any Universities or Colleges possessing Royal Charters.

I have, &c.,

DERBY.

Governor General,

The Right Honorable

The Marquis of Lorne, K.T., G.C.M.G.,
&c., &c., &c.

EXTRACT from a letter from the War Office to the Colonial Office, dated 9th March 1883, No. 433.

I am to observe that a communication has been received from the Civil Service Commissioners from which it appears that upon its being notified to them that a person residing in any of the more important distant Colonies is desirous of passing in the Colony the "preliminary examination" for admission to Sandhurst they will be prepared to forward to the Governor of the Colony in question a sealed packet of Examination papers accompanied by instructions as to the mode of conducting the Examination, or should the demand for examination in the Colony be likely to be recurrent, they would be willing for the purpose of avoiding delay, to supply the Governor with papers beforehand, to be used by him when the occasion should arise.

This course will accordingly be adopted in preference to the arrangement originally proposed of holding Preliminary Examinations in the Colonies under the authority of Chartered Colonial Universities.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON the recommendation of the Minister of Customs, and under the provisions of the 17th Section of the Act passed in the session of the Parliament of Canada, held in the 46th year of Her Majesty's Reign, chaptered 12, and intituled "An Act further to amend and consolidate the Acts respecting the Customs,"—

JOHN J. McGEE,
Clerk, Privy Council.

2-3

REPORT of a Committee of the Honourable the Privy Council, approved by His Excellency the Governor General in Council, on the 23rd day of June, 1883.

ON a Report dated 15th June, 1883, from the Acting Minister of Railways and Canals, stating upon the representation of the Minister of Inland Revenue that the tolls on the several canals of the Dominion have from time to time, been subject to amendment under specific Orders in Council, and that for greater convenience it is expedient that they should now be placed in a consolidated form; further, that in respect of the Rideau and the Ottawa River Canals a certain readjustment is advisable.

The Minister observes that heretofore, under a General Order of the 18th of April, 1873, the distance between Montreal and Kingston was for toll purposes divided into two portions, one the Ste. Anne Lock, with a separate scale of charges, and the other "the Ottawa and Rideau Canal" divided into four sections, namely:—

- 1st. The Carillon and Grenville.
- 2nd. Ottawa.
- 3rd. Smith's Falls.
- 4th. Kingston Mills.

The rates payable for passage being in proportion to the number of sections traversed, and that in order to bring the classification into conformity with the statistical returns of the Inland Revenue Department it is proposed that the Rideau Canal should be treated as an entirely separate work, with distinct rates, the division of its sections however remaining the same, and that the term "Ottawa River Canals" should comprise the Grenville, the Carillon and the Ste. Anne, each of these three constituting a section and the tolls on each being one third of the whole rates.

The Minister further observes that the Department of Inland Revenue having prepared a schedule embodying the several points above mentioned which imply adjustment merely and not fresh alteration in the extent of tolls, he, the Minister, recommends that the said schedule hereunto be approved.

The Committee submit the above recommendation for Your Excellency's approval.

JOHN J. McGEE,
Clerk, Privy Council.

GOVERNMENT HOUSE, OTTAWA;

Thursday, 28th day of June, 1883.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON the recommendation of the Honorable the Minister of Inland Revenue, and under the provisions of the Act 46th Victoria, chapter 15,—

His Excellency the Governor General, by and with the advice of the Queen's Privy Council for Canada, has been pleased to order, and it is hereby ordered, that the following Regulations in respect of Tobacco and Cigars and Tobacco and Cigar Manufactories to come into force on and after the 1st day of July, 1883, be and the same are hereby adopted:—

ARTICLE I.—RAW MATERIAL.

FOR DEALING WITH RAW LEAF TOBACCO, SCRAPS, CUTTINGS, STEMS, LIQUORICE OR OTHER MATERIALS, WHEN BROUGHT INTO, PRODUCED OR USED IN, OR REMOVED FROM A TOBACCO OR CIGAR MANUFACTORY.

1. So soon as any tobacco or other raw material is received at the manufactory the quantity thereof shall be ascertained by the manufacturer, under the immediate supervision of the officer in charge, whose duty it shall be to test the accuracy of all weights, and when required so to do by the manufacturer to ascertain the deduction to be made for moisture.

2. Standard tobacco as defined by the Act means tobacco which contains 10 per cent of moisture, but it is not intended to notice a discrepancy of one or two per cent. from this standard in either direction.

3. When, however, there is an evident excess of moisture beyond the proportion above mentioned, viz., 10 per cent., the manufacturer may, if he desires, have this excess ascertained, and if found to be as much as or more than 12 per cent., the excess over 10 per cent. is to be deducted from the weight found. In other words, when an account is taken of excessive moisture at all, 10 per cent. is to be understood as being the standard, and all over that is to be allowed.

4. All samples taken for the purpose of ascertaining the percentage of moisture contained therein are to be furnished by the manufacturer or owner free of cost.

5. It is not necessary that samples should be taken from each package. When two or more packages are, after careful examination, considered by the officer to be about the same as regards moisture, one sample can be taken to represent the lot. It is the desire of the Department that the manufacturer should suffer as little loss as possible by taking his tobacco for the purpose of ascertaining the moisture, and whenever any manufacturer is satisfied that the raw leaf and other unmanufactured tobacco brought into his manufactory at any time is not above or below the standard, he may enter the actual weight upon his books without submitting a sample to be tested, but in such case the weight shall be considered as standard and no allowance made thereafter if the production in the manufactory should fall below the standard established by law.

6. All stems, scraps, cuttings, clippings, waste or

other refuse of tobacco, when produced in, taken for use, removed from, or destroyed at or from any tobacco or cigar manufactory shall be entered in standard pounds.

7. All raw leaf tobacco, stems, scraps, cutting, clippings, waste and tobacco in process of manufacture at the time and when stock is taken shall be stated in standard pounds, and in all such cases care must be taken that samples for drying fairly represent the degree of moisture in each lot from which samples are taken.

8. In all cases where it becomes necessary to take an account of the moisture, samples must be carefully taken in such a manner as to give a fair sample—as to moisture—of the whole. These samples should each be from one quarter to one half of one pound in weight, and must be carefully weighed immediately they are taken, and the samples are to be taken from the packages at the time of weighing thereof and not at a date previous to or after such weighing. They are then to be carefully dried in the drying oven, with which important offices have already been or will be supplied. The difference between the weight when put in and removed from the dryer will represent the moisture contained therein.

9. The principal offices will be supplied with scales specially constructed for the purpose, by means of which the percentage of moisture in excess of the standard can be read on the arm of the scale, instead of having to resort to computations to ascertain it.

This scale is so constructed that by filling the counterpoise bucket at the end of the arm with shot sufficient to balance the oven tray on the platform, the weight as shown will be the net weight of the tobacco. By means of the adjustable weight on arm the sample can be either one-quarter, one-half, or one pound, and by placing this weight at 100 when weighing the tobacco for drying, and then reading after drying on the lower scale on the arm, the exact percentage of moisture to be deducted, can be seen at a glance.

10. The officer in charge of each tobacco or cigar manufactory shall keep a record of the weight of all packages of raw leaf tobacco or other raw material received into manufactory. The entry shall be made in a book provided by the Department for that purpose.

11. All packages of raw material received into warehouse shall be consecutively numbered, beginning with number one, on the 1st day of July in each year.

12. A ticket, or tag, shall be placed upon each package showing the date when put in warehouse, the serial number of the package, the gross weight, the tare, and the net actual weight of tobacco or other raw material contained therein, and in the case of raw leaf tobacco, scraps and cuttings, stems and other unmanufactured products of raw leaf tobacco, the percentage of moisture and pounds of standard tobacco contained therein. In order that there shall be uniformity of practice the following is the form of ticket or tag to be used, until otherwise modified or altered by Departmental Regulation, which tag will be supplied by the Department upon proper requisition being made therefor:—

	Write in particulars here.	Details when less than contents of whole package is taken.

Signature Officer in charge.

In the case of liquorice, sugar, gum or other raw materials other than leaf tobacco, cuttings and other unmanufactured products of leaf tobacco, the last two lines will be left blank as no deduction for moisture is to be made from these articles.

13. All leaf tobacco and other materials are, as soon as received and an account of them taken, to be placed in the warehouse provided for that purpose and secured by Crown lock, the key thereof being in the possession of the officer in charge.

14. Raw leaf tobacco and other raw materials are to be delivered to tobacco and cigar manufacturers in such quantities as may be required for use, and as they will have access to the warehouse daily, if required, and can take tobacco from as many different packages as if it were under their sole control, it is not necessary that greater quantities should be taken than is required for each day's use. When taken for use by whole packages it must be entered ex-warehouse at the weight marked on the packages when received.

(a.) If, in the opinion of the Department, the conveniences afforded by any tobacco or cigar factory will not permit of the storing of all raw leaf tobacco and other raw material within the locked apartment designated for that purpose, without unduly harassing the manufacturer, then the Collector may authorize such proportion as he may see fit to be stored in other parts of the factory; and in such case each such package so withdrawn, if not required for proximate use, shall have placed upon it by the manufacturer a red card of not less than four inches square, with the words "In Bond" printed thereupon in letters of not less than one inch in height; and the removal of such card, or of any of the contents of such package, before the weight contained in such package has been entered to the debit of the "Daily Record" as "taken for use," shall be deemed to be an illegal abstraction of goods from warehouse, and shall subject the manufacturer to like penalty as by law provided.

(b.) When the contents of any package is taken for use at various times the last entry from the package shall be made to balance the quantity originally warehoused and marked on such package.

(c.) A manufacturer will be permitted to take whole packages or such quantities as he may require for use, but if it is at any time evident that a manufacturer is entering for use quantities far in excess of what his business demands, the Collector will apply to the Department for specific instructions.

15. All stems produced in any tobacco or cigar manufactory must, unless used or intended for immediate use in the manufactory, or held by the manufacturer with a view to their exportation, be weighed up not less frequently than once a month and either destroyed or locked up as hereinafter provided.

All stems, scraps, cuttings and waste produced in any tobacco or cigar manufactory and charged back to stock and carried to debit of Stock Book No 1, shall unless immediately destroyed, removed, or entered for use, be placed in raw leaf warehouse.

16. The destruction shall be by burning except when some other mode is specifically permitted. Provided that the Department may authorize Collectors of Inland Revenue to furnish known gardeners with small quantities of stems to be used solely for horticultural purposes. The quantity furnished for such purposes and the security to be taken for the proper use of such stems to be within the discretion of the Collector, and the transactions in detail to be reported monthly to the Department.

17. Stems, scraps, cuttings or waste must, before they can be entered for removal or destruction, be carried to debit of Stock Book No. 1.

18. Raw leaf tobacco, after being charged in a tobacco or cigar manufacturer's Daily Record as taken for use, cannot thereafter be removed from factory in an unmanufactured state, unless by a special permission, in each case obtained from the Collector.

19. Raw leaf tobacco, when removed from a tobacco or cigar manufactory, must be entered in standard pounds.

20. Where tobacco and other raw material is secured under Crown lock, it is not necessary to

weigh each package in the warehouse when taking stock; only a sufficient number to satisfy the officer that the packages remain as shown on tag. When not secured by Crown lock each package must be carefully weighed.

21. Flavorings received at a tobacco or cigar manufactory are not to be examined by the officer in charge, but the weights are to be recorded by the manufacturer as in the case of other raw material.

FOR SALE OF SCRAPS, CUTTINGS, STEMS AND SWEEPINGS OF TOBACCO IN BULK, BY ONE MANUFACTURER TO ANOTHER.

22. Whenever any manufacturer of tobacco or cigars desires to sell his refuse scraps, cuttings, stems, and sweepings of tobacco, in bulk and as material, to another manufacturer of tobacco or cigars, to be further manipulated or manufactured, he is hereby permitted to do so under the following rules and conditions, viz. :—

(a.) The removal must be made in bond, and the goods consigned to the order of the Collector of Inland Revenue of the Division to which the goods are so consigned in the same manner as provided for manufactured articles.

(b.) The packages containing the goods are to be consecutively numbered, and each to have marked thereon the gross weight, the tare, and the net weight and also the standard weight of unmanufactured tobacco contained therein, and shall in addition have marked thereon the registered number of the manufactory, number of warehouse entry, date, and number of the Inland Revenue Division.

(c.) No persons other than manufacturers of tobacco or cigars will be allowed either to purchase or sell this description of tobacco unless it is packed, stamped and the duty paid thereon, as provided by law.

23. Whenever any manufacturer of tobacco or cigars desires to sell his refuse scraps, cuttings, stems, or sweepings of tobacco for export to a foreign country, he will enter the same for export in bond in the same manner and under the same regulations as govern the shipment and exportation of manufactured goods.

24. Cigar manufacturers will not be permitted to put up small packages of cuttings for consumption.

FOR REMOVAL OF SNUFF FLOUR AND FINE CUT SHORTS, FROM ONE TOBACCO MANUFACTORY TO ANOTHER.

25. Snuff-flour not prepared for use, but which needs to be subjected to further process of sifting, pickling, scenting, or otherwise, before it is in a condition fit for use or consumption, may be sold by one tobacco manufacturer directly to another under the following regulations :—

(a.) The snuff-flour shall be put up in packages, and these packages consecutively numbered and marked with the gross weight, the tare, and the net weight thereof, and shall in addition have marked thereon the registered number of the factory from which removed, the number of the warehouse entry, date, and number of the Inland Revenue Division.

(b.) The snuff-flour shall be removed from one manufactory to another in bond, the necessary warehouse and removal entries and removal bond being passed therefor as in the case of other removals in bond.

26. Fine-cut shorts, the refuse of fine-cut chewing tobacco, may be sold in bulk, like scraps, cuttings, &c., by one manufacturer of tobacco to another; but when put up for sale and consumption, they must be packed in packages containing one-twentieth, one-sixteenth, one-tenth, one-eighth, one fifth, one-fourth, or one half pound each, and stamped like other small packages of tobacco. The law does not authorize the packing of fine cut shorts in five or ten-pound packages the same as fine-cut chewing.

27. Fine cut shorts may be sold in bulk by one tobacco manufacturer to another, under the following regulations :—

- (a.) They shall be put up in packages, and these packages consecutively numbered and marked with the gross weight, the tare, and the net weight thereof (the net weight being stated in apparent and also in standard pounds), and shall, in addition, have marked thereon the registered number of the manufactory where put up or from which removed, the number of the warehouse entry, the date and the number of the Inland Revenue Division,
- (b.) The fine-cut shorts, like snuff-flour, shall be removed from one manufactory to another in bond.

28. Upon the receipt of the snuff flour or fine-cut shorts at the manufactory to which it is consigned, it shall be placed in the raw leaf warehouse, and shall be delivered to the manufacturer in such quantities as he may require for treatment.

29. In all books, snuff-flour and fine-cut shorts shall, when entered for removal for further treatment at another licensed tobacco manufactory, be treated as raw material, and as the transactions are not likely to be such as to render it necessary to encumber the books with special columns for these articles, they will be dealt with in the books in the following manner, when removed, viz. :—

- (a) The entries to be made in red ink.
- (b) Enter in column No. 23 in Daily Record when produced, and in columns Nos. 10 and 26 in Stock No. 1 when "charged back to stock" and "removed from manufactory" respectively.
- (c) At receiving manufactory enter in columns Nos. 9 and 25 in Stock Book No. 1, when "brought in" and "taken for use," respectively, and in column No. 7 in Daily Record when "taken for use."
- (d) Explanations to be made in columns Nos. 2 and 19 in Stock Book No 1, and columns Nos. 2 and 15 in Daily Record.
- (e) Totals of fine-cut shorts and snuff flour to be also shown in red ink, and separate and distinct from the totals of scraps, cuttings and waste, as shown in the columns referred to.

RAW LEAF TOBACCO SAMPLES.

30. As some misapprehension appears to exist as to the manner of dealing with small quantities of Raw Leaf Tobacco imported as samples, and on which the Department has no authority to collect duty, the following regulations are now issued for the guidance of Customs Officers at the ports where such samples are imported.

(a) Such samples must be bonded in a Customs Warehouse in the same way as all other imported Raw Tobacco is bonded.

(b) The removal of such samples from Customs Warehouse in quantities not exceeding one hundred and fifty pounds at any one time may be permitted on a removal bond being executed with the Collector of Customs by the parties who desire to remove the tobacco, and another surety who must be a resident householder, or other responsible person resident at or near the port at which the bond is given. And each separate parcel or sample must be securely sealed and stamped so that it may be identified.

(c) The removal entry shall accurately state the quantity, description and quality of the tobacco, as known to the trade, to be removed, which description shall also include particulars necessary for the identification of the several samples or parcels.

(d) Each removal paper shall have endorsed on it, by the Collector of Customs the date at which the removal bond will expire, and shall set forth that the holder of the paper is permitted to carry with him the tobacco therein described for the purpose of exhibiting is to his customers.

(e) The conditions of the bond are to be that the tobacco shall, within a specified time, be delivered to and entered upon the books of a licensed tobacco or cigar manufacturer, or that it shall be exported.

(f) And the bond shall only be cancelled on the production of the certificate of an officer of Excise that the tobacco has been entered on the books of a

licensed tobacco or cigar manufacturer, or on the certificate of a Customs Officer that the tobacco has been exported and within the time mentioned.

(g) In addition to the above certificate, when the tobacco is exported, all the Warehouse regulations then in force in reference to the exportation of Customs goods shall be complied with before the bond is cancelled.

(h) Whenever the bond is not cancelled in the manner above stated, and within the time stated in the bond, it will be the duty of the Collector of Customs before whom it is taken to call upon the parties for the immediate payment of the penalty inserted in the bond, which, in accordance with the 304th section of the Inland Revenue Act of 1883, will be for a sum equal to 30 cents per pound on the tobacco to which it relates

(i.) When samples are sent out by the travelling agent of any person duly licensed to warehouse Raw Leaf Tobacco under the Inland Revenue Act, an accurate account of such samples is to be taken by the proper officer of Excise and entered on the warehouseman's books, and the same means adopted for their identification as it directed with reference to samples just imported.

(j.) A Bond will be taken with reference to such samples of the same nature as is directed with reference to samples just imported; but, in lieu of making it an alternative that such samples shall be exported, the conditions shall be that they shall be returned to the Warehouse of the licensed warehouseman, and by him entered on his books.

(k.) Whenever any Importer desires to do so he may pay the fee of twenty cents per pound on the Raw Leaf samples and have them stamped with the special Raw Leaf Tobacco sample stamp provided for that purpose, and may then bring in and exhibit his samples without any restrictions as to the giving a removal bond, procuring the certificate of Officers of Excise as to its being entered on a manufacturer's book, or for the exportation of the sample.

(l.) The special Raw Leaf Tobacco sample stamps are to be destroyed when the tobacco is taken for use in any tobacco or cigar manufactory.

ARTICLE 2.

STAMPS FOR TOBACCO.

1. By virtue of the authority of the "Inland Revenue Act, 1883," the following denominations of stamps for tobacco have been prepared, and their use is hereby prescribed, viz. :—

- (a.) Strip stamps, in sheets, of the denomination of one fortieth of a pound, for cigarettes.
- (b.) Strip stamps, in sheets, of the denomination of one-twentieth, one-sixteenth, one-tenth, one-eighth, one-fifth, one-fourth, and one-half pound, for use on all legal packages of cut and granulated tobacco, cigarettes, shorts, clippings cuttings, and sweepings of tobacco.
- (c.) Strip stamps, in sheets, of the denomination, of five and ten pounds, for pails, kegs or drums of fine-cut chewing tobacco.
- (d.) Strip stamps, in sheets, of the denomination of one pound, for use on packages of Canada twist.
- (e.) Strip stamps, in sheets, of the denomination of five and ten pounds, for packages holding snuff when containing not more than forty per cent. of moisture.
- (f.) Strip stamps, in sheets, of the denomination of ten and twenty pounds, for packages holding snuff when containing more than forty per cent. of moisture.
- (g.) Oblong stamps, in sheets, of the denomination of ten pounds, for packages containing caven-dish, plug or twist tobacco.
- (h.) Coupon stamps, in books, of the denomination of ten, fifteen and twenty with one-half pound coupons, and sixty and seventy with one pound coupons.

2. No stamp of a denomination less than one-fifth of a pound is provided for tobacco solely the product of Canadian raw leaf.

3. It is the duty of every officer in charge of any tobacco or cigar manufactory to see that no greater quantity of tobacco or cigars is contained in the packages to which the stamps are attached than the stamp is intended to cover, and should any packages containing tobacco or cigars at any time be discovered with stamps thereon for a quantity less than the package contains, it is the duty of every officer to detain such packages as forfeited, and report the circumstances to this Department through the Collector of the Division.

4. Stamps for use on tobacco the product in whole or in part of foreign raw leaf, are colored black. Those for use on tobacco solely the product of Canadian raw leaf, are colored green. Those for use on packages of imported tobacco, are colored blue.

FOR CIGARS.

5. The Commissioner of Inland Revenue has caused to be prepared for the payment of duty on cigars the following denominations of cigar stamps:—

- (a.) Strip stamps issued in sheets for boxes containing twenty-five, fifty, one hundred and two hundred cigars each.
- (b.) Strip stamps issued in sheets for sample boxes of cigars containing twenty five cigars each.
- (c.) Strip stamps issued in sheets for boxes of imported cigars (old issue, rate of duty being on the pound as heretofore).

6. Stamps for use on boxes containing cigars the product in whole or in part of foreign raw leaf tobacco, are colored black.

Stamps for use on boxes containing cigars solely the product of Canadian leaf tobacco, are colored green.

Stamps for use on packages of imported cigars are colored blue.

Stamps for use on sample boxes of cigars, are colored yellow with the letter "F" thereon when used on cigars the product of foreign leaf, and "C" thereon when used on cigars the product of Canadian leaf.

FOR CANADA TWIST.

7. Stamps for Canada Twist are supplied of the denominations one-fourth, one half and one pound each.

8. Stamps of the above denominations will be supplied postmasters or other persons throughout the country who will keep a record of the names of the persons to whom they sell stamps, and of the license number and number and denomination of stamps sold to each (selling them only to licensed persons), for which purpose a suitable book is supplied. The register of sales above referred to is to be open at all times for the inspection of officers of Inland Revenue.

9. Canada Twist cannot be manufactured for sale by the cultivator unless he has taken out a license, paying therefor the sum of two dollars, and the law imposes a heavy penalty on any cultivator who shall manufacture for sale any Canada Twist without taking out such license. Collectors of Inland Revenue and others acting for this Department will, therefore, take all the means in their power to acquaint cultivators with the necessity of taking out such license and stamping the Canada Twist before offering it for sale.

10. The stamps will be attached to the roll or coil by interlacing it through the coil when made and bringing the two ends of the stamp once around the coil and fastening securely by gum or paste. Coils that have been made prior to the coming into effect of the provisions of this Act may have the stamp attached by cording or otherwise securing the twist and enclosing it in a paper or other band or casing, so that the stamp may be securely attached thereto. The stamp is to be attached in all cases by means of good strong gum, and every officer of this Department is instructed, so far as it lies in his power, to impress upon cultivators who manufacture Canada Twist for sale that the firm adherence of the stamp to the tobacco is necessary in order to protect it from seizure, for if any packages are found anywhere except in the possession of the licensed cultivator-manufacturer or in the premises of a licensed tobacco manufacturer of Canadian Leaf Tobacco only, without a stamp properly attached, they will certainly be seized and confiscated in accordance with the law.

11. The law also imposes heavy penalties on any person who shall open a package of tobacco without breaking the stamp thereon, or in whose possession a package unlawfully opened, shall be found, or in whose possession any used stamps shall be found.

Every officer will, therefore, avail himself of every opportunity for bringing these matters under the notice of those concerned.

BONDED REMOVAL PERMIT STAMPS.

12. The bonded removal permit stamps to be used on packages of tobacco when ex-warehoused for removal in bond are of the following denominations, viz:—

- (a.) For use on pails, kegs, drums or other packages of fine cut chewing tobacco weighing five and ten pounds each.
- (b.) For use on five, ten and twenty pound packages of snuff.
- (c.) For use on packages of plug tobacco weighing from ten to twenty-five pounds.
- (d.) For use on packages of plug tobacco weighing from sixty to eighty pounds.
- (e.) For use on packages of cigars.

2. They are to be attached as follows:—

(a), (b) and (e) are to be attached to the package in such a manner as to be about equally attached to the cover and the body of the package.

(c) and (d) are to be attached at the same place on caddy or box as reserved for regular duty paid stamp, viz., "over one cover or angle of the box or caddy at equal distances from each end, attaching about equally to each side."

13. Each package of tobacco or cigars removed in bond must be covered by a bonded removal permit stamp of a denomination provided for the class of package upon which it is placed, and is to be attached to the package and cancelled by the manufacturer or his agent. The cancellation will be by means of the rubber stamp used for the first cancellation on the regular duty paid stamps. If the manufacturer so desires it the bonded removal permit stamps may be placed upon the packages intended for removal at the time the tobacco or cigars are put in the warehouse.

FOR CUSTOMS.

14. Arrangements having been made with the Department of Customs that in future stamps for imported tobacco shall be supplied by this Department, through the Collectors of Inland Revenue, you will therefore put yourself in communication with the Collector of Customs who may require to obtain supplies through your office, and request them to make requisitions on you for such stamps as they are likely to require at their respective ports.

15. As it takes considerable time to obtain stamps, when not in stock at the time the requisition is received, you will request the Collector of Customs to make their requisitions as early as possible.

16. The following schedule gives the denominations of stamps already arranged for:—

SUPPLY OF STAMPS.

18. Stamps will be supplied by the Department upon proper requisition being made therefor by the Collector of Inland Revenue, who will make requisition sufficiently in advance to insure having a supply always on hand equal to the probable demand for three months, as required by section 270 of the "Inland Revenue Act, 1883." On receipt of a parcel of stamps the Collector or other officer receiving them is immediately to count them, and if they are found to be in accordance with the receipt accompanying the parcel, he is to sign, date, and return the receipt to the Department by the next mail, and enter the stamps so received on the debit side of his "Record of Tobacco Stamps received and issued." If they are not found to be correct, he must immediately advise the Department of the error, and enter the exact number received by him to the debit of his stamp account. Collectors and other officers must account for every stamp acknowledged to have been received by them.

19. A separate account is to be opened for each denomination of stamp, and kept in the manner shown on first folio of stamp books, stating on the debit side the number received, and on the credit side the number issued. On opening the accounts the debit side is to commence with the number of stamps of the description to which it relates then on hand.

MODE OF AFFIXING TOBACCO AND CIGAR STAMPS.

20. Under the authority of section 270 of the "Inland Revenue Act, 1883," it is hereby prescribed that stamps shall be affixed to packages of tobacco and cigars in the following manner, viz.:—All packages of tobacco, except fine-cut chewing and snuff, containing more than ten pounds, shall have affixed a registered coupon stamp of a denomination corresponding with the net weight of the tobacco contained therein. For example, packages containing from ten to twenty-five, and from sixty to eighty pounds, can be, and must be, covered by a single stamp, by using coupons attached to stamps, when the weight of the package is not precisely ten, fifteen, twenty, sixty or seventy pounds (in which case the stamp alone is used, without the coupons attached). When the weight of the tobacco contained in the package ranges between ten and twenty-five, and between sixty and eighty pounds, the coupons are used in connection with the stamp bearing such weight, so that with one or more of the coupons attached thereto it will correspond with the weight required. Half pounds will not be allowed on packages containing twenty-five pounds and upwards. All other packages of tobacco are to be covered by stamps of the denomination provided by the Department, and one stamp only is to be used on each package.

21. Upon all descriptions of boxes and caddies of cavendish, plug, twist, or other description of tobacco, the stamp shall be affixed over one corner or angle of the box or caddy, at equal distances from each end, attaching about equally to each side. And on and after January 1st, 1884, on all such packages when made of wood, a groove not less than one-sixteenth of an inch deep shall be made to admit the stamp, and prevent its being torn or rubbed off by transportation.

22. Upon all kegs, drums, pails, or other packages containing five and ten pounds of fine-cut chewing, and five, ten and twenty pounds of snuff, as permitted by law, the stamp, being a strip stamp, shall be placed across the cover, so as to extend down each side of the package, and to effectually seal it.

23. Strip stamps, whether used for packages containing smoking tobacco, fine-cut chewing, snuff, cigars, or cigarettes, must be so attached as to effectually seal the package, and render it impossible to open the same or remove its contents without destroying or breaking the stamps. Stamps on cigar boxes must be placed at least three-fourths of an inch from the end of the box.

24. The strip stamps for tobacco are made sufficiently long to pass over both ends of the package and turn the opposite angles, thus effectually sealing the package, and they must be so affixed; and when applied to bags which open only at one end, they must be affixed so as to effectually close that end.

25. The stamps are to be affixed to the packages by using an adhesive material that will cause them to stick to the wood, paper, or other package, securely and permanently. After the stamps on wooden or metal packages of tobacco have become dry, and the cancellation has been made, as herein described, they must be varnished over thoroughly, but not so as to obscure or obliterate the impression upon the stamp.

26. Tobacco or cigar stamps will not adhere to tin-foil with ordinary gum or paste. The manufacturer must therefore either envelope the tin-foil in an outer wrapper of paper or provide some kind of gum or paste by which the stamps may be so attached that they cannot be removed without destroying them.

27. Manufacturers or importers of cigars will not be allowed to wrap the box or package containing cigars in an outer covering of paper or other material and attach the stamp to the outer covering. The stamp must be attached to each package proper so as to remain thereon as an evidence of its being legally in the possession of the holder thereof.

28. The following recipes for cheap and practical paste and varnish, which have been fully tested, are prescribed for use.

For Paste.—Dissolve one pound of gum arabic in one and three-fourths pints of boiling water, add from two to four ounces of acetic acid, and keep it corked when not in use. Apply evenly to the stamp or notice and press it firmly upon the wood or other material of which the package is composed.

For Varnish.—Place in a bottle of sufficient size one half pound of bleached gum shellac, broken fine, and add strong alcohol, shake occasionally until entirely dissolved, and keep it corked to prevent evaporation. Should the varnish at any time become too thick, add a small quantity of alcohol.

29. Stamps on packages of tobacco and cigars are to be attached at the manufactory by the manufacturer or his agent, at the licensed bonding warehouse by the warehouseman or his agent, and at the Customs bonding warehouse by the Customs Officer. Although the responsibility of stamping tobacco ex-warehoused from a merchants excise bonding warehouse remains with the owner of the warehouse—the officer delivering the tobacco is expected to aid in the attaching and cancelling of the stamps—where this can be done immediately after the delivery of the goods from warehouse.

CANCELLING DIES AND STAMPS.

30. By virtue of the authority conferred by section 271 of the "Inland Revenue Act, 1883," the Commissioner of the Inland Revenue will furnish steel dies for the cancellation of all stamps used on wooden packages, or packages made partly of wood and partly of other materials, containing tobacco. These dies will be forwarded to the several Collectors of Inland Revenue and will be loaned by them to the manufacturer of tobacco or other person mentioned in their requisition therefor and to no other, and the cost of such die shall be collected from the manufacturer or other person to whom supplied.

31. In effecting such cancellation, the die will be required to be applied twice to the stamp upon the package, once in the place on the stamp marked "Cancellation by steel die," and a second time over and upon the vignette on the stamp.

32. A steel instrument is also supplied for the cancellation of stamps on tin caddies or boxes of tobacco and which instrument is to be drawn across the stamp and on to the metal of which the package is composed. This instrument should be so used as to sever the stamp and continue the line of separation on to the metal. It is to be applied to the stamp on each side of the package, but is to be done in such a manner as not to disfigure the cancellation made by the rubber stamp.

33. Collectors will keep an account of all steel dies and instruments entrusted to them, and a record of

the names of all persons to whom they are furnished (furnishing them only to the legally authorized tobacco manufacturers and others as instructed by the Department) and the date of their delivery. Whenever any die shall have become broken or damaged in the hands of any manufacturer or other person, so as to be unfit for use, or whenever any person receiving such Government die shall have no longer any legitimate use for the same, it must be returned to the collector (and by him transmitted to the department) and the person accredited therefor.

34. The law makes it imperative upon every manufacturer of tobacco, putting up his tobacco in packages as heretofore described, and upon every person ex-warehousing tobacco from an Excise bonding warehouse, to use this die, and no stamps on such packages will be regarded as properly cancelled, and the packages and their contents will be liable to seizure, whenever found, unless the stamps are cancelled, and the packages and their contents will be liable to seizure, whenever found, unless the stamps are cancelled with a Government die, and in the manner hereinafter named, viz., the stamp must be so cancelled that a portion of every stamp shall be *driven into and lodged within the wood* of the package, or when on metal, by severing the stamp and continuing the line of separation on to the metal of which the package is made.

35. Rubber stamps for the cancellation of tobacco and cigar stamps will also be supplied by the Department, upon proper requisition being made therefor, and the cost of such rubber cancellation stamps shall be collected from the manufacturer or other person to whom supplied.

36. These rubber cancellation stamps are as follows, viz.:

1st. For tobacco manufacturers' use in cancelling strip stamps used on tobacco put up in packages of paper, linen or other soft or yielding material, and for the first cancellation on all other stamps used on packages of tobacco.

2nd. For cigar manufacturers' use in cancelling strip stamps used on cigar boxes.

3rd. For the use of persons having licensed bonding warehouses, in cancelling (in addition to steel die instruments) the stamps on packages of tobacco ex-warehoused for duty from a warehouse other than the manufacturer's where tobacco was made.

4th. For Custom Officers' use in cancelling strip stamps used on imported tobacco put up in packages of paper, linen or other soft or yielding material, and for the first cancellation on all other stamps used on packages of tobacco.

6th. For Custom Officers' use in cancelling strip stamps used on cigar boxes.

37. Collectors must keep an account of all cancellation stamps entrusted to them, as in the case of the steel cancellation dies.

38. The law requires that all stamps upon packages of tobacco and cigars shall be cancelled by a Government stamp or die, and it is now prescribed that when the stamps are upon other than wooden boxes and caddies of cavendish, that the cancellation shall be by means of the rubber stamp recognized by the Department; the stamps on wooden packages of tobacco being cancelled in addition to the above, by the steel die, and those on metal packages by the steel instrument supplied for that purpose.

MODE OF CANCELLING TOBACCO AND CIGAR STAMPS.

39. All stamps are to be cancelled immediately after being placed upon the packages, but the cancellation by the rubber stamp may be made by the manufacturer or other party, immediately before being placed thereon.

40. Stamps for tobacco must be cancelled by imprinting upon each stamp in the oblong blank space left for that purpose, the registered number of that manufactory, or letter of dealer's bonding warehouse, the number of the Inland Revenue Division, and the month and year of cancellation. Numerals only need be used for this cancellation, as follows:—19, 16, 5, 83,—the first numeral, or set of numerals, representing the registered number of the manufactory,

the second the number of the Inland Revenue Division, the third the number of the month of the solar year, and the fourth the last two figures of the year. Rubber hand stamps will be furnished by the Department for that purpose, at the cost of the person to whom supplied; but if any manufacturer desires to use a stamp applied by any other means, permission may be granted for this form of cancellation only.

41. Stamps used on five or ten pounds packages of fine-cut chewing, on five, ten, and twenty pound packages of snuff, and on half caddies, caddies and boxes of tobacco, when made of wood, must, in addition to the above, also be cancelled by means of the steel die supplied for that purpose, and which die drives a portion of the stamp into the wood of which the package is composed, the die being applied to the stamp twice, once in the space reserved for this cancellation, and again on the vignette on the stamp. The further cancellation of stamps on metal packages will be by means of the steel instrument supplied for that purpose, and which severs the stamp, and continues the line of separation beyond the stamp and on the metal of which the package is made; the application being made to the stamp on each side of the package.

42. Stamps on packages of imported tobacco shall be cancelled as follows, viz: Stamps on packages composed of paper, cotton, tin-foil, or other soft or yielding material by means of a rubber stamp which shall imprint upon the stamp the month and year when entered for duty, or this information may be written in on the stamps. Stamps on wooden packages of plug, fine-cut chewing, and packages of snuff shall be cancelled as above, but in addition thereto shall be further cancelled by means of the steel die. Stamps on packages made of metal, when imported, shall, in addition to the above, be cancelled by means of the steel instrument supplied for that purpose, and which severs the stamps and continues the line of separation beyond the stamp and on to the metal of which the package is made.

43. Stamps on packages of tobacco ex-warehoused for consumption by a merchant or person other than a manufacturer and at the manufactory where made or put up, shall be cancelled by the person ex-warehousing the same by means of the rubber stamps which will imprint upon the stamp in the oblong space reserved for that purpose, the letter of the warehouse, the number of the Inland Revenue Division, and the month and year when ex-warehoused. Stamps, when on wooden packages, shall be further cancelled by means of the steel die supplied for that purpose, and which die drives a portion of the stamp into the wood of which the package is composed, and when on metal packages, by means of the steel instrument provided for that purpose, which instrument severs the stamp and continues the lines of separation beyond the stamp and on to the metal of which the package is made.

44. Stamps on packages of tobacco ex-warehoused from the manufactory where made or put up shall be cancelled as described by sections forty-two (42) and forty-three (43).

45. The stamps on cigar boxes will be cancelled by means of a rubber hand stamp supplied for that purpose, and which stamp carries the impression beyond the duty paid Inland Revenue stamps, and on to the wood of which the package is made. In all cases the impression is to be made across the stamp continuously, the circular centre being imprinted over space reserved for cancellation and in an effectual manner. This cancellation stamp, in addition, must imprint upon the stamp the registered number of the manufactory, the number of the Inland Revenue Division, and the month and year, as required on all other stamps.

46. The cancellation of Customs stamps upon package of cigars will be by means of a rubber stamp as per preceding paragraph, but the information to be imprinted upon the space reserved for cancellation, will be the number of the month and year when ex-warehoused for duty.

47. In cancelling stamps by imprinting as herein prescribed, where blank spaces are left on the stamps

for that purpose, they must always be used and until the new issue of stamps are supplied, the proper officer will see that the cancellation is made on old issue of stamps where the impression can be most easily read, and until the rubber cancellation stamps are supplied, the information may be put in, in writing.

48. The cancellation of tobacco or cigar stamps will be done by the following persons, viz.:—

(a.) At a tobacco or cigar manufactory, by the manufacturer or his agent.

(b.) At a warehouse (other than the manufacturer's where tobacco or cigars were made) by the person who ex-warehouses the tobacco or cigars; and

(c.) Stamps on imported tobacco and cigars by the Customs officers at the port where the tobacco or cigars were ex-warehoused for duty.

49. The importance to be attached to the cancellation of all stamps has been shown by the severe fines and penalties imposed upon any person who shall remove from any manufactory or place where tobacco or cigars are made, any such goods without stamps affixed and properly cancelled, and also the fines and penalties imposed upon any person who shall sell, or offer for sale, or have in his possession any tobacco or cigars the stamps upon which are *not properly cancelled*. The interest of the Government and the safety and protection of all who deal in tobacco or cigars, require that manufacturers and others should properly affix and cancel all stamps.

DESTRUCTION OF THE STAMPS ON PACKAGES OF TOBACCO AND CIGARS WHEN EMPTIED.

50. Section 253 of the "Inland Revenue Act, 1883," makes it the duty of every person who empties any stamped box, bag, vessel, wrapper or envelope of any kind, containing tobacco or cigars, to destroy the stamp thereon. And any person who neglects or refuses so to do, is liable to a penalty for each such offence not exceeding one hundred dollars.

51. This provision of the law applies not only to retail dealers who empty legal packages by retailing their contents, but also to every person who purchases tobacco or cigars for his own use, and empties such packages. He must destroy the stamp thereon.

CAUTION NOTICES—TOBACCO AND CIGARS.

52. Upon every package of tobacco, whether put up in wooden packages or otherwise, the law requires that there shall be printed, or securely affixed by pasting thereon, a label, on which shall be printed the number of the manufactory, and the number of the Division in which it is situated, together with the following notice:

"Notice.—The manufacturer of this tobacco has complied with all the requirements of the law. Every person is directed to open this package in such a manner as to break the stamp, and is cautioned not to use this package for tobacco again, or the stamp thereon, nor to remove the contents of this package without destroying said stamp, under the penalties provided by law in such cases."

53. When used on boxes, caddies, kegs, pails, drums or other packages of tobacco weighing more than one pound the label on which the above notice is to be printed, is required to be not less than four and not more than six inches long, and not less than two and one-half inches in width, and to contain in addition to the caution notice, the following facts, printed in plain, open, and legible letters, viz., (1) the number of the manufactory, and (2) the number of the Inland Revenue Division. These labels will be in the following form, viz.:—

"Factory No..... Inland Revenue Division No....."

Notice.—The manufacturer of this tobacco has complied with all the requirements of the law. Every person is directed to open this package in such a manner as to break the stamp, and is cautioned not to use this package for tobacco again, or the stamp thereon, nor to remove the contents of this package without destroying said stamp, under the penalties provided by law in such cases."

54. A separate and distinct label will not be required on packages of tobacco containing one-half

pound or less, provided the manufacturer shall cause to be printed on each such package the number of his manufactory and the number of the Inland Revenue Division where situated, together with the caution notice as herein required, in a clear, legible manner, where it will not be covered up by the stamp, or otherwise obscured or concealed.

55. The law provides that "Every manufacturer of cigars shall securely affix by pasting on each box containing cigars manufactured by or for him, a label, on which shall be printed, besides the number of the manufactory, and the number of the Division in which it is situated," a caution notice in the following form:

Factory No..... Inland Revenue Division No.....

"Notice.—The manufacturer of the cigars herein contained has complied with all the requirements of the law. Every person is directed to open this package in such a manner as to break the stamp, and is cautioned not to use either this package for cigars again, or the stamp thereon, nor to remove the contents of this package without destroying said stamp, under the penalties provided by law in such cases."

56. This label for all cigar boxes is to be not less than three inches in length and two inches in width; or, if made in circular or oval form, it shall cover not less than six square inches of paper and to be of a size sufficient to contain, in addition to the caution notice prescribed in plain, open, and legible letters, these facts: (1) the number of the manufactory, and (2) the number of the Inland Revenue Division.

57. Importers of tobacco and cigars are also required by law to place a caution notice on each package of tobacco and cigars imported by or for them.

58. The affixing of this label or caution notice is made the duty of the manufacturer or importer. It is to be a printed label. It is to be supplied and affixed by the manufacturer or importer before the tobacco or cigars are to be removed from the places where they were made or at which imported. No person has a right or will be allowed in any case to tamper with his caution notice, to remove it from the box, or package, to substitute another label for it, or to cover it up with a label either of his own or of any other person.

59. This label or notice is to be distinctively and clearly the label required by law.

60. The labels must be affixed to the package in a conspicuous place where they will not be broken in opening the packages and where they will be exposed as little as possible to be worn or rubbed off, and in a manner so as not to be covered up or concealed by any other labels or marks, and so as not to conceal by them any other marks or brands required by law to be placed upon the package.

61. The law imposes a penalty of \$50 on every manufacturer or importer of tobacco or cigars who neglects to affix such label to any package containing tobacco or cigars, made or imported by or for him, and on every person who removes any such label, so affixed, from any such package, such fine being for each package in respect to which such offence is committed.

If the manufacturer desires to do so, he may increase the size of the paper on which the caution notice is printed, so as to allow the printing, *separate and distinct from the label*, of his name and trade-mark.

ARTICLE 3.—MANUFACTURED TOBACCO AND CIGARS.

SPECIAL PROVISIONS FOR WAREHOUSING TOBACCO AND CIGARS AND FOR STAMPING SAME WHEN EX-WAREHOUSED, FOR REMOVAL IN BOND, FOR CONSUMPTION, OR FOR BRANDING SAME WHEN FOR EXPORTATION.

In addition to the general warehousing regulations established by Order in Council, the following apply specifically to tobacco and cigars:—

1. Tobacco and cigars, when placed in warehouse by the manufacturer thereof, shall not be stamped as heretofore, but all marks, numbers, weights and all other information required by law, must be written or branded upon the packages before the warehouse entry can be accepted; which entry must be compared with the packages of tobacco or cigars, and

certified correct by the officer in charge of the manufactory, before it will be accepted by the Collector of Inland Revenue. Collectors will therefore permit the principal manufacturers to use out-numbers in order that these instructions may be fully complied with.

2. As all marks, numbers, weights, &c., are required to be placed upon the packages before the warehouse entry can be accepted by the officer for comparison, and as no stamps are required prior to being placed in bond, the tobacco must be placed in warehouse immediately upon the receipt by the officer of the proper warrant. In large manufactories where an exact compliance with this regulation is impossible, from the quantities involved, the collector may, at his discretion, extend the time for placing in the warehouse, such extension not, at any time, to exceed three days.

3. The following are the only sized packages of tobacco that may be removed in bond, viz:—

- (a.) Fine-cut chewing tobacco in packages of five and ten pounds each.
- (b.) Snuff in packages of five, ten and twenty pounds each;
- (c.) Cavendish, plug or twist in packages of ten pounds, or from fifteen to twenty-five pounds inclusive, or from sixty to eighty pounds inclusive; and
- (d.) Cigars.

4. Tobacco in smaller packages than those above mentioned, shall not be removed in bond, nor shall the product of Canada leaf tobacco be so removed.

5. Packages of tobacco or cigars when ex-warehoused at the manufactory for removal in bond to another Division or transferred to another person within the same Division, shall be stamped by the manufacturer with the bonded removal permit stamp provided by the Department for that purpose, denoting the class of such goods. Packages of tobacco or cigars which have been placed in warehouse prior to the coming into effect of the provisions of "The Inland Revenue Act, 1883," and which may or may not be covered by the old red stamp when ex-warehoused from any warehouse for removal or transfer must be covered by a bonded removal permit stamp. If previously stamped the old form of stamps must be scraped off the package and destroyed by the officer ex-warehousing the goods. Each package removed or transferred in bond must bear one of these bonded removal permit stamps which must be cancelled by the manufacturer or other person ex-warehousing the tobacco by means of the rubber stamp provided for that purpose. Subsequent removals of same tobacco or cigars do not require additional stamping by bonded removal permit stamp.

6. Tobacco or cigars when entered ex-warehouse whether for removal for transfer or for consumption, will require to be stamped with new form of stamps when so ex-warehoused even if previously stamped under the requirements of past regulations.

7. When ex-warehoused for consumption the regular duty paid stamp is to be attached to the package and cancelled in the manner herein provided. When tobacco or cigars are ex-warehoused for consumption from a warehouse other than the manufacturer's where made, the packages then bearing a bonded removal permit stamp, the duty paid stamp is to be placed over the bonded removal permit stamp, so as to cover it as much as possible and the cancellation to be made through both. The stamps for packages entered for consumption either by the manufacturer or merchant will be supplied upon receipt of proper entry papers ex-warehouse for consumption, the duty on the goods to be ex-warehoused, the warrant properly filled up, and a requisition (in duplicate) on the form prescribed and issued by the Department, which requisition must show for tobacco, the number of stamps at each weight required to cover the tobacco ex-warehoused, and in the case of cigars the number of stamps of each denomination necessary to cover the cigars ex-warehoused, the aggregate number of packages and pounds of tobacco, or packages and number of cigars, agreeing with the entry ex-warehouse for consumption.

8. The stamps in all cases to be attached and cancelled by the manufacturer or person ex-warehousing

the goods, and in accordance with regulations herein established.

9. Packages of tobacco or cigars when ex-warehoused for exportation to a foreign country, shall be branded under the personal supervision of the officer in charge with a brand of the following nature:—

EXPN.

TOBACCO-9-10-8-83.

For tobacco read cigars when used on cigar boxes. The first numeral or set of numerals representing the factory number, the second the number of the Inland Revenue Division, and the third and fourth numbers the month and year respectively. When ex-warehoused from a warehouse other than that at the manufactory where tobacco or cigars were made, the factory number may be omitted and letter or number of warehouse substituted therefor.

10. When the holder of tobacco or cigars in bond, and which have already been stamped under the provisions of previous Acts, desires to export such tobacco or cigars, the stamps on the packages are to be removed by the officer in charge of the manufactory or warehouse, in the presence of another officer specially detailed therefor by the Collector of Inland Revenue. A record is to be kept by the aforesaid officers, giving the following information, which record is to be signed by them, and filed in the office of the Collector of Inland Revenue, viz:—

- (a.) The number of each stamp removed and destroyed, and the weight of the tobacco or cigars covered thereby; and
- (b.) The license number of the manufactory where the tobacco or cigars were put up and the name of the Division where stamp was issued.

The export papers cannot be finally accepted as complete until this has been done.

11. When packages of tobacco weighing one-half pound and less intended for exportation are packed in large cases it will only be required that the brand as given in section nine (9) be placed upon the outer cases, which cases must be consecutively numbered and have marked on them the total number of packages at each weight and the total weight of tobacco contained therein.

12. Tobacco and cigars when exported cannot be packed in the same case.

13. All goods entered for exportation must be examined by the officer ex-warehousing the same, and in order to do so packages must be opened to such extent as the Collector of Inland Revenue may determine.

14. Scraps and cuttings, or stems, when put up for exportation must be packed under the personal supervision of an Officer of Inland Revenue, and unless the whole case is packed at one time, the packing thereof shall be done in the raw leaf warehouse. Each case or package, when filled, shall be marked by the officer with his name, and date when packed, and in such a manner as to be distinctly and clearly seen and so that it can be identified by him.

ARTICLE 4.

FOR PACKING AND STAMPING IMPORTED TOBACCO AND CIGARS, CANCELLING THE STAMPS THEREON, AND FOR REMOVAL OF SAME IN BOND, FROM ONE CUSTOMS PORT TO ANOTHER, BEFORE BEING PACKED IN PACKAGES SIMILAR TO THOSE USED FOR LIKE ARTICLES MANUFACTURED IN CANADA.

1. The Inland Revenue Act states that "All manufactured tobacco or cigars imported from foreign countries shall have the stamps affixed while they are in the custody of the proper Custom House Officers," and that "such tobacco and cigars shall not pass out of the custody of said officers until the stamps have been so affixed and cancelled.

2. The cancellation of the stamps on tobacco when put up in packages of paper, linen, or other soft or yielding material, shall be by means of the rubber stamp provided for that purpose.

3. The cancellation of the stamps on wooden packages containing imported tobacco shall be by sinking

into the wood of which the package is composed a portion of the stamp by means of a steel die, which die, shall be applied twice to every stamp, once in the place on the stamp reserved for cancellation and again on the vignette, and in addition to the cancellation by the steel die, they shall be further cancelled by means of the rubber stamp supplied for that purpose. The cancellation by rubber stamp to be made in the space reserved on stamp for that purpose, but until the new issue of stamps is supplied the cancellation will be made on old issue of stamps where the impression can be most easily read, and it may be done immediately before the stamps are placed upon the packages if found more convenient. The cancellation of the stamps on metal packages containing tobacco, will be by means of the steel instrument supplied for that purpose, and which severs the stamp and continues the line of separation beyond the stamp and on the metal of which the package is made. The instrument is to be applied to the stamp on each side of the package. The stamp is, in addition to this cancellation, to be further cancelled by means of the rubber stamps used to cancel all stamps on packages containing tobacco.

4. The stamps upon packages containing imported cigars, will be cancelled by means of a rubber hand stamp of the design furnished by the Department. This cancelling stamp shall be so used that the lines shall project beyond the stamp and on the wood of which the box is made, the main or centre portion of the cancelling stamp being imprinted on the cigar stamp. In all cases the impression is to be made across the stamp.

5. These cancellation dies and stamps will be furnished to the different Collectors of Customs upon requisition being made therefor, and from and after the first day of July, one thousand eight hundred and eighty three, no package containing tobacco or cigars, as defined by the Inland Revenue Acts, shall be handed over to the importer or owner until the stamps on the same are cancelled, as herein directed.

6. The Inland Revenue Law further states that "imported tobacco and cigars shall be put up in packages as prescribed by law for like articles manufactured in Canada, before the stamps are affixed." Every Collector of Customs will, therefore, see that these regulations are fully complied with.

7. The sizes of the different packages into which tobacco and cigars must be packed as permitted by law, are as follows, viz. :—

- (a.) All cavendish, plug and twist, in rectangular wooden boxes containing from ten to twenty-five pounds inclusive, or from sixty to eighty pounds inclusive.
- (b.) All fine-cut chewing tobacco, and all other kinds of tobacco not otherwise provided for, in packages containing one-twentieth, one-sixteenth, one-tenth, one-eighth, one-fifth, one-fourth, or one-half pound, except that fine-cut chewing tobacco, when of a quality and description approved of by the Commissioner of Inland Revenue, may, at the option of the importer, be put up in wooden packages containing five or ten pounds each.
- (c.) All cut and granulated tobacco, other than fine-cut chewing, all shorts, the refuse of fine-cut chewing tobacco, which has passed through a riddle of thirty-six meshes to the square inch, in packages containing one-twentieth, one-sixteenth, one-tenth, one-eighth, one-fifth, one-fourth, or one-half pound each.
- (d.) All snuff in wooden packages containing five or ten pounds each, except that snuff, when containing more than 40 per cent. of moisture, may be put up in packages containing ten or twenty pounds each, actual weight.
- (e.) All cigarettes in packages containing one-fortieth, one-twentieth, one-sixteenth, one-tenth, one-eighth, one-fifth, one-fourth or one-half pound each.
- (f.) All cigars in boxes containing twenty-five, fifty, one hundred and two hundred cigars each, except that Manilla cigars or cheroots, but not imitations thereof, may, when imported from abroad, be contained in addition to the above-named quan-

ties, in original packages containing five hundred each.

8. The stamps are to be put on or affixed to the packages in the following manner :—

- (a.) All packages of tobacco, except fine-cut chewing and snuff, containing more than ten pounds should have affixed a registered coupon stamp of a denomination corresponding with the net weight of the tobacco contained therein. For example, packages containing from ten to twenty-five pounds and from sixty to eighty pounds, can be, and must be, covered by a single stamp by using coupons attached to stamps when the weight of the package is not precisely ten, fifteen, twenty, sixty or seventy pounds (in which case the stamp alone is used without the coupons attached). When the weight of the tobacco contained in the package ranges between ten and twenty-five pounds, and between sixty and eighty pounds, the coupons are used in connection with the stamp bearing such weight, so that with one or more coupons attached thereto it will correspond with the weight required. Half pounds will not be allowed on packages containing twenty-five pounds and upwards.
- (b.) All other packages of tobacco are to be covered by stamps of the denomination provided by law, and one stamp only is to be used on each package.
- (c.) Upon all description of boxes and caddies of cavendish, plug, twist or other description of tobacco the stamp shall be affixed over one corner or angle of the box or caddy, at equal distances from each end, attaching about equally to each side.
- (d.) Upon all kegs, drums, pails or other packages containing five and ten pounds of fine-cut chewing, and five, ten and twenty pounds of snuff, as permitted by law, the stamp, being a strip stamp, shall be placed across the cover so as to extend down each side of the package and to effectually seal it.
- (e.) Strip stamps, whether used for packages containing smoking tobacco, fine-cut chewing, snuff or cigarettes, must be so attached as to effectually seal the package and render it impossible to open the same or remove the contents without destroying or breaking the stamp.
- (f.) Strip stamps used for cigar boxes must be so attached as to effectually seal the package.
- (g.) The stamps are to be affixed to the packages by using an adhesive material that will cause them to stick to the wood, paper or other package, securely and permanently. After the stamps on wooden packages have become dry and the cancellation has been made as herein described, they must be varnished thoroughly but not so as to obscure or obliterate the impressions upon the stamps.
- (h.) Tobacco stamps will not adhere to tin-foil with ordinary gum or paste. The importer or owner of the goods must, therefore, either envelope the tin-foil in an outer wrapper of paper, or provide some kind of gum or paste by which the stamps may be so attached that they cannot be removed without destroying them.

9. The Inland Revenue Act further provides that "every importer of tobacco shall, in addition to all other requirements of this Act relating to imported tobacco, print on each package, or securely affix by pasting on each package, containing tobacco, imported by or for him, a label, on which shall be printed the name of the port, where, and the number of the entry under which, such tobacco is ex-warehoused for duty, and these words :—'Notice: The importer of this tobacco has complied with all the requirements of the law. Every person is directed to open this package in such a manner as to break the stamp, and is cautioned not to use either this package for tobacco again, or the stamp thereon, nor to remove the contents of this package, without destroying the said stamp, under the penalties provided by law in such cases.'"

10. Every importer of cigars is also required to affix

to each package of cigars imported by or for him, a label showing, in addition to the name of the port where, and the number of the entry under which, such cigars were ex-warehoused for duty, these words:—"Notice: The importer of the cigars herein contained has complied with all the requirements of the law. Every person is directed to open this package in such a manner as to break the stamp, and is cautioned not to use either this package for cigars again, or the stamp thereon, nor to remove the contents of this package, without destroying the stamp, under the penalties provided by law in such cases."

11. This caution notice, when used on boxes, caddies, kegs, pails, drums, or other large packages of tobacco, is required to be not less than four nor more than six inches long, and not less than two and one-half inches in width, and must be affixed to the package in a conspicuous place, where it will be exposed as little as possible to be worn, or rubbed off, or broken in opening the package, and in a manner so as not to be covered up or concealed by any other marks or brands required by law to be placed upon the package. When used on small packages of tobacco, the caution notice may be of smaller dimensions than above, but must be printed in a clear, legible manner, where it will not be covered up by the stamp, or otherwise obscured or concealed.

12. The caution notice label, when used on boxes of cigars, is to be not less than three inches in length, and two in width; or if made in circular or oval form, it shall cover not less than six square inches of paper, and is likewise to be affixed to the box, or package, in a conspicuous place, and where it will not be covered up by the stamp, or otherwise obscured or concealed or broken in opening the package.

13. If the importer desires to do so, he may increase the size of the paper on which the caution notice is printed, so as to allow the printing, *separate and distinct from the label*, of his name and trade-mark.

14. A separate and distinct label will not be required on packages of imported tobacco containing one-half pound or less, provided the importer shall cause to be printed on each such package, the caution notice as herein required, in a clear, legible manner, where it will not be covered up by the stamp or otherwise obscured or concealed. The name of the port and the number of the entry for duty instead of being printed, may be written in on the label or imprinted with a rubber stamp.

15. The packing and stamping must be done in accordance with the provisions of the Inland Revenue Act.

16. The Inland Revenue Act also provides that "tobacco and cigars intended for removal in bond to another port or place within the Dominion of Canada, may be removed to such other port under regulations to be established by the Governor in Council," and which regulations are as follows:—

(a.) That the tobacco or cigars must be consigned to the order of the Collector of Customs at the port to which the goods are bonded.

(b.) A removal bond to be taken by the owner or importer by the Collector of Customs for double the Customs duty accruing on the goods so removed, and the bond shall be conditioned for the delivery of the goods into the possession of the Collector of Customs to whom consigned.

(c.) This bond will be cancelled by the certificate of the Collector of Customs at the port to which the goods are consigned, certifying that they have been received by him and re-warehoused, and that a bond has been duly executed and that the goods shall be re-packed into packages similar to like articles when manufactured in Canada and duly stamped or entered for exportation or destruction.

17. The following recipes for cheap and practical paste and varnish, which have been fully tested, are prescribed for use:—

For paste—Dissolve one pound of gum arabic in one and three-fourth pints of boiling water, add from two

to four ounces of acetic acid, and keep it corked when not in use. Apply evenly to the stamp or notice and press it firmly upon the wood or other material of which the package is composed.

For varnish—Place in a bottle of sufficient size, one-half pound of bleached gum shellac, broken fine, and add strong alcohol. Shake occasionally until entirely dissolve, and keep it corked to prevent evaporation. Should the varnish at any time become too thick, add a small quantity of alcohol.

ARTICLE 5.

FOR SALE OF MANUFACTURED TOBACCO AND CIGAR.—SIZE AND FORM OF PACKAGES

1. The sale of tobacco can only be made by manufacturers in whole packages, each package bearing a stamp properly affixed and cancelled (or when entered for exportation, the packages containing the same, properly branded,) and the package itself being according to the description and limitation prescribed in the "Inland Revenue Act, 1883," and no other.

2. Dealers in manufactured tobacco must also sell whole packages, each package bearing the properly cancelled stamp, except that retail dealers are permitted to sell plug tobacco at retail, from half caddies, caddies, half boxes or boxes, fine cut chewing tobacco from five and ten pound packages, and snuff from five, ten and twenty pound packages, legally stamped, marked and labelled and put up as prescribed by law. With the exception of snuff which at times may require to be dampened, the dealers must not withdraw the goods from the stamped package until actually offered for sale.

3. The stamp upon the package from which he is retailing goods is *prima facie* evidence that the duty on such goods has been paid. The absence of such stamp is *prima facie* evidence of the non-payment of the duty. Dealers in manufactured tobacco will not be allowed to cut a package in two and to sell the divided portions of the package, nor to retail tobacco therefrom.

4. The law provides that all cigars shall be packed in boxes not before used for that purpose, containing definite and limited numbers, and positively prohibits the sale in any other form except by retail dealers. Retail dealers are allowed to retail cigars from boxes packed, stamped and branded in the manner prescribed by law; but this provision does not authorize or warrant the practice of retailing cigars from show cases. Sales can legally be made only from the stamped package in which originally put up and excised.

5. Manufacturers of cigars can only sell original and unbroken packages from their manufactory premises.

6. Collectors of Inland Revenue are hereby instructed to divide their Divisions into surveys under the charge of such officers as they, or the Inspecting Officer of Inland Revenue, may designate. It shall be the duty of these surveying officers to visit all places where manufactured tobacco or cigars are stored or kept, or where it is exposed for sale, and ascertain if the law is being strictly complied with in respect of the stamping, branding, cancelling and sale of tobacco and cigars, and to take such action as the law directs in case of discovery of any infraction of the law.

ARTICLE 6.

FOR USING WOOD, METAL, PAPER OR OTHER MATERIAL FOR PACKING TOBACCO OR CIGARS.

1. Any manufacturer of tobacco or cigars, wishing to avail himself of the privilege which the law authorizes of substituting for the wooden box now used for packing cigars, or for packing fine-cut chewing, cavendish, plug, snuff, or twist tobacco, packages made of other material, will be required to submit to the Commissioner of Inland Revenue samples of such packages for his approval, and if the same are of such a character as to admit of the proper marks, brands, labels, &c., being applied to them, and the stamps to be securely and permanently attached, and properly cancelled, permission may be issued granting their use.

2. All sample packages forwarded to the Commissioner for his approval must be accompanied by a statement, setting forth the materials of which the packages are made, the description of goods intended to be packed therein, and the capacity of the package, in pounds, if intended for tobacco, and if intended for cigars, the number of cigars to be packed in each, and showing also, by samples, the mode in which the marks, brands, labels, and stamps may be put upon the packages, and the law in those respects fully complied with.

ARTICLE 7.

STAMPING TOBACCO OR CIGARS, ABANDONED, CONDEMNED OR FORFEITED, WHEN SOLD FOR THE BENEFIT OF THE DOMINION OF CANADA.

1. All tobacco and cigars, whether imported or of domestic manufacture, sold by any officer of the Government for the benefit of the Dominion of Canada, must, before being delivered, have affixed to the packages containing the same the proper Inland Revenue or Customs stamps, denoting the duty thereon, and such stamps shall only be used for this purpose upon the whole circumstances of the intended sale being reported to the proper Department, and the necessary permission being obtained to use the same.

2. When abandoned, condemned, or forfeited tobacco or cigars are offered for sale, if such goods will not bring a price equal to the duty thereon, then the law forbids the sale to be made for consumption in the Dominion of Canada. Such goods may, however, be sold for immediate export to a foreign country, and be covered by the ordinary exportation brand.

DESTRUCTION OF ABANDONED, CONDEMNED OR FORFEITED TOBACCO OR CIGARS.

3. Abandoned, condemned or forfeited tobacco or cigars may be destroyed by order of the Commissioner whenever it will not sell for an amount equal to the duty due and payable thereon.

4. Collectors of Inland Revenue or Customs having such goods in their custody which have been offered for sale, and have been unable to realise the amount equal to the duty thereon, and who desire permission to destroy the same, will make application therefor to the Commissioner.

5. In making such application they will give a complete history of the goods, also the kind, quantity, their present condition, and what efforts have been made to sell them, and if it shall appear to the Commissioner to be the interest of the Government that the goods shall be destroyed he will give an order for such destruction.

ARTICLE 8.

FOR THE RE-WORKING OF TOBACCO.

1. Before any tobacco can be re-worked twenty-four hours' notice must be given by the manufacturer to, and special permission must be obtained therefor from, the Collector of Inland Revenue of the Division where the manufactory is situated.

2. The manufacturer, in making application for permission to re-work tobacco, must give full particulars as to the quantity and description of the tobacco to be re-worked, stating whether the tobacco is of his own manufacture or the product of another manufactory, and if the latter, the name of the manufacturer. He will also state the reason for desiring permission to re-work the tobacco in question.

3. The tobacco when taken for re-working shall be so credited on Stock Book No. 2 (and an entry ex-warehouse passed on the form provided for that purpose when taken from the bonding warehouse), and the quantity carried to Dr. of daily record, and treated as raw material, the product of which will be accounted for as manufactured tobacco, in the usual manner, and stamped and treated as tobacco the original product of the leaf.

4. When the tobacco to be re-worked has paid duty, the stamps upon the packages must be destroyed in the presence of two officers of Inland

Revenue, one of whom shall be the officer in charge of the manufactory, and the other an officer detailed therefor by the Collector of the Division, and these officers shall keep a record of, and shall furnish the collector with a duplicate certificate showing the numbers on each stamp, the weight of tobacco contained in each package covered thereby, and the registered number of the manufactory (or, if manufactured prior to 1st July, 1883, the name or license number of the manufacturer), where manufactured or put up.

5. When the bonded tobacco to be re-worked has been stamped under the provisions of previous Acts, the stamps on the packages are to be removed and destroyed under the same regulations as are herein provided when the tobacco to be re-worked had paid duty.

6. The Collector of Inland Revenue will compare the numbers of these stamps and the weights thereon, with the record of stamps issued, kept in his office; and if the stamps have been issued in another Division, shall forward to the collector of that Division a detailed statement of the number and weight on each stamp so destroyed, as well as the number of the manufactory where (or the name of the manufacturer by whom) the tobacco was originally put up. The collector so receiving same shall compare this statement with his register of stamps issued to such manufacturer or manufacturers as are mentioned therein, and shall at once return said statement to the collector from whom received, with a certificate as to its correctness or otherwise.

7. So soon as the stamps have been taken an account of and destroyed, the packages are to be also destroyed, and the tobacco contained therein broken up and steamed or treated in such a way that it cannot be removed from factory for sale without being re-worked.

8. No rebate will be allowed or paid when the stamps on the packages containing tobacco have not been taken an account of and the said stamps destroyed in the presence of the officers herein mentioned, nor when the record of stamps destroyed does not accord with the stamp book of the collector by whom issued.

9. When the tobacco to be re-worked has paid duty a rebate of seven cents per pound on the quantity of tobacco entered for re-manufacture will be allowed the manufacturer, and will be paid by the Department upon receipt of a sworn statement from the manufacturer, that the tobacco so taken has been re-worked and entered to the debit of Stock Book No. 2 as produced, accompanied by the certificate of the officer in charge of the manufactory, that the stamps and the packages were destroyed in his presence, and that the tobacco was broken up and steamed, or so treated, that it could not be removed from the manufactory for sale without being re-worked, and which certificate must be countersigned by the collector of the Division.

10. No fee for supervision will be charged when the bonded tobacco re-worked is the product of the manufactory where the operation is to be carried on; or where plug tobacco is merely taken from the caddy to rub or wipe the plugs. In the latter case, however, the operation must be carried on under the supervision of the officer in charge and to the satisfaction of the Collector.

11. The re-working of the product of Canadian raw leaf tobacco is not permitted.

12. Imported tobacco can only be re-worked duty paid.

13. Whenever it becomes necessary to re-work or re-manufacture cigars, special permission may be obtained therefor from the Commissioner of Inland Revenue. The re-working or re-manufacturing to be governed by such regulations and restrictions as may be prescribed by him.

ARTICLE 9.

MARKING OR BRANDING CIGAR BOXES.

1. The law provides that there shall be burned, stamped, indented or impressed into every box containing cigars in a legible and durable manner, the

registered number of the factory, the number of the Inland Revenue Division in which the factory is situated and the number of cigars contained in each box. The number of cigars contained in each box may, however, if desired, be stencilled on the surface of the wood or other material of which the package is made, but the registered number of the factory, and the number of the Inland Revenue Division must be burned, stamped, indented or impressed into every box as required by law.

2. Empty cigar boxes which may have become broken or otherwise rendered unfit for use, may be destroyed in the presence of the officer in charge of the manufactory and credit taken therefor in daily record.

REGISTRATION OF CIGAR MAKERS.

3. The requirements of the Act in respect of the registration of cigar makers will not be enforced at present.

CIGAR SAMPLES.

In addition to the provision of the Act in respect of sample boxes of cigars, the following regulations are hereby prescribed:—

4. A manufacturer of cigars may be permitted to take from the warehouse, under permit from the collector in such case, one package containing not more than one hundred cigars of each brand manufactured by him. These packages to remain on the factory premises unstamped, for the sole purpose of exhibiting the contents to his customers, and when required for consumption, the regular ex-warehouse entry to be passed therefor, the duty paid, and the packages stamped as if just taken from the warehouse.

5. A manufacturer removing any of these packages without the ex-warehouse entry being passed, the duty paid, and the packages regularly stamped, branded and labelled, will be deemed to have illegally abstracted the same from warehouse, and will render himself liable to the penalties imposed in the Act for such offence. The goods although in the possession of the manufacturer, will be considered as still in the warehouse and treated as such until the ex-warehouse entry is passed. The officer delivering such packages of cigars on permit will keep a record of the number and capacity of packages so delivered and will mark such packages so that they can be afterwards identified by him.

6. Should any cigar manufacturer abuse the privilege hereby granted to him, by taking from the warehouse a greater number of packages than are deemed necessary by the Inspector of Tobacco, the Department reserves the right to withdraw from such manufacturer the privilege now granted to all.

ARTICLE 10.

CUTTING MACHINES.

1. No person not having a license to manufacture tobacco or cigars shall be permitted to use, nor (without having notified the Collector of Inland Revenue thereof in writing) to have in possession any machine for the purpose of cutting tobacco. Except that persons dealing in manufactured tobacco at retail may, upon signing a declaration that such machine will be used solely for cutting duty paid "plug" or "cavendish" tobacco for immediate sale thereof to their customers, receive a permit to use the same during the pleasure of the Minister of Inland Revenue, but the said dealers will not be allowed to keep on hand any tobacco so cut, the cutting machine only to be used for cutting tobacco at the request of the customer, and for immediate delivery to him.

2. All persons (other than those hereinbefore excepted) having in their possession any tobacco-cutting machine, are required to notify the Collector of Inland Revenue of the same, and it shall be the duty of the said Collector to cause the same to be fastened or sealed as to render it incapable of being used without removal of the said seal.

3. All tobacco-cutting machines found in possession of any person other than those hereinbefore mentioned, or in the possession of a private individual not dealing in tobacco and using the same for cutting tobacco for his own use (and which machine must not be a rotary cutting machine) are forfeited and may be seized and removed by any officer of Inland Revenue.

ARTICLE 11.—ASSESSMENT FOR DEFICIENCIES.

TOBACCO.

1. Section 258 of the "Inland Revenue Act, 1883," provides that the deficiency in any tobacco manufactory shall not at any time exceed six per cent.

CIGARS.

2. Section 259 provides that at least one thousand cigars shall be produced from each and every twenty-five pounds of unstemmed raw leaf, scraps, cuttings, or other material taken for use in a cigar manufactory. Allowance will be made for leaf tobacco sold or returned, or for cuttings and clippings when they are of such a character that they may be made into cigars, or are sold or removed for that purpose. No allowance will be made for stems, or for ordinary scraps and waste incidental to the business. In the making of finer grades of cigars, particularly of Havana tobacco, manufacturers often use only the best portion of the leaf and sell the balance to be used as filling for a lower or cheaper grade of cigars. In such cases an allowance will be made for such stock when sold or removed.

3. The annual stock statements have been prepared so that officers can readily understand the mode upon which the production is ascertained.

4. The Commissioner of Inland Revenue is empowered by Section 263 of the Act to make an assessment, and to order the collection from the manufacturer of the duty at the highest rate chargeable on the tobacco or cigars produced in the manufactory where the deficiency is found to exist.

ARTICLE 12.

ADDITIONAL FORFEITURE.

1. Any package containing tobacco or cigars which is proven not to have been made by the manufacturer whose name or factory number is marked or branded thereon, shall, with the contents thereof, be seized, and shall be and remain forfeited to the Crown.

ARTICLE 13.

REPEAL OF FORMER REGULATIONS.

1. All Departmental Regulations and Orders in Council in respect of Tobacco and Cigars issued or established under authority of previous Acts (excepting only a certain order of His Excellency in Council, dated on the 5th day of October, 1880, the special privileges conferred by which are continued during the pleasure of the Minister of Inland Revenue) are hereby cancelled.

APPLICATIONS TO PARLIAMENT.

DOMINION PARLIAMENT.

Rules relating to Notices for Private Bills.

51. All applications for Private Bills, properly the subjects of legislation by the Parliament of Canada, within the purview of "The British North America Act, 1867," whether for the erection of a Bridge, the making of a Railroad, Turnpike Road or Telegraph Line; the construction or improvement of a Harbour, Canal, Lock, Dam or Slide, or other like work; the granting the right of Ferry; the incorporation of any particular Trade or Calling, or of any Banking or other Joint Stock Company; or otherwise for the granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community; or for making any amendment of a like nature to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application, and (except in the case of existing corporations) signed by, or on behalf of the applicants, to be published as follows, viz:

In the Provinces of Quebec and Manitoba.

A notice inserted in the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District, in which a newspaper is published.

In any other Province.

A notice inserted in the *Canada Gazette*, and in one newspaper published in the County, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County in which a newspaper is published. Such Notices to be continued in each case, for a period of two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. And copies of the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House.

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioner or petitioners, upon giving the notice prescribed by the preceding Rule, shall also, at the same time, and in the same manner, give notice of the rates which they intend to ask; the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and whether

they intend to erect a drawbridge, and the dimensions of the same.

Any person seeking to obtain any Private Bill shall, eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the bill is to originate, a copy of such bill in the English or French language, with a sum sufficient to pay for translating and printing the same—600 copies to be printed in English, and 200 copies in French—the translation to be done by the officers of the House, and the printing by the contractor. The applicant shall be also required to pay the accountant of the House a sum of \$200 and the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred—such payment to be made immediately after the second reading, and before the consideration of the Bill by such Committee.

No Petition for a Private Bill is received by either House after the first ten days of the session.

EDOUARD J. LANGEVIN,
Clerk of the Senate.
JOHN GEORGE BOURINOT,
Clerk of the Commons.

And further, with respect to the House of Commons, it is ordered under Resolution of 20th April, 1883, that—

DÉPÊCHES, Etc.

Copie—Canada—
No. 408.

Le comte de Derby au marquis de Lorne.

RUE DOWNING,
9 avril 1883.

EXCELLENCE,—Au sujet de cette partie de la dépêche de mon prédécesseur, portant la date du 24 août 1880, et qui se rapporte à une proposition tendant à ce que les examens préliminaires du collège militaire royal de Sandhurst soient faits au moyen de papiers envoyés aux colonies par les commissaires du service civil, j'ai l'honneur de vous transmettre pour que vous le soumettiez à votre gouvernement un extrait d'une lettre du bureau de la guerre disant que les commissaires du service civil seront prêts, lorsqu'on les informera qu'une personne résidant dans une partie quelconque des colonies les plus importantes et éloignées désire subir les examens préliminaires pour admission, à envoyer au gouverneur de la colonie en question un paquet cacheté des papiers d'examen, accompagné d'instructions quant au mode de conduire l'examen, ou si cette demande était périodique, les examinateurs consentiraient à envoyer d'avance les papiers, dont le gouverneur ferait usage quand il y en aurait besoin.

On remarquera que cet arrangement remplace celui que lord Kimberley a fait connaître dans sa dépêche du 28 juin 1881, d'après lequel les examens préliminaires pour Sandhurst auraient été conduits suivant les règlements prescrits par les autorités des universités ou collèges possédant les chartes royales.

J'ai, etc.,

(Signé)

DERBY.

Le Gouverneur-Général

le très honorable,

le marquis de LORNE, K.T., G.C.M.G.,
etc., etc., etc.

EXTRAIT d'une lettre du bureau de la guerre au bureau colonial, daté le 9 mars 1883, No. 436.

Je constate qu'une communication a été reçue venant de la part des commissaires du service civil, de laquelle il appert que lorsqu'ils seront avertis qu'une personne résidant dans une partie quelconque des colonies les plus importantes et éloignées, désire subir dans la colonie l'examen préliminaire pour l'admission à Sandhurst, ils seront prêts à envoyer au gouverneur de la colonie en question un paquet cacheté des papiers d'examen, accompagné des instructions quant à la manière de conduire l'examen, ou s'il est probable que ces demandes d'examen seront périodiques, ils consentiront afin d'éviter des retards, à envoyer à l'avance les papiers au gouverneur, afin qu'il puisse s'en servir lorsque l'occasion s'en présentera.

Ce mode sera en conséquence adopté de préférence à l'arrangement d'abord proposé, de conduire les examens préliminaires, dans les colonies sous l'autorité des universités coloniales possédant des chartes.

ORDRES EN CONSEIL.

HOTEL DU GOUVERNEMENT, OTTAWA.

Samedi, 7me jour de juillet 1883.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL
EN CONSEIL.

Il a plu à Son Excellence le gouverneur général, sur la recommandation de l'honorable ministre des Douanes, et sous l'autorité de la clause 230, paragraphe 12, de l'acte 46 Victoria, chapitre 12, intitulé : "Acte à l'effet d'amender de nouveau et refondre les actes concernant les douanes," d'ordonner, et il est par le présent ordonné que le bougran pour la fabrication des formes des chapeaux, et qui ne se fabrique pas en Canada, soit et est par le présent placé sur la liste des articles admis en franchise, jusqu'à ce qu'on le fabrique en Canada ou jusqu'à la fin de la prochaine session du parlement.

JOHN J. McGEE,
Greffier du Conseil Privé.

2-3

RAPPORT d'un comité de l'honorable Conseil privé, approuvé par Son Excellence le gouverneur général en conseil le 23ème jour de juin 1883.

SUR un mémoire en date du 15 juin 1883, du ministre faisant fonctions de ministre des chemins de fer et canaux, énonçant, sur l'avis du ministre du Revenu de l'Intérieur, que les taux sur les différents canaux du Canada ont été de temps à autre sujets à des modifications suivant des arrêtés spéciaux du conseil, et que pour plus de commodité il est à propos qu'il soit maintenant refondus ; de plus qu'à l'égard des canaux de la rivière Rideau et Ottawa de nouvelles classifications sont nécessaires.

Le ministre constate que jusqu'à présent, la distance entre Montréal et Kingston, a été, par un arrêté général en date du 18 avril 1873, divisée pour les taux en deux parties, une l'écluse Sainte-Anne avec un tarif séparé, et l'autre "le canal Ottawa et Rideau" divisé en quatre sections, savoir :

1ère. Carillon et Grenville.

2ème. Ottawa.

3ème. Smith's Falls.

4ème. Kingston Mills.

Les taux à payer pour passage étant en proportion du nombre de sections à traverser, et qu'afin de faire cette classification en conformité avec les tableaux préparés par le département du Revenu de l'Intérieur, il est proposé que le canal Rideau soit considéré comme un ouvrage entièrement séparé, avec des taux distincts, la division de ses sections restant cependant les mêmes, et que l'appellation "les canaux de la rivière Ottawa" devrait comprendre celui de Grenville, de Carillon et de Sainte-Anne, chacun de ces trois canaux constituant une section, et les taux sur chaque section devant être le tiers du total.

Le ministre constate de plus que le département du Revenu de l'Intérieur ayant préparé une cédule englobant les différents points mentionnés ci-haut, lesquels constituent une simple classification et non pas de nouveaux changements par rapport aux taux, lui, le ministre recommande que la dite cédule ci-jointe soit approuvée.

Le comité soumet la susdite recommandation à l'approbation de Son Excellence.

JOHN J. McGEE,
Greffier du Conseil privé.

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un

exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Toute personne désirant obtenir un bill privé devra dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

Et de plus, en conformité d'une Résolution adoptée par la Chambre des communes, le 20 avril 1883, il est ordonné que—

“Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et ré-imprimés à leurs frais, avant qu'aucun comité en examine les clauses.

J. G. BOURINOT,
Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce.

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba.) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

EDOUARD J. LANGEVIN,

GEO. W. BURBIDGE, } WHEREAS by a certain Act of the
Deputy of the Minister of } Parliament of Canada
Justice, Canada. }
passed in the session thereof, held in the 35th year of Our Reign, and intituled "An Act relating to Quarantine," it is amongst other things, in effect enacted, that the Governor in Council may from time to time make such regulations as he thinks proper for enforcing compliance with all the requirements of the said Act and concerning the entry and departure of vessels at the different ports or places in Canada, and concerning the landing of passengers or cargoes from such vessels, or the receiving of passengers or cargoes on board of the same as may be thought best calculated to preserve the public health, and for ensuring the

due performance of quarantine by and in respect of vessels, passengers, goods or things arriving at or in the neighborhood of any port or place within Canada, to which he thinks it might for the preservation of the public health, that such regulations should apply, and for the thorough cleansing and disinfecting of such vessel or passengers, goods or things so as to prevent as far as possible, the introduction or dissemination of disease into or in Canada, and may appoint or remove such officers as he may deem necessary for so doing, and assign to them, respectively, such powers as he may think requisite for carrying out the provisions of such regulations, and may from time to time revoke or amend the same, or any of them, and may make others in their stead, and may impose penalties, forfeitures and punishments for the breach thereof; and such regulations shall be notified by Proclamation published in the *Canada Gazette* at least twice; and the production of the copies of the *Gazette*, containing any such proclamation, shall be evidence of the making, date and contents of such regulations; and further, that such regulations shall have the force of law during the time they respectively remain unrevoked, unless they be expressly limited to be in force only during a certain time, or at certain times and seasons, in which case they shall have the force of law, during the time and at the times and seasons, during or at which they have been limited to be in force; and that any person disobeying any such regulation shall be held guilty of and may be prosecuted for a misdemeanor, punishable by fine or imprisonment, or both, as the Court may direct; or otherwise such person may be sued for the penalties contained in such regulations.

And whereas our Governor in Council hath this day been pleased to make under the authority and in pursuance of the said above in part recited Act, certain regulations as follows, that is to say:—

2. The fact of such vessel or vessels coming from or having gone through the said sea shall render them subject to the application of the Quarantine Regulations in force for the Ports of Quebec, St. John, Halifax, Pictou and Charlottetown, and to the Quarantine regulations in force concerning all other ports of the Dominion.

3. The Medical Superintendents of the regular quarantines established in virtue of the regulations first mentioned, and the Collector of Customs of each and every port of Canada, except the regular quarantine stations above mentioned, are to apply the regulations defining their duties to each such vessel or vessels coming from or having gone through the Mediterranean Sea, dealing with said ships *ipso facto*, as if it were ascertained that they appertained to the class of vessels ordered to be visited and dealt with by the said Medical Superintendent and Collectors of Customs for the purpose of quarantine.

Miscellaneous.

23. Testimonials of character and of sobriety, experience, ability and good conduct on board ship, will be required of all applicants, and without producing them no person will be examined. As such testimonials will have to be closely examined by the examiners, for verification before any certificates can be granted, candidates are to lodge them as early as possible. The testimonials of servitude of foreigners and British seamen serving in foreign vessels, must be confirmed either by the Consul of the country to which the ship in which the candidate served belonged, or by some other official authority of that country, or by the testimony of some credible person on the spot, having personal knowledge of the facts required to be established. Upon application to one of the examiners, candidates will be supplied with a form, which they will be required to fill up and lodge with their testimonials in the hand of the examiner.

24. Candidates are required to appear at the examination room punctually at the time appointed.

25. Candidates are prohibited from bringing into the examination room books or paper of any kind whatever. The slightest infringement of this regulation will subject the offender to all the penalties of a failure.

26. In the event of any candidate being detected in defacing, blotting, writing in or otherwise injuring any book or books belonging to the Board, the papers of such candidates will be detained until the book or books so defaced be replaced by him. He will not, however, be at liberty to remove the damaged book, which will still remain the property of the Board,

27. In the event of any candidate being discovered copying from another, or affording any assistance or giving any information to another, or communicating in any way with another during the time of examination, he will subject himself to a failure and its consequences.

28. No candidate will be allowed to work out his problems on a slate or on waste paper.

29. No candidate will be permitted to leave the room until he has given up the paper on which he is engaged.

30. Candidates will be allowed to work out the various problems by the method and tables they have been accustomed to use, and will be allowed six hours to perform the work. At the expiration of six hours they will, if they have not finished, be declared to have failed, unless the Board of Examiners see fit to lengthen the period in any special case. If, however, the period is lengthened in any case, the special circumstances of that case and the reasons for lengthening the period must be reported to the Minister of Marine and Fisheries by the Examiners at the time they send in the report.

31. The corrections by inspection, from tables given in many works on navigation, will not be allowed.

32. Candidates are expected to bring their answers to all problems within, or not to exceed, a margin of one mile of position from a correct result.

33. In finding the longitude by chronometer, the logarithms used in finding the hour-angle should be taken out for seconds of arc.

34. In all other problems the logarithms to the nearest minute will be sufficiently correct for Mates. From Masters a degree of precision will be required, both in the work and in the results, beyond what is demanded from mates.

35. In every case where problems are required to be worked out, the examination for master is to commence with the problems for mate.

36. In all cases of failure the candidate must be re-examined *de novo*. If a candidate fails, he will not be re-examined until after a lapse of six months' service afloat on the inland waters or sea coast, as the case may be, to give him time to gain experience.

37. As the examinations of Masters and Mates are made compulsory, the qualifications have been kept as low as possible, but it is distinctly to be understood that the Minister of Marine and Fisheries may raise the standard from time to time if deemed advisable.

Clerk, Privy Council.

GOVERNMENT HOUSE, OTTAWA.

Thursday, 5th day of July, 1883.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON the recommendation of the Minister of Customs, and under the provisions of the 17th Section of the Act passed in the session of the Parliament of Canada, held in the 46th year of Her Majesty's Reign, chaptered 12, and intituled "An Act further to amend and consolidate the Acts respecting the Customs,"—

His Excellency, by and with the advice of the Queen's Privy Council for Canada, has been pleased to order, and it is hereby ordered, that the out port of Port Mulgrave be and the same is hereby detached from the Port of Guysboro and attached to the Port of Port Hawkesbury, in the Province of Nova Scotia.

2-3 JOHN J. McGEE,
Clerk, Privy Council.

REPORT of a Committee of the Honourable the Privy Council, approved by His Excellency the Governor General in Council, on the 23rd day of June, 1883.

ON a Report dated 15th June, 1883, from the Acting Minister of Railways and Canals, stating upon the representation of the Minister of Inland Revenue that the tolls on the several canals of the Dominion have from time to time, been subject to amendment under specific Orders in Council, and that for greater convenience it is expedient that they should now be placed in a consolidated form; further, that in respect of the Rideau and the Ottawa River Canals a certain re-adjustment is advisable.

The Minister observes that heretofore, under a General Order of the 18th of April, 1873, the distance between Montreal and Kingston was for toll purposes divided into two parts, one the Ste. Anne Lock, with a separate scale of charges, and the other "the Ottawa and Rideau Canal" divided into four sections, namely:—

- 1st. The Carillon and Grenville.
- 2nd. Ottawa.
- 3rd. Smith's Falls.
- 4th. Kingston Mills.

The rates payable for passage being in proportion to the number of sections traversed, and that in order to bring the classification into conformity with the statistical returns of the Inland Revenue Department it is proposed that the Rideau Canal should be treated as an entirely separate work, with distinct rates, the division of its sections however remaining the same, and that the term "Ottawa River Canals" should comprise the Grenville, the Carillon and the Ste. Anne, each of these three constituting a section and the tolls on each being one third of the whole rates.

The Minister further observes that the Department of Inland Revenue having prepared a schedule embodying the several points above mentioned which imply adjustment merely and not fresh alteration in the extent of tolls, he, the Minister, recommends that the said schedule hereunto be approved.

The Committee submit the above recommendation for Your Excellency's approval.

1-3

JOHN J. McGEE,
Clerk, Privy Council.

So soon as any tobacco or other raw material is received at the manufactory the quantity thereof shall be ascertained by the manufacturer, under the immediate supervision of the officer in charge, whose duty it shall be to test the accuracy of all weights, and when required so to do by the manufacturer to ascertain the deduction to be made for moisture.

2. Standard tobacco as defined by the Act means tobacco which contains 10 per cent of moisture, but it is not intended to notice a discrepancy of one or two per cent. from this standard in either direction.

3. When, however, there is an evident excess of moisture beyond the proportion above mentioned, viz., 10 per cent, the manufacturer may, if he desires, have this excess ascertained, and if found to be as much as or more than 12 per cent., the excess over 10 per cent. is to be deducted from the weight found. In other words, when an account is taken of excessive moisture at all, 10 per cent. is to be understood as being the standard, and all over that is to be allowed.

4. All samples taken for the purpose of ascertaining the percentage of moisture contained therein are to be furnished by the manufacturer or owner free of cost.

5. It is not necessary that samples should be taken from each package. When two or more packages are, after careful examination, considered by the officer to be about the same as regards moisture, one sample can be taken to represent the lot. It is the desire of the Department that the manufacturer should suffer as little loss as possible by taking his tobacco for the purpose of ascertaining the moisture, and whenever any manufacturer is satisfied that the raw leaf and other unmanufactured tobacco brought into his manufactory at any time is not above or below the standard, he may enter the actual weight upon his books without submitting a sample to be tested, but in such case the weight shall be considered as standard and no allowance made thereafter if the production in the manufactory should fall below the standard established by law.

6. All stems, scraps, cuttings, clippings, waste or

other refuse of tobacco, when produced in, taken for use, removed from, or destroyed at or from any tobacco or cigar manufactory shall be entered in standard pounds.

7. All raw leaf tobacco, stems, scraps, cuttings, clippings, waste and tobacco in process of manufacture at the time and when stock is taken shall be stated in standard pounds, and in all such cases care must be taken that samples for drying fairly represent the degree of moisture in each lot from which samples are taken.

8. In all cases where it becomes necessary to take an account of the moisture, samples must be carefully taken in such a manner as to give a fair sample—as to moisture—of the whole. These samples should each be from one quarter to one half of one pound in weight, and must be carefully weighed immediately they are taken, and the samples are to be taken from the packages at the time of weighing thereof and not at a date previous to or after such weighing. They are then to be carefully dried in the drying oven, with which important offices have already been or will be supplied. The difference between the weight when put in and removed from the dryer will represent the moisture contained therein.

9. The principal offices will be supplied with scales specially constructed for the purpose, by means of which the percentage of moisture in excess of the standard can be read on the arm of the scale, instead of having to resort to computations to ascertain it.

This scale is so constructed that by filling the counterpoise bucket at the end of the arm with shot sufficient to balance the oven tray on the platform, the weight as shown will be the net weight of the tobacco. By means of the adjustable weight on arm the sample can be either one-quarter, one-half, or one pound, and by placing this weight at 100 when weighing the tobacco for drying, and then reading, after drying on the lower scale on the arm, the exact percentage of moisture to be deducted, can be seen at a glance.

10. The officer in charge of each tobacco or cigar manufactory shall keep a record of the weight of all packages of raw leaf tobacco or other raw material received into manufactory. The entry shall be made in a book provided by the Department for that purpose.

11. All packages of raw material received into warehouse shall be consecutively numbered, beginning with number one, on the 1st day of July in each year.

12. A ticket, or tag, shall be placed upon each package showing the date when put in warehouse, the serial number of the package, the gross weight, the tare, and the net actual weight of tobacco or other raw material contained therein, and in the case of raw leaf tobacco, scraps and cuttings, stems and other unmanufactured products of raw leaf tobacco, the percentage of moisture and pounds of standard tobacco contained therein. In order that there shall be uniformity of practice the following is the form of ticket or tag to be used, until otherwise modified or altered by Departmental Regulation, which tag will be supplied by the Department upon proper requisition being made therefor:—

SignatureOfficer in charge.

In the case of liquorice, sugar, gum or other raw materials other than leaf tobacco, cuttings and other unmanufactured products of leaf tobacco, the last two lines will be left blank as no deduction for moisture is to be made from these articles.

13. All leaf tobacco and other materials are, as soon as received and an account of them taken, to be placed in the warehouse provided for that purpose and secured by Crown lock, the key thereof being in the possession of the officer in charge.

14. Raw leaf tobacco and other raw materials are to be delivered to tobacco and cigar manufacturers in such quantities as may be required for use, and as they will have access to the warehouse daily, if required, and can take tobacco from as many different packages as if it were under their sole control, it is not necessary that greater quantities should be taken than is required for each day's use. When taken for use by whole packages it must be entered ex-warehouse at the weight marked on the packages when received.

(a.) If, in the opinion of the Department, the conveniences afforded by any tobacco or cigar factory will not permit of the storing of all raw leaf tobacco and other raw material within the locked apartment designated for that purpose, without unduly harassing the manufacturer, then the Collector may authorize such proportion as he may see fit to be stored in other parts of the factory; and in such case each such package so withdrawn, if not required for proximate use, shall have placed upon it by the manufacturer a red card of not less than four inches square, with the words "In Bond" printed thereupon in letters of not less than one inch in height; and the removal of such card, or of any of the contents of such package, before the weight contained in such package has been entered to the debit of the "Daily Record" as "taken for use," shall be deemed to be an illegal abstraction of goods from warehouse, and shall subject the manufacturer to like penalty as by law provided.

(b.) When the contents of any package is taken for use at various times the last entry from the package shall be made to balance the quantity originally warehoused and marked on such package.

(c.) A manufacturer will be permitted to take whole packages or such quantities as he may require for use, but if it is at any time evident that a manufacturer is entering for use quantities far in excess of what his business demands, the Collector will apply to the Department for specific instructions.

15. All stems produced in any tobacco or cigar manufactory must, unless used or intended for immediate use in the manufactory, or held by the manufacturer with a view to their exportation, be weighed up not less frequently than once a month and either destroyed or locked up as hereinafter provided.

All stems, scraps, cuttings and waste produced in any tobacco or cigar manufactory and charged back to stock and carried to debit of Stock Book No 1, shall unless immediately destroyed, removed, or entered for use, be placed in raw leaf warehouse.

16. The destruction shall be by burning except when some other mode is specifically permitted. Provided that the Department may authorize Collectors of Inland Revenue to furnish known gardeners with small quantities of stems to be used solely for horticultural purposes. The quantity furnished for such purposes and the security to be taken for the proper use of such stems to be within the discretion of the Collector, and the transactions in detail to be reported monthly to the Department.

17. Stems, scraps, cuttings or waste must, before they can be entered for removal or destruction, be carried to debit of Stock Book No. 1.

18. Raw leaf tobacco, after being charged in a tobacco or cigar manufacturer's Daily Record as taken for use, cannot thereafter be removed from factory in an unmanufactured state, unless by a special permission, in each case obtained from the Collector.

19. Raw leaf tobacco, when removed from a tobacco or cigar manufactory, must be entered in standard pounds.

20. Where tobacco and other raw material is secured under Crown lock, it is not necessary to

weigh each package in the warehouse when taking stock; only a sufficient number to satisfy the officer that the packages remain as shown on tag. When not secured by Crown lock each package must be carefully weighed.

21. Flavorings received at a tobacco or cigar manufactory are not to be examined by the officer in charge, but the weights are to be recorded by the manufacturer as in the case of other raw material.

FOR SALE OF SCRAPS, CUTTINGS, STEMS AND SWEEPINGS OF TOBACCO IN BULK, BY ONE MANUFACTURER TO ANOTHER.

22. Whenever any manufacturer of tobacco or cigars desires to sell his refuse scraps, cuttings, stems, and sweepings of tobacco, in bulk and as material, to another manufacturer of tobacco or cigars, to be further manipulated or manufactured, he is hereby permitted to do so under the following rules and conditions, viz. :—

(a.) The removal must be made in bond, and the goods consigned to the order of the Collector of Inland Revenue of the Division to which the goods are so consigned in the same manner as provided for manufactured articles.

(b.) The packages containing the goods are to be consecutively numbered, and each to have marked thereon the gross weight, the tare, and the net weight and also the standard weight of unmanufactured tobacco contained therein, and shall in addition have marked thereon the registered number of the manufactory, number of warehouse entry, date, and number of the Inland Revenue Division.

(c.) No persons other than manufacturers of tobacco or cigars will be allowed either to purchase or sell this description of tobacco unless it is packed, stamped and the duty paid thereon, as provided by law.

23. Whenever any manufacturer of tobacco or cigars desires to sell his refuse scraps, cuttings, stems, or sweepings of tobacco for export to a foreign country, he will enter the same for export in bond in the same manner and under the same regulations as govern the shipment and exportation of manufactured goods.

24. Cigar manufacturers will not be permitted to put up small packages of cuttings for consumption.

FOR REMOVAL OF SNUFF FLOUR AND FINE CUT SHORTS, FROM ONE TOBACCO MANUFACTORY TO ANOTHER.

25. Snuff-flour not prepared for use, but which needs to be subjected to further process of sifting, pickling, scenting, or otherwise, before it is in a condition fit for use or consumption, may be sold by one tobacco manufacturer directly to another under the following regulations :—

(a.) The snuff-flour shall be put up in packages, and these packages consecutively numbered and marked with the gross weight, the tare, and the net weight thereof, and shall in addition have marked thereon the registered number of the factory from which removed, the number of the warehouse entry, date, and number of the Inland Revenue Division.

(b.) The snuff-flour shall be removed from one manufactory to another in bond, the necessary warehouse and removal entries and removal bond being passed therefor as in the case of other removals in bond.

26. Fine-cut shorts, the refuse of fine-cut chewing tobacco, may be sold in bulk, like scraps, cuttings, &c., by one manufacturer of tobacco to another; but when put up for sale and consumption, they must be packed in packages containing one-twentieth, one-sixteenth, one-tenth, one-eighth, one-fifth, one-fourth, or one half pound each, and stamped like other small packages of tobacco. The law does not authorize the packing of fine cut shorts in five or ten-pound packages the same as fine-cut chewing.

27. Fine-cut shorts may be sold in bulk by one tobacco manufacturer to another, under the following regulations :—

- (a.) They shall be put up in packages, and these packages consecutively numbered and marked with the gross weight, the tare, and the net weight thereof (the net weight being stated in apparent and also in standard pounds), and shall, in addition, have marked thereon the registered number of the manufactory where put up or from which removed, the number of the warehouse entry, the date and the number of the Inland Revenue Division,
- (b.) The fine-cut shorts, like snuff-flour, shall be removed from one manufactory to another in bond.

28. Upon the receipt of the snuff-flour or fine-cut shorts at the manufactory to which it is consigned, it shall be placed in the raw leaf warehouse, and shall be delivered to the manufacturer in such quantities as he may require for treatment.

29. In all books, snuff-flour and fine-cut shorts shall, when entered for removal for further treatment at another licensed tobacco manufactory, be treated as raw material, and as the transactions are not likely to be such as to render it necessary to encumber the books with special columns for these articles, they will be dealt with in the books in the following manner, when removed, viz. :—

- (a) The entries to be made in red ink.
- (b) Enter in column No. 23 in Daily Record when produced, and in columns Nos. 10 and 26 in Stock No. 1 when "charged back to stock" and "removed from manufactory" respectively.
- (c) At receiving manufactory enter in columns Nos. 9 and 25 in Stock Book No. 1, when "brought in" and "taken for use," respectively, and in column No. 7 in Daily Record when "taken for use."
- (d) Explanations to be made in columns Nos. 2 and 19 in Stock Book No. 1, and columns Nos. 2 and 15 in Daily Record.
- (e) Totals of fine-cut shorts and snuff flour to be also shown in red ink, and separate and distinct from the totals of scraps, cuttings and waste, as shown in the columns referred to.

RAW LEAF TOBACCO SAMPLES.

30. As some misapprehension appears to exist as to the manner of dealing with small quantities of Raw Leaf Tobacco imported as samples, and on which the Department has no authority to collect duty, the following regulations are now issued for the guidance of Customs Officers at the ports where such samples are imported.

(a) Such samples must be bonded in a Customs Warehouse in the same way as all other imported Raw Tobacco is bonded.

(b) The removal of such samples from Customs Warehouse in quantities not exceeding one hundred and fifty pounds at any one time may be permitted on a removal bond being executed with the Collector of Customs by the parties who desire to remove the tobacco, and another surety who must be a resident householder, or other responsible person resident at or near the port at which the bond is given. And each separate parcel or sample must be securely sealed and stamped so that it may be identified.

(c) The removal entry shall accurately state the quantity, description and quality of the tobacco, as known to the trade, to be removed, which description shall also include particulars necessary for the identification of the several samples or parcels.

(d) Each removal paper shall have endorsed on it, by the Collector of Customs the date at which the removal bond will expire, and shall set forth that the holder of the paper is permitted to carry with him the tobacco therein described for the purpose of exhibiting is to his customers.

(e) The conditions of the bond are to be that the tobacco shall, within a specified time, be delivered to and entered upon the books of a licensed tobacco or cigar manufacturer, or that it shall be exported.

(f) And the bond shall only be cancelled on the production of the certificate of an officer of Excise that the tobacco has been entered on the books of a

licensed tobacco or cigar manufacturer, or on the certificate of a Customs Officer that the tobacco has been exported and within the time mentioned.

(g) In addition to the above certificate, when the tobacco is exported, all the Warehouse regulations then in force in reference to the exportation of Customs goods shall be complied with before the bond is cancelled.

(h) Whenever the bond is not cancelled in the manner above stated, and within the time stated in the bond, it will be the duty of the Collector of Customs before whom it is taken to call upon the parties for the immediate payment of the penalty inserted in the bond, which, in accordance with the 304th section of the Inland Revenue Act of 1883, will be for a sum equal to 30 cents per pound on the tobacco to which it relates.

(i) When samples are sent out by the travelling agent of any person duly licensed to warehouse Raw Leaf Tobacco under the Inland Revenue Act, an accurate account of such samples is to be taken by the proper officer of Excise and entered on the warehouseman's books, and the same means adopted for their identification as it directed with reference to samples just imported.

(j) A Bond will be taken with reference to such samples of the same nature as is directed with reference to samples just imported; but, in lieu of making it an alternative that such samples shall be exported, the conditions shall be that they shall be returned to the Warehouse of the licensed warehouseman, and by him entered on his books.

(k) Whenever any Importer desires to do so he may pay the fee of twenty cents per pound on the Raw Leaf samples and have them stamped with the special Raw Leaf Tobacco sample stamp provided for that purpose, and may then bring in and exhibit his samples without any restrictions as to the giving a removal bond, procuring the certificate of Officers of Excise as to its being entered on a manufacturer's book, or for the exportation of the sample.

(l) The special Raw Leaf Tobacco sample stamps are to be destroyed when the tobacco is taken for use in any tobacco or cigar manufactory.

ARTICLE 2.

STAMPS FOR TOBACCO.

1. By virtue of the authority of the "Inland Revenue Act, 1883," the following denominations of stamps for tobacco have been prepared, and their use is hereby prescribed, viz. :—

- (a.) Strip stamps, in sheets, of the denomination of one fortieth of a pound, for cigarettes.
- (b.) Strip stamps, in sheets, of the denomination of one-twentieth, one-sixteenth, one-tenth, one-eighth, one-fifth, one-fourth, and one-half pound, for use on all legal packages of cut and granulated tobacco, cigarettes, shorts, clippings cuttings, and sweepings of tobacco.
- (c.) Strip stamps, in sheets, of the denomination, of five and ten pounds, for pails, kegs or drums of fine-cut chewing tobacco.
- (d.) Strip stamps, in sheets, of the denomination of one pound, for use on packages of Canada twist.
- (e.) Strip stamps, in sheets, of the denomination of five and ten pounds, for packages holding snuff when containing not more than forty per cent. of moisture.
- (f.) Strip stamps, in sheets, of the denomination of ten and twenty pounds, for packages holding snuff when containing more than forty per cent. of moisture.
- (g.) Oblong stamps, in sheets, of the denomination of ten pounds, for packages containing caven-dish, plug or twist tobacco.
- (h.) Coupon stamps, in books, of the denomination of ten, fifteen and twenty with one-half pound coupons, and sixty and seventy with one pound coupons.

2. No stamp of a denomination less than one-fifth of a pound is provided for tobacco solely the product of Canadian raw leaf.

3. It is the duty of every officer in charge of any tobacco or cigar manufactory to see that no greater quantity of tobacco or cigars is contained in the packages to which the stamps are attached than the stamp is intended to cover, and should any packages containing tobacco or cigars at any time be discovered with stamps thereon for a quantity less than the package contains, it is the duty of every officer to detain such packages as forfeited, and report the circumstances to this Department through the Collector of the Division.

4. Stamps for use on tobacco the product in whole or in part of foreign raw leaf, are colored black. Those for use on tobacco solely the product of Canadian raw leaf, are colored green. Those for use on packages of imported tobacco, are colored blue.

FOR CIGARS.

5. The Commissioner of Inland Revenue has caused to be prepared for the payment of duty on cigars the following denominations of cigar stamps:—

- (a.) Strip stamps issued in sheets for boxes containing twenty-five, fifty, one hundred and two hundred cigars each.
- (b.) Strip stamps issued in sheets for sample boxes of cigars containing twenty five cigars each.
- (c.) Strip stamps issued in sheets for boxes of imported cigars (old issue, rate of duty being on the pound as heretofore).

6. Stamps for use on boxes containing cigars the product in whole or in part of foreign raw leaf tobacco, are colored black.

Stamps for use on boxes containing cigars solely the product of Canadian leaf tobacco, are colored green.

Stamps for use on packages of imported cigars are colored blue.

Stamps for use on sample boxes of cigars, are colored yellow with the letter "F" thereon when used on cigars the product of foreign leaf, and "C" thereon when used on cigars the product of Canadian leaf.

FOR CANADA TWIST.

7. Stamps for Canada Twist are supplied of the denominations one-fourth, one half and one pound each.

8. Stamps of the above denominations will be supplied postmasters or other persons throughout the country who will keep a record of the names of the persons to whom they sell stamps, and of the license number and number and denomination of stamps sold to each (selling them only to licensed persons), for which purpose a suitable book is supplied. The register of sales above referred to is to be open at all times for the inspection of officers of Inland Revenue.

9. Canada Twist cannot be manufactured for sale by the cultivator unless he has taken out a license, paying therefor the sum of two dollars, and the law imposes a heavy penalty on any cultivator who shall manufacture for sale any Canada Twist without taking out such license. Collectors of Inland Revenue and others acting for this Department will, therefore, take all the means in their power to acquaint cultivators with the necessity of taking out such license and stamping the Canada Twist before offering it for sale.

10. The stamps will be attached to the roll or coil by interlacing it through the coil when made and bringing the two ends of the stamp once around the coil and fastening securely by gum or paste. Coils that have been made prior to the coming into effect of the provisions of this Act may have the stamp attached by cording or otherwise securing the twist and enclosing it in a paper or other band or casing, so that the stamp may be securely attached thereto. The stamp is to be attached in all cases by means of good strong gum, and every officer of this Department is instructed, so far as it lies in his power, to impress upon cultivators who manufacture Canada Twist for sale that the firm adherence of the stamp to the tobacco is necessary in order to protect it from seizure, for if any packages are found anywhere except in the possession of the licensed cultivator-manufacturer or in the premises of a licensed tobacco manufacturer of Canadian Leaf Tobacco only, without a stamp properly attached, they will certainly be seized and confiscated in accordance with the law.

11. The law also imposes heavy penalties on any person who shall open a package of tobacco without breaking the stamp thereon, or in whose possession a package unlawfully opened, shall be found, or in whose possession any used stamps shall be found.

Every officer will, therefore, avail himself of every opportunity for bringing these matters under the notice of those concerned.

BONDED REMOVAL PERMIT STAMPS.

12. The bonded removal permit stamps to be used on packages of tobacco when ex-warehoused for removal in bond are of the following denominations, viz:—

- (a.) For use on pails, kegs, drums or other packages of fine cut chewing tobacco weighing five and ten pounds each.
- (b.) For use on five, ten and twenty pound packages of snuff.
- (c.) For use on packages of plug tobacco weighing from ten to twenty-five pounds.
- (d.) For use on packages of plug tobacco weighing from sixty to eighty pounds.
- (e.) For use on packages of cigars.

2. They are to be attached as follows:—

- (a), (b) and (e) are to be attached to the package in such a manner as to be about equally attached to the cover and the body of the package.
- (c) and (d) are to be attached at the same place on caddy or box as reserved for regular duty paid stamp, viz., "over one corner or angle of the box or caddy at equal distances from each end, attaching about equally to each side."

13. Each package of tobacco or cigars removed in bond must be covered by a bonded removal permit stamp of a denomination provided for the class of package upon which it is placed, and is to be attached to the package and cancelled by the manufacturer or his agent. The cancellation will be by means of the rubber stamp used for the first cancellation on the regular duty paid stamps. If the manufacturer so desires it the bonded removal permit stamps may be placed upon the packages intended for removal at the time the tobacco or cigars are put in the warehouse.

FOR CUSTOMS.

14. Arrangements having been made with the Department of Customs that in future stamps for imported tobacco shall be supplied by this Department, through the Collectors of Inland Revenue, you will therefore put yourself in communication with the Collector of Customs who may require to obtain supplies through your office, and request them to make requisitions on you for such stamps as they are likely to require at their respective ports.

15. As it takes considerable time to obtain stamps, when not in stock at the time the requisition is received, you will request the Collector of Customs to make their requisitions as early as possible.

16. The following schedule gives the denominations of stamps already arranged for:—

SUPPLY OF STAMPS.

18. Stamps will be supplied by the Department upon proper requisition being made therefor by the Collector of Inland Revenue, who will make requisition sufficiently in advance to insure having a supply always on hand equal to the probable demand for three months, as required by section 270 of the "Inland Revenue Act, 1883." On receipt of a parcel of stamps the Collector or other officer receiving them is immediately to count them, and if they are found to be in accordance with the receipt accompanying the parcel, he is to sign, date, and return the receipt to the Department by the next mail, and enter the stamps so received on the debit side of his "Record of Tobacco Stamps received and issued." If they are not found to be correct, he must immediately advise the Department of the error, and enter the exact number received by him to the debit of his stamp account. Collectors and other officers must account for every stamp acknowledged to have been received by them.

19. A separate account is to be opened for each denomination of stamp, and kept in the manner shown on first folio of stamp books, stating on the debit side the number received, and on the credit side the number issued. On opening the accounts the debit side is to commence with the number of stamps of the description to which it relates then on hand.

MODE OF AFFIXING TOBACCO AND CIGAR STAMPS.

20. Under the authority of section 270 of the "Inland Revenue Act, 1883," it is hereby prescribed that stamps shall be affixed to packages of tobacco and cigars in the following manner, viz.:—All packages of tobacco, except fine-cut chewing and snuff, containing more than ten pounds, shall have affixed a registered coupon stamp of a denomination corresponding with the net weight of the tobacco contained therein. For example, packages containing from ten to twenty-five, and from sixty to eighty pounds, can be, and must be, covered by a single stamp, by using coupons attached to stamps, when the weight of the package is not precisely ten, fifteen, twenty, sixty or seventy pounds (in which case the stamp alone is used, without the coupons attached). When the weight of the tobacco contained in the package ranges between ten and twenty-five, and between sixty and eighty pounds, the coupons are used in connection with the stamp bearing such weight, so that with one or more of the coupons attached thereto it will correspond with the weight required. Half pounds will not be allowed on packages containing twenty-five pounds and upwards. All other packages of tobacco are to be covered by stamps of the denomination provided by the Department, and one stamp only is to be used on each package.

21. Upon all descriptions of boxes and caddies of cavendish, plug, twist, or other description of tobacco, the stamp shall be affixed over one corner or angle of the box or caddy, at equal distances from each end, attaching about equally to each side. And on and after January 1st, 1884, on all such packages when made of wood, a groove not less than one-sixteenth of an inch deep shall be made to admit the stamp, and prevent its being torn or rubbed off by transportation.

22. Upon all kegs, drums, pails, or other packages containing five and ten pounds of fine-cut chewing, and five, ten and twenty pounds of snuff, as permitted by law, the stamp, being a strip stamp, shall be placed across the cover, so as to extend down each side of the package, and to effectually seal it.

23. Strip stamps, whether used for packages containing smoking tobacco, fine-cut chewing, snuff, cigars, or cigarettes, must be so attached as to effectually seal the package, and render it impossible to open the same or remove its contents without destroying or breaking the stamps. Stamps on cigar boxes must be placed at least three-fourths of an inch from the end of the box.

24. The strip stamps for tobacco are made sufficiently long to pass over both ends of the package and turn the opposite angles, thus effectually sealing the package, and they must be so affixed; and when applied to bags which open only at one end, they must be affixed so as to effectually close that end.

25. The stamps are to be affixed to the packages by using an adhesive material that will cause them to stick to the wood, paper, or other package, securely and permanently. After the stamps on wooden or metal packages of tobacco have become dry, and the cancellation has been made, as herein described, they must be varnished over thoroughly, but not so as to obscure or obliterate the impression upon the stamp.

26. Tobacco or cigar stamps will not adhere to tin-foil with ordinary gum or paste. The manufacturer must therefore either envelope the tin-foil in an outer wrapper of paper or provide some kind of gum or paste by which the stamps may be so attached that they cannot be removed without destroying them.

27. Manufacturers or importers of cigars will not be allowed to wrap the box or package containing cigars in an outer covering of paper or other material and attach the stamp to the outer covering. The stamp must be attached to each package proper so as to remain thereon as an evidence of its being legally in the possession of the holder thereof.

28. The following recipes for cheap and practical paste and varnish, which have been fully tested, are prescribed for use.

For Paste.—Dissolve one pound of gum arabic in one and three-fourths pints of boiling water, add from two to four ounces of acetic acid, and keep it corked when not in use. Apply evenly to the stamp or notice and press it firmly upon the wood or other material of which the package is composed.

For Varnish.—Place in a bottle of sufficient size one half pound of bleached gum shellac, broken fine, and add strong alcohol, shake occasionally until entirely dissolved, and keep it corked to prevent evaporation. Should the varnish at any time become too thick, add a small quantity of alcohol.

29. Stamps on packages of tobacco and cigars are to be attached at the manufactory by the manufacturer or his agent, at the licensed bonding warehouse by the warehouseman or his agent, and at the Customs bonding warehouse by the Customs Officer. Although the responsibility of stamping tobacco ex-warehoused from a merchants excise bonding warehouse remains with the owner of the warehouse—the officer delivering the tobacco is expected to aid in the attaching and cancelling of the stamps—where this can be done immediately after the delivery of the goods from warehouse.

CANCELLING DIES AND STAMPS.

30. By virtue of the authority conferred by section 271 of the "Inland Revenue Act, 1883," the Commissioner of the Inland Revenue will furnish steel dies for the cancellation of all stamps used on wooden packages, or packages made partly of wood and partly of other materials, containing tobacco. These dies will be forwarded to the several Collectors of Inland Revenue and will be loaned by them to the manufacturer of tobacco or other person mentioned in their requisition therefor and to no other, and the cost of such die shall be collected from the manufacturer or other person to whom supplied.

31. In effecting such cancellation, the die will be required to be applied twice to the stamp upon the package, once in the place on the stamp marked "Cancellation by steel die," and a second time over and upon the vignette on the stamp.

32. A steel instrument is also supplied for the cancellation of stamps on tin caddies or boxes of tobacco and which instrument is to be drawn across the stamp and on to the metal of which the package is composed. This instrument should be so used as to sever the stamp and continue the line of separation on to the metal. It is to be applied to the stamp on each side of the package, but is to be done in such a manner as not to disfigure the cancellation made by the rubber stamp.

33. Collectors will keep an account of all steel dies and instruments entrusted to them, and a record of

the names of all persons to whom they are furnished (furnishing them only to the legally authorized tobacco manufacturers and others as instructed by the Department) and the date of their delivery. Whenever any die shall have become broken or damaged in the hands of any manufacturer or other person, so as to be unfit for use, or whenever any person receiving such Government die shall have no longer any legitimate use for the same, it must be returned to the collector (and by him transmitted to the department) and the person accredited therefor.

34. The law makes it imperative upon every manufacturer of tobacco, putting up his tobacco in packages as heretofore described, and upon every person ex-warehousing tobacco from an Excise bonding warehouse, to use this die, and no stamps on such packages will be regarded as properly cancelled, and the packages and their contents will be liable to seizure, whenever found, unless the stamps are cancelled, and the packages and their contents will be liable to seizure, whenever found, unless the stamps are cancelled with a Government die, and in the manner hereinafter named, viz., the stamp must be so cancelled that a portion of every stamp shall be *driven into and lodged within the wood* of the package, or when on metal, by severing the stamp and continuing the line of separation on to the metal of which the package is made.

35. Rubber stamps for the cancellation of tobacco and cigar stamps will also be supplied by the Department, upon proper requisition being made therefor, and the cost of such rubber cancellation stamps shall be collected from the manufacturer or other person to whom supplied.

36. These rubber cancellation stamps are as follows, viz.:

1st. For tobacco manufacturers' use in cancelling strip stamps used on tobacco put up in packages of paper, linen or other soft or yielding material, and for the first cancellation on all other stamps used on packages of tobacco.

2nd. For cigar manufacturers' use in cancelling strip stamps used on cigar boxes.

3rd. For the use of persons having licensed bonding warehouses, in cancelling (in addition to steel die instruments) the stamps on packages of tobacco ex-warehoused for duty from a warehouse other than the manufacturer's where tobacco was made.

4th. For Custom Officers' use in cancelling strip stamps used on imported tobacco put up in packages of paper, linen or other soft or yielding material, and for the first cancellation on all other stamps used on packages of tobacco.

6th. For Custom Officers' use in cancelling strip stamps used on cigar boxes.

37. Collectors must keep an account of all cancellation stamps entrusted to them, as in the case of the steel cancellation dies.

38. The law requires that all stamps upon packages of tobacco and cigars shall be cancelled by a Government stamp or die, and it is now prescribed that when the stamps are upon other than wooden boxes and caddies of cavendish, that the cancellation shall be by means of the rubber stamp recognized by the Department; the stamps on wooden packages of tobacco being cancelled in addition to the above, by the steel die, and those on metal packages by the steel instrument supplied for that purpose.

MODE OF CANCELLING TOBACCO AND CIGAR STAMPS.

39. All stamps are to be cancelled immediately after being placed upon the packages, but the cancellation by the rubber stamp may be made by the manufacturer or other party, immediately before being placed thereon.

40. Stamps for tobacco must be cancelled by imprinting upon each stamp in the oblong blank space left for that purpose, the registered number of that manufactory, or letter of dealer's bonding warehouse, the number of the Inland Revenue Division, and the month and year of cancellation. Numerals only need be used for this cancellation, as follows:—19, 16, 5, 83,—the first numeral, or set of numerals, representing the registered number of the manufactory,

the second the number of the Inland Revenue Division, the third the number of the month of the solar year, and the fourth the last two figures of the year. Rubber hand stamps will be furnished by the Department for that purpose, at the cost of the person to whom supplied; but if any manufacturer desires to use a stamp applied by any other means, permission may be granted for this form of cancellation only.

41. Stamps used on five or ten pounds packages of fine-cut chewing, on five, ten, and twenty pound packages of snuff, and on half caddies, caddies and boxes of tobacco, when made of wood, must in addition to the above, also be cancelled by means of the steel die supplied for that purpose, and which die drives a portion of the stamp into the wood of which the package is composed, the die being applied to the stamp twice, once in the space reserved for this cancellation, and again on the vignette on the stamp. The further cancellation of stamps on metal packages will be by means of the steel instrument supplied for that purpose, and which severs the stamp, and continues the line of separation beyond the stamp and on the metal of which the package is made; the application being made to the stamp on each side of the package.

42. Stamps on packages of imported tobacco shall be cancelled as follows, viz: Stamps on packages composed of paper, cotton, tin-foil, or other soft or yielding material by means of a rubber stamp which shall imprint upon the stamp the month and year when entered for duty, or this information may be written in on the stamps. Stamps on wooden packages of plug, fine-cut chewing, and packages of snuff shall be cancelled as above, but in addition thereto shall be further cancelled by means of the steel die. Stamps on packages made of metal, when imported, shall, in addition to the above, be cancelled by means of the steel instrument supplied for that purpose, and which severs the stamps and continues the line of separation beyond the stamp and on to the metal of which the package is made.

43. Stamps on packages of tobacco ex-warehoused for consumption by a merchant or person other than a manufacturer and at the manufactory where made or put up, shall be cancelled by the person ex-warehousing the same by means of the rubber stamps which will imprint upon the stamp in the oblong space reserved for that purpose, the letter of the warehouse, the number of the Inland Revenue Division, and the month and year when ex-warehoused. Stamps, when on wooden packages, shall be further cancelled by means of the steel die supplied for that purpose, and which die drives a portion of the stamp into the wood of which the package is composed, and when on metal packages, by means of the steel instrument provided for that purpose, which instrument severs the stamp and continues the lines of separation beyond the stamp and on to the metal of which the package is made.

44. Stamps on packages of tobacco ex-warehoused from the manufactory where made or put up shall be cancelled as described by sections forty-two (42) and forty-three (43).

45. The stamps on cigar boxes will be cancelled by means of a rubber hand stamp supplied for that purpose, and which stamp carries the impression beyond the duty paid Inland Revenue stamps, and on to the wood of which the package is made. In all cases the impression is to be made across the stamp continuously, the circular centre being imprinted over space reserved for cancellation and in an effectual manner. This cancellation stamp, in addition, must imprint upon the stamp the registered number of the manufactory, the number of the Inland Revenue Division, and the month and year, as required on all other stamps.

46. The cancellation of Customs stamps upon package of cigars will be by means of a rubber stamp as per preceding paragraph, but the information to be imprinted upon the space reserved for cancellation, will be the number of the month and year when ex-warehoused for duty.

47. In cancelling stamps by imprinting as herein prescribed, where blank spaces are left on the stamps

for that purpose, they must always be used and until the new issue of stamps are supplied, the proper officer will see that the cancellation is made on old issue of stamps where the impression can be most easily read, and until the rubber cancellation stamps are supplied, the information may be put in, in writing.

48. The cancellation of tobacco or cigar stamps will be done by the following persons, viz.:—

(a.) At a tobacco or cigar manufactory, by the manufacturer or his agent.

(b.) At a warehouse (other than the manufacturer's where tobacco or cigars were made) by the person who ex-warehouses the tobacco or cigars; and

(c.) Stamps on imported tobacco and cigars by the Customs officers at the port where the tobacco or cigars were ex-warehoused for duty.

49. The importance to be attached to the cancellation of all stamps has been shown by the severe fines and penalties imposed upon any person who shall remove from any manufactory or place where tobacco or cigars are made, any such goods without stamps affixed and properly cancelled, and also the fines and penalties imposed upon any person who shall sell, or offer for sale, or have in his possession any tobacco or cigars the stamps upon which are *not properly cancelled*. The interest of the Government and the safety and protection of all who deal in tobacco or cigars, require that manufacturers and others should properly affix and cancel all stamps.

DESTRUCTION OF THE STAMPS ON PACKAGES OF TOBACCO AND CIGARS WHEN EMPTIED.

50. Section 253 of the "Inland Revenue Act, 1883," makes it the duty of every person who empties any stamped box, bag, vessel, wrapper or envelope of any kind, containing tobacco or cigars, to destroy the stamp thereon. And any person who neglects or refuses so to do, is liable to a penalty for each such offence not exceeding one hundred dollars.

51. This provision of the law applies not only to retail dealers who empty legal packages by retailing their contents, but also to every person who purchases tobacco or cigars for his own use, and empties such packages. He must destroy the stamp thereon.

CAUTION NOTICES—TOBACCO AND CIGARS.

52. Upon every package of tobacco, whether put up in wooden packages or otherwise, the law requires that there shall be printed, or securely affixed by pasting thereon, a label, on which shall be printed the number of the manufactory, and the number of the Division in which it is situated, together with the following notice:

"Notice.—The manufacturer of this tobacco has complied with all the requirements of the law. Every person is directed to open this package in such a manner as to break the stamp, and is cautioned not to use this package for tobacco again, or the stamp thereon, nor to remove the contents of this package without destroying said stamp, under the penalties provided by law in such cases."

53. When used on boxes, caddies, kegs, pails, drums or other packages of tobacco weighing more than one pound the label on which the above notice is to be printed, is required to be not less than four and not more than six inches long, and not less than two and one-half inches in width, and to contain in addition to the caution notice, the following facts, printed in plain, open, and legible letters, viz., (1) the number of the manufactory, and (2) the number of the Inland Revenue Division. These labels will be in the following form, viz.:—

"Factory No.....Inland Revenue Division No....."

Notice.—The manufacturer of this tobacco has complied with all the requirements of the law. Every person is directed to open this package in such a manner as to break the stamp, and is cautioned not to use this package for tobacco again, or the stamp thereon, nor to remove the contents of this package without destroying said stamp, under the penalties provided by law in such cases."

54. A separate and distinct label will not be required on packages of tobacco containing one-half

pound or less, provided the manufacturer shall cause to be printed on each such package the number of his manufactory and the number of the Inland Revenue Division where situated, together with the caution notice as herein required, in a clear, legible manner, where it will not be covered up by the stamp, or otherwise obscured or concealed.

55. The law provides that "Every manufacturer of cigars shall securely affix by pasting on each box containing cigars manufactured by or for him, a label, on which shall be printed, besides the number of the manufactory, and the number of the Division in which it is situated," a caution notice in the following form:

Factory No..... Inland Revenue Division No.....

"Notice.—The manufacturer of the cigars herein contained has complied with all the requirements of the law. Every person is directed to open this package in such a manner as to break the stamp, and is cautioned not to use either this package for cigars again, or the stamp thereon, nor to remove the contents of this package without destroying said stamp, under the penalties provided by law in such cases."

56. This label for all cigar boxes is to be not less than three inches in length and two inches in width; or, if made in circular or oval form, it shall cover not less than six square inches of paper and to be of a size sufficient to contain, in addition to the caution notice prescribed in plain, open, and legible letters, these facts: (1) the number of the manufactory, and (2) the number of the Inland Revenue Division.

57. Importers of tobacco and cigars are also required by law to place a caution notice on each package of tobacco and cigars imported by or for them.

58. The affixing of this label or caution notice is made the duty of the manufacturer or importer. It is to be a printed label. It is to be supplied and affixed by the manufacturer or importer before the tobacco or cigars are to be removed from the places where they were made or at which imported. No person has a right or will be allowed in any case to tamper with his caution notice, to remove it from the box, or package, to substitute another label for it, or to cover it up with a label either of his own or of any other person.

59. This label or notice is to be distinctively and clearly the label required by law.

60. The labels must be affixed to the package in a conspicuous place where they will not be broken in opening the packages and where they will be exposed as little as possible to be worn or rubbed off, and in a manner so as not to be covered up or concealed by any other labels or marks, and so as not to conceal by them any other marks or brands required by law to be placed upon the package.

61. The law imposes a penalty of \$50 on every manufacturer or importer of tobacco or cigars who neglects to affix such label to any package containing tobacco or cigars, made or imported by or for him, and on every person who removes any such label, so affixed, from any such package, such fine being for each package in respect to which such offence is committed.

If the manufacturer desires to do so, he may increase the size of the paper on which the caution notice is printed, so as to allow the printing, *separate and distinct from the label*, of his name and trade-mark.

ARTICLE 3.—MANUFACTURED TOBACCO AND CIGARS.

SPECIAL PROVISIONS FOR WAREHOUSING TOBACCO AND CIGARS AND FOR STAMPING SAME WHEN EX-WAREHOUSED, FOR REMOVAL IN BOND, FOR CONSUMPTION, OR FOR BRANDING SAME WHEN FOR EXPORTATION.

In addition to the general warehousing regulations established by Order in Council, the following apply specifically to tobacco and cigars:—

1. Tobacco and cigars, when placed in warehouse by the manufacturer thereof, shall not be stamped as heretofore, but all marks, numbers, weights and all other information required by law, must be written or branded upon the packages before the warehouse entry can be accepted; which entry must be compared with the packages of tobacco or cigars, and

certified correct by the officer in charge of the manufactory, before it will be accepted by the Collector of Inland Revenue. Collectors will therefore permit the principal manufacturers to use out-numbers in order that these instructions may be fully complied with.

2. As all marks, numbers, weights, &c., are required to be placed upon the packages before the warehouse entry can be accepted by the officer for comparison, and as no stamps are required prior to being placed in bond, the tobacco must be placed in warehouse immediately upon the receipt by the officer of the proper warrant. In large manufactories where an exact compliance with this regulation is impossible, from the quantities involved, the collector may, at his discretion, extend the time for placing in the warehouse, such extension not, at any time, to exceed three days.

3. The following are the only sized packages of tobacco that may be removed in bond, viz:—

- (a.) Fine-cut chewing tobacco in packages of five and ten pounds each.
- (b.) Snuff in packages of five, ten and twenty pounds each;
- (c.) Cavendish, plug or twist in packages of ten pounds, or from fifteen to twenty-five pounds inclusive, or from sixty to eighty inclusive; and
- (d.) Cigars.

4. Tobacco in smaller packages than those above mentioned, shall not be removed in bond, nor shall the product of Canada leaf tobacco be so removed.

5. Packages of tobacco or cigars when ex-warehoused at the manufactory for removal in bond to another Division or transferred to another person within the same Division, shall be stamped by the manufacturer with the bonded removal permit stamp provided by the Department for that purpose, denoting the class of such goods. Packages of tobacco or cigars which have been placed in warehouse prior to the coming into effect of the provisions of "The Inland Revenue Act, 1883," and which may or may not be covered by the old red stamp when ex-warehoused from any warehouse for removal or transfer must be covered by a bonded removal permit stamp. If previously stamped the old form of stamps must be scraped off the package and destroyed by the officer ex-warehousing the goods. Each package removed or transferred in bond must bear one of these bonded removal permit stamps which must be cancelled by the manufacturer or other person ex-warehousing the tobacco by means of the rubber stamp provided for that purpose. Subsequent removals of same tobacco or cigars do not require additional stamping by bonded removal permit stamp.

6. Tobacco or cigars when entered ex-warehouse whether for removal for transfer or for consumption, will require to be stamped with new form of stamps when so ex-warehoused even if previously stamped under the requirements of past regulations.

7. When ex-warehoused for consumption the regular duty paid stamp is to be attached to the package and cancelled in the manner herein provided. When tobacco or cigars are ex-warehoused for consumption from a warehouse other than the manufacturer's where made, the packages then bearing a bonded removal permit stamp, the duty paid stamp is to be placed over the bonded removal permit stamp, so as to cover it as much as possible and the cancellation to be made through both. The stamps for packages entered for consumption either by the manufacturer or merchant will be supplied upon receipt of proper entry papers ex-warehouse for consumption, the duty on the goods to be ex-warehoused, the warrant properly filled up, and a requisition (in duplicate) on the form prescribed and issued by the Department, which requisition must show for tobacco, the number of stamps at each weight required to cover the tobacco ex-warehoused, and in the case of cigars the number of stamps of each denomination necessary to cover the cigars ex-warehoused, the aggregate number of packages and pounds of tobacco, or packages and number of cigars, agreeing with the entry ex-warehouse for consumption.

8. The stamps in all cases to be attached and cancelled by the manufacturer or person ex-warehousing

the goods, and in accordance with regulations herein established.

9. Packages of tobacco or cigars when ex-warehoused for exportation to a foreign country, shall be branded under the personal supervision of the officer in charge with a brand of the following nature:—

EXPN.

TOBACCO-9-10-8-83.

For tobacco read cigars when used on cigar boxes. The first numeral or set of numerals representing the factory number, the second the number of the Inland Revenue Division, and the third and fourth numbers the month and year respectively. When ex-warehoused from a warehouse other than that at the manufactory where tobacco or cigars were made, the factory number may be omitted and letter or number of warehouse substituted therefor.

10. When the holder of tobacco or cigars in bond, and which have already been stamped under the provisions of previous Acts, desires to export such tobacco or cigars, the stamps on the packages are to be removed by the officer in charge of the manufactory or warehouse, in the presence of another officer specially detailed therefor by the Collector of Inland Revenue. A record is to be kept by the aforesaid officers, giving the following information, which record is to be signed by them, and filed in the office of the Collector of Inland Revenue, viz.:—

- (a.) The number of each stamp removed and destroyed, and the weight of the tobacco or cigars covered thereby; and
- (b.) The license number of the manufactory where the tobacco or cigars were put up and the name of the Division where stamp was issued.

The export papers cannot be finally accepted as complete until this has been done.

11. When packages of tobacco weighing one-half pound and less intended for exportation are packed in large cases it will only be required that the brand as given in section nine (9) be placed upon the outer cases, which cases must be consecutively numbered and have marked on them the total number of packages at each weight and the total weight of tobacco contained therein.

12. Tobacco and cigars when exported cannot be packed in the same case.

13. All goods entered for exportation must be examined by the officer ex-warehousing the same, and in order to do so packages must be opened to such extent as the Collector of Inland Revenue may determine.

14. Scraps and cuttings, or stems, when put up for exportation must be packed under the personal supervision of an Officer of Inland Revenue, and unless the whole case is packed at one time, the packing thereof shall be done in the raw leaf warehouse. Each case or package, when filled, shall be marked by the officer with his name, and date when packed, and in such a manner as to be distinctly and clearly seen and so that it can be identified by him.

ARTICLE 4.

FOR PACKING AND STAMPING IMPORTED TOBACCO AND CIGARS, CANCELLING THE STAMPS THEREON, AND FOR REMOVAL OF SAME IN BOND, FROM ONE CUSTOMS PORT TO ANOTHER, BEFORE BEING PACKED IN PACKAGES SIMILAR TO THOSE USED FOR LIKE ARTICLES MANUFACTURED IN CANADA.

1. The Inland Revenue Act states that "All manufactured tobacco or cigars imported from foreign countries shall have the stamps affixed while they are in the custody of the proper Custom House Officers," and that "such tobacco and cigars shall not pass out of the custody of said officers until the stamps have been so affixed and cancelled,

2. The cancellation of the stamps on tobacco when put up in packages of paper, linen, or other soft or yielding material, shall be by means of the rubber stamp provided for that purpose.

3. The cancellation of the stamps on wooden packages containing imported tobacco shall be by sinking

into the wood of which the package is composed a portion of the stamp by means of a steel die, which die, shall be applied twice to every stamp, once in the place on the stamp reserved for cancellation and again on the vignette, and in addition to the cancellation by the steel die, they shall be further cancelled by means of the rubber stamp supplied for that purpose. The cancellation by rubber stamp to be made in the space reserved on stamp for that purpose, but until the new issue of stamps is supplied the cancellation will be made on old issue of stamps where the impression can be most easily read, and it may be done immediately before the stamps are placed upon the packages if found more convenient. The cancellation of the stamps on metal packages containing tobacco, will be by means of the steel instrument supplied for that purpose, and which severs the stamp and continues the line of separation beyond the stamp and on the metal of which the package is made. The instrument is to be applied to the stamp on each side of the package. The stamp is, in addition to this cancellation, to be further cancelled by means of the rubber stamps used to cancel all stamps on packages containing tobacco.

4. The stamps upon packages containing imported cigars, will be cancelled by means of a rubber hand stamp of the design furnished by the Department. This cancelling stamp shall be so used that the lines shall project beyond the stamp and on the wood of which the box is made, the main or centre portion of the cancelling stamp being imprinted on the cigar stamp. In all cases the impression is to be made across the stamp.

5. These cancellation dies and stamps will be furnished to the different Collectors of Customs upon requisition being made therefor, and from and after the first day of July, one thousand eight hundred and eighty-three, no package containing tobacco or cigars, as defined by the Inland Revenue Acts, shall be handed over to the importer or owner until the stamps on the same are cancelled, as herein directed.

6. The Inland Revenue Law further states that "imported tobacco and cigars shall be put up in packages as prescribed by law for like articles manufactured in Canada, before the stamps are affixed." Every Collector of Customs will, therefore, see that these regulations are fully complied with.

7. The sizes of the different packages into which tobacco and cigars must be packed as permitted by law, are as follows, viz.:—

- (a.) All cavendish, plug and twist, in rectangular wooden boxes containing from ten to twenty-five pounds inclusive, or from sixty to eighty pounds inclusive.
- (b.) All fine-cut chewing tobacco, and all other kinds of tobacco not otherwise provided for, in packages containing one-twentieth, one-sixteenth, one-tenth, one-eighth, one-fifth, one-fourth, or one-half pound, except that fine-cut chewing tobacco, when of a quality and description approved of by the Commissioner of Inland Revenue, may, at the option of the importer, be put up in wooden packages containing five or ten pounds each.
- (c.) All cut and granulated tobacco, other than fine-cut chewing, all shorts, the refuse of fine-cut chewing tobacco, which has passed through a riddle of thirty-six meshes to the square inch, in packages containing one-twentieth, one-sixteenth, one-tenth, one-eighth, one-fifth, one-fourth, or one-half pound each.
- (d.) All snuff in wooden packages containing five or ten pounds each, except that snuff, when containing more than 40 per cent. of moisture, may be put up in packages containing ten or twenty pounds each, actual weight.
- (e.) All cigarettes in packages containing one-fortieth, one-twentieth, one-sixteenth, one-tenth, one eighth, one-fifth, one fourth or one-half pound each.
- (f.) All cigars in boxes containing twenty-five, fifty, one hundred and two hundred cigars each, except that Manilla cigars or cheroots, but not imitations thereof, may, when imported from abroad, be contained in addition to the above-named quan-

ties, in original packages containing five hundred each.

8. The stamps are to be put on or affixed to the packages in the following manner:—

- (a.) All packages of tobacco, except fine-cut chewing and snuff, containing more than ten pounds should have affixed a registered coupon stamp of a denomination corresponding with the net weight of the tobacco contained therein. For example, packages containing from ten to twenty-five pounds and from sixty to eighty pounds, can be, and must be, covered by a single stamp by using coupons attached to stamps when the weight of the package is not precisely ten, fifteen, twenty, sixty or seventy pounds (in which case the stamp alone is used without the coupons attached). When the weight of the tobacco contained in the package ranges between ten and twenty-five pounds, and between sixty and eighty pounds, the coupons are used in connection with the stamp bearing such weight, so that with one or more coupons attached thereto it will correspond with the weight required. Half pounds will not be allowed on packages containing twenty-five pounds and upwards.
- (b.) All other packages of tobacco are to be covered by stamps of the denomination provided by law, and one stamp only is to be used on each package.
- (c.) Upon all description of boxes and caddies of cavendish, plug, twist or other description of tobacco the stamp shall be affixed over one corner or angle of the box or caddy, at equal distances from each end, attaching about equally to each side.
- (d.) Upon all kegs, drums, pails or other packages containing five and ten pounds of fine-cut chewing, and five, ten and twenty pounds of snuff, as permitted by law, the stamp, being a strip stamp, shall be placed across the cover so as to extend down each side of the package and to effectually seal it.
- (e.) Strip stamps, whether used for packages containing smoking tobacco, fine-cut chewing, snuff or cigarettes, must be so attached as to effectually seal the package and render it impossible to open the same or remove the contents without destroying or breaking the stamp.
- (f.) Strip stamps used for cigar boxes must be so attached as to effectually seal the package.
- (g.) The stamps are to be affixed to the packages by using an adhesive material that will cause them to stick to the wood, paper or other package, securely and permanently. After the stamps on wooden packages have become dry and the cancellation has been made as herein described, they must be varnished thoroughly but not so as to obscure or obliterate the impressions upon the stamps.
- (h.) Tobacco stamps will not adhere to tin-foil with ordinary gum or paste. The importer or owner of the goods must, therefore, either envelope the tin-foil in an outer wrapper of paper, or provide some kind of gum or paste by which the stamps may be so attached that they cannot be removed without destroying them.

9. The Inland Revenue Act further provides that "every importer of tobacco shall, in addition to all other requirements of this Act relating to imported tobacco, print on each package, or securely affix by pasting on each package, containing tobacco, imported by or for him, a label, on which shall be printed the name of the port, where, and the number of the entry under which, such tobacco is ex-warehoused for duty, and these words:—'Notice: The importer of this tobacco has complied with all the requirements of the law. Every person is directed to open this package in such a manner as to break the stamp, and is cautioned not to use either this package for tobacco again, or the stamp thereon, nor to remove the contents of this package, without destroying the said stamp, under the penalties provided by law in such cases.'"

10. Every importer of cigars is also required to affix

to each package of cigars imported by or for him, a label showing, in addition to the name of the port where, and the number of the entry under which, such cigars were ex-warehoused for duty, these words:—"Notice: The importer of the cigars herein contained has complied with all the requirements of the law. Every person is directed to open this package in such a manner as to break the stamp, and is cautioned not to use either this package for cigars again, or the stamp thereon, nor to remove the contents of this package, without destroying the stamp, under the penalties provided by law in such cases."

11. This caution notice, when used on boxes, caddies, kegs, pails, drums, or other large packages of tobacco, is required to be not less than four nor more than six inches long, and not less than two and one-half inches in width, and must be affixed to the package in a conspicuous place, where it will be exposed as little as possible to be worn, or rubbed off, or broken in opening the package, and in a manner so as not to be covered up or concealed by any other marks or brands required by law to be placed upon the package. When used on small packages of tobacco, the caution notice may be of smaller dimensions than above, but must be printed in a clear, legible manner, where it will not be covered up by the stamp, or otherwise obscured or concealed.

12. The caution notice label, when used on boxes of cigars, is to be not less than three inches in length, and two in width; or if made in circular or oval form, it shall cover not less than six square inches of paper, and is likewise to be affixed to the box, or package, in a conspicuous place, and where it will not be covered up by the stamp, or otherwise obscured or concealed or broken in opening the package.

13. If the importer desires to do so, he may increase the size of the paper on which the caution notice is printed, so as to allow the printing, *separate and distinct from the label*, of his name and trade-mark.

14. A separate and distinct label will not be required on packages of imported tobacco containing one-half pound or less, provided the importer shall cause to be printed on each such package, the caution notice as herein required, in a clear, legible manner, where it will not be covered up by the stamp or otherwise obscured or concealed. The name of the port and the number of the entry for duty instead of being printed, may be written in on the label or imprinted with a rubber stamp.

15. The packing and stamping must be done in accordance with the provisions of the Inland Revenue Act.

16. The Inland Revenue Act also provides that "tobacco and cigars intended for removal in bond to another port or place within the Dominion of Canada, may be removed to such other port under regulations to be established by the Governor in Council," and which regulations are as follows:—

(a.) That the tobacco or cigars must be consigned to the order of the Collector of Customs at the port to which the goods are bonded.

(b.) A removal bond to be taken by the owner or importer by the Collector of Customs for double the Customs duty accruing on the goods so removed, and the bond shall be conditioned for the delivery of the goods into the possession of the Collector of Customs to whom consigned.

(c.) This bond will be cancelled by the certificate of the Collector of Customs at the port to which the goods are consigned, certifying that they have been received by him and re-warehoused, and that a bond has been duly executed and that the goods shall be re-packed into packages similar to like articles when manufactured in Canada and duly stamped or entered for exportation or destruction.

17. The following recipes for cheap and practical paste and varnish, which have been fully tested, are prescribed for use:—

For paste—Dissolve one pound of gum arabic in one and three-fourth pints of boiling water, add from two

to four ounces of acetic acid, and keep it corked when not in use. Apply evenly to the stamp or notice and press it firmly upon the wood or other material of which the package is composed.

For varnish—Place in a bottle of sufficient size, one-half pound of bleached gum shellac, broken fine, and add strong alcohol. Shake occasionally until entirely dissolve, and keep it corked to prevent evaporation. Should the varnish at any time become too thick, add a small quantity of alcohol.

ARTICLE 5.

FOR SALE OF MANUFACTURED TOBACCO AND CIGAR.—SIZE AND FORM OF PACKAGES

1. The sale of tobacco can only be made by manufacturers in whole packages, each package bearing a stamp properly affixed and cancelled (or when entered for exportation, the packages containing the same, properly branded,) and the package itself being according to the description and limitation prescribed in the "Inland Revenue Act, 1883," and no other.

2. Dealers in manufactured tobacco must also sell whole packages, each package bearing the properly cancelled stamp, except that retail dealers are permitted to sell plug tobacco at retail, from half caddies, caddies, half boxes or boxes, fine cut chewing tobacco from five and ten pound packages, and snuff from five, ten and twenty pound packages, legally stamped, marked and labelled and put up as prescribed by law. With the exception of snuff which at times may require to be dampened, the dealers must not withdraw the goods from the stamped package until actually offered for sale.

3. The stamp upon the package from which he is retailing goods is *prima facie* evidence that the duty on such goods has been paid. The absence of such stamp is *prima facie* evidence of the non-payment of the duty. Dealers in manufactured tobacco will not be allowed to cut a package in two and to sell the divided portions of the package, nor to retail tobacco therefrom.

4. The law provides that all cigars shall be packed in boxes not before used for that purpose, containing definite and limited numbers, and positively prohibits the sale in any other form except by retail dealers. Retail dealers are allowed to retail cigars from boxes packed, stamped and branded in the manner prescribed by law; but this provision does not authorize or warrant the practice of retailing cigars from show cases. Sales can legally be made only from the stamped package in which originally put up and excised.

5. Manufacturers of cigars can only sell original and unbroken packages from their manufactory premises.

6. Collectors of Inland Revenue are hereby instructed to divide their Divisions into surveys under the charge of such officers as they, or the Inspecting Officer of Inland Revenue, may designate. It shall be the duty of these surveying officers to visit all places where manufactured tobacco or cigars are stored or kept, or where it is exposed for sale, and ascertain if the law is being strictly complied with in respect of the stamping, branding, cancelling and sale of tobacco and cigars, and to take such action as the law directs in case of discovery of any infraction of the law.

ARTICLE 6.

FOR USING WOOD, METAL, PAPER OR OTHER MATERIAL FOR PACKING TOBACCO OR CIGARS.

1. Any manufacturer of tobacco or cigars, wishing to avail himself of the privilege which the law authorizes of substituting for the wooden box now used for packing cigars, or for packing fine-cut chewing, cavendish, plug, snuff, or twist tobacco, packages made of other material, will be required to submit to the Commissioner of Inland Revenue samples of such packages for his approval, and if the same are of such a character as to admit of the proper marks, brands, labels, &c., being applied to them, and the stamps to be securely and permanently attached, and properly cancelled, permission may be issued granting their use.

2. All sample packages forwarded to the Commissioner for his approval must be accompanied by a statement, setting forth the materials of which the packages are made, the description of goods intended to be packed therein, and the capacity of the package, in pounds, if intended for tobacco, and if intended for cigars, the number of cigars to be packed in each, and showing also, by samples, the mode in which the marks, brands, labels, and stamps may be put upon the packages, and the law in those respects fully complied with.

ARTICLE 7.

STAMPING TOBACCO OR CIGARS, ABANDONED, CONDEMNED OR FORFEITED, WHEN SOLD FOR THE BENEFIT OF THE DOMINION OF CANADA.

1. All tobacco and cigars, whether imported or of domestic manufacture, sold by any officer of the Government for the benefit of the Dominion of Canada, must, before being delivered, have affixed to the packages containing the same the proper Inland Revenue or Customs stamps, denoting the duty thereon, and such stamps shall only be used for this purpose upon the whole circumstances of the intended sale being reported to the proper Department, and the necessary permission being obtained to use the same.

2. When abandoned, condemned, or forfeited tobacco or cigars are offered for sale, if such goods will not bring a price equal to the duty thereon, then the law forbids the sale to be made for consumption in the Dominion of Canada. Such goods may, however, be sold for immediate export to a foreign country, and be covered by the ordinary exportation brand.

DESTRUCTION OF ABANDONED, CONDEMNED OR FORFEITED TOBACCO OR CIGARS.

3. Abandoned, condemned or forfeited tobacco or cigars may be destroyed by order of the Commissioner whenever it will not sell for an amount equal to the duty due and payable thereon.

4. Collectors of Inland Revenue or Customs having such goods in their custody which have been offered for sale, and have been unable to realise the amount equal to the duty thereon, and who desire permission to destroy the same, will make application therefor to the Commissioner.

5. In making such application they will give a complete history of the goods, also the kind, quantity, their present condition, and what efforts have been made to sell them, and if it shall appear to the Commissioner to be the interest of the Government that the goods shall be destroyed he will give an order for such destruction.

ARTICLE 8.

FOR THE RE-WORKING OF TOBACCO.

1. Before any tobacco can be re-worked twenty four hours' notice must be given by the manufacturer to, and special permission must be obtained therefor from, the Collector of Inland Revenue of the Division where the manufactory is situated.

2. The manufacturer, in making application for permission to re-work tobacco, must give full particulars as to the quantity and description of the tobacco to be re-worked, stating whether the tobacco is of his own manufacture or the product of another manufactory, and if the latter, the name of the manufacturer. He will also state the reason for desiring permission to re-work the tobacco in question.

3. The tobacco when taken for re-working shall be so credited on Stock Book No. 2 (and an entry ex-warehouse passed on the form provided for that purpose when taken from the bonding warehouse), and the quantity carried to Dr. of daily record, and treated as raw material, the product of which will be accounted for as manufactured tobacco, in the usual manner, and stamped and treated as tobacco the original product of the leaf.

4. When the tobacco to be re-worked has paid duty, the stamps upon the packages must be destroyed in the presence of two officers of Inland

Revenue, one of whom shall be the officer in charge of the manufactory, and the other an officer detailed therefor by the Collector of the Division, and these officers shall keep a record of, and shall furnish the collector with a duplicate certificate showing the numbers on each stamp, the weight of tobacco contained in each package covered thereby, and the registered number of the manufactory (or, if manufactured prior to 1st July, 1883, the name or license number of the manufacturer), where manufactured or put up.

5. When the bonded tobacco to be re-worked has been stamped under the provisions of previous Acts, the stamps on the packages are to be removed and destroyed under the same regulations as are herein provided when the tobacco to be re-worked had paid duty.

6. The Collector of Inland Revenue will compare the numbers of these stamps and the weights thereon, with the record of stamps issued, kept in his office; and if the stamps have been issued in another Division, shall forward to the collector of that Division a detailed statement of the number and weight on each stamp so destroyed, as well as the number of the manufactory where (or the name of the manufacturer by whom) the tobacco was originally put up. The collector so receiving same shall compare this statement with his register of stamps issued to such manufacturer or manufacturers as are mentioned therein, and shall at once return said statement to the collector from whom received, with a certificate as to its correctness or otherwise.

7. So soon as the stamps have been taken an account of and destroyed, the packages are to be also destroyed, and the tobacco contained therein broken up and steamed or treated in such a way that it cannot be removed from factory for sale without being re-worked.

8. No rebate will be allowed or paid when the stamps on the packages containing tobacco have not been taken an account of and the said stamps destroyed in the presence of the officers herein mentioned, nor when the record of stamps destroyed does not accord with the stamp book of the collector by whom issued.

9. When the tobacco to be re-worked has paid duty a rebate of seven cents per pound on the quantity of tobacco entered for re-manufacture will be allowed the manufacturer, and will be paid by the Department upon receipt of a sworn statement from the manufacturer, that the tobacco so taken has been re-worked and entered to the debit of Stock Book No. 2 as produced, accompanied by the certificate of the officer in charge of the manufactory, that the stamps and the packages were destroyed in his presence, and that the tobacco was broken up and steamed, or so treated, that it could not be removed from the manufactory for sale without being re-worked, and which certificate must be countersigned by the collector of the Division.

10. No fee for supervision will be charged when the bonded tobacco re-worked is the product of the manufactory where the operation is to be carried on; or where plug tobacco is merely taken from the caddy to rub or wipe the plugs. In the latter case, however, the operation must be carried on under the supervision of the officer in charge and to the satisfaction of the Collector.

11. The re-working of the product of Canadian raw leaf tobacco is not permitted.

12. Imported tobacco can only be re-worked duty paid.

13. Whenever it becomes necessary to re-work or re-manufacture cigars, special permission may be obtained therefor from the Commissioner of Inland Revenue. The re-working or re-manufacturing to be governed by such regulations and restrictions as may be prescribed by him.

ARTICLE 9.

MARKING OR BRANDING CIGAR BOXES.

1. The law provides that there shall be burned, stamped, indented or impressed into every box containing cigars in a legible and durable manner, the

registered number of the factory, the number of the Inland Revenue Division in which the factory is situated and the number of cigars contained in each box. The number of cigars contained in each box may, however, if desired, be stencilled on the surface of the wood or other material of which the package is made, but the registered number of the factory, and the number of the Inland Revenue Division must be burned, stamped, indented or impressed into every box as required by law.

2. Empty cigar boxes which may have become broken or otherwise rendered unfit for use, may be destroyed in the presence of the officer in charge of the manufactory and credit taken therefor in daily record.

REGISTRATION OF CIGAR MAKERS.

3. The requirements of the Act in respect of the registration of cigar makers will not be enforced at present.

CIGAR SAMPLES.

In addition to the provision of the Act in respect of sample boxes of cigars, the following regulations are hereby prescribed:—

4. A manufacturer of cigars may be permitted to take from the warehouse, under permit from the collector in such case, one package containing not more than one hundred cigars of each brand manufactured by him. These packages to remain on the factory premises unstamped, for the sole purpose of exhibiting the contents to his customers, and when required for consumption, the regular ex-warehouse entry to be passed therefor, the duty paid, and the packages stamped as if just taken from the warehouse.

5. A manufacturer removing any of these packages without the ex-warehouse entry being passed, the duty paid, and the packages regularly stamped, branded and labelled, will be deemed to have illegally abstracted the same from warehouse, and will render himself liable to the penalties imposed in the Act for such offence. The goods although in the possession of the manufacturer, will be considered as still in the warehouse and treated as such until the ex-warehouse entry is passed. The officer delivering such packages of cigars on permit will keep a record of the number and capacity of packages so delivered and will mark such packages so that they can be afterwards identified by him.

6. Should any cigar manufacturer abuse the privilege hereby granted to him, by taking from the warehouse a greater number of packages than are deemed necessary by the Inspector of Tobacco, the Department reserves the right to withdraw from such manufacturer the privilege now granted to all.

ARTICLE 10.

CUTTING MACHINES.

1. No person not having a license to manufacture tobacco or cigars shall be permitted to use, nor (without having notified the Collector of Inland Revenue thereof in writing) to have in possession any machine for the purpose of cutting tobacco. Except that persons dealing in manufactured tobacco at retail may, upon signing a declaration that such machine will be used solely for cutting duty paid "plug" or "cavendish" tobacco for immediate sale thereof to their customers, receive a permit to use the same during the pleasure of the Minister of Inland Revenue, but the said dealers will not be allowed to keep on hand any tobacco so cut, the cutting machine only to be used for cutting tobacco at the request of the customer, and for immediate delivery to him.

2. All persons (other than those hereinbefore excepted) having in their possession any tobacco-cutting machine, are required to notify the Collector of Inland Revenue of the same, and it shall be the duty of the said Collector to cause the same to be fastened or sealed as to render it incapable of being used without removal of the said seal.

3. All tobacco-cutting machines found in possession of any person other than those hereinbefore mentioned, or in the possession of a private individual not dealing in tobacco and using the same for cutting tobacco for his own use (and which machine must not be a rotary cutting machine) are forfeited and may be seized and removed by any officer of Inland Revenue

ARTICLE 11.—ASSESSMENT FOR DEFICIENCIES.

TOBACCO.

1. Section 258 of the "Inland Revenue Act, 1883," provides that the deficiency in any tobacco manufactory shall not at any time exceed six per cent.

CIGARS.

2. Section 259 provides that at least one thousand cigars shall be produced from each and every twenty-five pounds of unstemmed raw leaf, scraps, cuttings, or other material taken for use in a cigar manufactory. Allowance will be made for leaf tobacco sold or returned, or for cuttings and clippings when they are of such a character that they may be made into cigars, or are sold or removed for that purpose. No allowance will be made for stems, or for ordinary scraps and waste incidental to the business. In the making of finer grades of cigars, particularly of Havana tobacco, manufacturers often use only the best portion of the leaf and sell the balance to be used as filling for a lower or cheaper grade of cigars. In such cases an allowance will be made for such stock when sold or removed.

3. The annual stock statements have been prepared so that officers can readily understand the mode upon which the production is ascertained.

4. The Commissioner of Inland Revenue is empowered by Section 263 of the Act to make an assessment, and to order the collection from the manufacturer of the duty at the highest rate chargeable on the tobacco or cigars produced in the manufactory where the deficiency is found to exist.

ARTICLE 12.

ADDITIONAL FORFEITURE.

1. Any package containing tobacco or cigars which is proven not to have been made by the manufacturer whose name or factory number is marked or branded thereon, shall, with the contents thereof, be seized, and shall be and remain forfeited to the Crown.

ARTICLE 13.

REPEAL OF FORMER REGULATIONS.

1. All Departmental Regulations and Orders in Council in respect of Tobacco and Cigars issued or established under authority of previous Acts (excepting only a certain order of His Excellency in Council, dated on the 5th day of October, 1880, the special privileges conferred by which are continued during the pleasure of the Minister of Inland Revenue) are hereby cancelled.

Justice du Canada. } parlement du Canada
passé dans la session tenue la 35e année de notre règne, et intitulé "Acte concernant la quarantaine," il est entre autre choses en substance statué, que le gouverneur en conseil pourra de temps en temps faire tels règlements qu'il jugera expédients pour se mettre en accord avec toutes les conditions imposées par le dit acte, concernant l'entrée et le départ des navires aux différents ports du Canada, et concernant le débarquement des passagers ou des cargaisons pour tels navires, ou l'embarquement des passagers ou cargaisons, et établir les règles que l'on croira les plus propres à préserver la santé publique, et à assurer la parfaite exécution des règlements de la quarantaine par les navires au sujet des passagers, des marchandises ou effets arrivant à un port du Canada ou dans son voisinage, auquel il jugera qu'afin d'assurer la préservation de la santé publique, tels

règlements devront être appliqués, et dans le but de bien purifier et désinfecter tels navires ou passagers, marchandises ou effets de manière à prévenir autant que possible, l'introduction ou dissémination de la maladie dans le Canada; que le gouverneur en conseil peut nommer ou déplacer tels officiers qu'il jugera nécessaire pour cette besogne, et qu'il pourra leur assigner respectivement tels pouvoirs qu'il jugera nécessaires afin d'exécuter ces règlements; qu'il pourra de temps en temps, révoquer ou amender les dits règlements ou une partie seulement, en faire d'autres à la place, et imposer des pénalités, confiscations et punitions pour contravention à ces règlements; et tels règlements seront rendus publics par proclamation publiée dans la *Gazette du Canada*, au moins deux fois; et la production des exemplaires de la *Gazette* contenant telle proclamation, sera la preuve de la passation, de la date et du contenu de tels règlements; et de plus que tels règlements auront force de loi durant tout le temps qu'ils ne seront pas révoqués, à moins que la période pendant laquelle ils doivent être en vigueur soit expressément définie pour un certain temps, certaines époques ou certaines saisons, dans tels cas ils auront force de loi, pendant le temps et aux époques et saisons pendant lesquelles ou pour lesquelles ils auront été établis et devront être en force; et que toute personne enfreignant tels règlements, sera tenue coupable de délit et poursuivie pour telle offense, punissable par l'amende ou l'emprisonnement, ou les deux à la fois comme le juge le décidera, ou telle personne pourra être poursuivie d'une autre manière pour les pénalités contenues dans tels règlements.

Et attendu qu'il a plu à notre gouverneur en conseil, aujourd'hui, de faire, sous l'autorité de l'acte en partie cité plus haut et en conformité avec ses clauses, certains règlements comme suit, savoir:

1. Que tous les vaisseaux venant de la mer Méditerranée, ou ayant navigué sur la dite mer seront censés venir d'un port infecté et réputés pouvant introduire dans le Canada le choléra ou toute autre maladie contagieuse, ou air corrompu dangereux pour la santé publique.

2. Le fait que tel navire ou vaisseau viendra de la mer Méditerranée ou aura navigué sur la dite mer le soumettra à l'application des règlements de la quarantaine en vigueur pour les ports de Québec, Saint-Jean, Halifax, Pictou et Charlottetown, et aux règlements de la quarantaine en vigueur dans les autres ports de la Confédération.

3. Le surintendant médical des établissements réguliers de quarantaine établis en vertu des règlements en premier lieu mentionnés, et le percepteur des douanes de chaque port en Canada, à l'exception des stations régulières de quarantaine citées plus haut, devront appliquer les règlements définissant leurs devoirs à chaque navire ou navires venant de la mer Méditerranée ou ayant navigué sur ses eaux, traitant ces navires *ipso facto*, comme s'il était reconstruit qu'ils appartiennent à la classe des navires que les surintendants médicaux et les percepteurs des douanes ont l'ordre de visiter et auxquels ils ont droit d'imposer des conditions dans un but de quarantaine.

SACHEZ maintenant que Nous commandons et enjoignons à tous nos bien-aimés sujets de prendre connaissance de ces règlements tels que plus haut cités, de les observer et de se conduire en conséquence.

ORDRES EN CONSEIL.

HOTEL DU GOUVERNEMENT, OTTAWA.

Jeudi, 28 juin 1883.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL
EN CONSEIL.

SUR la recommandation de l'honorable ministre du revenu de l'intérieur, et en vertu des dispositions de l'acte 46 Victoria chapitre 15,

Il a plu à Son Excellence le gouverneur général, par et de l'avis du Conseil Privé de la Reine pour le Canada, d'ordonner, et il est par le présent ordonné, que les Règlements suivants relatifs au Tabac et Cigares, et aux Manufactures de tabac et de cigares, devant entrer en vigueur dès et après le 1er jour de juillet 1883, soient et ils sont par le présent adoptés :—

ARTICLE I. MATIÈRE PREMIÈRE.

COMMENT TRAITER LE TABAC EN FEUILLES, LES DÉCHETS, LES ROGNURES, LES TIGES, LA RÉGLISSE OU AUTRES MATIÈRES, APPORTÉS, PRODUITS OU EMPLOYÉS DANS UNE MANUFACTURE DE TABAC OU DE CIGARES, OU QUI SONT SORTIS DE LA DITE MANUFACTURE.

1. Aussitôt que du tabac ou toute autre matière première est reçu à la manufacture, la quantité en

sera vérifiée par le fabricant, sous le surveillance immédiate de l'officier préposé, dont la devoir sera de s'assurer de l'exactitude de tous les poids, et quand il en sera requis par le fabricant, de constater la déduction à faire pour l'eau.

2. Le tabac étalon, tel que défini par l'Acte, est celui qui contient 10 pour cent d'eau, mais le département n'a pas l'intention de s'arrêter à une différence d'un ou de deux pour cent en plus ou en moins.

3. Cependant, quand il y a un excès d'eau évident au delà de la proportion ci-dessus mentionnée, c'est-à-dire 10 pour cent, le fabricant peut, s'il le désire, faire constater l'excès, et si cet excès atteint ou dépasse 12 pour cent, le surplus au-dessus de 10 pour cent doit être déduit du poids total. En d'autres termes, quand le tabac sera trop imprégné d'eau, on déduira 10 pour cent de son poids et on ne tiendra pas compte de la différence en plus.

4. Tout échantillon pris en vue du constater la proportion d'eau qu'il contient sera fourni gratis par le fabricant ou le propriétaire.

5. Il n'est pas nécessaire de prendre des échantillons de chaque paquet ou colis. Quand, après un examen attentif de deux paquets ou plus, l'officier considère que le lot est à peu près uniforme en ce qui regarde la quantité d'eau, il peut choisir un échantillon pour représenter le lot. Le département désire que le fabricant subisse la moindre perte possible de la constatation de la quantité d'eau contenue dans son tabac ; et chaque fois qu'un fabricant est convaincu que le tabac en feuilles ou tout autre tabac non fabriqué apporté à sa manufacture en aucun temps n'est ni au-dessus ni au-dessous de l'étalon, il peut consigner dans ses livres son poids réel sans faire examiner aucun échantillon, mais dans ce cas ce poids sera considéré comme étant le poids étalon et il ne sera fait par la suite aucune remise si la production de la manufacture est au-dessous de l'étalon fixé par la loi.

6. Tous tiges, déchets, rognures, débris, ou rebuts de tabac produits, employés, enlevés ou détruits dans ou de toute manufacture de tabac ou de cigares seront entrés en livres étalon.

7. Tous tabacs en feuilles, tiges, déchets, rognures, débris, rebuts, et tout tabac en voie de fabrication à l'époque où l'inventaire se fera seront marqués en livres étalon, et dans ces cas-là on aura soin que les échantillons choisis pour le séchage représentent bien la moyenne d'humidité de chacun des lots où on les aura pris.

8. Chaque fois qu'il sera nécessaire de constater la quantité d'eau qu'ils contiennent, les échantillons devront être choisis avec soin, de façon à donner une idée aussi exacte que possible de l'ensemble des lots. Ces échantillons devront peser chacun d'un quarteron à une demi-livre ; on les pèsera soigneusement aussitôt qu'ils auront été pris sur le lot, et on ne devra les y prendre qu'au moment le plus rapproché possible du pesage du lot. On les séchera ensuite soigneusement dans les fourneaux qui ont déjà été ou seront bientôt expédiés aux principaux bureaux. La différence de poids avant et après le séchage représentera la quantité d'eau contenue dans le tabac.

9. Les bureaux les plus importants seront pourvus de balances spéciales qui indiqueront sur le fléau la proportion d'eau au-dessus de l'étalon, ce qui dispensera de bien des calculs.

La balance est construite de telle façon qu'après avoir contrebalancé le poids du plateau de dessiccation au moyen de plomb de chasse versé dans le vaisseau de contrepoids vous pouvez peser un échantillon d'un quart de livre, d'une demi-livre ou d'une livre, selon que vous aurez arrangé le poids curseur pour peser l'un ou l'autre, en ayant soin de placer le poids curseur à 100 lorsque vous peser avant que le tabac soit séché ; après la dessiccation la place que prendra le poids curseur sur le fléau pour contrebalancer l'échantillon indiquera sur l'échelle inférieure du fléau le pour cent d'eau de l'échantillon.

10. L'officier préposé à la surveillance d'une manufacture de tabac ou de cigares tiendra registre du poids de tous les paquets de tabac en feuilles ou d'autres matières premières qui entreront dans la manufacture. Le département fournira un livre à cette fin.

11. Tous les paquets ou colis de matières premières reçues dans la manufacture seront numérotés consécutivement, en commençant par le numéro un le premier de juillet de chaque année.
12. Une étiquette sera mise sur chaque paquet, et indiquera la date de son entreposement, le numéro de série du paquet, son poids brut, la tare, et le poids net et réel du tabac ou de toute autre matière première y contenue, et, s'il s'agit de tabac en feuilles, de déchets et de rognures, de tiges et d'autres produits non manufacturés du tabac en feuilles, le pourcentage d'eau et le nombre de livres étalon de tabac y contenus. Pour raison d'uniformité, l'étiquette dont on se servira jusqu'à nouvel ordre du département, se lira comme suit, et le département la délivrera sur demande :—

- On ne remplira pas le blanc des deux dernières lignes s'il s'agit de réglissé, de sucre, de gomme ou de matières premières autres que le tabac en feuilles, ses rognures, ou ses autres produits, vu qu'il ne peut être question de la quantité d'eau que ces articles peuvent contenir.
13. Tout tabac en feuilles ou autres matières, sur réception et aussitôt qu'on en aura fait un état, seront placés dans l'entrepôt destiné à cette fin et fermé avec un cadenas officiel, dont la clef demeurera entre les mains du préposé.
14. Le tabac en feuilles et les autres matières premières seront remis aux fabricants de tabac et de cigares en telles quantités qu'ils auront besoin d'employer; comme ils peuvent avoir accès dans l'entrepôt tous les jours, si c'est nécessaire, et prendre du tabac d'autant de colis qu'ils désireront comme s'il était sous leur contrôle exclusif, il est inutile d'en emporter en plus grande quantité que les besoins de chaque jour n'en requièrent. Si on prend des colis complets pour emploi, on devra les déclarer à la sortie de l'entrepôt selon le poids marqué sur eux à leur entrée.
- (a.) Si, dans l'opinion du département, une manufacture de tabac ou de cigares ne possède pas les commodités nécessaires pour emmagasiner tout le tabac en feuilles et les autres matières premières dans la pièce fermée à clef désignée pour cette fin sans causer trop d'ennuis au fabricant, le percepteur peut permettre qu'on emmagasine telle quantité qu'il jugera convenable dans d'autres parties de la manufacture; et dans ce cas le fabricant mettra sur chaque paquet ou colis non destiné à être employé prochainement une carte rouge de pas moins de quatre pouces carrés sur laquelle les mots "En Entrepôt" seront imprimés en lettres hautes de pas moins d'un pouce; et l'enlèvement de cette carte ou de partie du contenu de tel colis avant que le poids de ce colis ait été porté au débit du "journal" comme "pris pour usage" sera considéré comme un enlèvement illégal de marchandises d'un entrepôt et rendra le fabricant passible des pénalités fixées par la loi.
- (b) Quand le contenu d'un colis est pris pour usage en différentes fois, la dernière déclaration devra faire concorder le total avec la quantité entreposée originellement et marquée sur ce colis.
- (c) Il sera permis à un fabricant de prendre des colis entiers ou telle portion d'iceux qu'il aura besoin

- d'employer, mais s'il devient évident en aucun temps que ses déclarations couvrent des quantités qui dépassent les bornes de son commerce, le percepteur demandera au département des instructions particulières.
15. Toutes les tiges se trouvant dans toute manufacture de tabac ou de cigares, à moins d'être utilisées, ou qu'on ait l'intention de les utiliser immédiatement dans la manufacture, ou gardées par le fabricant dans le but de les exporter, devront être pesées pas moins souvent qu'une fois par mois et détruites ou mises sous clef de la manière ci-après indiquée.
- Les tiges, déchets, rognures et débris produits dans une manufacture de tabac ou de cigares chargés de nouveau au fonds et portés au débit du Magasinier (Stock Book) No. 1, à moins d'être détruits ou enlevés, ou qu'on déclare vouloir les utiliser immédiatement, devront être placés dans un entrepôt de tabac brut en feuille.
16. On les détruira par le feu, mais un autre moyen pourra être autorisé spécialement. Le département pourra autoriser les percepteurs du revenu de l'intérieur à fournir aux jardiniers connus de petites quantités de tiges devant servir uniquement à des fins horticoles. La quantité à être fournie et les garanties à prendre pour que ces tiges ne soient pas détournées de leur destination sont laissées à la discrétion du percepteur, qui en fera un rapport détaillé au département tous les mois.
17. Les tiges, déchets, rognures et débris, avant d'être déclarés pour transport ou destruction, seront portés au débit du Magasinier No 1.
18. Le tabac en feuilles qui aura été entré dans le "Journal" d'un fabricant de tabac ou de cigares comme pris pour emploi, ne pourra ensuite être enlevé de la manufacture à l'état brut, à moins d'une permission spéciale obtenue dans chaque cas du percepteur.
19. Le tabac en feuilles, quand on le retirera d'une manufacture de tabac ou de cigares, devra être déclaré en livres étalon.
20. En faisant l'inventaire du tabac et des matières premières mis sous cadenas officiel, il ne sera pas nécessaire de peser chacun des colis en entrepôt, mais seulement un nombre suffisant pour faire voir au préposé que les colis sont tels que l'étiquette l'indique.
- Quand le tabac n'est pas sous cadenas officiel, chaque colis sera soigneusement pesé.
21. Les aromates reçus dans une manufacture de tabac ou de cigares ne seront pas examinés par le préposé, mais le fabricant devra enregistrer leur poids comme dans le cas des autres matières premières.
- DE LA VENTE EN BLOC, PAR UN FABRICANT A UN AUTRE, DES DÉCHETS, ROGNURES, TIGES ET BALAYURES DE TABAC.
22. Chaque fois qu'un fabricant de tabac ou de cigares désirera vendre ses rebuts, déchets, rognures, tiges et balayures de tabac, en bloc et comme matière première, à un autre fabricant de tabac ou de cigares, pour être façonnés ou manufacturés, il lui est loisible de le faire aux conditions suivantes, savoir :—
- (a). La mutation devra être faite en entrepôt, et les marchandises consignées à l'ordre du percepteur du revenu de l'intérieur de la division à laquelle les marchandises sont ainsi consignées, de la même manière que pour les articles manufacturés.
- (b) Les colis contenant les marchandises seront numérotés consécutivement et porteront chacun le chiffre du poids brut, de la tare, du poids net, et celui du poids étalon du tabac non manufacturé y contenu, plus le numéro de registre de la manufacture, le numéro de la déclaration d'entreposement, la date, et le numéro de la division du revenu de l'intérieur.
- (c). Personne autre que les fabricants de tabac et de cigares n'aura la permission soit d'acheter soit de vendre cette qualité de tabac, à moins qu'il ne soit emballé, estampillé et n'ait acquitté les droits fixés par la loi.
23. Quand un fabricant de tabac ou de cigares désire vendre ses rebuts, déchets, rognures, tiges ou balayures de tabac pour l'exportation dans un pays étranger, il devra faire sa déclaration d'entreposement

pour exportation de la même manière et sous l'empire des mêmes règlements qui gouvernent l'expédition et l'exportation des articles manufacturés.

24. Les fabricants de cigares ne pourront faire de petits paquets de rognures pour la consommation.

DE LA MUTATION DE LA FLEUR DE TABAC EN POUDRE ET DES DÉCHETS DU TABAC À CHIQUER HACHÉ FIN D'UNE MANUFACTURE À UNE AUTRE.

25. La fleur de tabac en poudre non préparée pour être utilisée, mais qui aura besoin de passer par quelque autre procédé, en la tamisant, marinant, aromatisant, ou autrement, avant qu'elle ne soit en état d'être employée ou consommée, pourra être vendue directement par un fabricant de tabac à un autre conformément aux règlements suivants :—

(a.) La fleur de tabac en poudre sera mise en colis, et ces colis seront numérotés consécutivement et porteront l'indication de leurs poids brut, tare, et poids net, et de plus le numéro de registre de la manufacture d'où ils sont retirés, le numéro de la déclaration d'entreposement, la date, et le numéro de la division du revenu de l'intérieur.

(b.) La fleur de tabac en poudre ira d'une manufacture à une autre en entrepôt, les déclarations d'entreposement et de sortie et l'obligation de sortie nécessaires devant être faites et données comme dans le cas des autres mutations d'entrepôt.

26. Les déchets du tabac à chiquer fin peuvent être vendus en bloc comme les rognures, débris, etc., par un fabricant de tabac à un autre ; mais s'ils sont mis en paquets pour la vente ou la consommation, ces paquets devront contenir un vingtième, un seizième, un dixième, un huitième, un cinquième, un quart de livre, ou une demi-livre chacun, et être estampillés comme les autres petits paquets de tabac. La loi n'autorise pas l'emballage des déchets de tabac à chiquer fin par cinq ou dix livres comme pour le tabac à chiquer fin lui-même.

27. Les déchets de tabac à chiquer fin peuvent être vendus en bloc par un fabricant de tabac à un autre, conformément aux règlements qui suivent :—

(v) Ils seront mis en paquets, qui seront numérotés consécutivement et indiqueront leurs poids brut, tare et poids net (ce dernier en livres réelles et en livres étalon), et de plus le numéro de registre de la manufacture où ils auront été préparés ou dont ils auront été retirés, le numéro de la déclaration d'entreposement, la date, et le numéro de la division du revenu de l'intérieur.

(b.) Les déchets de tabac à chiquer fin, de même que la fleur de tabac à priser, sortiront d'une manufacture pour une autre en entrepôt.

28. Sur réception de la fleur de tabac en poudre ou des déchets de tabac à chiquer fin dans la manufacture où ils seront consignés, on les mettra dans l'entrepôt du tabac en feuilles, et on les délivrera au fabricant en telles quantités dont il aura besoin pour les utiliser.

29. La fleur de tabac en poudre et les déchets de tabac à chiquer fin, après la déclaration de la sortie en vue de leur préparation dans une autre manufacture de tabac licenciée, seront traités dans tous les livres comme matières premières, et comme ces opérations ne seront probablement pas assez importantes pour qu'il faille surcharger les livres de colonnes particulières à leur sujet, on les y traitera de la manière suivante dans les cas de sortie, savoir :—

(a.) Les inscriptions se feront en encre rouge.

(b.) La date de leur production se fera dans la colonne 23 du "Journal"; quand ils seront "débités au fonds" et "sortis de la manufacture," on consignera la date dans les colonnes 10 et 26 du Magasinier No 1 respectivement.

(c.) Dans la manufacture où ils seront reçus, on indiquera aux colonnes 9 et 25 du Magasinier No 1 respectivement quand "apportés" et quand "pris pour préparation," et aussi quand "pris pour préparation" dans la colonne 7 du Journal.

(d.) Les explications seront consignées dans les colonnes 2 et 19 du Magasinier No 1 et les colonnes 2 et 15 du Journal.

(e.) Les totaux relatifs aux déchets de tabac à chiquer fin et de la fleur de tabac à priser seront écrits à l'encre rouge, et distincts et séparés des totaux des débris, rognures et rebuts, tel qu'indiqués aux colonnes ci-haut mentionnées.

ÉCHANTILLONS DE TABAC EN FEUILLES.

30. Comme on semble ne pas parfaitement comprendre comment il faut traiter les petites quantités de tabac en feuilles importées comme échantillons, et sur lesquelles le département ne peut percevoir de droits, les règlements suivants sont faits pour l'usage des officiers de douane des ports où ces échantillons sont importés.

(a) Ces échantillons devront être entreposés dans un entrepôt de douane de la même manière que tout autre tabac en feuilles importé.

(b) La sortie de ces échantillons de l'entrepôt de douane en quantités n'excédant pas cent cinquante livres à la fois pourra être autorisée sur exécution d'une obligation de sortie donnée au percepteur des douanes par les personnes qui veulent retirer le tabac, et du cautionnement d'un franc-tenancier résident, ou d'une autre personne solvable résidant à ou près du port où l'obligation est donnée. Chaque paquet ou échantillon séparé sera soigneusement scellé et estampillé afin de pouvoir être identifié.

(c) La déclaration de sortie constatera exactement la quantité, la nature et la qualité du tabac à être retiré, telles que connues dans le commerce, y compris tous les détails nécessaires pour reconnaître l'identité des divers échantillons ou paquets.

(d) Le percepteur des douanes inscrira sur le dos de chaque papier de sortie la date à laquelle expirera l'obligation de sortie, et y mentionnera que le porteur est autorisé à emporter avec lui le tabac y désigné dans le but de l'exhiber à ses clients.

(e) Les conditions de l'obligation seront que, dans un temps spécifié, le tabac devra être livré à un fabricant de tabac ou de cigares licencié et entré dans ses livres, ou qu'il sera exporté.

(f) L'obligation ne sera annulée que sur la production d'un certificat d'un officier d'accise à l'effet que le tabac a été entré dans les livres d'un fabricant de tabac ou de cigares licencié, ou d'un certificat d'un officier de douane à l'effet que le tabac a été exporté, et cela dans les délais fixés.

(g) Outre ce certificat, dans le cas d'exportation, tous les règlements d'entreposement en vigueur relativement à l'exportation des marchandises en douane devront être obéis avant que l'obligation soit annulée.

(h.) Chaque fois que l'obligation ne sera pas annulée de la manière ci-dessus, et dans les délais y fixés, il sera du devoir du percepteur des douanes devant qui elle aura été donnée de requérir des personnes en cause le paiement immédiat de l'amende consentie dans l'obligation, laquelle, en conformité de la section 304 de l'Acte du Revenu de l'Intérieur de 1883, sera d'une somme égale à 30 centins par livre du tabac qui y est mentionné.

(i.) Lorsque des échantillons sont colportés par le commis-voyageur d'une personne ayant licence pour entreposer du tabac en feuilles sous l'autorité de l'Acte du Revenu de l'Intérieur, un état exact de ces échantillons sera dressé par le préposé de l'accise et entré dans les livres de l'entreposeur, et les mêmes moyens seront pris pour constater leur identité que dans le cas des échantillons qui viennent d'être importés.

(j.) Il sera exécuté à leur sujet une obligation de la même nature que pour les échantillons qui viennent d'être importés ; avec cette différence qu'au lieu de renfermer l'alternative de l'exportation, les conditions exigeront leur retour à l'entrepôt de l'entreposeur licencié, qui consignera le fait dans ses livres.

(k.) Chaque fois qu'il le voudra, l'importateur pourra payer un droit de vingt centins par livre sur les échantillons de tabac en feuilles et y faire apposer l'estampille spéciale des échantillons de tabac en feuilles pourvue à cette fin, et emporter et exhiber ses échantillons sans être tenu d'exécuter une obligation de sortie, d'avoir le certificat des officiers d'accise touchant leur entrée dans les livres d'un fabricant, ni à quoi que ce soit concernant l'exportation des échantillons.

(7.) Les estampilles spéciales des échantillons de tabac en feuilles seront détruites quand le tabac entrera pour être utilisé dans une manufacture de tabac ou de cigares.

ARTICLE 2.

ESTAMPILLES POUR LE TABAC.

1. Sous l'autorité de l'Acte du Revenu de l'Intérieur de 1883, des estampilles des dénominations suivantes ont été gravées, et leur usage est par les présentes prescrit, savoir :

- (a). Des bandes estampillées, en feuilles, de la dénomination d'un quarantième de livre, pour cigarettes.
 - (b). Des bandes estampillées, en feuilles, de la dénomination d'un vingtième, d'un seizième, d'un dixième, d'un huitième, d'un cinquième, d'un quart de livre et d'une demi-livre, pour paquets réguliers de tabac coupé et pulvérisé, cigarettes, déchet, côtes, rognures et balayures de tabac.
 - (c). Des bandes estampillées, en feuilles, de la dénomination de cinq et de dix livres, pour seaux, barils ou caisses de tabac à chiquer haché fin.
 - (d). Des bandes estampillées, en feuilles, de la dénomination d'une livre, pour paquets ou colis de tabac blanc en torquette.
 - (e). Des bandes estampillées, en feuilles, de la dénomination de cinq et de dix livres, pour paquets ou colis renfermant du tabac en poudre qui ne contient pas plus de quarante pour cent d'eau.
 - (f). Des bandes estampillées, en feuilles, de la dénomination de dix et de vingt livres, pour paquets ou colis de tabac en poudre contenant plus de quarante pour cent d'eau.
 - (g). Estampilles oblongues, en feuilles, de la dénomination de dix livres, pour paquets ou colis contenant du tabac cavendish, ou du tabac en tablette ou en torquette.
 - (h). Coupons estampillés, en livrets, de la dénomination de dix, quinze et vingt avec coupons d'une demi-livre, et soixante et soixante-dix avec coupons d'une livre.
2. Aucune estampille d'une dénomination moindre qu'un cinquième de livre n'a été faite pour le tabac produit par la feuille canadienne seule.
3. De devoir de tout officier qui a charge d'une manufacture de tabac ou de cigares l'oblige de veiller à ce que les paquets revêtus d'une estampille ne contiennent pas plus de tabac ou de cigares que l'estampille n'en doit couvrir, et s'il découvre en aucun temps des paquets de tabac ou de cigares portant des estampilles représentant une quantité moindre que celle qu'ils contiennent, il est de son devoir de les détenir comme confisqués et de communiquer le cas dans tous ses détails au département par le canal des percepteurs de la division.
4. Les estampilles devant servir pour le tabac qui est en tout ou en partie le produit du tabac en feuilles étranger sont de couleur noire. Celles qui servent pour le tabac manufacturé exclusivement avec le tabac en feuilles canadien sont vertes. Pour les colis du tabac importé elles sont bleues.

Pour les cigares.

5. Le commissaire du revenu de l'intérieur a fait exécuter des estampilles de cigares des dénominations suivantes pour le prélèvement des droits sur les cigares :—

- (a) Des bandes estampillées, en feuilles, pour boîtes contenant vingt-cinq, cinquante, cent et deux cents cigares chacune.
 - (b) Des bandes estampillées, en feuilles, pour boîtes d'échantillons de cigares contenant chacune vingt-cinq cigares.
 - (c) Des bandes estampillées, en feuilles, pour boîtes de cigares importés (ancienne émission, le droit portant sur la livre, comme ci-devant).
6. Les estampilles devant servir sur les boîtes contenant des cigares qui sont en tout ou en partie le produit du tabac en feuilles étranger sont de couleur noire.

Les estampilles devant servir sur les boîtes contenant des cigares qui sont le produit du tabac canadien en feuilles seul sont de couleur verte.

Les estampilles devant servir pour les paquets ou colis de cigares importés sont de couleur bleue.

Les estampilles devant servir pour les boîtes d'échantillons de cigares sont de couleur jaune et portent la lettre "F" si on les emploie pour les cigares qui proviennent du tabac en feuilles étranger, et la lettre "C" si les cigares sont manufacturés avec le tabac en feuilles canadien.

POUR TABAC CANADIEN (OU BLANC) EN TORQUETTES.

7. Les estampilles pour le tabac canadien en torquettes embrassent les dénominations d'un quart de livre, d'une demi-livre et d'une livre chacune.

8. Les estampilles de cette dénomination seront fournies aux maîtres de poste et à d'autres personnes par tout le pays, lesquels tiendront un registre des noms de ceux à qui ils vendront des estampilles, ainsi que du numéro de la licence et du numéro et de la dénomination des estampilles vendues à chacun (ayant soin de n'en vendre qu'aux porteurs de licences.) On leur fournira un livre à ces fins. Le registre des ventes en question sera en tout temps ouvert à l'inspection des officiers du revenu de l'intérieur.

9. Le tabac canadien en torquettes ne peut être manufacturé pour la vente par le cultivateur à moins qu'il n'ait pris une licence, qui lui coûte deux piastres ; et la loi inflige une forte amende à tout cultivateur qui manufacturerait pour le vendre du tabac canadien en torquettes sans avoir pris sa licence. Les percepteurs du revenu de l'intérieur et les autres officiers qui agissent au nom de ce département prendront, en conséquence, tous les moyens en leur pouvoir pour faire savoir aux cultivateurs combien il leur importe de prendre ces permis et d'estampiller le tabac canadien en torquette avant de le mettre en vente.

10. Les estampilles doivent être fixées au rôle ou rouleau en les entrelaçant avec celui-ci quand il est terminé, de façon à ce que les deux bouts de l'estampille en fassent une fois le tour et en les y assujétissant solidement avec de la gomme ou de la colle. Les rouleaux qui ont été faits avant la mise en vigueur des dispositions de cet acte peuvent recevoir l'estampille après qu'on les aura ficelés, ou autrement attachés, et enfermés dans un papier, une bande ou toute autre enveloppe qui permette d'y faire adhérer l'estampille. Dans tous les cas, l'estampille doit être apposée au moyen de bonne gomme, et chaque officier de ce département est requis, en autant que la chose est en son pouvoir, de faire comprendre aux cultivateurs qui manufacturent le tabac canadien en torquettes pour la vente qu'il est nécessaire que l'estampille adhère fermement au tabac pour protéger celui-ci contre la saisie, car si on découvre, quelque part ailleurs qu'en la possession du cultivateur-fabricant licencié ou dans les prémisses d'un fabricant licencié seulement pour la manufacture du tabac canadien en feuilles, des paquets ne portant pas l'estampille dûment apposée, ceux-ci seront certainement saisis et confisqués en conformité de la loi.

11. La loi inflige aussi de fortes amendes aux personnes qui ouvrent un paquet ou colis de tabac sans briser l'estampille y apposée, ou en la possession desquelles un paquet ouvert irrégulièrement pourrait être trouvé ou encore des estampilles qui auraient servi.

Chaque officier profitera, en conséquence, de toutes les occasions qu'il aura pour faire connaître ces choses à ceux qu'elles concernent.

ESTAMPILLES DE MUTATIONS EN ENTREPÔT.

12. Les estampilles pour permis de sortie en entrepôt, à être mises sur les paquets ou colis de tabac retirés en entrepôt, sont des dénominations suivantes, savoir :

- (a). Pour apposer sur les seaux, barils, caisses ou autres paquets de tabac à chiquer haché fin pesant cinq et dix livres chacun.
- (b). Pour apposer sur les paquets de cinq, de dix et de vingt livres de tabac à priser.
- (c). Pour apposer sur les paquets de tabac en tablettes pesant de dix à vingt-cinq livres.

(d). Pour apposer sur les paquets de tabac en tablettes pesant de soixante à quatre-vingts livres.

(e). Pour apposer sur les colis, boîtes ou paquets de cigares.

2. Il faut les apposer comme suit :—

(a), (b) et (c) seront apposés de façon à couvrir à peu près également le couvercle et le corps du colis ou paquet.

(c) et (d) devront être apposés à l'endroit même de la boîte ou colis qui est réservé à l'estampille qui indique le paiement des droits, savoir : "sur un coin ou angle de la boîte ou colis, à égale distance des bouts, adhérant à peu près également à chaque côté."

13. Chaque colis de tabac ou de cigares déplacé en entrepôt devra porter une estampille de mutation en entrepôt désignée pour l'espèce de paquet ou colis dont il s'agit; l'estampille sera apposée au paquet et annulée par le fabricant ou son agent. L'annulation se fera au moyen de l'étampe de caoutchouc employée pour la première annulation de l'estampille de droits payés. Si le fabricant le désire, les estampilles de mutation en entrepôt peuvent être mises sur les colis qu'il entend retirer, au temps où le tabac ou les cigares sont placés dans l'entrepôt.

POUR LA DOUANE.

14. Des arrangements ont été pris avec le Département des Douanes pour qu'à l'avenir le Département du Revenu de l'Intérieur fournisse, par l'entremise de ses percepteurs, les estampilles pour le tabac importé. Vous vous mettrez en conséquence en communication avec le ou les percepteurs des douanes qui peuvent demander à en être munis par votre bureau, et les prierez de vous faire la commande de la quantité d'estampilles dont ils auront probablement besoin à leurs ports respectifs.

15. Comme il faut un assez long temps pour se procurer des estampilles quand on n'en a pas à l'époque de la commande, vous prierez les percepteurs de douanes de se hâter autant que possible à ce sujet.

16. Voici la liste et la dénomination des estampilles dont il vient d'être question.

18. Chaque colis de tabac importé doit être couvert par une estampille de la dénomination qui représente son poids, ou par une d'une dénomination plus élevée.

OBTENTION DES ESTAMPILLES.

17. Les estampilles seront fournies par le département sur demande régulière faite par le percepteur du revenu de l'intérieur, qui aura soin de s'y prendre

assez à l'avance pour en tenir toujours un approvisionnement égal à la demande probable pour trois mois, comme le veut la section 270 de l'Acte du Revenu de l'Intérieur de 1883. Aussitôt qu'il recevra un envoi d'estampilles, le percepteur ou tout autre préposé les comptera, et si l'envoi concorde avec le blanc de reçu qui l'accompagne, il datera et signera celui-ci et le renverra au département par la plus prochaine malle, et il portera les estampilles reçues au débit dans son "Journal des estampilles de tabac reçues et émises." S'il y a erreur, il en avertira aussitôt le département, et il portera le nombre exact qu'il aura reçu au débit de son compte d'estampilles. Les percepteurs et les autres officiers sont tenus de rendre compte de chaque estampille qu'ils auront reconnu avoir reçue.

19. Chaque dénomination d'estampilles aura son compte distinct, qui sera tenu en la manière indiquée à la première page des cahiers d'estampilles, c'est-à-dire en portant au débit le nombre reçu et au crédit le nombre émis. En ouvrant ces comptes, on commencera par porter au débit le nombre d'estampilles des diverses dénominations que l'on a en mains.

MANIÈRE D'APPOSER LES ESTAMPILLES DE TABAC ET DE CIGARES.

20. En vertu de la section 270 de l'Acte du revenu de l'intérieur de 1883, il est par le présent prescrit que les estampilles seront apposées sur les paquets ou colis de tabac et de cigares de la manière suivante, savoir :—Tous les colis ou paquets de tabac, excepté le tabac à chiquer haché fin et le tabac en poudre, contenant plus de dix livres recevront une estampille.—coupons de registre d'une dénomination correspondant avec le poids net du tabac y contenu. Par exemple, un colis contenant de dix à vingt-cinq livres, et de soixante à quatre-vingts livres, peut être et sera couvert par une seule estampille et des coupons attachés à l'estampille quand le poids du colis n'est pas exactement de dix, quinze, vingt, soixante ou soixante-dix livres. (Quand le poids est exactement de ces chiffres, on n'emploie qu'une estampille sans coupons). Quand le poids du tabac contenu dans le colis est entre dix et vingt-cinq livres, et entre soixante et quatre-vingts livres, on se sert des coupons attachés à l'estampille qui porte ce chiffre, en sorte qu'avec un ou plusieurs coupons elle puisse correspondre au poids requis. Il n'est pas permis de se servir des coupons de demi-livre pour les colis contenant vingt-cinq livres et plus. Tous les autres paquets de tabac seront revêtus d'estampilles de la dénomination fixée par le département, et il ne sera apposé qu'une seule estampille sur chaque paquet.

21. Sur toute espèce de boîtes ou colis de tabac cavendish, en tablettes, en torquettes, ou de toute autre forme, l'estampille sera apposée sur un coin ou angle de la boîte ou colis, à égale distance des bouts, et en l'attachant à peu près également sur chaque côté. Et le et après le 1^{er} de janvier 1884, tous les boîtes et colis faits de bois auront une rainure de pas moins d'un seizième de pouce de profondeur afin d'y mettre l'estampille et l'empêcher d'être déchirée ou usée dans le transport.

22. Sur tous barils, caisses, seaux et autres colis contenant cinq et dix livres de tabac à chiquer fin, et cinq, dix et vingt livres de tabac en poudre, tel que permis par la loi, l'estampille qui a la forme d'une bande sera mise en travers du couvercle, de sorte qu'elle descende de chaque côté du colis et le scelle bien.

23. Les bandes estampillées, employées soit pour les colis contenant du tabac à fumer, du tabac à chiquer fin, du tabac à priser, des cigares ou des cigarettes, doivent être apposées de façon à sceller efficacement les colis et à rendre impossible leur ouverture ou l'enlèvement de leur contenu sans détruire ou briser les estampilles. Sur les boîtes de cigares on doit les mettre à pas moins de trois-quarts de pouce du bout.

24. Les bandes estampillées pour le tabac sont assez longues pour passer sur les deux bouts du colis et contourner les angles opposés, scellant ainsi efficacement le colis, et c'est ainsi qu'on doit les apposer ; quand on s'en sert pour des sacs qui ne s'ouvrent qu'à

une seule extrémité, il faut les apposer de façon à bien clore celle-ci.

25. On appose les estampilles sur les colis en se servant d'une matière adhésive qui les colle au bois, au papier, etc., solidement et permanemment. Après que les estampilles mises sur les colis de bois ou de métal auront séché et qu'elles auront été annulées, tel que prescrit, il faut y passer une forte couche de vernis, en ayant soin cependant de ne pas obscurcir ni effacer l'impression faite sur l'estampille.

26. Les estampilles de tabac ou de cigares n'adhéreront pas à l'étain en feuille avec la gomme ou la colle ordinaire. Le fabricant devra alors ou envelopper l'étain dans un papier ou se procurer quelque gomme ou colle avec laquelle les estampilles puissent adhérer tellement aux paquets qu'il soit impossible de les enlever sans les détruire.

27. Il ne sera pas permis aux fabricants ni aux importateurs de cigares d'entourer la boîte ou le colis qui contient les cigares d'une enveloppe extérieure de papier ou autre matière et d'apposer l'estampille sur cette enveloppe. L'estampille doit être mise sur chaque paquet lui-même pour y demeurer comme preuve qu'il est légalement en la possession de celui qui le détient.

28. Voici des recettes pour faire à peu de frais d'excellente colle et d'excellent vernis ; elles ont été essayées et peuvent être recommandées :

Pour la colle.—Dissoudre une livre de gomme arabe dans une chopine et trois-quarts d'eau bouillante ; ajoutez de deux à quatre onces d'acide acétique ; tenir bien bouché quand on ne s'en sert pas. Appliquer également sur l'estampille ou l'avis, et presser fortement sur le bois ou toute autre matière dont le colis est fait.

Pour le vernis.—Mettre dans une bouteille suffisamment grande une demi-livre de gomme shellac blanchie, écrasée fin ; ajoutez de l'alcool très-fort, agiter de temps à autre jusqu'à dissolution parfaite, tenir bouché pour empêcher l'évaporation. Si le vernis devenait trop épais, ajouter un peu d'alcool.

29. Les estampilles doivent être apposées aux paquets de tabac ou de cigares dans la manufacture par le fabricant ou son agent, dans l'entrepôt licencié par l'entreposeur ou son agent, et dans l'entrepôt de douane par le préposé des douanes. Bien que la responsabilité de l'estampillage du tabac sorti de l'entrepôt d'accise d'un marchand repose sur le propriétaire de l'entrepôt, l'officier livrant le tabac est supposé l'aider dans l'apposition et l'annulation des estampilles, quand la chose peut se faire aussitôt après la sortie des marchandises de l'entrepôt.

ÉTAMPES ET POINÇONS D'ANNULATION.

30. Autorisé par la section 271 de l'Acte du Revenu de l'Intérieur de 1883, le commissaire du revenu de l'Intérieur fournira des poinçons d'acier pour l'annulation de toutes les estampilles apposées sur les colis ou paquets en bois ou faits partie en bois et partie d'autres matériaux et qui contiendront du tabac. Ces poinçons seront expédiés aux divers percepteurs du revenu de l'intérieur et sera par eux prêtés au fabricant de tabac ou à la personne mentionnée dans la réquisition à cet effet et à personne autre, et le coût de ce poinçon sera payé par le fabricant ou la personne à laquelle il sera fourni.

31. Pour opérer l'annulation, il faudra appliquer deux fois le poinçon sur l'estampille apposée au paquet ou colis, une première fois sur l'endroit de l'estampille marqué "Annulation par poinçon d'acier" ("Cancellation by steel die"), et la seconde fois au dessus et sur la vignette de l'estampille.

32. Un instrument d'acier est aussi fourni pour l'annulation des estampilles apposées sur les boîtes de ferblanc contenant du tabac ; on le passe d'un bord de l'estampille à l'autre et jusque sur le métal dont le colis est fait. Il faut s'en servir de manière à couper l'estampille et à continuer la ligne de séparation jusque sur le métal. On l'applique sur l'estampille de chaque côté du colis, mais il faut faire en sorte de ne pas toucher à la marque d'annulation faite par l'étampe de caoutchouc.

33. Les percepteurs tiendront un compte de tous les poinçons d'acier et des instruments qui leur seront confiés, et une liste des noms de toutes les personnes

à qui ils sont fournis avec la date de leur livraison. (Ils ne devront être fournis qu'aux fabricants de tabac dûment autorisés et aux autres personnes d'après les instructions du département.) S'il arrive que le poinçon soit brisé ou endommagé entre les mains d'un fabricant ou d'une autre personne au point de devenir inutile, ou quand une personne qui aura reçu ce poinçon officiel cessera d'avoir droit de s'en servir légalement, il sera remis au percepteur (qui le transmettra au département) et crédit en sera donné à telle personne.

34. La loi oblige tout fabricant de tabac qui met son tabac en paquets, comme ci-dessus, et toute personne qui retire du tabac d'un entrepôt d'accise, à se servir de ce poinçon, et les estampilles apposées sur ces paquets ne seront pas considérées comme suffisamment annulées et les paquets et leur contenu seront exposés à la saisie, chaque fois qu'on en découvrirait, à moins que les estampilles ne soient annulées avec le poinçon officiel et de la manière ci-après indiquée, savoir : l'estampille doit être annulée de telle façon qu'une partie en soit renfoncée et logée en dedans du bois du colis, ou, si celui-ci est en métal, que l'estampille soit coupée et que la ligne de séparation se continue jusque sur le métal.

35. Les étampes de caoutchouc pour l'annulation des estampilles de tabac et de cigares seront aussi fournies par le département, sur la demande régulière qui en sera faite, et le coût de ces étampes d'annulation sera perçu du fabricant ou de toute autre personne qui s'en sera pourvu.

36. Ces étampes d'annulation en caoutchouc sont comme suit, savoir :

1ère. A l'usage des fabricants de tabac pour annuler les bandes estampillées apposées sur le tabac mis en paquets de papier, de toile ou d'autre matière molle, et pour la première annulation de toutes les autres estampilles apposées sur des paquets ou colis de tabac.

2ème. A l'usage des fabricants de cigares pour annuler les bandes estampillées employées pour les boîtes de cigares.

3ème. A l'usage des personnes qui ont des entrepôts licenciés, pour annuler (en outre du poinçon d'acier ou de l'instrument ci-dessus mentionné) les estampilles sur les paquets ou colis sortis d'entrepôt pour le paiement des droits, d'un entrepôt autre que celui du fabricant chez qui le tabac a été manufacturé.

4ème. A l'usage des officiers de douane pour annuler les bandes estampillées apposées sur le tabac importés mis en paquets dans du papier, de la toile ou dans d'autres matières molles, et pour la première annulation de toutes les autres estampilles mises sur des paquets ou colis de tabac.

5ème. A l'usage des officiers de douane pour annuler les bandes estampillées mises sur les boîtes de cigares.

Les percepteurs doivent tenir un compte de tous les étampes d'annulation qui leur sont confiés, comme pour les poinçons d'annulation en acier.

38. La loi exige que toutes les estampilles mises sur les paquets ou colis de tabac ou de cigares soient annulées au moyen d'un étampe ou d'un poinçon officiels, et il est maintenant prescrit que lorsqu'elles sont sur d'autres boîtes ou colis que des boîtes de bois ou des colis de cavendish l'annulation se fera au moyen de l'étampe de caoutchouc reconnu par le département ; outre cette annulation, les estampilles apposées sur les boîtes de bois auront à subir celle du poinçon d'acier, et les estampilles apposées sur les colis en métal celle de l'instrument d'acier fourni à cette fin.

MODE D'ANNULATION DES ESTAMPILLES DE TABAC ET DE CIGARES.

39. Toutes les estampilles seront annulées aussitôt après leur apposition sur les colis, mais l'annulation au moyen de l'étampe de caoutchouc peut être faite par le fabricant ou une autre personne immédiatement avant cette apposition.

40. Les estampilles de tabac doivent être annulées en mettant sur chacune, dans l'espace oblong laissé à cette fin, l'empreinte du numéro de registre de la manufacture, ou la lettre de l'entrepôt du marchand.

du numéro de la division du revenu de l'intérieur, et du mois et de l'année de l'annulation. Pour cette annulation, on peut ne se servir que de chiffres, exemple : 19, 16, 5, 83, le premier chiffre ou série de chiffres représentant le numéro de registre de la manufacture, le second le numéro de la division du revenu de l'intérieur, le troisième le numéro du mois de l'année solaire, et le quatrième les deux derniers chiffres de l'année. Des étampes à main en caoutchouc seront fournis par le département à cette fin, aux frais de la personne qui se les procurera ; mais si un fabricant désire se servir d'un étampe s'appliquant différemment, permission pourra lui être donnée d'employer ce mode d'annulation seulement.

41. Les estampilles employées pour les paquets de cinq ou dix livres de tabac à chiquer haché fin, pour les paquets de cinq, dix et vingt livres de tabac à priser, et pour les demi-boîtes et boîtes de tabac, si celles-ci sont en bois, doivent en outre être annulées au moyen du poinçon d'acier fourni à cette fin, lequel renforce une partie de l'estampille dans le bois du colis et doit être appliqué deux fois, la première fois dans l'espace réservé pour cela, la seconde fois sur la vignette de l'estampille. La seconde annulation des estampilles mises sur les boîtes ou colis en métal se fera au moyen de l'instrument d'acier fourni à cette fin et qui coupe l'estampille et continue la ligne de séparation au-delà de l'estampille sur le métal du colis ; on l'applique sur l'estampille des deux côtés du colis.

42. Les estampilles sur les colis de tabac importé seront annulées de la manière suivante, savoir : Les estampilles sur les colis composés de papier, de coton, d'étain en feuille ou autre matière molle ou flexible le seront au moyen d'un étampe de caoutchouc qui imprimera sur l'estampille le mois et l'année de la déclaration pour le paiement des droits, ou bien cette information pourra être écrite sur l'estampille. Les estampilles sur les colis de bois contenant du tabac en tablettes, du tabac haché fin pour chiquer, et des paquets de tabac à priser seront annulées comme dit plus haut, mais à part cela elles seront aussi annulées au moyen du poinçon d'acier. Les estampilles sur les colis composés de métal, lorsqu'ils sont importés, seront, outre l'annulation ci-dessus, annulées au moyen de l'instrument d'acier fourni à cette fin, et qui coupe l'estampille et continue la ligne de séparation au-delà de l'estampille et sur le métal dont le colis est composé.

43. Les estampilles sur les colis de tabac sorti de l'entrepôt pour la consommation par un marchand ou une personne autre que le fabricant, et à la manufacture où le tabac est préparé ou emballé, seront annulées par la personne qui le sort d'entrepôt, au moyen de l'étampe de caoutchouc qui imprime, dans l'espace réservé à cette fin sur l'estampille, la lettre de l'entrepôt, le numéro de la division du revenu de l'intérieur, et le mois et l'année de la sortie de l'entrepôt. Sur les colis en bois les estampilles seront en outre annulées au moyen du poinçon d'acier fourni à cette fin, lequel poinçon encave une partie de l'estampille dans le bois qui forme le colis ; et sur les colis de métal, cette annulation se fera par l'instrument d'acier fourni à cette fin, lequel instrument coupe l'estampille et continue la ligne de séparation au-delà de l'estampille et sur le métal qui forme le colis.

44. Sur les colis de tabac sortis de l'entrepôt par la manufacture qui a préparé ou emballé le tabac, les estampilles seront annulées suivant l'intention des sections quarante-deux (42) et quarante-trois (43).

45. Les estampilles sur les boîtes à cigares seront annulées au moyen d'un étampe de caoutchouc fourni à cette fin ; l'empreinte de cet étampe dépasse l'estampille des droits payés du revenu de l'intérieur, et se continue sur le bois qui forme le colis. L'empreinte doit toujours se continuer sans interruption en travers de l'estampille, le centre circulaire étant imprimé sur l'espace réservé pour l'annulation et d'une manière efficace. Cet étampe d'annulation doit de plus imprimer sur l'estampille le numéro enregistré de la manufacture, le numéro de la division du revenu de l'intérieur, et le mois et l'année, tel que voulu pour toutes les autres estampilles.

46. L'annulation des estampilles de douane sur les paquets de cigares se feront au moyen de l'étampe de caoutchouc, tel que décrit dans le paragraphe précédent, mais l'information qui sera imprimée dans l'espace réservé pour l'annulation, sera le mois et l'année de la sortie de l'entrepôt pour le paiement des droits.

47. En annulant les estampilles au moyen de l'empreinte comme il est ici prescrit, il faudra toujours se servir des espaces en blanc laissés à cette fin sur les estampilles ; et jusqu'à ce qu'il se fasse une nouvelle émission d'estampilles, l'officier compétent veillera à ce que l'annulation soit faite sur les vieilles estampilles à l'endroit où l'empreinte sera le plus lisible ; en attendant qu'il soit fourni des étampes d'annulation en caoutchouc, l'annulation pourra se faire à la plume.

48. L'annulation des estampilles de tabac ou de cigares se fera par les personnes suivantes, savoir :

(a) A une manufacture de tabac ou de cigares, par le fabricant ou son agent.

(b) A un entrepôt (autre que celui du fabricant où le tabac ou les cigares ont été fabriqués) par la personne qui retire le tabac ou les cigares de l'entrepôt ; et

(c) Les estampilles sur le tabac et les cigares importés, — par les officiers de douane du port où le tabac ou les cigares sont sortis de l'entrepôt pour le paiement des droits.

49. L'importance qu'on attache à l'annulation de toutes les estampilles est démontrée par les fortes amendes et peines imposées à toute personne qui enlève de quelque fabrique ou endroit destiné à la fabrication du tabac ou des cigares, aucuns de ces effets sans qu'ils portent des estampilles dûment annulées, ainsi que par les amendes et peines imposées à toute personne qui vend ou offre en vente ou a en sa possession du tabac ou des cigares dont les estampilles ne sont pas convenablement annulées. L'intérêt du gouvernement, de même que la sûreté et la protection de ceux qui font le commerce du tabac ou des cigares, exigent que les fabricants et autres apposent et annulent convenablement toutes les estampilles.

DESTRUCTION DES ESTAMPILLES SUR LES COLIS OU PAQUETS VIDES DE TABAC ET CIGARES.

50. D'après la section 253 de "l'Acte du revenu de l'intérieur, 1883," toute personne qui vide une boîte, un sac, un vaisseau ou une chemise ou enveloppe quelconque portant une estampille et renfermant du tabac ou des cigares, est obligée d'en détruire l'estampille. Et toute personne qui néglige ou refuse de le faire, est sujette pour chaque telle offense à une amende n'excédant pas cent piastres.

51. Cette disposition de la loi s'applique non-seulement aux débitants qui vident les paquets ou colis pour en débiter le contenu, mais aussi à toute personne qui achète du tabac ou des cigares pour son propre usage, et qui vide ces paquets ou colis. Cette personne doit détruire l'estampille.

ETIQUETTE D'AVERTISSEMENT.—TABAC ET CIGARES.

52. Sur chaque paquet ou colis de tabac, que ce colis soit de bois ou autre matière, la loi veut qu'il y soit imprimé ou fermement collé, une étiquette portant le numéro de la manufacture et le numéro de la division dans laquelle elle est située, et l'avis suivant :

"Avis.—Le fabricant de ce tabac s'est conformé à toutes les prescriptions de la loi. Quiconque ouvrira ce paquet ou colis est tenu de le faire de manière à briser ou déchirer l'estampille, et est prévenu de ne pas se servir de ce paquet ou colis pour y mettre du tabac de nouveau, ni de se servir de l'estampille qu'il porte, ni d'enlever le contenu de ce paquet ou colis sans détruire l'estampille, sous peine des amendes prescrites par la loi à cet égard."

53. Pour les boîtes, barillets, seaux, caisses ou autres colis de tabac pesant plus d'une livre, l'étiquette qui doit porter l'avis précédent, devra avoir au moins quatre pouces et pas plus de six pouces de longueur, et pas moins de deux pouces et demi de largeur, et contiendra en outre de l'avis, les faits suivants, imprimés en lettres bien lisibles, savoir : (1) le

numéro de la manufacture, et (2) le numéro de la division du revenu de l'intérieur. Ces étiquettes seront dans la forme ci-dessous, savoir :

"Manufacture No. Division du revenu de l'intérieur No....."

"Avis.—Le fabricant de ce tabac s'est conformé à toutes les prescriptions de la loi. Quiconque ouvrira ce paquet ou colis est tenu de le faire de manière à briser ou déchirer l'estampille, et est prévenu de ne pas se servir de ce paquet ou colis pour y mettre du tabac de nouveau, ni de se servir de l'estampille qu'il porte, ni d'enlever le contenu de ce paquet ou colis sans détruire l'estampille, sous peines des amendes prescrites par la loi à cet égard."

54. Il ne sera pas nécessaire d'apposer une étiquette séparée et distincte sur les paquets de tabac d'une demi-livre ou moins, pourvu que le fabricant fasse imprimer sur chaque tel paquet le numéro de sa manufacture et le numéro de la division du revenu de l'intérieur où elle est située, ainsi que l'avis déjà mentionné, d'une manière bien lisible, et de façon à ce qu'il ne soit pas couvert par l'estampille ou autrement obscurci ou caché.

55. La loi dit que "tout fabricant de cigares collera fermement sur chaque boîte ou paquet contenant des cigares fabriqués par ou pour lui, une étiquette sur laquelle seront imprimés le numéro de sa manufacture, le numéro de la division du revenu de l'intérieur dans laquelle elle est située, et les mots suivants :

Manufacture No..... Division du revenu de l'intérieur No.....

"Avis.—Le fabricant des cigares ci-contenus s'est conformé à toutes les prescriptions de la loi. Quiconque ouvrira cette boîte ou ce paquet est tenu de le faire de manière à briser ou déchirer l'estampille, et est prévenu de ne pas se servir de cette boîte ou de ce paquet pour y mettre des cigares de nouveau, ni de se servir de l'estampille qui y est apposée, ni d'enlever le contenu de cette boîte ou de ce paquet sans détruire l'estampille, sous peine des amendes prescrites par la loi à cet égard."

56. Cette étiquette pour toutes les boîtes de cigares n'aura pas moins de trois pouces de longueur et deux pouces de largeur ; ou, si elle est de forme circulaire ou ovale, elle couvrira pas moins de six pouces de papier, et sera assez grande pour contenir en sus de l'avis prescrit, en lettres distinctes et lisibles, les mots : (1) le numéro de la manufacture, et (2) le numéro de la division du revenu de l'intérieur.

57. Les importateurs de tabac et de cigares sont aussi tenus par la loi d'apposer un avis sur chaque paquet de tabac et de cigares importé par eux ou pour eux.

58. L'apposition de cette étiquette ou avis est obligatoire pour le fabricant ou l'importateur. Elle doit être imprimée. Elle doit être fournie et apposée par le fabricant ou l'importateur avant que le tabac ou les cigares soient enlevés de l'endroit où ils sont fabriqués, ou auquel ils sont importés. Personne n'a le droit et il ne sera permis à personne dans aucun cas de déranger cet avis, de l'enlever de la boîte ou paquet, d'y substituer une autre étiquette, ou de la couvrir d'une étiquette à lui ou de toute autre personne.

59. Cette étiquette ou avis doit être distinctement l'étiquette qu'exige la loi.

60. Les étiquettes seront apposées au colis dans un endroit visible où elles ne seront pas exposées à être déchirées en ouvrant le paquet, et où elles seront exposées le moins possible à être effacées ou enlevées par le frottement, et de manière à ne pas être recouverte ou cachée par toute autre étiquette ou marque, et de façon aussi à ne pas cacher toute autre marque ou empreinte que la loi exige d'appliquer sur le paquet.

61. La loi impose une amende de \$50 à chaque fabricant ou importateur de tabac ou de cigares qui néglige d'apposer cette étiquette à un paquet contenant du tabac ou des cigares faits ou importés par ou pour lui, et à toute personne qui enlève d'un paquet quelconque une étiquette ainsi apposée ; cette amende est distincte pour tout et chaque paquet au sujet duquel l'offense est commise.

Si le fabricant le désire, il peut augmenter la grandeur du papier sur lequel l'avis est imprimé, de façon

à pouvoir y imprimer, *distinctement et séparément de l'étiquette*, son nom et sa marque de commerce.

ARTICLE 3.—TABAC ET CIGARES FABRIQUÉS.

DISPOSITIONS SPÉCIALES POUR L'ENTREPOSEMENT DU TABAC ET DES CIGARES, ET POUR L'ESTAMPILLER A LA SORTIE DE L'ENTREPOT, POUR TRANSFERT EN ENTREPOT, POUR LA CONSOMMATION OU POUR LES ÉTAMPER LORSQUE DESTINÉS A L'EXPORTATION.

En sus des règlements généraux d'entreposage établis par arrêtés du conseil, ce qui suit s'applique spécialement au tabac et aux cigares :—

1. Le tabac et les cigares, lorsque mis en entrepôt par le fabricant de ces effets, seront estampillés comme ci-devant, mais toutes marques, numéros, poids et toute autre information que la loi exige, doivent être écrits ou estampés sur les paquets avant que la déclaration à l'entrée de l'entrepôt puisse être acceptée ; cette déclaration doit être comparée avec les paquets de tabac ou de cigares, et attestée par l'officier en charge de la manufacture, avant d'être acceptée par le percepteur du revenu de l'intérieur. En conséquence les percepteurs permettront aux principaux fabricants de se servir de numéros spéciaux afin que ces instructions puissent être fidèlement remplies.

2. Vu que toutes les marques, numéros, poids, etc., doivent être mis sur les paquets avant que la déclaration à l'entrée puisse être acceptée par l'officier pour les comparer, et vu qu'aucune estampille n'est nécessaire avant la mise en entrepôt, le tabac doit être emmagasiné aussitôt que l'officier a reçu le mandat voulu. Dans les grandes manufactures où il est impossible de se conformer strictement à ce règlement, à cause des grandes quantités employées, le percepteur pourra, à sa discrétion, prolonger le délai pour l'emmagasinage ; cette prolongation ne devant, en aucun cas, excéder trois jours.

3. Voici les seules dimensions des paquets ou colis de tabac qui pourront être transférés en entrepôt :—

(a.) Tabac à chiquer haché fin, en paquets de cinq et dix livres chaque.

(b.) Le tabac à priser, cinq, dix et vingt livres chaque.

(c.) Le cavendish, en tablettes ou torquettes, en paquets ou colis de dix livres, ou de quinze à vingt-cinq livres inclusivement, ou de soixante ou quatre-vingts livres inclusivement ; et

(d.) Les cigares.

4. Le tabac en paquets plus petits que ceux ci-dessus mentionnés, ne sera pas transféré en entrepôt, non plus que le tabac canadien en feuille.

5. Lorsque des paquets ou colis de tabac ou de cigares sont sortis de l'entrepôt à la manufacture pour être transférés en entrepôt à une autre division, ou pour être transférés à une autre personne dans la même division, le fabricant y apposera l'estampille de mutation en entrepôt fournie à cette fin par le département, désignant la classe de ces effets. Les paquets ou colis de tabac ou de cigares qui ont été placés en entrepôt antérieurement à la mise en vigueur de "l'Acte du revenu de l'intérieur, 1883," et qui portent ou ne portent pas l'ancienne estampille rouge, lorsque sortis d'un entrepôt pour être déplacés ou transférés, devront être munis de l'estampille de mutation en entrepôt. S'ils sont déjà estampillés, la vieille formule d'estampille sera enlevée du colis et détruite par le préposé qui sort les effets de l'entrepôt. Chaque paquet déplacé ou transféré en entrepôt doit porter une de ces estampilles de mutation en entrepôt, laquelle sera annulée par le fabricant ou autre personne sortant le tabac de l'entrepôt, au moyen de l'étampe de caoutchouc fournie à cette fin. Dans les déplacements subséquents du même tabac ou de ces cigares, il ne sera pas nécessaire d'y apposer d'autre estampille de mutation en entrepôt.

6. Lorsque du tabac ou des cigares sont déclarés à la sortie de l'entrepôt, soit pour être déplacés, pour être transférés ou pour la consommation, il faudra les estampiller des nouvelles formules d'estampilles lorsqu'ils seront ainsi sortis de l'entrepôt, même s'ils avaient déjà été estampillés en vertu d'anciens règlements.

7. A la sortie de l'entrepôt pour la consommation,

l'estampille de droits payés doit être apposée sur le paquet ou colis de la manière prescrite. Lorsque du tabac ou des cigares sont sortis de l'entrepôt pour la consommation, d'un entrepôt autre que celui du fabricant de ce tabac ou de ces cigares, ces colis ou paquets portant l'estampille de mutation en entrepôt, il faut placer l'estampille de droits payés par dessus l'estampille de mutation en entrepôt de façon à recouvrir cette dernière autant que possible, et l'annulation est faite à travers les deux. Les estampilles pour les colis déclarés pour la consommation, soit par le fabricant ou le marchand, seront fournies sur reçu des feuilles de déclaration à la sortie de l'entrepôt pour la consommation, des droits payables sur les effets retirés de l'entrepôt, d'un mandat bien rempli; et d'une réquisition (en double) dans la forme prescrite et émise par le département, laquelle réquisition doit indiquer, pour le tabac, le nombre d'estampilles de chaque poids requises pour couvrir le tabac sorti de l'entrepôt, et dans le cas de cigares le nombre d'estampilles de chaque dénomination nécessaire pour couvrir les cigares retirés de l'entrepôt, le nombre collectif de colis et de livres de tabac, ou de paquets, et le nombre de cigares, concordant avec la déclaration à la sortie de l'entrepôt pour la consommation.

8. Dans tous les cas les estampilles devront être apposées et annulées par le fabricant ou la personne retirant les effets de l'entrepôt, et conformément aux règlements établis.

9. Lorsque des paquets ou colis de tabac ou de cigares sont sortis de l'entrepôt pour être exportés à un pays étranger, ils seront étampés sous la surveillance du préposé en charge, d'une marque comme suit :—

EXPN.

TABAC—9-10-8-83.

Pour "tabac" lisez "cigares" lorsque se sont des bûtes de cigares. Le premier chiffre ou série de chiffres représente le numéro de la manufacture, le deuxième le numéro de la division du revenu de l'intérieur, et les troisième et quatrième numéros le mois et l'année respectivement. Lorsque le tabac ou les cigares sont retirés d'un entrepôt autre que celui de la manufacture où ils sont faits, on pourra omettre le numéro de la manufacture, et y substituer la lettre ou le numéro de l'entrepôt.

10. Quand le possesseur de tabac ou de cigares en entrepôt, déjà estampillés en vertu d'actes antérieurs, désire exporter ce tabac ou ces cigares, les estampilles qui se trouvent sur les colis ou paquets doivent être enlevées par le préposé en charge de la manufacture ou de l'entrepôt, en présence d'un autre préposé spécialement nommé à cette fin par le percepteur du revenu de l'intérieur. Les susdits préposés tiendront un registre, signé par eux, et déposé au bureau du percepteur du revenu de l'intérieur, et dans ce registre seront consignés :—

- (a) Le nombre de chaque estampille enlevée et détruite, et le poids du tabac ou des cigares qu'elle recouvrait; et
- (b) Le numéro de licence de la manufacture où le tabac ou les cigares ont été fabriqués, et le nom de la division où l'estampille a été émise.

Les feuilles d'exportation ne seront pas acceptées comme complètes tant que ces inscriptions n'auront pas été faites.

11. Lorsque des paquets de tabac pesant une demi-livre et moins et destinés à l'exportation sont emballés dans de grandes caisses, il suffira que la marque mentionnée à la section neuf (9) soit placée sur la caisse extérieure; ces caisses seront numérotées consécutivement, et seront marquées du nombre total de paquets de chaque poids et du poids total du tabac qu'elles contiennent.

12. Le tabac et les cigares destinés à l'exportation ne peuvent être emballés dans la même caisse.

13. Tous les effets déclarés pour l'exportation doivent être examinés par le préposé qui les sort de l'entrepôt, et dans ce but les paquets doivent être ouverts jusqu'au point que le percepteur du revenu de l'intérieur décidera.

14. Les déchets, rognures ou tiges, lorsque préparés pour l'exportation, devront être emballés sous la

surveillance personnelle d'un préposé du revenu de l'intérieur, et à moins que toute la caisse ne soit remplie en une seule fois, l'emballage devra se faire dans l'entrepôt de tabac brut en feuille. Quand la caisse ou paquet est rempli, le préposé marquera dessus son nom et la date de l'emballage, et cela de façon à être distinctement vu, et de façon aussi à ce qu'il puisse l'identifier.

ARTICLE 4.

EMPAQUETAGE ET ÉTAMPAGE DU TABAC ET DES CIGARES, ANNULATION DES ESTAMPILLES, ET TRANSFERT EN ENTREPÔT D'UN PORT DE DOUANE À UN AUTRE, AVANT L'EMPAQUETAGE DANS DES COLIS SEMBLABLES À CEUX EMPLOYÉS POUR LES ARTICLES SIMILAIRES FABRIQUÉS AU CANADA.

1. L'Acte du revenu de l'intérieur prescrit que "Les estampilles seront apposées et annulées sur tous les tabacs fabriqués ou cigares importés des pays étrangers pendant qu'ils seront sous la garde des préposés des douanes compétents," et que "ces tabacs ou cigares ne sortiront pas de la garde de ces préposés tant que ces estampilles n'y auront pas été apposées et annulées."

2. L'annulation des estampilles sur le tabac mis dans des paquets de papier, de toile ou autre matière molle ou flexible, se fera au moyen de l'étampe de caoutchouc fourni à cette fin.

3. L'annulation des estampilles sur les colis en bois contenant du tabac importé se fera en renfonçant dans le bois une partie de l'estampille au moyen d'un poinçon d'acier que l'on appliquera deux fois sur chaque étampille, une fois à l'endroit réservé pour l'annulation et l'autre fois sur la vignette, et de plus au moyen de l'étampe de caoutchouc fourni à cette fin. L'annulation par l'étampe de caoutchouc se fera dans l'espace réservé dans ce but sur les estampilles, mais d'ici à ce que la nouvelle émission d'estampilles se fasse, l'annulation se fera sur l'ancienne émission d'estampilles où l'impression est très lisible, et, si on trouve cela préférable, l'annulation peut se faire immédiatement avant l'apposition des estampilles sur les paquets. L'annulation des estampilles sur les colis de tabac contenu dans le métal se fera au moyen de l'instrument d'acier fourni à cette fin, qui fend l'estampille et continue la ligne de séparation jusque sur le métal du colis. Il faut appliquer cet instrument sur chaque côté du colis. Outre cela, l'estampille devra être annulée de nouveau au moyen des étampes en caoutchouc employés pour annuler toutes les estampilles apposées sur les colis de tabac.

4. Les estampilles sur les paquets contenant des cigares importés seront annulées au moyen d'un étampe à main en caoutchouc de la forme désignée par le département. Cette étampe d'annulation sera employée de telle manière que les lignes dépasseront l'estampille et s'étendront jusque sur le bois de la boîte, la principale partie ou partie centrale de l'étampe s'appliquant sur l'estampille. L'impression se fera toujours en travers de l'estampille.

5. Ces poinçons et étampes d'annulation seront fournis aux divers percepteurs de douanes sur demande à cet effet, et dès et après le premier jour de juillet de l'année mil huit cent quatre-vingt-trois, aucun colis de tabac ou de cigares, tel que défini par les actes concernant le revenu de l'intérieur, ne sera remis à l'importateur ou propriétaire avant que les estampilles sur icelui aient été annulées de la manière indiquée.

6. La loi concernant le revenu de l'intérieur exige de plus que "le tabac et les cigares importés seront mis en paquets tel que prescrit par la loi au sujet des articles similaires manufacturés au Canada, avant l'apposition des estampilles." Les percepteurs des douanes verront en conséquence à ce que ces règlements soient mis parfaitement à exécution.

7. Les dimensions des divers paquets ou colis en lesquels le tabac et les cigares doivent être mis d'après la loi sont comme suit :—

- (a). Tout tabac cavendish, en tablettes et en torquettes, dans des boîtes de bois rectangulaires contenant de dix à vingt-cinq livres inclusivement, ou de soixante à quatre-vingts livres inclusivement.
- (b). Tout tabac à chiquer haché fin, et toute autre espèce de tabac au sujet desquels il n'est pas autrement prescrit, en paquets contenant un

vingtième, un seizième, un dixième, un huitième, un cinquième, un quart de livre ou une demi-livre; cependant le tabac à chiquer haché fin, quand il sera d'une espèce et d'une qualité approuvées par le commissaire du revenu de l'intérieur, pourra, si l'importateur le désire, être empaqueté dans les boîtes de bois contenant cinq ou dix livres chacune.

- (c). Tout tabac haché et pulvérisé, autre que le tabac à chiquer haché fin, les déchets et débris du tabac à chiquer haché fin qui auront passé à travers un tamis de trente-six mailles au pouce carré, en paquets contenant un vingtième, un seizième, un dixième, un huitième, un cinquième, un quart de livre ou une demi-livre chacun.
- (d). Tout tabac à priser en colis en bois contenant cinq ou dix livres chacun, sauf que le tabac à priser, lorsqu'il contiendra plus de quarante pour cent d'eau, pourra être mis en colis contenant dix ou vingt livres chacun, poids réel.
- (e). Toutes les cigarettes en paquets contenant un quarantième, un vingtième, un seizième, un dixième, un huitième, un cinquième, un quart de livre ou une demi-livre chacun.
- (f). Tous les cigares seront empaquetés dans des boîtes de vingt-cinq, cinquante, cent et deux cents; cependant les cigares de Manille et les cheroots, mais non pas les imitations de ces cigares, pourront, lorsqu'ils seront importés de l'étranger, être contenus, outre les quantités ci-dessus mentionnées, dans les boîtes de cinq cents chacune.
8. Les estampilles seront apposées sur les colis de la manière suivante :—
- (a). Tous les paquets de tabac, excepté le tabac à chiquer haché fin et le tabac à priser contenant plus de vingt livres devront porter un coupon d'estampille d'une dénomination correspondant avec le poids net du tabac qu'ils contiennent. Par exemple, des paquets contenant de dix à vingt-cinq livres et de soixante à quatre-vingts livres, peuvent et doivent porter une seule estampille; on se servira des coupons attachés aux estampilles lorsque le poids du paquet ne sera pas exactement de dix, quinze, vingt, soixante ou soixante-dix livres, (s'il l'était on se servirait de l'estampille seule, sans les coupons). Lorsque le poids du tabac contenu dans les paquets ou colis variera entre dix et vingt-cinq livres, et entre soixante et quatre-vingts livres, on emploiera les coupons conjointement avec l'estampille qui porte ces chiffres, de sorte qu'avec un ou plusieurs coupons on puisse représenter le poids voulu. Il ne sera pas permis de se servir de coupons d'une demi-livre pour les paquets contenant vingt-cinq livres et plus.
- (b). Tous les autres paquets de tabac seront revêtus d'estampilles de la dénomination fixée par la loi, et on n'apposera qu'une estampille par paquet.
- (c). Sur toute espèce de boîtes ou de colis de tabac cavendish, en tablettes, en torquettes, ou autre, l'estampille sera apposée sur un coin ou un angle de la boîte ou du colis, à égale distance des bouts, et couvrant à peu près également chaque côté.
- (d). Sur les barils, caisses, seaux ou autres colis contenant cinq ou dix livres de tabac à chiquer haché fin, et cinq, dix et vingt livres de tabac à priser, tel que permis par la loi, la bande estampillée sera mise en travers du couvercle de manière à descendre de chaque côté du colis et à le sceller parfaitement.
- (e). Les bandes estampillées employées pour les colis contenant soit du tabac à fumer, soit du tabac à chiquer fin, soit du tabac à priser ou des cigarettes, doivent être apposées de façon à bien sceller le colis et à rendre impossible qu'on en enlève le contenu sans briser ou détruire l'estampille.
- (f). Les bandes estampillées pour les boîtes de cigares doivent être apposées de façon à bien sceller celles-ci.
- (g). Les estampilles doivent être apposées aux colis au moyen d'une matière adhésive qui les retienne au bois, au papier ou à toute autre substance solidement et permanentement. Après

que les estampilles mises sur les colis en bois auront séché et qu'on les aura annulées tel que prescrit, on les vernira, mais de façon à ne pas effacer ni barbouiller les impressions faites sur les estampilles.

- (h). Les estampilles de tabac n'adhéreront pas à l'étain si l'on se sert de la gomme ou de la colle ordinaires. L'importateur ou propriétaire des marchandises doit, en conséquence, recouvrir l'étain d'une enveloppe de papier ou se servir de quelque sorte de gomme ou de colle au moyen de laquelle les estampilles adhéreront si fermement qu'on ne pourra les enlever sans les détruire.

9. L'Acte du Revenu de l'Intérieur édicte en outre que "tout importateur de tabac devra, outre l'observation de toutes les autres prescriptions du présent acte concernant les tabacs importés, imprimer ou coller fermement sur chaque paquet ou colis contenant du tabac importé par ou pour lui, une étiquette portant le nom du port où, et le numéro de la déclaration en vertu de laquelle ces tabacs ont été sortis de l'entrepôt pour le paiement des droits, et les mots suivants :—“ Avis.—L'importateur de ce tabac s'est conformé à toutes les prescriptions de la loi. Quiconque ouvrira ce paquet ou colis est tenu de le faire de manière à briser ou déchirer l'estampille, et est prévenu de ne pas se servir de ce paquet ou colis pour y mettre du tabac de nouveau, ni de se servir de l'estampille qu'il porte, ni d'enlever le contenu de ce paquet ou colis sans détruire l'estampille, sous peine des amendes prescrites par la loi à cet égard.”

10. Tout fabricant de cigares est aussi tenu de coller sur chaque boîte ou paquet contenant des cigares fabriqués par ou pour lui, une étiquette sur laquelle seront imprimés, outre le nom du port où, et le numéro de la déclaration en vertu de laquelle ces cigares ont été sortis de l'entrepôt pour le paiement des droits, les mots suivants :—“ Avis.—Le fabricant des cigares ci-contenus s'est conformé à toutes les prescriptions de la loi. Quiconque ouvrira cette boîte ou ce paquet est tenu de le faire de manière à briser ou déchirer l'estampille, et est prévenu de ne pas se servir de cette boîte ou de ce paquet pour y mettre des cigares de nouveau, ni de se servir de l'estampille qui y est apposée, ni d'enlever le contenu de cette boîte ou de ce paquet sans détruire l'estampille, sous peine des amendes prescrites par la loi à cet égard.”

11. Cette étiquette d'avertissement, sur les boîtes, caddies, barillets, seaux, caisses ou autres colis de tabac, doit être d'au moins quatre pouces et d'au plus six pouces de long, et d'au moins deux pouces et demi de large, et doit être placée en vue sur le paquet, dans un endroit où elle sera le moins possible exposée à être usée ou effacée, ou brisée en ouvrant le paquet, et de façon à n'être pas couverte ou cachée par d'autres étiquettes ou marques, et de façon à ne cacher elle-même aucune autre marque voulue par la loi. Sur le tabac en petits paquets, l'étiquette d'avertissement peut être plus petite, mais doit être imprimée en caractères clairs et lisibles, et placée de façon à n'être pas couverte par l'estampille ou autrement cachée ou dissimulée.

12. Sur les boîtes de cigares, l'étiquette d'avertissement doit être d'au moins trois pouces de long et de deux de large; si elle est de forme circulaire ou ovale, elle doit couvrir au moins six pouces de superficie. Elle doit être placée en vue sur la boîte ou paquet de façon à ne pas être couverte par l'estampille ni autrement cachée ou dissimulée, non plus qu'à être brisée en ouvrant le paquet.

13. Si l'importateur le désire il peut faire imprimer l'avis sur un papier plus grand de façon à porter en même temps, mais *à part*, son nom et sa marque de commerce.

14. Pour les paquets de tabac importé ne contenant qu'une demi livre ou moins, il n'y a pas besoin d'étiquette distincte et séparée, mais l'importateur doit faire imprimer sur chacun de ces paquets l'avis voulu en caractères clairs et lisibles dans un endroit où il ne sera pas couvert par l'estampille ou autrement caché ou dissimulé. Le nom du port et le numéro de la déclaration pour le paiement des droits, au lieu d'être imprimé, peut être écrit ou marqué avec un étampe en caoutchouc.

15. L'emballage et l'estampillage doivent être faits suivant qu'il est prescrit par l'acte du revenu de l'intérieur.

16. L'Acte du revenu de l'intérieur décrète aussi que les tabacs ou cigares importés destinés à être transportés en entrepôt à un autre port ou lieu dans la Puissance du Canada, puissent être transportés à cet autre port conformément aux règlements qui pourront être établis par le gouverneur en conseil ; et ces règlements sont comme suit :

(a.) Le tabac et les cigares doivent être consignés à l'ordre du percepteur de la douane au port de destination.

(b.) Le percepteur de la douane exigera du propriétaire ou de l'importateur une obligation pour une somme égale au double du montant des droits de douane dont sont frappés les articles ainsi transportés, la condition de l'obligation étant que les articles seront livrés au percepteur de la douane auquel ils sont consignés.

(c.) Cette obligation sera annulée par le certificat du percepteur de la douane au port de destination, attestant que les articles ont été reçus par lui et remis en entrepôt et qu'une obligation a été dûment consentie, et que les articles seront mis en nouveaux paquets dans les conditions prescrites pour les articles semblables manufacturés au Canada, et régulièrement estampillés ou déclarés pour l'exportation ou la destruction.

17. Sont prescrites les recettes suivantes pour la fabrication d'une colle et d'un vernis commodes et peu dispendieux. Ces recettes ont été éprouvées.

Colle.—Faites dissoudre une livre de gomme arabique dans une chopine et trois quarts d'eau bouillante, ajoutez de deux à quatre onces d'acide acétique et gardez bouché. Appliquez uniment à l'estampille ou à l'étiquette, puis pressez fermement sur le bois ou autre matière formant l'extérieur du paquet.

Vernis.—Mettez dans une bouteille assez grande, une demi-livre de gomme shellac blanchie, concassée, et ajoutez de l'alcool fort, secouez de temps à autre jusqu'à dissolution, et gardez bouché pour éviter l'évaporation. S'il arrive au vernis de devenir trop épais ajoutez un peu d'alcool.

ARTICLE 5.

VENTE DU TABAC FABRIQUÉ OU DES CIGARES.—GROSSEUR ET FORME DES PAQUETS, ETC.

1. Les fabricants ne peuvent vendre le tabac qu'en colis ou paquets au complet, portant chacun une estampille régulièrement apposée et oblitérée (ou si le tabac est déclaré pour l'exportation chaque colis ou paquet étant régulièrement estampé) et dans les conditions prescrites par l'Acte du revenu de l'intérieur, 1883, et non autrement.

2. Les marchands de tabacs fabriqués, doivent aussi vendre en paquets au complet, portant chacun une estampille régulièrement oblitérée ; mais il est permis aux marchands en détail de vendre au détail, le tabac en tablettes contenu dans des boîtes dites *demis-caddies*, *caddies*, demi-boîtes et boîtes, le tabac à chiquer haché fin contenu dans des paquets de cinq et de dix livres, et le tabac à priser contenu dans des paquets de cinq, dix et vingt livres, régulièrement estampillés, marqués, étiquetés, et empaquetés selon la loi. A l'exception du tabac à priser qui peut quelquefois avoir besoin d'être humecté, les marchands ne doivent retirer le tabac des paquets ou des boîtes que lorsqu'ils le mettent réellement en vente.

3. L'estampille sur le paquet contenant le tabac détaillé est une preuve *primâ facie* que le droit a été payé. L'absence de l'estampille est une preuve *primâ facie* que le droit n'a pas été payé. Les marchands de tabacs manufacturés ne pourront pas diviser un paquet en deux et vendre les parties du paquet ou en détailler le tabac.

4. La loi décrète que tous cigares doivent être empaquetés dans des boîtes qui n'ont pas encore servi à cette fin, en nombres définis et limités, et défend positivement la vente des cigares sous aucune autre forme excepté par les marchands en détail. Les marchands en détail ont le droit de vendre au détail les cigares contenus dans des boîtes empaquetées,

estampillées et estampées ou marquées selon qu'il est prescrit par la loi ; mais cela n'autorise ni ne justifie aucunement la pratique de vendre au détail les cigares en montre. Les cigares que l'on vend doivent être tirés du paquet estampillé dans lequel ils ont été empaquetés dès l'origine et frappés de l'accise.

5. Les fabricants de cigares ne peuvent vendre de l'établissement de fabrication que des paquets de première façon et qui n'ont pas été brisés.

6. Il est par le présent enjoint aux percepteurs du revenu de l'intérieur de subdiviser leur division en circonscriptions qu'ils mettront sous la surveillance d'officiers ou agents qui pourront être désignés par eux ou par l'inspecteur du revenu de l'intérieur. Il sera du devoir de ces agents contrôleurs de visiter tous les endroits où il est emmagasiné, gardé, ou exposé en vente du tabac fabriqué ou des cigares, de s'assurer si l'on se conforme rigoureusement à la loi relativement à l'estampillage, la marque, l'oblitération et à la vente du tabac ou des cigares, et de prendre les mesures prescrites par la loi en cas de contraventions découvertes.

ARTICLE 6.

EMPLOI DE BOIS, DE MÉTAL, DE PAPIER OU D'AUTRE MATIÈRE DANS L'EMPAQUETAGE DU TABAC OU DES CIGARES.

1. Tout fabricant de tabac ou de cigares qui désire profiter du privilège qu'autorise la loi de substituer des enveloppes d'autres substances aux boîtes de bois employées aujourd'hui pour empaqueter les cigares, le tabac à chiquer haché fin, le cavendish, le tabac en tablettes, le tabac à priser, ou le tabac en torquettes, doit soumettre au commissaire du revenu de l'intérieur des échantillons de ces enveloppes, et si celles-ci sont de nature à permettre l'apposition voulue des marques, étampes, étiquettes, etc., ainsi que l'apposition et l'oblitération des estampilles, l'emploi pourra en être permis.

2. Tous les échantillons d'enveloppes soumis à l'approbation du commissaire doivent être accompagnés d'une déclaration énonçant de quelles matières sont faites ces enveloppes, la nature des articles qu'elles doivent contenir et leurs quantités, en livres s'il s'agit de tabac, ou, s'il s'agit de cigares, le nombre qui sera empaqueté dans chacun, et indiquant aussi, par des échantillons, la manière d'apposer sur les paquets les marques, étampes, étiquettes et estampilles, et que la loi sous ces rapports a été fidèlement observée.

ARTICLE 7.

ESTAMPILLES DU TABAC OU DES CIGARES, ABANDONNÉS, CONDAMNÉS OU CONFISQUÉS, LORSQU'ILS SERONT VENDUS AU BÉNÉFICE DU CANADA.

1. Tous tabac et cigares, soit importés ou de fabrication domestique, vendus par tout officier du gouvernement pour le bénéfice du Canada, devront, avant être délivrés, porter sur les paquets qui les contiennent, les estampilles du revenu de l'intérieur ou des douanes convenables, indiquant le droit sur ces tabacs et cigares, et ces estampilles ne seront employées que pour cette fin lorsque toutes les circonstances se rattachant à la vente projetée auront été rapportées au département, et que permission aura été obtenue de s'en servir.

2. Lorsque du tabac ou des cigares abandonnés, condamnés ou confisqués sont offerts en vente, et ne rapportent pas un prix égal aux droits imposables, alors la loi en défend la vente pour la consommation au Canada. Ces articles pourront, cependant, être vendus pour l'exportation immédiate en pays étrangers, et porter l'étampe ordinaire d'exportation.

DESTRUCTION DU TABAC OU DES CIGARES ABANDONNÉS, CONDAMNÉS OU CONFISQUÉS.

3. Le tabac ou les cigares abandonnés, condamnés ou confisqués pourront être détruits par ordre du commissaire toutes les fois que leur vente ne rapportera pas une somme égale aux droits dus et payables sur ces articles.

4. Les percepteurs du revenu de l'intérieur ou des douanes ayant la garde de ces articles qui ont été

offerts en vente, et qui n'ont pu réaliser une somme égale aux droits imposables, et qui désirent obtenir la permission de les détruire, la demanderont au commissaire.

5. En faisant cette demande, ils relateront l'histoire complète de ces articles, indiquant leur espèce, leur qualité, leur condition présente, et quels efforts ils ont faits pour les vendre, et si le commissaire voit qu'il est de l'intérêt du gouvernement de détruire ces articles, il donnera ordre de les détruire.

ARTICLE 8.

POUR FAÇONNER DE NOUVEAU LE TABAC.

1. Avant qu'aucun tabac puisse être façonné de nouveau, le fabricant devra donner vingt-quatre heures d'avis, et obtenir à cette fin une permission spéciale du percepteur du revenu de l'intérieur de la division où se trouve située la manufacture.

2. Le fabricant, en demandant la permission de façonner de nouveau le tabac, doit donner des détails complets quant à la qualité et à la sorte de tabac qu'il veut façonner de nouveau; déclarer si le tabac sort de sa propre manufacture, ou s'il est le produit d'une autre manufacture, et dans ce dernier cas, donner le nom du fabricant. Il devra aussi énoncer la raison pour laquelle il demande la permission de façonner de nouveau le tabac en question.

3. Le tabac, lorsqu'il sera pris pour être façonné de nouveau sera crédité comme tel sur le Magasinier No 2 (et une déclaration de sortie d'entrepôt sera faite sous la forme prescrite pour cette fin, lorsqu'il sera sorti de l'entrepôt) et la quantité sera portée au débit du Journal et traité comme matière première, et il sera rendu compte du produit comme de tabac manufacturé, de la manière ordinaire et estampillé et traité comme tabac provenant originairement de la feuille.

4. Lorsque le tabac qui devra être façonné de nouveau aura payé les droits, les estampilles des paquets devront être détruites en présence de deux officiers du revenu de l'intérieur, dont l'un sera l'officier chargé de la surveillance de la manufacture, et l'autre un officier spécialement envoyé dans ce but par le percepteur de la division, et ces officiers garderont un registre, et fourniront au percepteur un certificat en double, indiquant les numéros de chaque estampille, le poids du tabac contenu dans chaque paquet portant ces estampilles, et le numéro de registre de la manufacture, (ou s'il est manufacturé avant le 1er juillet 1883, le nom ou le numéro de licence du fabricant), l'endroit où il a été manufacturé ou mis en paquets.

5. Lorsque le tabac entreposé qui doit être façonné de nouveau a été estampillé en vertu des dispositions des actes antérieurs, les estampilles sur les paquets doivent être enlevées et détruites sous l'autorité des mêmes règlements que ceux prescrits dans le présent acte lorsque le tabac qui doit être façonné de nouveau a payé les droits.

6. Le percepteur du revenu de l'intérieur comparera les numéros de ces estampilles et les poids, avec le registre des estampilles délivrées, gardé dans son bureau; et si les estampilles ont été délivrées dans une autre division, il transmettra au percepteur de cette division un état détaillé du numéro et du poids de chaque estampille ainsi détruite, ainsi que le numéro de la manufacture où (ou le nom du fabricant par lequel) le tabac a été originairement mis en paquets. Le percepteur qui recevra ainsi un semblable état, le comparera avec son registre des estampilles délivrées aux fabricant ou fabricants qui y seront mentionnés, et renverra de suite cet état au percepteur de qui il l'aura reçu, avec un certificat de son exactitude ou autrement.

7. Aussitôt que les estampilles auront été acceptées en acompte et détruites, les paquets devront aussi être détruits, et le tabac qu'ils contenaient brisé et chauffé à la vapeur ou traité de manière à ne pouvoir sortir de la manufacture pour être vendu sans être façonné de nouveau.

8. Aucune remise ne sera allouée ou payée lorsque les estampilles sur les paquets contenant du tabac n'auront pas été acceptées en acompte, et les dites estampilles détruites en présence des officiers men-

tionnés dans les présentes, ou bien lorsque la liste des estampilles détruites ne s'accordera pas avec le livre d'estampilles du percepteur qui les a délivrées.

9. Lorsque le tabac qui doit être façonné de nouveau a payé les droits, une remise de sept centins par livre sur la quantité de tabac entré pour être manufacturé de nouveau, sera allouée au fabricant, et sera payée par le département sur réception d'une déclaration du fabricant attestée par serment que le tabac ainsi pris a été façonné de nouveau et porté au débit du Magasinier No 2 comme produit, accompagnée d'un certificat de l'officier en charge de la manufacture, que les estampilles et les paquets ont été détruits en sa présence, et que le tabac a été brisé et chauffé à la vapeur, ou traité de manière à ne pouvoir sortir de la manufacture pour être vendu sans avoir été façonné de nouveau, lequel certificat devra être contresigné par le percepteur de la division.

10. Aucun honoraire de surveillance ne sera exigé lorsque le tabac entreposé et façonné de nouveau est le produit de la manufacture où l'opération doit se faire; ou bien lorsque le tabac en tablettes est simplement sorti de la boîte pour être frotté ou essuyé. Dans ce dernier cas, cependant, l'opération doit se faire sous la surveillance de l'officier en charge et à la satisfaction du percepteur.

11. Il n'est pas permis de façonner de nouveau le produit du tabac en feuille canadien.

12. Le tabac importé ne peut être façonné de nouveau que lorsqu'il a payé les droits.

13. Chaque fois qu'il devient nécessaire de façonner ou de manufacturer de nouveau des cigares, une permission spéciale à cette fin doit être obtenue du commissaire du revenu de l'intérieur. Il devra prescrire les règlements et les restrictions en vertu desquels les cigares pourront être façonnés ou manufacturés de nouveau.

ARTICLE 9.

MARQUE OU ETAMPAGE DES BOÎTES DE CIGARES.

1. La loi stipule qu'il sera estampé, incisé, marqué au fer chaud ou empreint sur toutes les boîtes contenant des cigares, d'une manière lisible et durable, le numéro de registre de la manufacture, le numéro de la division du revenu de l'intérieur dans laquelle est située la manufacture, et le nombre de cigares contenu dans chaque boîte. Le nombre de cigares contenus dans chaque boîte peut, cependant, si on le désire, être peint au patron à la surface du bois ou autre matière dont la boîte est faite, mais le numéro de registre de la manufacture et celui de la division du revenu de l'intérieur devront être marqués au fer chaud, estampés, incisés ou imprimés dans chaque boîte, tel que voulu par la loi.

2. Les boîtes à cigares vides qui auront été brisées ou seront autrement impropres à l'usage, pourront être détruites en la présence de l'officier en charge de la manufacture, et le fait consigné dans le Journal.

INSCRIPTION DE FAISEURS DE CIGARES.

3. Les dispositions de l'Acte relatives à l'inscription des faiseurs de cigares ne seront pas appliquées maintenant.

ÉCHANTILLONS DE CIGARES.

Outre ce que l'Acte ordonne au sujet des boîtes d'échantillons de cigares, les règlements suivants sont maintenant prescrits:—

4. Un fabricant de cigares pourra avoir la permission du percepteur de prendre dans l'entrepôt un paquet ou colis ne contenant pas plus de cent cigares de chaque espèce fabriquée par lui. Ces paquets pourront rester dans les appartements de la manufacture sans être estampillés, dans le but d'en montrer le contenu aux clients; quant ils seront requis pour la consommation, la déclaration régulière de sortie d'entrepôt sera faite, les droits payés, et les paquets estampillés comme s'ils sortaient à l'instant de l'entrepôt.

5. Tout fabricant qui retirera aucun de ces paquets sans faire cette déclaration de sortie d'entrepôt, sans acquitter les droits, et étamper, marquer au fer chaud

ou étiqueter ces paquets régulièrement, sera censé les avoir soustraits illégalement de l'entrepôt et se rendra passible des pénalités édictées par l'acte pour cette offense. Bien qu'en la possession du fabricant, les marchandises seront considérées comme étant encore dans l'entrepôt et traitées comme telles jusqu'à ce que la déclaration de sortie soit faite. L'officier qui livrera ces paquets de cigares sur permis tiendra compte du nombre et de la contenance de ces paquets et les marquera de façon à pouvoir plus tard constater leur identité.

6. Si un fabricant de cigares abusait du privilège qui lui est accordé par le présent, en retirant de l'entrepôt un plus grand nombre de paquets ou de colis, qu'il ne sera jugé nécessaire par l'inspecteur des tabacs, le département se réserve de priver ce fabricant du privilège accordé à tous.

ARTICLE 10.

MACHINES A COUPER LE TABAC.

1. Quiconque n'est pas porteur d'une licence pour la manufacture du tabac ou des cigares n'aura la permission de se servir, ni (sans avoir notifié le fait par écrit au percepteur du revenu) d'avoir en sa possession aucune machine à couper le tabac. Cependant les personnes qui vendent au détail du tabac manufacturé pourront avoir un permis de se servir d'une de ces machines durant le bon plaisir du ministre du revenu de l'intérieur après avoir déclaré, sous leur signature, qu'ils n'en feront usage que pour couper le tabac cavendish ou en tablettes ayant acquitté les droits et devant être vendu immédiatement à leurs clients, mais il ne leur sera pas permis de garder aucune provision de tabac ainsi coupé, la machine ne devant sortir que pour couper le tabac à la demande du client et pour livraison immédiate.

2. Quiconque (outre les personnes qui viennent d'être nommées) a en sa possession une machine à couper le tabac est tenu d'en avertir le percepteur du revenu de l'intérieur, qui devra le faire attacher ou sceller de telle manière qu'il soit impossible de s'en servir sans enlever le sceau.

3. Toutes les machines à couper le tabac qui seront trouvées en la possession d'une personne autre que celles ci-dessus mentionnées ou d'un particulier qui ne fait pas le commerce de tabac et qui s'en sert pour couper le tabac à son usage personnel (auquel cas la machine ne doit pas être rotatoire) seront forfeites et pourront être saisies et emportées par tout officier du revenu de l'intérieur.

ARTICLE 11.—FIXATION DES DÉFICITS.

TABAC.

1. La section 258 de l'acte du revenu de l'intérieur de 1883 exige qu'en aucun temps et dans aucune manufacture le déficit ne soit jamais de plus de six pour cent.

CIGARES.

2. La section 259 exige qu'au moins mille cigares soient produits par tout et chaque quantité de vingt-cinq livres de feuilles avec leurs tiges, déchets, rognures ou autres matériaux apportés pour être utilisés dans une manufacture de cigares. Une diminution sera faite dans le cas du tabac en feuilles vendu ou rapporté, ou des rognures et côtes quand elles seront susceptibles d'être fabriquées en cigares, ou qu'elles seront vendues ou enlevées à cette fin; il n'y en aura pas pour les tiges ou pour les déchets et rebuts ordinaires du commerce. En manufacturant les meilleures qualités de cigares, surtout avec du tabac de la Havane, les fabricants n'emploient souvent que le meilleur de la feuille et vendent le reste pour le corps de cigares inférieurs et à plus bas prix. Une diminution sera accordée dans ces cas selon la quantité vendue ou enlevée.

3. Les tableaux d'inventaires annuels ont été faits de façon à ce que les officiers puissent comprendre facilement la manière dont on se rend compte de la production.

4. Le commissaire du revenu de l'intérieur a le pouvoir, par la section 263 de l'acte, d'asseoir le droit

et d'en ordonner la perception du fabricant au chiffre le plus élevé imposable sur le tabac fabriqué ou les cigares manquant ainsi. On entend par là le chiffre le plus élevé des droits imposables sur le tabac ou les cigares produits dans la manufacture où le déficit est découvert.

ARTICLE 12.

CONFISCATION ADDITIONNELLE.

1. Tout paquet ou colis contenant du tabac ou des cigares qu'il sera prouvé n'avoir pas été faits par le fabricant dont le nom ou le numéro de registre est indiqué ou marqué au fer chaud sur le dit paquet, sera avec son contenu saisi et forfait à la Couronne.

ARTICLE 13.

ABROGATION DES RÈGLEMENTS ANTÉRIEURS.

1. Tous les règlements administratifs et les arrêtés du Conseil relatifs au tabac et aux cigares établis ou passés sous l'empire des actes antérieurs (à l'exception seulement d'un certain arrêté de Son Excellence en Conseil en date du 5 octobre 1880, qui confère des privilèges particuliers, lesquels seront continués durant le bon plaisir du ministre du revenu de l'intérieur) sont par le présent abrogés.

Greffier du Conseil Privé.

22. *En matelotage.*—En plus des conditions requises pour un second, il devra expliquer comment placer l'ancre en cas d'échouage. Il sera interrogé sur la nature des protêts, des envois, de la charte-partie, et des feuilles de connaissance. L'examineur posera toute autre question qu'il jugera à propos, concernant les devoirs d'un capitaine pour les eaux intérieures.

Divers.

23. On exigera des postulants, des certificats de moralité, de sobriété, d'expérience, d'habileté et bonne conduite habituelle à bord, et sans ces certificats personne ne sera examiné. Comme ces certificats devront être attentivement considérés par les examinateurs qui les vérifieront avant que le certificat d'admission puisse être délivré, il est désirable que les candidats les fassent parvenir aussitôt que possible. Les certificats de service d'étrangers ou de marins anglais ayant servi sur navires étrangers devront être confirmés soit par le consul du pays auquel appartient le navire à bord duquel aura servi le candidat, ou par quelque autre autorité officielle de ce pays, ou par le témoignage, donné sur les lieux, de quelque personne digne de foi, ayant une connaissance personnelle des faits à établir. En s'adressant au bureau des examinateurs, les candidats recevront une formule qu'ils devront remplir et transmettre avec leurs certificats aux examinateurs.

24. Les candidats sont requis de comparaître à la chambre des examens exactement au temps indiqué.

25. Les candidats ne devront apporter à la chambre des examens ni livres, ni papiers d'aucune sorte. La plus légère infraction à cette règle entraînera pour celui qui la commettra toutes les conséquences d'un examen manqué.

26. Au cas où l'on découvrirait qu'un candidat a mutilé ou gâté un livre appartenant au bureau, ou y a fait des ratures ou écritures, les papiers de ce candidat seront retenus jusqu'à ce qu'il ait remplacé ce livre. Il ne lui sera pas permis toutefois d'emporter le livre endommagé, qui continuera d'appartenir au bureau.

27. Au cas où l'on s'apercevrait qu'un candidat copie sur un autre, ou qu'il donne à un autre quelque aide ou quelque renseignement, ou qu'il communique avec un autre de quelque manière que ce soit pendant le temps de l'examen, il encourra lui-même toutes les conséquences d'un examen manqué.

28. Il ne sera permis à aucun candidat de travailler ses problèmes sur une ardoise ou sur un morceau de papier de rebut.

29. Il ne sera permis à aucun candidat de sortir de la chambre avant d'avoir remis le papier sur lequel il aura fait son travail.

30. Il sera permis aux candidats de résoudre les différents problèmes d'après la méthode et les tables dont ils auront l'habitude de se servir, et il leur sera accordé six heures pour accomplir leur travail. Au bout de six heures, s'ils n'ont pas fini, ils seront déclarés avoir manqué leur examen, à moins que le bureau des examinateurs ne juge à propos de pro-

longer ce temps dans des cas spéciaux. Lorsqu'il y aura ainsi prolongation du temps fixé, les circonstances particulières du cas et les raisons de la prolongation devront être rapportées par les examinateurs au ministre de la marine et des pêcheries lorsqu'ils lui transmettront leur rapport.

31. Il ne sera pas permis de faire de correction en se servant de tables contenues dans des ouvrages sur la navigation.

32. On s'attend que les candidats, dans leurs réponses à tous problèmes, ne fassent point d'erreur ou d'écart de plus d'un mille de la position précise à déterminer.

33. En cherchant la longitude au moyen du chronomètre, les logarithmes employés pour trouver l'angle horaire devront représenter les secondes de l'arc.

34. Dans tous les autres problèmes, les logarithmes venant à la minute la plus proche seront considérés comme suffisamment corrects pour tous les grades, excepté celui de capitaine; pour celui-ci on exigera, dans les calculs et dans les résultats, un degré de précision plus marqué que pour le grade inférieur.

35. Dans tous les cas, l'examen du candidat demandant à être reçu capitaine commencera par les problèmes à proposer aux seconds.

36. Dans tous les cas où un candidat manquera son examen, il devra être examiné *de novo*. S'il a manqué dans ses réponses, il ne sera pas réexaminé avant un intervalle de six mois de service sur les eaux intérieures ou sur les côtes, suivant le cas, afin qu'il ait le temps d'acquiescer de l'expérience.

37. Comme les examens des capitaines et des seconds sont obligatoires, les conditions d'aptitude ont été faites aussi faciles que possible; mais il doit être clairement compris que le ministre de la marine et des pêcheries pourra, de temps en temps, élever le niveau de ces examens, lorsqu'il le jugera à propos.

CONSEIL PRIVÉ,

Ottawa, 7 juillet 1883.

Je certifie par les présentes que les règles et règlements ci-dessus pour les examens des candidats qui se présentent pour obtenir des certificats de capacité comme capitaines et seconds de navire sur les eaux de l'intérieur et sur les côtes, ont été, ce jour, approuvés par Son Excellence le gouverneur général en conseil en conformité de l'acte 46 Victoria, chapitre 28.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

La plu à Son Excellence le gouverneur général, sur la recommandation de l'honorable ministre des Douanes, et sous l'autorité de la clause 230, paragraphe 12, de l'acte 46 Victoria, chapitre 12, intitulé : "Acte à l'effet d'amender de nouveau et refondre les actes concernant les douanes," d'ordonner, et il est par le présent ordonné que le bougran pour la fabrication des formes des chapeaux, et qui ne se fabrique pas en Canada, soit et est par le présent placé sur la liste des articles admis en franchise, jusqu'à ce qu'on le fabrique en Canada ou jusqu'à la fin de la prochaine session du parlement.

JOHN J. McGEE,

Greffier du Conseil Privé.

RAPPORT d'un comité de l'honorable Conseil privé, approuvé par Son Excellence le gouverneur général en conseil le 23^{ème} jour de juin 1883.

SUR un mémoire en date du 15 juin 1883, du ministre faisant fonctions de ministre des chemins de fer et canaux, énonçant, sur l'avis du ministre

du Revenu de l'Intérieur, que les taux sur les différents canaux du Canada ont été de temps à autre sujets à des modifications suivant des arrêtés spéciaux du conseil, et que pour plus de commodité il est à propos qu'il soit maintenant refondus; de plus qu'à l'égard des canaux de la rivière Rideau et Ottawa de nouvelles classifications sont nécessaires.

Le ministre constate que jusqu'à présent, la distance entre Montréal et Kingston, a été, par un arrêté général en date du 18 avril 1873, divisée pour les taux en deux parties, une l'écluse Sainte-Anne avec un tarif séparé, et l'autre "le canal Ottawa et Rideau" divisé en quatre sections, savoir:

- 1ère. Carillon et Grenville.
- 2ème. Ottawa.
- 3ème. Smith's Falls.
- 4ème. Kingston Mills.

Les taux à payer pour passage étant en proportion du nombre de sections à traverser, et qu'afin de faire cette classification en conformité avec les tableaux

préparés par le département du Revenu de l'Intérieur, il est proposé que le canal Rideau soit considéré comme un ouvrage entièrement séparé, avec des taux distincts, la division de ses sections restant cependant les mêmes, et que l'appellation "les canaux de la rivière Ottawa" devrait comprendre celui de Grenville, de Carillon et de Sainte-Anne, chacun de ces trois canaux constituant une section, et les taux sur chaque section devant être le tiers du total.

Le ministre constate de plus que le département du Revenu de l'Intérieur ayant préparé une cédula englobant les différents points mentionnés ci-haut, lesquels constituent une simple classification et non pas de nouveaux changements par rapport aux taux, lui, le ministre recommande que la dite cédula ci-jointe soit approuvée.

Le comité soumet la susdite recommandation à l'approbation de Son Excellence.

JOHN J. McGEE,
Greffier du Conseil privé.

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un

exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Toute personne désirant obtenir un bill privé devra dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

Et de plus, en conformité d'une Résolution adoptée par la Chambre des communes, le 20 avril 1883, il est ordonné que—

“ Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les clauses des Actes généraux concernant les détails qui font l'objet de ces bills; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et ré-imprimés à leurs frais, avant qu'aucun comité en examine les clauses.

J. G. BOURINOT,
Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce.

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba.) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

Miscellaneous.

23. Testimonials of character and of sobriety, experience, ability and good conduct on board ship, will be required of all applicants, and without producing them no person will be examined. As such testimonials will have to be closely examined by the examiners, for verification before any certificates can be granted, candidates are to lodge them as early as possible. The testimonials of servitude of foreigners and British seamen serving in foreign vessels, must be confirmed either by the Consul of the country to which the ship in which the candidate served belonged, or by some other official authority of that country, or by the testimony of some credible person on the spot, having personal knowledge of the facts required to be established. Upon application to one of the examiners, candidates will be supplied with a form, which they will be required to fill up and lodge with their testimonials in the hand of the examiner.

24. Candidates are required to appear at the examination room punctually at the time appointed.

25. Candidates are prohibited from bringing into the examination room books or paper of any kind whatever. The slightest infringement of this regulation will subject the offender to all the penalties of a failure.

26. In the event of any candidate being detected in defacing, blotting, writing in or otherwise injuring any book or books belonging to the Board, the papers of such candidates will be detained until the book or books so defaced be replaced by him. He will not, however, be at liberty to remove the damaged book, which will still remain the property of the Board.

27. In the event of any candidate being discovered copying from another, or affording any assistance or giving any information to another, or communicating in any way with another during the time of examination, he will subject himself to a failure and its consequences.

28. No candidate will be allowed to work out his problems on a slate or on waste paper.

29. No candidate will be permitted to leave the room until he has given up the paper on which he is engaged.

30. Candidates will be allowed to work out the various problems by the method and tables they have been accustomed to use, and will be allowed six hours to perform the work. At the expiration of six hours they will, if they have not finished, be declared to have failed, unless the Board of Examiners see fit to lengthen the period in any special case. If, however, the period is lengthened in any case, the special circumstances of that case and the reasons for lengthening the period must be reported to the Minister of Marine and Fisheries by the Examiners at the time they send in the report.

31. The corrections by inspection, from tables given in many works on navigation, will not be allowed.

32. Candidates are expected to bring their answers to all problems within, or not to exceed, a margin of one mile of position from a correct result.

33. In finding the longitude by chronometer, the logarithms used in finding the hour-angle should be taken out for seconds of arc.

34. In all other problems the logarithms to the nearest minute will be sufficiently correct for Mates. From Masters a degree of precision will be required, both in the work and in the results, beyond what is demanded from mates.

35. In every case where problems are required to be worked out, the examination for master is to commence with the problems for mate.

36. In all cases of failure the candidate must be re-examined *de novo*. If a candidate fails, he will not be re-examined until after a lapse of six months' ser-

vice afloat on the inland waters or sea coast, as the case may be, to give him time to gain experience.

37. As the examinations of Masters and Mates are made compulsory, the qualifications have been kept as low as possible, but it is distinctly to be understood that the Minister of Marine and Fisheries may raise the standard from time to time if deemed advisable.

Ottawa, 7th July, 1883.

51. All applications for Private Bills, properly the subject of legislation by the Parliament of Canada, within the purview of "The British North America Act, 1867," whether for the erection of a Bridge, the making of a Railroad, Turnpike Road or Telegraph Line; the construction or improvement of a Harbour, Canal, Lock, Dam or Slide, or other like work; the granting the right of Ferry; the incorporation of any particular Trade or Calling, or of any Banking or other Joint Stock Company; or otherwise for the granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community; or for making any amendment of a like nature to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application, and (except in the case of existing corporations) signed by, or on behalf of the applicants, to be published as follows, viz:

In the Provinces of Quebec and Manitoba.

A notice inserted in the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District, in which a newspaper is published.

In any other Province.

A notice inserted in the *Canada Gazette*, and in one newspaper published in the County, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County in which a newspaper is published. Such Notices to be continued in each case, for a period of two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. And copies of the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House.

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioner or petitioners, upon giving the notice prescribed by the preceding Rule, shall also, at the same time, and in the same manner, give notice of the rates which they intend to ask; the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and whether

they intend to erect a drawbridge, and the dimensions of the same.

Any person seeking to obtain any Private Bill shall, eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the bill is to originate, a copy of such bill in the English or French language, with a sum sufficient to pay for translating and printing the same—600 copies to be printed in English, and 200 copies in French—the translation to be done by the officers of the House, and the printing by the contractor. The applicant shall be also required to pay the accountant of the House a sum of \$200 and the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred—such payment to be made immediately after the second reading, and before the consideration of the Bill by such Committee.

No Petition for a Private Bill is received by either House after the first ten days of the session.

EDOUARD J. LANGEVIN,
Clerk of the Senate.
JOHN GEORGE BOURINOT,
Clerk of the Commons.

And further, with respect to the House of Commons, it is ordered under Resolution of 20th April, 1853, that—

"All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the *clauses* of the *General Acts* relating to the details to be provided for by such Bills;—special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof, in which the *General Act* is proposed to be departed from;—Bills which are not framed in accordance with this *Rule*, shall be re-cast by the promoters, and reprinted at their expense, before any Committee passes upon the *Clauses*.

J. G. BOURINOT,

passé dans la session tenue la 35e année de notre règne, et intitulé "Acte concernant la quarantaine," il est entre autre choses en substance statué, que le gouverneur en conseil pourra de temps en temps faire tels règlements qu'il jugera expédients pour se mettre en accord avec toutes les conditions imposées par le dit acte, concernant l'entrée et le départ des navires aux différents ports du Canada, et concernant le débarquement des passagers ou des cargaisons pour tels navires, ou l'embarquement des passagers ou cargaisons, et établir les règles que l'on croira les plus propres à préserver la santé publique, et à assurer la parfaite exécution des règlements de la quarantaine par les navires au sujet des passagers, des marchandises ou effets arrivant à un port du

Canada ou dans son voisinage, auquel il jugera qu'afin d'assurer la préservation de la santé publique, tels règlements devront être appliqués, et dans le but de bien purifier et désinfecter tels navires ou passagers, marchandises ou effets de manière à prévenir autant que possible, l'introduction ou dissémination de la maladie dans le Canada; que le gouverneur en conseil peut nommer ou déplacer tels officiers qu'il jugera nécessaire pour cette besogne, et qu'il pourra leur assigner respectivement tels pouvoirs qu'il jugera nécessaires afin d'exécuter ces règlements; qu'il pourra de temps en temps, révoquer ou amender les dits règlements ou une partie seulement, en faire d'autres à la place, et imposer des pénalités, confiscations et punitions pour contravention à ces règlements; et tels règlements seront rendus publics par proclamation publiée dans la *Gazette du Canada*, au moins deux fois; et la production des exemplaires de la *Gazette* contenant telle proclamation, sera la preuve de la passation, de la date et du contenu de tels règlements; et de plus que tels règlements auront force de loi durant tout le temps qu'ils ne seront pas révoqués, à moins que la période pendant laquelle ils doivent être en vigueur soit expressément définie pour un certain temps, certaines époques ou certaines saisons, dans tels cas ils auront force de loi, pendant le temps et aux époques et saisons pendant lesquelles ou pour lesquelles ils auront été établis et devront être en force; et que toute personne enfreignant tels règlements, sera tenue coupable de délit et poursuivie pour telle offense, punissable par l'amende ou l'emprisonnement, ou les deux à la fois comme le juge le décidera, ou telle personne pourra être poursuivie d'une autre manière pour les pénalités contenues dans tels règlements.

Et attendu qu'il a plu à notre gouverneur en conseil, aujourd'hui, de faire, sous l'autorité de l'acte en partie cité plus haut et en conformité avec ses clauses, certains règlements comme suit, savoir:

1. Que tous les vaisseaux venant de la mer Méditerranée, ou ayant navigué sur la dite mer seront censés venir d'un port infecté et réputés pouvant introduire dans le Canada le choléra ou toute autre maladie contagieuse, ou air corrompu dangereux pour la santé publique.

2. Le fait que tel navire ou vaisseau viendra de la mer Méditerranée ou aura navigué sur la dite mer le soumettra à l'application des règlements de la quarantaine en vigueur pour les ports de Québec, Saint-Jean, Halifax, Pictou et Charlottetown, et aux règlements de la quarantaine en vigueur dans les autres ports de la Confédération.

3. Le surintendant médical des établissements réguliers de quarantaine établis en vertu des règlements en premier lieu mentionnés, et le percepteur des douanes de chaque port en Canada, à l'exception des stations régulières de quarantaine citées plus haut, devront appliquer les règlements définissant leurs devoirs à chaque navire ou navires venant de la mer Méditerranée ou ayant navigué sur ses eaux, traitant ces navires *ipso facto*, comme s'il était reconnu qu'ils appartiennent à la classe des navires que les surintendants médicaux et les percepteurs des douanes ont l'ordre de visiter et auxquels ils ont droit d'imposer des conditions dans un but de quarantaine.

SACHEZ maintenant que Nous commandons et enjoignons à tous nos bien-aimés sujets de prendre connaissance de ces règlements tels que plus haut cités, de les observer et de se conduire en conséquence.

ORDRES EN CONSEIL.

HOTEL DU GOUVERNEMENT, OTTAWA.

Jeudi, 28 juin 1883.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL
EN CONSEIL.

SUR la recommandation de l'honorable ministre du revenu de l'intérieur, et en vertu des dispositions de l'acte 46 Victoria chapitre 15,

Il a plu à Son Excellence le gouverneur général, par et de l'avis du Conseil Privé de la Reine pour le Canada, d'ordonner, et il est par le présent ordonné, que les Règlements suivants relatifs au Tabac et Cigares, et aux Manufactures de tabac et de cigares, devant entrer en vigueur dès et après le 1er jour de juillet 1883, soient et ils sont par le présent adoptés :—

ARTICLE I. MATIÈRE PREMIÈRE.

COMMENT TRAITER LE TABAC EN FEUILLES, LES DÉCHETS, LES ROGNURES, LES TIGES, LA RÉGLISSE OU AUTRES MATIÈRES, APPORTÉS, PRODUITS OU EMPLOYÉS DANS UNE MANUFACTURE DE TABAC OU DE CIGARES, OU QUI SONT SORTIS DE LA DITE MANUFACTURE.

1. Aussitôt que du tabac ou toute autre matière

première est reçu à la manufacture, la quantité en sera vérifiée par le fabricant, sous la surveillance immédiate de l'officier préposé, dont la devoir sera de s'assurer de l'exactitude de tous les poids, et quand il en sera requis par le fabricant, de constater la déduction à faire pour l'eau.

2. Le tabac étalon, tel que défini par l'Acte, est celui qui contient 10 pour cent d'eau, mais le département n'a pas l'intention de s'arrêter à une différence d'un ou de deux pour cent en plus ou en moins.

3. Cependant, quand il y a un excès d'eau évident au delà de la proportion ci-dessus mentionnée, c'est-à-dire 10 pour cent, le fabricant peut, s'il le désire, faire constater l'excès, et si cet excès atteint ou dépasse 12 pour cent, le surplus au-dessus de 10 pour cent doit être déduit du poids total. En d'autres termes, quand le tabac sera trop imprégné d'eau, on déduira 10 pour cent de son poids et on ne tiendra pas compte de la différence en plus.

4. Tout échantillon pris en vue du constater la proportion d'eau qu'il contient sera fourni gratis par le fabricant ou le propriétaire.

5. Il n'est pas nécessaire de prendre des échantillons de chaque paquet ou colis. Quand, après un examen attentif de deux paquets ou plus, l'officier considère que le lot est à peu près uniforme en ce qui regarde la quantité d'eau, il peut choisir un échantillon pour représenter le lot. Le département désire que le fabricant subisse la moindre perte possible de la constatation de la quantité d'eau contenue dans son tabac ; et chaque fois qu'un fabricant est convaincu que le tabac en feuilles ou tout autre tabac non fabriqué apporté à sa manufacture en aucun temps n'est ni au-dessus ni au-dessous de l'étalon, il peut consigner dans ses livres son poids réel sans faire examiner aucun échantillon, mais dans ce cas ce poids sera considéré comme étant le poids étalon et il ne sera fait par la suite aucune remise si la production de la manufacture est au-dessous de l'étalon fixé par la loi.

6. Tous tiges, déchets, rognures, débris, ou rebuts de tabac produits, employés, enlevés ou détruits dans ou de toute manufacture de tabac ou de cigares seront entrés en livres étalon.

7. Tous tabacs en feuilles, tiges, déchets, rognures, débris, rebuts, et tout tabac en voie de fabrication à l'époque où l'inventaire se fera seront marqués en livres étalon, et dans ces cas-là on aura soin que les échantillons choisis pour le séchage représentent bien la moyenne d'humidité de chacun des lots où on les aura pris.

8. Chaque fois qu'il sera nécessaire de constater la quantité d'eau qu'ils contiennent, les échantillons devront être choisis avec soin, de façon à donner une idée aussi exacte que possible de l'ensemble des lots. Ces échantillons devront peser chacun d'un quarteron à une demi-livre ; on les pèsera soigneusement aussitôt qu'ils auront été pris sur le lot, et on ne devra les y prendre qu'au moment le plus rapproché possible du pesage du lot. On les séchera ensuite soigneusement dans les fourneaux qui ont déjà été ou seront bientôt expédiés aux principaux bureaux. La différence de poids avant et après le séchage représentera la quantité d'eau contenue dans le tabac.

9. Les bureaux les plus importants seront pourvus de balances spéciales qui indiqueront sur le fléau la proportion d'eau au-dessus de l'étalon, ce qui dispensera de bien des calculs.

La balance est construite de telle façon qu'après avoir contrebalancé le poids du plateau de dessiccation au moyen de plomb de chasse versé dans le vaisseau de contrepoids vous pouvez peser un échantillon d'un quart de livre, d'une demi-livre ou d'une livre, selon que vous aurez arrangé le poids curseur pour peser l'un ou l'autre, en ayant soin de placer le poids curseur à 100 lorsque vous pesez avant que le tabac soit séché ; après la dessiccation la place que prendra le poids curseur sur le fléau pour contrebalancer l'échantillon indiquera sur l'échelle inférieure du fléau le pour cent d'eau de l'échantillon.

10. L'officier préposé à la surveillance d'une manufacture de tabac ou de cigares tiendra registre du poids de tous les paquets de tabac en feuilles ou d'autres matières premières qui entreront dans la manufacture. Le département fournira un livre à cette fin.

11. Tous les paquets ou colis de matières premières reçues dans la manufacture seront numérotés consécutivement, en commençant par le numéro un le premier de juillet de chaque année.

12. Une étiquette sera mise sur chaque paquet, et indiquera la date de son entreposement, le numéro de série du paquet, son poids brut, la tare, et le poids net et réel du tabac ou de toute autre matière première y contenue, et, s'il s'agit de tabac en feuilles, de déchets et de rognures, de tiges et d'autres produits non manufacturés du tabac en feuilles, le pourcentage d'eau et le nombre de livres étalon de tabac y contenus. Pour raison d'uniformité, l'étiquette dont on se servira jusqu'à nouvel ordre du département, se lira comme suit, et le département la délivrera sur demande :—

—	Détails.	Détails quand le contenu entier du colis n'est pas sorti d'entrepôt.	
		Date.	Quantité.
Date de l'entreposement..... 18 .		
Numéro de série.....		
Nature du contenu.....		
Poids brut.....lbs.		
Tare.....lbs.		
Poids net.....lbs.		
Pourcentage d'eau.....		
Etalon.....lbs.		

Signature.....Préposé.

On ne remplira pas le blanc des deux dernières lignes s'il s'agit de réglisse, de sucre, de gomme ou de matières premières autres que le tabac en feuilles, ses rognures, ou ses autres produits, vu qu'il ne peut être question de la quantité d'eau que ces articles peuvent contenir.

13. Tout tabac en feuilles ou autres matières, sur réception et aussitôt qu'on en aura fait un état, seront placés dans l'entrepôt destiné à cette fin et fermé avec un cadenas officiel, dont la clef demeurera entre les mains du préposé.

14. Le tabac en feuilles et les autres matières premières seront remis aux fabricants de tabac et de cigares en telles quantités qu'ils auront besoin d'employer; comme ils peuvent avoir accès dans l'entrepôt tous les jours, si c'est nécessaire, et prendre du tabac d'autant de colis qu'ils désireront comme s'il était sous leur contrôle exclusif, il est inutile d'en emporter en plus grande quantité que les besoins de chaque jour n'en requièrent. Si on prend des colis complets pour emploi, on devra les déclarer à la sortie de l'entrepôt selon le poids marqué sur eux à leur entrée.

(a.) Si, dans l'opinion du département, une manufacture de tabac ou de cigares ne possède pas les commodités nécessaires pour emmagasiner tout le tabac en feuilles et les autres matières premières dans la pièce fermée à clef désignée pour cette fin sans causer trop d'ennuis au fabricant, le percepteur peut permettre qu'on emmagasine telle quantité qu'il jugera convenable dans d'autres parties de la manufacture; et dans ce cas le fabricant mettra sur chaque paquet ou colis non destiné à être employé prochainement une carte rouge de pas moins de quatre pouces carrés sur laquelle les mots "En Entrepôt" seront imprimés en lettres hautes de pas moins d'un pouce; et l'enlèvement de cette carte ou de partie du contenu de tel colis avant que le poids de ce colis ait été porté au débit du "journal" comme "pris pour usage" sera considéré comme un enlèvement illégal de marchandises d'un entrepôt et rendra le fabricant passible des pénalités fixées par la loi.

(b) Quand le contenu d'un colis est pris pour usage en différentes fois, la dernière déclaration devra faire concorder le total avec la quantité entreposée originellement et marquée sur ce colis.

(c) Il sera permis à un fabricant de prendre des colis entiers ou telle portion d'iceux qu'il aura besoin

d'employer, mais s'il devient évident en aucun temps que ses déclarations couvrent des quantités qui dépassent les bornes de son commerce, le percepteur demandera au département des instructions particulières.

15. Toutes les tiges se trouvant dans toute manufacture de tabac ou de cigares, à moins d'être utilisées, ou qu'on ait l'intention de les utiliser immédiatement dans la manufacture, ou gardées par le fabricant dans le but de les exporter, devront être pesées pas moins souvent qu'une fois par mois et détruites ou mises sous clef de la manière ci-après indiquée.

Les tiges, déchets, rognures et débris produits dans une manufacture de tabac ou de cigares chargés de nouveau au fonds et portés au débit du Magasinier (Stock Book) No. 1, à moins d'être détruits ou enlevés, ou qu'on déclare vouloir les utiliser immédiatement, devront être placés dans un entrepôt de tabac brut en feuille.

16. On les détruira par le feu, mais un autre moyen pourra être autorisé spécialement. Le département pourra autoriser les percepteurs du revenu de l'intérieur à fournir aux jardiniers connus de petites quantités de tiges devant servir uniquement à des fins horticoles. La quantité à être fournie et les garanties à prendre pour que ces tiges ne soient pas détournées de leur destination sont laissées à la discrétion du percepteur, qui en fera un rapport détaillé au département tous les mois.

17. Les tiges, déchets, rognures et débris, avant d'être déclarés pour transport ou destruction, seront portés au débit du Magasinier No. 1.

18. Le tabac en feuilles qui aura été entré dans le "Journal" d'un fabricant de tabac ou de cigares comme pris pour emploi, ne pourra ensuite être enlevé de la manufacture à l'état brut, à moins d'une permission spéciale obtenue dans chaque cas du percepteur.

19. Le tabac en feuilles, quand on le retirera d'une manufacture de tabac ou de cigares, devra être déclaré en livres étalon.

20. En faisant l'inventaire du tabac et des matières premières mis sous cadenas officiel, il ne sera pas nécessaire de peser chacun des colis en entrepôt, mais seulement un nombre suffisant pour faire voir au préposé que les colis sont tels que l'étiquette l'indique.

Quand le tabac n'est pas sous cadenas officiel, chaque colis sera soigneusement pesé.

21. Les aromates reçus dans une manufacture de tabac ou de cigares ne seront pas examinés par le préposé, mais le fabricant devra enregistrer leur poids comme dans le cas des autres matières premières.

DE LA VENTE EN BLOC, PAR UN FABRICANT A UN AUTRE, DES DÉCHETS, ROGNURES, TIGES ET BALAYURES DE TABAC.

22. Chaque fois qu'un fabricant de tabac ou de cigares désirera vendre ses rebuts, déchets, rognures, tiges et balayures de tabac, en bloc et comme matière première, à un autre fabricant de tabac ou de cigares, pour être façonnés ou manufacturés, il lui est loisible de le faire aux conditions suivantes, savoir :—

(a) La mutation devra être faite en entrepôt, et les marchandises consignées à l'ordre du percepteur du revenu de l'intérieur de la division à laquelle les marchandises sont ainsi consignées, de la même manière que pour les articles manufacturés.

(b) Les colis contenant les marchandises seront numérotés consécutivement et porteront chacun le chiffre du poids brut, de la tare, du poids net, et celui du poids étalon du tabac non manufacturé y contenu, plus le numéro de registre de la manufacture, le numéro de la déclaration d'entreposement, la date, et le numéro de la division du revenu de l'intérieur.

(c) Personne autre que les fabricants de tabac et de cigares n'aura la permission soit d'acheter soit de vendre cette qualité de tabac, à moins qu'il ne soit emballé, estampillé et n'ait acquitté les droits fixés par la loi.

23. Quand un fabricant de tabac ou de cigares désire vendre ses rebuts, déchets, rognures, tiges ou balayures de tabac pour l'exportation dans un pays étranger, il devra faire sa déclaration d'entreposement

pour exportation de la même manière et sous l'empire des mêmes règlements qui gouvernent l'exportation et l'exportation des articles manufacturés.

24. Les fabricants de cigares ne pourront faire de petits paquets de rognures pour la consommation.

DE LA MUTATION DE LA FLEUR DE TABAC EN POUDRE ET DES DÉCHETS DU TABAC À CHIQUER HACHÉ FIN D'UNE MANUFACTURE À UNE AUTRE.

25. La fleur de tabac en poudre non préparée pour être utilisée, mais qui aura besoin de passer par quelque autre procédé, en la tamisant, marinant, aromatisant, ou autrement, avant qu'elle ne soit en état d'être employée ou consommée, pourra être vendue directement par un fabricant de tabac à un autre conformément aux règlements suivants :—

(a.) La fleur de tabac en poudre sera mise en colis, et ces colis seront numérotés consécutivement et porteront l'indication de leurs poids brut, tare, et poids net, et de plus le numéro de registre de la manufacture d'où ils sont retirés, le numéro de la déclaration d'entreposement, la date, et le numéro de la division du revenu de l'intérieur.

(b.) La fleur de tabac en poudre ira d'une manufacture à une autre en entrepôt, les déclarations d'entreposement et de sortie et l'obligation de sortie nécessaires devant être faites et données comme dans le cas des autres mutations d'entrepôt.

26. Les déchets du tabac à chiquer fin peuvent être vendus en bloc comme les rognures, débris, etc., par un fabricant de tabac à un autre ; mais s'ils sont mis en paquets pour la vente ou la consommation, ces paquets devront contenir un vingtième, un seizième, un dixième, un huitième, un cinquième, un quart de livre, ou une demi-livre chacun, et être estampillés comme les autres petits paquets de tabac. La loi n'autorise pas l'empaquetage des déchets de tabac à chiquer fin par cinq ou dix livres comme pour le tabac à chiquer fin lui-même.

27. Les déchets de tabac à chiquer fin peuvent être vendus en bloc par un fabricant de tabac à un autre, conformément aux règlements qui suivent :—

(a.) Ils seront mis en paquets, qui seront numérotés consécutivement et indiqueront leurs poids brut, tare et poids net (ce dernier en livres réelles et en livres étalon), et de plus le numéro de registre de la manufacture où ils auront été préparés ou dont ils auront été retirés, le numéro de la déclaration d'entreposement, la date, et le numéro de la division du revenu de l'intérieur.

(b.) Les déchets de tabac à chiquer fin, de même que la fleur de tabac à chiquer, sortiront d'une manufacture pour une autre en entrepôt.

28. Sur réception de la fleur de tabac en poudre ou des déchets de tabac à chiquer fin dans la manufacture où ils seront consignés, on les mettra dans l'entrepôt du tabac en feuilles, et on les délivrera au fabricant en telles quantités dont il aura besoin pour les utiliser.

29. La fleur de tabac en poudre et les déchets de tabac à chiquer fin, après la déclaration de la sortie en vue de leur préparation dans une autre manufacture de tabac licenciée, seront traités dans tous les livres comme matières premières, et comme ces opérations ne seront probablement pas assez importantes pour qu'il faille surcharger les livres de colonnes particulières à leur sujet, on les y traitera de la manière suivante dans les cas de sortie, savoir :—

(a.) Les inscriptions se feront en encre rouge.

(b.) La date de leur production se fera dans la colonne 23 du "Journal"; quand ils seront "débités au fonds" et "sortis de la manufacture," on consignera la date dans les colonnes 10 et 26 du Magasinier No 1 respectivement.

(c.) Dans la manufacture où ils seront reçus, on indiquera aux colonnes 9 et 25 du Magasinier No 1 respectivement quand "apportés" et quand "pris pour préparation," et aussi quand "pris pour préparation" dans la colonne 7 du Journal.

(d.) Les explications seront consignées dans les colonnes 2 et 19 du Magasinier No 1 et les colonnes 2 et 15 du Journal.

(e.) Les totaux relatifs aux déchets de tabac à chiquer fin et de la fleur de tabac à priser seront écrits à l'encre rouge, et distincts et séparés des totaux des débris, rognures et rebuts, tel qu'indiqués aux colonnes ci-haut mentionnées.

ÉCHANTILLONS DE TABAC EN FEUILLES.

30. Comme on semble ne pas parfaitement comprendre comment il faut traiter les petites quantités de tabac en feuilles importées comme échantillons, et sur lesquelles le département ne peut percevoir de droits, les règlements suivants sont faits pour l'usage des officiers de douane des ports où ces échantillons sont importés.

(a.) Ces échantillons devront être entreposés dans un entrepôt de douane de la même manière que tout autre tabac en feuilles importé.

(b.) La sortie de ces échantillons de l'entrepôt de douane en quantités n'excédant pas cent cinquante livres à la fois pourra être autorisée sur exécution d'une obligation de sortie donnée au percepteur des douanes par les personnes qui veulent retirer le tabac, et du cautionnement d'un franc-tenancier résident, ou d'une autre personne solvable résidant à ou près du port où l'obligation est donnée. Chaque paquet ou échantillon séparé sera soigneusement scellé et estampillé afin de pouvoir être identifié.

(c.) La déclaration de sortie constatera exactement la quantité, la nature et la qualité du tabac à être retiré, telles que connues dans le commerce, y compris tous les détails nécessaires pour reconnaître l'identité des divers échantillons ou paquets.

(d.) Le percepteur des douanes inscrira sur le dos de chaque papier de sortie la date à laquelle expirera l'obligation de sortie, et y mentionnera que le porteur est autorisé à emporter avec lui le tabac y désigné dans le but de l'exhiber à ses clients.

(e.) Les conditions de l'obligation seront que, dans un temps spécifié, le tabac devra être livré à un fabricant de tabac ou de cigares licencié et entré dans ses livres, ou qu'il sera exporté.

(f.) L'obligation ne sera annulée que sur la production d'un certificat d'un officier d'accise à l'effet que le tabac a été entré dans les livres d'un fabricant de tabac ou de cigares licencié, ou d'un certificat d'un officier de douane à l'effet que le tabac a été exporté, et cela dans les délais fixés.

(g.) Outre ce certificat, dans le cas d'exportation, tous les règlements d'entreposement en vigueur relativement à l'exportation des marchandises en douane devront être obéis avant que l'obligation soit annulée.

(h.) Chaque fois que l'obligation ne sera pas annulée de la manière ci-dessus, et dans les délais y fixés, il sera du devoir du percepteur des douanes devant qui elle aura été donnée de requérir des personnes en cause le paiement immédiat de l'amende consentie dans l'obligation, laquelle, en conformité de la section 304 de l'Acte du Revenu de l'Intérieur de 1883, sera d'une somme égale à 30 centins par livre du tabac qui y est mentionné.

(i.) Lorsque des échantillons sont colportés par le commis-voyageur d'une personne ayant licence pour entreposer du tabac en feuilles sous l'autorité de l'Acte du Revenu de l'Intérieur, un état exact de ces échantillons sera dressé par le préposé de l'accise et entré dans les livres de l'entreposeur, et les mêmes moyens seront pris pour constater leur identité que dans le cas des échantillons qui viennent d'être importés.

(j.) Il sera exécuté à leur sujet une obligation de la même nature que pour les échantillons qui viennent d'être importés ; avec cette différence qu'au lieu de renfermer l'alternative de l'exportation, les conditions exigeront leur retour à l'entrepôt de l'entreposeur licencié, qui consignera le fait dans ses livres.

(k.) Chaque fois qu'il le voudra, l'importateur pourra payer un droit de vingt centins par livre sur les échantillons de tabac en feuilles et y faire apposer l'estampille spéciale des échantillons de tabac en feuilles pourvue à cette fin, et emporter et exhiber ses échantillons sans être tenu d'exécuter une obligation de sortie, d'avoir le certificat des officiers d'accise touchant leur entrée dans les livres d'un fabricant, ni à quoi que ce soit concernant l'exportation des échantillons.

(7.) Les estampilles spéciales des échantillons de tabac en feuilles seront détruites quand le tabac entrera pour être utilisé dans une manufacture de tabac ou de cigares.

ARTICLE 2.

ESTAMPILLES POUR LE TABAC.

1. Sous l'autorité de l'Acte du Revenu de l'Intérieur de 1883, des estampilles des dénominations suivantes ont été gravées, et leur usage est par les présentes prescrit, savoir :

- (a). Des bandes estampillées, en feuilles, de la dénomination d'un quarantième de livre, pour cigarettes.
 - (b). Des bandes estampillées, en feuilles, de la dénomination d'un vingtième, d'un seizième, d'un dixième, d'un huitième, d'un cinquième, d'un quart de livre et d'une demi-livre, pour paquets réguliers de tabac coupé et pulvérisé, cigarettes, déchets, côtes, rognures et balayures de tabac.
 - (c). Des bandes estampillées, en feuilles, de la dénomination de cinq et de dix livres, pour seaux, barils ou caisses de tabac à chiquer haché fin.
 - (d). Des bandes estampillées, en feuilles, de la dénomination d'une livre, pour paquets ou colis de tabac blanc en torquette.
 - (e). Des bandes estampillées, en feuilles, de la dénomination de cinq et de dix livres, pour paquets ou colis renfermant du tabac en poudre qui ne contient pas plus de quarante pour cent d'eau.
 - (f). Des bandes estampillées, en feuilles, de la dénomination de dix et de vingt livres, pour paquets ou colis de tabac en poudre contenant plus de quarante pour cent d'eau.
 - (g). Estampilles oblongues, en feuilles, de la dénomination de dix livres, pour paquets ou colis contenant du tabac cavendish, ou du tabac en tablette ou en torquette.
 - (h). Coupons estampillés, en livrets, de la dénomination de dix, quinze et vingt avec coupons d'une demi-livre, et soixante et soixante-dix avec coupons d'une livre.
2. Aucune estampille d'une dénomination moindre qu'un cinquième de livre n'a été faite pour le tabac produit par la feuille canadienne seule.
3. Le devoir de tout officier qui a charge d'une manufacture de tabac ou de cigares l'oblige de veiller à ce que les paquets revêtus d'une estampille ne contiennent pas plus de tabac ou de cigares que l'estampille n'en doit couvrir, et s'il découvre en aucun temps des paquets de tabac ou de cigares portant des estampilles représentant une quantité moindre que celle qu'ils contiennent, il est de son devoir de les détenir comme confisqués et de communiquer le cas dans tous ses détails au département par le canal des percepteurs de la division.
4. Les estampilles devant servir pour le tabac qui est en tout ou en partie le produit du tabac en feuilles étranger sont de couleur noire. Celles qui servent pour le tabac manufacturé exclusivement avec le tabac en feuilles canadien sont vertes. Pour les colis du tabac importé elles sont bleues.

Pour les cigares.

5. Le commissaire du revenu de l'intérieur a fait exécuter des estampilles de cigares des dénominations suivantes pour le prélèvement des droits sur les cigares :—

- (a) Des bandes estampillées, en feuilles, pour boîtes contenant vingt-cinq, cinquante, cent et deux cents cigares chacune.
 - (b) Des bandes estampillées, en feuilles, pour boîtes d'échantillons de cigares contenant chacune vingt-cinq cigares.
 - (c) Des bandes estampillées, en feuilles, pour boîtes de cigares importés (ancienne émission, le droit portant sur la livre, comme ci-devant).
6. Les estampilles devant servir sur les boîtes contenant des cigares qui sont en tout ou en partie le produit du tabac en feuilles étranger sont de couleur noire.

Les estampilles devant servir sur les boîtes contenant des cigares qui sont le produit du tabac canadien en feuilles seul sont de couleur verte.

Les estampilles devant servir pour les paquets ou colis de cigares importés sont de couleur bleue.

Les estampilles devant servir pour les boîtes d'échantillons de cigares sont de couleur jaune et portent la lettre "F" si on les emploie pour les cigares qui proviennent du tabac en feuilles étranger, et la lettre "C" si les cigares sont manufacturés avec le tabac en feuilles canadien.

POUR TABAC CANADIEN (OU BLANC) EN TORQUETTES.

7. Les estampilles pour le tabac canadien en torquettes embrassent les dénominations d'un quart de livre, d'une demi-livre et d'une livre chacune.

8. Les estampilles de cette dénomination seront fournies aux maîtres de poste et à d'autres personnes par tout le pays, lesquels tiendront un registre des noms de ceux à qui ils vendront des estampilles, ainsi que du numéro de la licence et du numéro et de la dénomination des estampilles vendues à chacun (ayant soin de n'en vendre qu'aux porteurs de licences.) On leur fournira un livre à ces fins. Le registre des ventes en question sera en tout temps ouvert à l'inspection des officiers du revenu de l'intérieur.

9. Le tabac canadien en torquettes ne peut être manufacturé pour la vente par le cultivateur à moins qu'il n'ait pris une licence, qui lui coûte deux piastres ; et la loi inflige une forte amende à tout cultivateur qui manufacturerait pour le vendre du tabac canadien en torquettes sans avoir pris sa licence. Les percepteurs du revenu de l'intérieur et les autres officiers qui agissent au nom de ce département prendront, en conséquence, tous les moyens en leur pouvoir pour faire savoir aux cultivateurs combien il leur importe de prendre ces permis et d'estampiller le tabac canadien en torquette avant de le mettre en vente.

10. Les estampilles doivent être fixées au rôle ou rouleau en les entrelaçant avec celui-ci quand il est terminé, de façon à ce que les deux bouts de l'estampille en fassent une fois le tour et en les y assujétissant solidement avec de la gomme ou de la colle. Les rouleaux qui ont été faits avant la mise en vigueur des dispositions de cet acte peuvent recevoir l'estampille après qu'on les aura ficelés, ou autrement attachés, et enfermés dans un papier, une bande ou toute autre enveloppe qui permette d'y faire adhérer l'estampille. Dans tous les cas, l'estampille doit être apposée au moyen de bonne gomme, et chaque officier de ce département est requis, en autant que la chose est en son pouvoir, de faire comprendre aux cultivateurs qui manufacturent le tabac canadien en torquettes pour la vente qu'il est nécessaire que l'estampille adhère fermement au tabac pour protéger celui-ci contre la saisie, car si on découvre, quelque part ailleurs qu'en la possession du cultivateur-fabricant licencié ou dans les prémisses d'un fabricant licencié seulement pour la manufacture du tabac canadien en feuilles, des paquets ne portant pas l'estampille dûment apposée, ceux-ci seront certainement saisis et confisqués en conformité de la loi.

11. La loi inflige aussi de fortes amendes aux personnes qui ouvrent un paquet ou colis de tabac sans briser l'estampille y apposée, ou en la possession desquelles un paquet ouvert irrégulièrement pourrait être trouvé ou encore des estampilles qui auraient servi.

Chaque officier profitera, en conséquence, de toutes les occasions qu'il aura pour faire connaître ces choses à ceux qu'elles concernent.

ESTAMPILLES DE MUTATIONS EN ENTREPÔT.

12. Les estampilles pour permis de sortie en entrepôt, à être mises sur les paquets ou colis de tabac retirés en entrepôt, sont des dénominations suivantes, savoir :

- (a). Pour apposer sur les seaux, barils, caisses ou autres paquets de tabac à chiquer haché fin pesant cinq et dix livres chacun.
- (b). Pour apposer sur les paquets de cinq, de dix et de vingt livres de tabac à priser.
- (c). Pour apposer sur les paquets de tabac en tablettes pesant de dix à vingt-cinq livres.

(d). Pour apposer sur les paquets de tabac en tablettes pesant de soixante à quatre-vingts livres.

(e). Pour apposer sur les colis, boîtes ou paquets de cigares.

2. Il faut les apposer comme suit :—

(a), (b) et (c) seront apposées de façon à couvrir à peu près également le couvercle et le corps du colis ou paquet.

(c) et (d) devront être apposées à l'endroit même de la boîte ou colis qui est réservé à l'estampille qui indique le paiement des droits, savoir : "sur un coin ou angle de la boîte ou colis, à égale distance des bouts, adhérent à peu près également à chaque côté."

13. Chaque colis de tabac ou de cigares déplacé en entrepôt devra porter une estampille de mutation en entrepôt désignée pour l'espèce de paquet ou colis dont il s'agit; l'estampille sera apposée au paquet et annulée par le fabricant ou son agent. L'annulation se fera au moyen de l'étampe de caoutchouc employé pour la première annulation de l'estampille de droits payés. Si le fabricant le désire, les estampilles de mutation en entrepôt peuvent être mises sur les colis qu'il entend retirer, au temps où le tabac ou les cigares sont placés dans l'entrepôt.

POUR LA DOUANE.

14. Des arrangements ont été pris avec le Département des Douanes pour qu'à l'avenir le Département du Revenu de l'Intérieur fournisse, par l'entremise de ses percepteurs, les estampilles pour le tabac importé. Vous vous mettrez en conséquence en communication avec le ou les percepteurs des douanes qui peuvent demander à en être munis par votre bureau, et les priez de vous faire la commande de la quantité d'estampilles dont ils auront probablement besoin à leurs ports respectifs.

15. Comme il faut un assez long temps pour se procurer des estampilles quand on n'en a pas à l'époque de la commande, vous priez les percepteurs de douanes de se hâter autant que possible à ce sujet.

16. Voici la liste et la dénomination des estampilles dont il vient d'être question.

Cigares.

Echantillon de tabac en feuilles.

18. Chaque colis de tabac importé doit être couvert par une estampille de la dénomination qui représente son poids, ou par une d'une dénomination plus élevée.

OBTENTION DES ESTAMPILLES.

17. Les estampilles seront fournies par le département sur demande régulière faite par le percepteur du revenu de l'intérieur, qui aura soin de s'y prendre

assez à l'avance pour en tenir toujours un approvisionnement égal à la demande probable pour trois mois, comme le veut la section 270 de l'Acte du Revenu de l'Intérieur de 1883. Aussitôt qu'il recevra un envoi d'estampilles, le percepteur ou tout autre préposé les comptera, et si l'envoi concorde avec le blanc de reçu qui l'accompagne, il datera et signera celui-ci et le renverra au département par la plus prochaine maille, et il portera les estampilles reçues au débit dans son "Journal des estampilles de tabac reçues et émises." S'il y a erreur, il en avertira aussitôt le département, et il portera le nombre exact qu'il aura reçu au débit de son compte d'estampilles. Les percepteurs et les autres officiers sont tenus de rendre compte de chaque estampille qu'ils auront reconnu avoir reçue.

19. Chaque dénomination d'estampilles aura son compte distinct, qui sera tenu en la manière indiquée à la première page des cahiers d'estampilles, c'est-à-dire en portant au débit le nombre reçu et au crédit le nombre émis. En ouvrant ces comptes, on commencera par porter au débit le nombre d'estampilles des diverses dénominations que l'on a en mains.

MANIÈRE D'APPOSER LES ESTAMPILLES DE TABAC ET DE CIGARES.

20. En vertu de la section 270 de l'Acte du revenu de l'intérieur de 1883, il est par le présent prescrit que les estampilles seront apposées sur les paquets ou colis de tabac et de cigares de la manière suivante, savoir :—Tous les colis ou paquets de tabac, excepté le tabac à chiquer haché fin et le tabac en poudre, contenant plus de dix livres recevront une estampille.—coupons de registre d'une dénomination correspondant avec le poids net du tabac y contenu. Par exemple, un colis contenant de dix à vingt-cinq livres, et de soixante à quatre-vingts livres, peut être et sera couvert par une seule estampille et des coupons attachés à l'estampille quand le poids du colis n'est pas exactement de dix, quinze, vingt, soixante ou soixante-dix livres. (Quand le poids est exactement de ces chiffres, on n'emploie qu'une estampille sans coupons). Quand le poids du tabac contenu dans le colis est entre dix et vingt-cinq livres, et entre soixante et quatre-vingts livres, on se sert des coupons attachés à l'estampille qui porte ce chiffre, en sorte qu'avec un ou plusieurs coupons elle puisse correspondre au poids requis. Il n'est pas permis de se servir des coupons de demi-livre pour les colis contenant vingt-cinq livres et plus. Tous les autres paquets de tabac seront revêtus d'estampilles de la dénomination fixée par le département, et il ne sera apposé qu'une seule estampille sur chaque paquet.

21. Sur toute espèce de boîtes ou colis de tabac cavendish, en tablettes, en torquettes, ou de toute autre forme, l'estampille sera apposée sur un coin ou angle de la boîte ou colis, à égale distance des bouts, et en l'attachant à peu près également sur chaque côté. Et le et après le 1^{er} de janvier 1884, tous les boîtes et colis faits de bois auront une rainure de pas moins d'un seizième de pouce de profondeur afin d'y mettre l'estampille et l'empêcher d'être déchirée ou usée dans le transport.

22. Sur tous barils, caisses, seaux et autres colis contenant cinq et dix livres de tabac à chiquer fin, et cinq, dix et vingt livres de tabac en poudre, tel que permis par la loi, l'estampille qui a la forme d'une bande sera mise en travers du couvercle, de sorte qu'elle descende de chaque côté du colis et le scelle bien.

23. Les bandes estampillées, employées soit pour les colis contenant du tabac à fumer, du tabac à chiquer fin, du tabac à priser, des cigares ou des cigarettes, doivent être apposées de façon à sceller efficacement les colis et à rendre impossible leur ouverture ou l'enlèvement de leur contenu sans détruire ou briser les estampilles. Sur les boîtes de cigares on doit les mettre à pas moins de trois-quarts de pouce du bout.

24. Les bandes estampillées pour le tabac sont assez longues pour passer sur les deux bouts du colis et contourner les angles opposés, scellant ainsi efficacement le colis, et c'est ainsi qu'on doit les apposer; quand on s'en sert pour des sacs qui ne s'ouvrent qu'à

une seule extrémité, il faut les apposer de façon à bien clore celle-ci.

25. On appose les estampilles sur les colis en se servant d'une matière adhésive qui les colle au bois, au papier, etc., solidement et permanently. Après que les estampilles mises sur les colis de bois ou de métal auront séché et qu'elles auront été annulées, tel que prescrit, il faut y passer une forte couche de vernis, en ayant soin cependant de ne pas obscurcir ni effacer l'impression faite sur l'estampille.

26. Les estampilles de tabac ou de cigares n'adhéreront pas à l'étain en feuille avec la gomme ou la colle ordinaire. Le fabricant devra alors ou envelopper l'étain dans un papier ou se procurer quelque gomme ou colle avec laquelle les estampilles puissent adhérer tellement aux paquets qu'il soit impossible de les enlever sans les détruire.

27. Il ne sera pas permis aux fabricants ni aux importateurs de cigares d'entourer la boîte ou le colis qui contient les cigares d'une enveloppe extérieure de papier ou autre matière et d'apposer l'estampille sur cette enveloppe. L'estampille doit être mise sur chaque paquet même pour y demeurer comme preuve qu'il est légalement en la possession de celui qui le détient.

28. Voici des recettes pour faire à peu de frais d'excellente colle et d'excellent vernis ; elles ont été essayées et peuvent être recommandées :

Pour la colle.—Dissoudre une livre de gomme arabe dans une chopine et trois-quarts d'eau bouillante ; ajoutez de deux à quatre onces d'acide acétique ; tenir bien bouché quand on ne s'en sert pas. Appliquer également sur l'estampille ou l'avis, et presser fortement sur le bois ou toute autre matière dont le colis est fait.

Pour le vernis.—Mettre dans une bouteille suffisamment grande une demi-livre de gomme shellac blanchie, écrasée fin ; ajoutez de l'alcool très-fort, agiter de temps à autre jusqu'à dissolution parfaite, tenir bouché pour empêcher l'évaporation. Si le vernis devenait trop épais, ajouter un peu d'alcool.

29. Les estampilles doivent être apposées aux paquets de tabac ou de cigares dans la manufacture par le fabricant ou son agent, dans l'entrepôt licencié par l'entrepôseur ou son agent, et dans l'entrepôt de douane par le préposé des douanes. Bien que la responsabilité de l'estampillage du tabac sorti de l'entrepôt d'accise d'un marchand repose sur le propriétaire de l'entrepôt, l'officier livrant le tabac est supposé l'aider dans l'apposition et l'annulation des estampilles, quand la chose peut se faire aussitôt après la sortie des marchandises de l'entrepôt.

ÉTAMPES ET POINÇONS D'ANNULATION.

30. Autorisé par la section 271 de l'Acte du Revenu de l'Intérieur de 1883, le commissaire du revenu de l'Intérieur fournira des poinçons d'acier pour l'annulation de toutes les estampilles apposées sur les colis ou paquets en bois ou faits partie en bois et partie d'autres matériaux et qui contiendront du tabac. Ces poinçons seront expédiés aux divers percepteurs du revenu de l'intérieur et seront par eux prêtés au fabricant de tabac ou à la personne mentionnée dans la réquisition à cet effet et à personne autre, et le coût de ce poinçon sera payé par le fabricant ou la personne à laquelle il sera fourni.

31. Pour opérer l'annulation, il faudra appliquer deux fois le poinçon sur l'estampille apposée au paquet ou colis, une première fois sur l'endroit de l'estampille marqué "Annulation par poinçon d'acier" ("Cancellation by steel die"), et la seconde fois au dessus et sur la vignette de l'estampille.

32. Un instrument d'acier est aussi fourni pour l'annulation des estampilles apposées sur les boîtes de fer blanc contenant du tabac ; on le passe d'un bord de l'estampille à l'autre et jusque sur le métal dont le colis est fait. Il faut s'en servir de manière à couper l'estampille et à continuer la ligne de séparation jusque sur le métal. On l'applique sur l'estampille de chaque côté du colis, mais il faut faire en sorte de ne pas toucher à la marque d'annulation faite par l'étampe de caoutchouc.

33. Les percepteurs tiendront un compte de tous les poinçons d'acier et des instruments qui leur seront confiés, et une liste des noms de toutes les personnes

à qui ils sont fournis avec la date de leur livraison. (Ils ne devront être fournis qu'aux fabricants de tabac dûment autorisés et aux autres personnes d'après les instructions du département.) S'il arrive que le poinçon soit brisé ou endommagé entre les mains d'un fabricant ou d'une autre personne au point de devenir inutile, ou quand une personne qui aura reçu ce poinçon officiel cessera d'avoir droit de s'en servir légalement, il sera remis au percepteur (qui le transmettra au département) et crédit en sera donné à telle personne.

34. La loi oblige tout fabricant de tabac qui met son tabac en paquets, comme ci-dessus, et toute personne qui retire du tabac d'un entrepôt d'accise, à se servir de ce poinçon, et les estampilles apposées sur ces paquets ne seront pas considérées comme suffisamment annulées et les paquets et leur contenu seront exposés à la saisie, chaque fois qu'on en découvrira, à moins que les estampilles ne soient annulées avec le poinçon officiel et de la manière ci-après indiquée, savoir : l'estampille doit être annulée de telle façon qu'une partie en soit renfoncée et logée en dedans du bois du colis, ou, si celui-ci est en métal, que l'estampille soit coupée et que la ligne de séparation se continue jusque sur le métal.

35. Les étampes de caoutchouc pour l'annulation des estampilles de tabac et de cigares seront aussi fournies par le département, sur la demande régulière qui en sera faite, et le coût de ces étampes d'annulation se sera perçu du fabricant ou de toute autre personne qui s'en sera pourvu.

36. Ces étampes d'annulation en caoutchouc sont comme suit, savoir :

1ère. A l'usage des fabricants de tabac pour annuler les bandes estampillées apposées sur le tabac mis en paquets de papier, de toile ou d'autre matière molle, et pour la première annulation de toutes les autres estampilles apposées sur des paquets ou colis de tabac.

2ème. A l'usage des fabricants de cigares pour annuler les bandes estampillées employées pour les boîtes de cigares.

3ème. A l'usage des personnes qui ont des entrepôts licenciés, pour annuler (en outre du poinçon d'acier ou de l'instrument ci-dessus mentionné) les estampilles sur les paquets ou colis sortis d'entrepôt pour le paiement des droits, d'un entrepôt autre que celui du fabricant chez qui le tabac a été manufacturé.

4ème. A l'usage des officiers de douane pour annuler les bandes estampillées apposées sur le tabac importés mis en paquets dans du papier, de la toile ou dans d'autres matières molles, et pour la première annulation de toutes les autres estampilles mises sur des paquets ou colis de tabac.

5ème. A l'usage des officiers de douane pour annuler les bandes estampillées mises sur les boîtes de cigares.

Les percepteurs doivent tenir un compte de tous les étampes d'annulation qui leur sont confiés, comme pour les poinçons d'annulation en acier.

38. La loi exige que toutes les estampilles mises sur les paquets ou colis de tabac ou de cigares soient annulées au moyen d'un étampe ou d'un poinçon officiels, et il est maintenant prescrit que lorsqu'elles sont sur d'autres boîtes ou colis que des boîtes de bois ou des colis de cavendish l'annulation se fera au moyen de l'étampe de caoutchouc reconnu par le département ; outre cette annulation, les estampilles apposées sur les boîtes de bois auront à subir celle du poinçon d'acier, et les estampilles apposées sur les colis en métal celle de l'instrument d'acier fourni à cette fin.

MODE D'ANNULATION DES ESTAMPILLES DE TABAC ET DE CIGARES.

39. Toutes les estampilles seront annulées aussitôt après leur apposition sur les colis, mais l'annulation au moyen de l'étampe de caoutchouc peut être faite par le fabricant ou une autre personne immédiatement avant cette apposition.

40. Les estampilles de tabac doivent être annulées en mettant sur chacune, dans l'espace oblong laissé à cette fin, l'empreinte du numéro de registre de la manufacture, ou la lettre de l'entrepôt du marchand,

du numéro de la division du revenu de l'intérieur, et du mois et de l'année de l'annulation. Pour cette annulation, on peut ne se servir que de chiffres, exemple : 19, 16, 5, 83, le premier chiffre ou série de chiffres représentant le numéro de registre de la manufacture, le second le numéro de la division du revenu de l'intérieur, le troisième le numéro du mois de l'année solaire, et le quatrième les deux derniers chiffres de l'année. Des étampes à main en caoutchouc seront fournis par le département à cette fin, aux frais de la personne qui se les procurera ; mais si un fabricant désire se servir d'un étampe s'appliquant différemment, permission pourra lui être donnée d'employer ce mode d'annulation seulement.

41. Les estampilles employées pour les paquets de cinq ou dix livres de tabac à chiquer haché fin, pour les paquets de cinq, dix et vingt livres de tabac à priser, et pour les demi-boîtes et boîtes de tabac, si celles-ci sont en bois, doivent en outre être annulées au moyen du poinçon d'acier fourni à cette fin, lequel renforce une partie de l'estampille dans le bois du colis et doit être appliqué deux fois, la première fois dans l'espace réservé pour cela, la seconde fois sur la vignette de l'estampille. La seconde annulation des estampilles mises sur les boîtes ou colis en métal se fera au moyen de l'instrument d'acier fourni à cette fin et qui coupe l'estampille et continue la ligne de séparation au-delà de l'estampille sur le métal du colis ; on l'applique sur l'estampille des deux côtés du colis.

42. Les estampilles sur les colis de tabac importé seront annulées de la manière suivante, savoir : Les estampilles sur les colis composés de papier, de coton, d'étain en feuille ou autre matière molle ou flexible le seront au moyen d'un étampe de caoutchouc qui imprimera sur l'estampille le mois et l'année de la déclaration pour le paiement des droits, ou bien cette information pourra être écrite sur l'estampille. Les estampilles sur les colis de bois contenant du tabac en tablettes, du tabac haché fin pour chiquer, et des paquets de tabac à priser seront annulées comme dit plus haut, mais à part cela elles seront aussi annulées au moyen du poinçon d'acier. Les estampilles sur les colis composés de métal, lorsqu'ils sont importés, seront, outre l'annulation ci-dessus, annulées au moyen de l'instrument d'acier fourni à cette fin, et qui coupe l'estampille et continue la ligne de séparation au-delà de l'estampille et sur le métal dont le colis est composé.

43. Les estampilles sur les colis de tabac sorti de l'entrepôt pour la consommation par un marchand ou une personne autre que le fabricant, et à la manufacture où le tabac est préparé ou emballé, seront annulées par la personne qui le sort d'entrepôt, au moyen de l'étampe de caoutchouc qui imprime, dans l'espace réservé à cette fin sur l'estampille, la lettre de l'entrepôt, le numéro de la division du revenu de l'intérieur, et le mois et l'année de la sortie de l'entrepôt. Sur les colis en bois les estampilles seront en outre annulées au moyen du poinçon d'acier fourni à cette fin, lequel poinçon encave une partie de l'estampille dans le bois qui forme le colis ; et sur les colis de métal, cette annulation se fera par l'instrument d'acier fourni à cette fin, lequel instrument coupe l'estampille et continue la ligne de séparation au-delà de l'estampille et sur le métal qui forme le colis.

44. Sur les colis de tabac sortis de l'entrepôt par la manufacture qui a préparé ou emballé le tabac, les estampilles seront annulées suivant l'intention des sections quarante-deux (42) et quarante-trois (43).

45. Les estampilles sur les boîtes à cigares seront annulées au moyen d'un étampe de caoutchouc fourni à cette fin ; l'empreinte de cet étampe dépasse l'estampille des droits payés du revenu de l'intérieur, et se continue sur le bois qui forme le colis. L'empreinte doit toujours se continuer sans interruption en travers de l'estampille, le centre circulaire étant imprimé sur l'espace réservé pour l'annulation et d'une manière efficace. Cet étampe d'annulation doit de plus imprimer sur l'estampille le numéro enregistré de la manufacture, le numéro de la division du revenu de l'intérieur, et le mois et l'année, tel que voulu pour toutes les autres estampilles.

46. L'annulation des estampilles de douane sur les paquets de cigares se feront au moyen de l'étampe de caoutchouc, tel que décrit dans le paragraphe précédent, mais l'information qui sera imprimée dans l'espace réservé pour l'annulation, sera le mois et l'année de la sortie de l'entrepôt pour le paiement des droits.

47. En annulant les estampilles au moyen de l'empreinte comme il est ici prescrit, il faudra toujours se servir des espaces en blanc laissés à cette fin sur les estampilles ; et jusqu'à ce qu'il se fasse une nouvelle émission d'estampilles, l'officier compétent veillera à ce que l'annulation soit faite sur les vieilles estampilles à l'endroit où l'empreinte sera le plus lisible ; en attendant qu'il soit fourni des étampes d'annulation en caoutchouc, l'annulation pourra se faire à la plume.

48. L'annulation des estampilles de tabac ou de cigares se fera par les personnes suivantes, savoir :

(a) A une manufacture de tabac ou de cigares, par le fabricant ou son agent.

(b) A un entrepôt (autre que celui du fabricant où le tabac ou les cigares ont été fabriqués) par la personne qui retire le tabac ou les cigares de l'entrepôt ; et

(c) Les estampilles sur le tabac et les cigares importés, — par les officiers de douane du port où le tabac ou les cigares sont sortis de l'entrepôt pour le paiement des droits.

49. L'importance qu'on attache à l'annulation de toutes les estampilles est démontrée par les fortes amendes et peines imposées à toute personne qui enlève de quelque fabrique ou endroit destiné à la fabrication du tabac ou des cigares, aucuns de ces effets sans qu'ils portent des estampilles dûment annulées, ainsi que par les amendes et peines imposées à toute personne qui vend ou offre en vente ou a en sa possession du tabac ou des cigares dont les estampilles ne sont pas convenablement annulées. L'intérêt du gouvernement, de même que la sûreté et la protection de ceux qui font le commerce du tabac ou des cigares, exigent que les fabricants et autres apposent et annulent convenablement toutes les estampilles.

DESTRUCTION DES ESTAMPILLES SUR LES COLIS OU PAQUETS VIDES DE TABAC ET CIGARES.

50. D'après la section 253 de "l'Acte du revenu de l'intérieur, 1883," toute personne qui vide une boîte, un sac, un vaisseau ou une chemise ou enveloppe quelconque portant une estampille et renfermant du tabac ou des cigares, est obligée d'en détruire l'estampille. Et toute personne qui néglige ou refuse de le faire, est sujette pour chaque telle offense à une amende n'excédant pas cent piastres.

51. Cette disposition de la loi s'applique non-seulement aux débitants qui vident les paquets ou colis pour en débiter le contenu, mais aussi à toute personne qui achète du tabac ou des cigares pour son propre usage, et qui vide ces paquets ou colis. Cette personne doit détruire l'estampille.

ETIQUETTE D'AVERTISSEMENT.—TABAC ET CIGARES.

52. Sur chaque paquet ou colis de tabac, que ce colis soit de bois ou autre matière, la loi veut qu'il y soit imprimé ou fermement collé, une étiquette portant le numéro de la manufacture et le numéro de la division dans laquelle elle est située, et l'avis suivant :

"Avis.—Le fabricant de ce tabac s'est conformé à toutes les prescriptions de la loi. Quiconque ouvrira ce paquet ou colis est tenu de le faire de manière à briser ou déchirer l'estampille, et est prévenu de ne pas se servir de ce paquet ou colis pour y mettre du tabac de nouveau, ni de se servir de l'estampille qu'il porte, ni d'enlever le contenu de ce paquet ou colis sans détruire l'estampille, sous peine des amendes prescrites par la loi à cet égard."

53. Pour les boîtes, barillets, seaux, caisses ou autres colis de tabac pesant plus d'une livre, l'étiquette qui doit porter l'avis précédent, devra avoir au moins quatre pouces et pas plus de six pouces de longueur, et pas moins de deux pouces et demi de largeur, et contiendra en outre de l'avis, les faits suivants, imprimés en lettres bien lisibles, savoir : (1) le

numéro de la manufacture, et (2) le numéro de la division du revenu de l'intérieur. Ces étiquettes seront dans la forme ci-dessous, savoir :

"Manufacture No. Division du revenu de l'intérieur No.

"Avis.—Le fabricant de ce tabac s'est conformé à toutes les prescriptions de la loi. Quiconque ouvrira ce paquet ou colis est tenu de le faire de manière à briser ou déchirer l'estampille, et est prévenu de ne pas se servir de ce paquet ou colis pour y mettre du tabac de nouveau, ni de se servir de l'estampille qu'il porte, ni d'enlever le contenu de ce paquet ou colis sans détruire l'estampille, sous peine des amendes prescrites par la loi à cet égard."

54. Il ne sera pas nécessaire d'apposer une étiquette séparée et distincte sur les paquets de tabac d'une demi-livre ou moins, pourvu que le fabricant fasse imprimer sur chaque tel paquet le numéro de sa manufacture et le numéro de la division du revenu de l'intérieur où elle est située, ainsi que l'avis déjà mentionné, d'une manière bien lisible, et de façon à ce qu'il ne soit pas couvert par l'estampille ou autrement obscurci ou caché.

55. La loi dit que "tout fabricant de cigares collera fermement sur chaque boîte ou paquet contenant des cigares fabriqués par ou pour lui, une étiquette sur laquelle seront imprimés le numéro de sa manufacture, le numéro de la division du revenu de l'intérieur dans laquelle elle est située, et les mots suivants :

Manufacture No. Division du revenu de l'intérieur No.

"Avis.—Le fabricant des cigares ci-contenus s'est conformé à toutes les prescriptions de la loi. Quiconque ouvrira cette boîte ou ce paquet est tenu de le faire de manière à briser ou déchirer l'estampille, et est prévenu de ne pas se servir de cette boîte ou de ce paquet pour y mettre des cigares de nouveau, ni de se servir de l'estampille qui y est apposée, ni d'enlever le contenu de cette boîte ou de ce paquet sans détruire l'estampille, sous peine des amendes prescrites par la loi à cet égard."

56. Cette étiquette pour toutes les boîtes de cigares n'aura pas moins de trois pouces de longueur et deux pouces de largeur ; ou, si elle est de forme circulaire ou ovale, elle couvrira pas moins de six pouces de papier, et sera assez grande pour contenir en sus de l'avis prescrit, en lettres distinctes et lisibles, les mots : (1) le numéro de la manufacture, et (2) le numéro de la division du revenu de l'intérieur.

57. Les importateurs de tabac et de cigares sont aussi tenus par la loi d'apposer un avis sur chaque paquet de tabac et de cigares importé par eux ou pour eux.

58. L'apposition de cette étiquette ou avis est obligatoire pour le fabricant ou l'importateur. Elle doit être imprimée. Elle doit être fournie et apposée par le fabricant ou l'importateur avant que le tabac ou les cigares soient enlevés de l'endroit où ils sont fabriqués, ou auquel ils sont importés. Personne n'a le droit et il ne sera permis à personne dans aucun cas de déranger cet avis, de l'enlever de la boîte ou paquet, d'y substituer une autre étiquette, ou de la couvrir d'une étiquette à lui ou de toute autre personne.

59. Cette étiquette ou avis doit être distinctement l'étiquette qu'exige la loi.

60. Les étiquettes seront apposées au colis dans un endroit visible où elles ne seront pas exposées à être déchirées en ouvrant le paquet, et où elles seront exposées le moins possible à être effacées ou enlevées par le frottement, et de manière à ne pas être recouvertes ou cachées par toute autre étiquette ou marque, et de façon aussi à ne pas cacher toute autre marque ou empreinte que la loi exige d'appliquer sur le paquet.

61. La loi impose une amende de \$50 à chaque fabricant ou importateur de tabac ou de cigares qui néglige d'apposer cette étiquette à un paquet contenant du tabac ou des cigares faits ou importés par ou pour lui, et à toute personne qui enlève d'un paquet quelconque une étiquette ainsi apposée ; cette amende est distincte pour tout et chaque paquet au sujet duquel l'offense est commise.

Si le fabricant le désire, il peut augmenter la grandeur du papier sur lequel l'avis est imprimé, de façon

à pouvoir y imprimer, *distinctement et séparément de l'étiquette*, son nom et sa marque de commerce.

ARTICLE 3.—TABAC ET CIGARES FABRIQUÉS.

DISPOSITIONS SPÉCIALES POUR L'ENTREPOSEMENT DU TABAC ET DES CIGARES, ET POUR LES ESTAMPILLER À LA SORTIE DE L'ENTREPOT, POUR TRANSFERT EN ENTREPOT, POUR LA CONSOMMATION OU POUR LES ÉTAMPER LORSQUE DESTINÉS À L'EXPORTATION.

En sus des règlements généraux d'entreposage établis par arrêtés du conseil, ce qui suit s'applique spécialement au tabac et aux cigares :—

1. Le tabac et les cigares, lorsque mis en entrepôt par le fabricant de ces effets, seront estampillés comme ci-devant, mais toutes marques, numéros, poids et toute autre information que la loi exige, doivent être écrits ou estampés sur les paquets avant que la déclaration à l'entrée de l'entrepôt puisse être acceptée ; cette déclaration doit être comparée avec les paquets de tabac ou de cigares, et attestée par l'officier en charge de la manufacture, avant d'être acceptée par le percepteur du revenu de l'intérieur. En conséquence les percepteurs permettront aux principaux fabricants de se servir de numéros spéciaux afin que ces instructions puissent être fidèlement remplies.

2. Vu que toutes les marques, numéros, poids, etc., doivent être mis sur les paquets avant que la déclaration à l'entrée puisse être acceptée par l'officier pour les comparer, et vu qu'aucune estampille n'est nécessaire avant la mise en entrepôt, le tabac doit être emmagasiné aussitôt que l'officier a reçu le mandat voulu. Dans les grandes manufactures où il est impossible de se conformer strictement à ce règlement, à cause des grandes quantités employées, le percepteur pourra, à sa discrétion, prolonger le délai pour l'emmagasinage ; cette prolongation ne devant, en aucun cas, excéder trois jours.

3. Voici les seules dimensions des paquets ou colis de tabac qui pourront être transférés en entrepôt :—

- (a.) Tabac à chiquer haché fin, en paquets de cinq et dix livres chaque.
- (b.) Le tabac à priser, cinq, dix et vingt livres chaque.
- (c.) Le cavendish, en tablettes ou torquettes, en paquets ou colis de dix livres, ou de quinze à vingt-cinq livres inclusivement, ou de soixante ou quatre-vingts livres inclusivement ; et
- (d.) Les cigares.

4. Le tabac en paquets plus petits que ceux ci-dessus mentionnés, ne sera pas transféré en entrepôt, non plus que le tabac canadien en feuille.

5. Lorsque des paquets ou colis de tabac ou de cigares sont sortis de l'entrepôt à la manufacture pour être transférés en entrepôt à une autre division, ou pour être transférés à une autre personne dans la même division, le fabricant y apposera l'estampille de mutation en entrepôt fournie à cette fin par le département, désignant la classe de ces effets. Les paquets ou colis de tabac ou de cigares qui ont été placés en entrepôt antérieurement à la mise en vigueur de "l'Acte du revenu de l'intérieur, 1883," et qui portent ou ne portent pas l'ancienne estampille rouge, lorsque sortis d'un entrepôt pour être déplacés ou transférés, devront être munis de l'estampille de mutation en entrepôt. S'ils sont déjà estampillés, la vieille formule d'estampille sera enlevée du colis et détruite par le préposé qui sort les effets de l'entrepôt. Chaque paquet déplacé ou transféré en entrepôt doit porter une de ces estampilles de mutation en entrepôt, laquelle sera annulée par le fabricant ou autre personne sortant le tabac de l'entrepôt, au moyen de l'étampe de caoutchouc fournie à cette fin. Dans les déplacements subséquents du même tabac ou de ces cigares, il ne sera pas nécessaire d'y apposer d'autre estampille de mutation en entrepôt.

6. Lorsque du tabac ou des cigares sont déclarés à la sortie de l'entrepôt, soit pour être déplacés, pour être transférés ou pour la consommation, il faudra les estampiller des nouvelles formules d'estampilles lorsqu'ils seront ainsi sortis de l'entrepôt, même s'ils avaient déjà été estampillés en vertu d'anciens règlements.

7. A la sortie de l'entrepôt pour la consommation,

l'estampille de droits payés doit être apposée sur le paquet ou colis de la manière prescrite. Lorsque du tabac ou des cigares sont sortis de l'entrepôt pour la consommation, d'un entrepôt autre que celui du fabricant de ce tabac ou de ces cigares, ces colis ou paquets portant l'estampille de mutation en entrepôt, il faut placer l'estampille de droits payés par dessus l'estampille de mutation en entrepôt de façon à recouvrir cette dernière autant que possible, et l'annulation est faite à travers les deux. Les estampilles pour les colis déclarés pour la consommation, soit par le fabricant ou le marchand, seront fournies sur reçu des feuilles de déclaration à la sortie de l'entrepôt pour la consommation, des droits payables sur les effets retirés de l'entrepôt, d'un mandat bien rempli, et d'une réquisition (en double) dans la forme prescrite et émise par le département, laquelle réquisition doit indiquer, pour le tabac, le nombre d'estampilles de chaque poids requises pour couvrir le tabac sorti de l'entrepôt, et dans le cas de cigares le nombre d'estampilles de chaque dénomination nécessaire pour couvrir les cigares retirés de l'entrepôt, le nombre collectif de colis et de livres de tabac, ou de paquets, et le nombre de cigares, concordant avec la déclaration à la sortie de l'entrepôt pour la consommation.

8. Dans tous les cas les estampilles devront être apposées et annulées par le fabricant ou la personne retirant les effets de l'entrepôt, et conformément aux règlements établis.

9. Lorsque des paquets ou colis de tabac ou de cigares sont sortis de l'entrepôt pour être exportés à un pays étranger, ils seront estampés sous la surveillance du préposé en charge, d'une marque comme suit :—

EXPN.

TABAC—9-10-8-83.

Pour "tabac" lisez "cigares" lorsque se sont des boîtes de cigares. Le premier chiffre ou série de chiffres représente le numéro de la manufacture, le deuxième le numéro de la division du revenu de l'intérieur, et les troisième et quatrième numéros le mois et l'année respectivement. Lorsque le tabac ou les cigares sont retirés d'un entrepôt autre que celui de la manufacture où ils sont faits, on pourra omettre le numéro de la manufacture, et y substituer la lettre ou le numéro de l'entrepôt.

10. Quand le possesseur de tabac ou de cigares en entrepôt, déjà estampillés en vertu d'actes antérieurs, désire exporter ce tabac ou ces cigares, les estampilles qui se trouvent sur les colis ou paquets doivent être enlevées par le préposé en charge de la manufacture ou de l'entrepôt, en présence d'un autre préposé spécialement nommé à cette fin par le percepteur du revenu de l'intérieur. Les susdits préposés tiendront un registre, signé par eux, et déposé au bureau du percepteur du revenu de l'intérieur, et dans ce registre seront consignés :—

- (a) Le nombre de chaque estampille enlevée et détruite, et le poids du tabac ou des cigares qu'elle recouvrait; et
- (b) Le numéro de licence de la manufacture où le tabac ou les cigares ont été fabriqués, et le nom de la division où l'estampille a été émise.

Les feuilles d'exportation ne seront pas acceptées comme complètes tant que ces inscriptions n'auront pas été faites.

11. Lorsque des paquets de tabac pesant une demi-livre et moins et destinés à l'exportation sont emballés dans de grandes caisses, il suffira que la marque mentionnée à la section neuf (9) soit placée sur la caisse extérieure; ces caisses seront numérotées consécutivement, et seront marquées du nombre total de paquets de chaque poids et du poids total du tabac qu'elles contiennent.

12. Le tabac et les cigares destinés à l'exportation ne peuvent être emballés dans la même caisse.

13. Tous les effets déclarés pour l'exportation doivent être examinés par le préposé qui les sort de l'entrepôt, et dans ce but les paquets doivent être ouverts jusqu'au point que le percepteur du revenu de l'intérieur décidera.

14. Les déchets, rognures ou tiges, lorsque préparés pour l'exportation, devront être emballés sous la

surveillance personnelle d'un préposé du revenu de l'intérieur, et à moins que toute la caisse ne soit remplie en une seule fois, l'emballage devra se faire dans l'entrepôt de tabac brut en feuille. Quand la caisse ou paquet est rempli, le préposé marquera dessus son nom et la date de l'emballage, et cela de façon à être distinctement vu, et de façon aussi à ce qu'il puisse l'identifier.

ARTICLE 4.

EMPAQUETAGE ET ÉTAMPAGE DU TABAC ET DES CIGARES, ANNULATION DES ESTAMPILLES, ET TRANSFERT EN ENTREPOT D'UN PORT DE DOUANE À UN AUTRE, AVANT L'EMPAQUETAGE DANS DES COLIS SEMBLABLES À CEUX EMPLOYÉS POUR LES ARTICLES SIMILAIRES FABRIQUÉS AU CANADA.

1. L'Acte du revenu de l'intérieur prescrit que "Les estampilles seront apposées et annulées sur tous les tabacs fabriqués ou cigares importés des pays étrangers pendant qu'ils seront sous la garde des préposés des douanes compétents," et que "ces tabacs ou cigares ne sortiront pas de la garde de ces préposés tant que ces estampilles n'y auront pas été apposées et annulées."

2. L'annulation des estampilles sur le tabac mis dans des paquets de papier, de toile ou autre matière molle ou flexible, se fera au moyen de l'étampe de caoutchouc fourni à cette fin.

3. L'annulation des estampilles sur les colis en bois contenant du tabac importé se fera en renfonçant dans le bois une partie de l'estampille au moyen d'un poinçon d'acier que l'on appliquera deux fois sur chaque estampille, une fois à l'endroit réservé pour l'annulation et l'autre fois sur la vignette, et de plus au moyen de l'étampe de caoutchouc fourni à cette fin. L'annulation par l'étampe de caoutchouc se fera dans l'espace réservé dans ce but sur les estampilles, mais d'ici à ce que la nouvelle émission d'estampilles se fasse, l'annulation se fera sur l'ancienne émission d'estampilles où l'impression est très lisible, et, si on trouve cela préférable, l'annulation peut se faire immédiatement avant l'apposition des estampilles sur les paquets. L'annulation des estampilles sur les colis de tabac contenu dans le métal se fera au moyen de l'instrument d'acier fourni à cette fin, qui fend l'estampille et continue la ligne de séparation jusque sur le métal du colis. Il faut appliquer cet instrument sur chaque côté du colis. Outre cela, l'estampille devra être annulée de nouveau au moyen des étampes en caoutchouc employés pour annuler toutes les estampilles apposées sur les colis de tabac.

4. Les estampilles sur les paquets contenant des cigares importés seront annulées au moyen d'un étampe à main en caoutchouc de la forme désignée par le département. Cet étampe d'annulation sera employé de telle manière que les lignes dépasseront l'estampille et s'étendront jusque sur le bois de la boîte, la principale partie ou partie centrale de l'étampe s'appliquant sur l'estampille. L'impression se fera toujours en travers de l'estampille.

5. Ces poinçons et étampes d'annulation seront fournis aux divers percepteurs de douanes sur demande à cet effet, et dès et après le premier jour de juillet de l'année mil huit cent quatre-vingt-trois, aucun colis de tabac ou de cigares, tel que défini par les actes concernant le revenu de l'intérieur, ne sera remis à l'importateur ou propriétaire avant que les estampilles sur icelui aient été annulées de la manière indiquée.

6. La loi concernant le revenu de l'intérieur exige de plus que "le tabac et les cigares importés seront mis en paquets tel que prescrit par la loi au sujet des articles similaires manufacturés au Canada, avant l'apposition des estampilles." Les percepteurs des douanes verront en conséquence à ce que ces règlements soient mis parfaitement à exécution.

7. Les dimensions des divers paquets ou colis en lesquels le tabac et les cigares doivent être mis d'après la loi sont comme suit :—

- (a). Tout tabac cavendish, en tablettes et en torquettes, dans des boîtes de bois rectangulaires contenant de dix à vingt-cinq livres inclusivement, ou de soixante à quatre-vingts livres inclusivement.
- (b). Tout tabac à chiquer haché fin, et toute autre espèce de tabac au sujet desquels il n'est pas autrement prescrit, en paquets contenant un

vingtième, un seizième, un dixième, un huitième, un cinquième, un quart de livre ou une demi-livre; cependant le tabac à chiquer haché fin, quand il sera d'une espèce et d'une qualité approuvées par le commissaire du revenu de l'intérieur, pourra, si l'importateur le désire, être emballé dans les boîtes de bois contenant cinq ou dix livres chacune.

(c). Tout tabac haché et pulvérisé, autre que le tabac à chiquer haché fin, les déchets et débris du tabac à chiquer haché fin qui auront passé à travers un tamis de trente-six mailles au pouce carré, en paquets contenant un vingtième, un seizième, un dixième, un huitième, un cinquième, un quart de livre ou une demi-livre chacun.

(d). Tout tabac à priser en colis en bois contenant cinq ou dix livres chacun, sauf que le tabac à priser, lorsqu'il contiendra plus de quarante pour cent d'eau, pourra être mis en colis contenant dix ou vingt livres chacun, poids réel.

(e). Toutes les cigarettes en paquets contenant un quarantième, un vingtième, un seizième, un dixième, un huitième, un cinquième, un quart de livre ou une demi-livre chacun.

(f). Tous les cigares seront emballés dans des boîtes de vingt-cinq, cinquante, cent et deux cents; cependant les cigares de Manille et les cheroots, mais non pas les imitations de ces cigares, pourront, lorsqu'ils seront importés de l'étranger, être contenus, outre les quantités ci-dessus mentionnées, dans les boîtes de cinq cents chacune.

8. Les estampilles seront apposées sur les colis de la manière suivante:—

(a). Tous les paquets de tabac, excepté le tabac à chiquer haché fin et le tabac à priser contenant plus de vingt livres devront porter un coupon d'estampille d'une dénomination correspondant avec le poids net du tabac qu'ils contiennent. Par exemple, des paquets contenant de dix à vingt-cinq livres et de soixante à quatre-vingts livres, peuvent et doivent porter une seule estampille; on se servira des coupons attachés aux estampilles lorsque le poids du paquet ne sera pas exactement de dix, quinze, vingt, soixante ou soixante-dix livres, (s'il l'était on se servirait de l'estampille seule, sans les coupons). Lorsque le poids du tabac contenu dans les paquets ou colis variera entre dix et vingt-cinq livres, et entre soixante et quatre-vingts livres, on emploiera les coupons conjointement avec l'estampille qui porte ces chiffres, de sorte qu'avec un ou plusieurs coupons on puisse représenter le poids voulu. Il ne sera pas permis de se servir de coupons d'une demi-livre pour les paquets contenant vingt-cinq livres et plus.

(b). Tous les autres paquets de tabac seront revêtus d'estampilles de la dénomination fixée par la loi, et on n'apposera qu'une estampille par paquet.

(c). Sur toute espèce de boîtes ou de colis de tabac cavendish, en tablettes, en torquettes, ou autre, l'estampille sera apposée sur un coin ou un angle de la boîte ou du colis, à égale distance des bords, et couvrant à peu près également chaque côté.

(d). Sur les barils, caisses, seaux ou autres colis contenant cinq ou dix livres de tabac à chiquer haché fin, et cinq, dix et vingt livres de tabac à priser, tel que permis par la loi, la bande estampillée sera mise en travers du couvercle de manière à descendre de chaque côté du colis et à le sceller parfaitement.

(e). Les bandes estampillées employées pour les colis contenant soit du tabac à fumer, soit du tabac à chiquer fin, soit du tabac à priser ou des cigarettes, doivent être apposées de façon à bien sceller le colis et à rendre impossible qu'on en enlève le contenu sans briser ou détruire l'estampille.

(f). Les bandes estampillées pour les boîtes de cigares doivent être apposées de façon à bien sceller celles-ci.

(g). Les estampilles doivent être apposées aux colis au moyen d'une matière adhésive qui les retienne au bois, au papier ou à toute autre substance solidement et permanemment. Après

que les estampilles mises sur les colis en bois auront séché et qu'on les aura annulées tel que prescrit, on les vernira, mais de façon à ne pas effacer ni barbouiller les impressions faites sur les estampilles.

(h). Les estampilles de tabac n'adhéreront pas à l'étain si l'on se sert de la gomme ou de la colle ordinaires. L'importateur ou propriétaire des marchandises doit, en conséquence, recouvrir l'étain d'une enveloppe de papier ou se servir de quelque sorte de gomme ou de colle au moyen de laquelle les estampilles adhéreront si fermement qu'on ne pourra les enlever sans les détruire.

9. L'Acte du Revenu de l'Intérieur édicte en outre que "tout importateur de tabac devra, outre l'observation de toutes les autres prescriptions du présent acte concernant les tabacs importés, imprimer ou coller fermement sur chaque paquet ou colis contenant du tabac importé par ou pour lui, une étiquette portant le nom du port où, et le numéro de la déclaration en vertu de laquelle ces tabacs ont été sortis de l'entrepôt pour le paiement des droits, et les mots suivants:—"Avis.—L'importateur de ce tabac s'est conformé à toutes les prescriptions de la loi. Quiconque ouvrira ce paquet ou colis est tenu de le faire de manière à briser ou déchirer l'estampille, et est prévenu de ne pas se servir de ce paquet ou colis pour y mettre du tabac de nouveau, ni de se servir de l'estampille qu'il porte, ni d'enlever le contenu de ce paquet ou colis sans détruire l'estampille, sous peine des amendes prescrites par la loi à cet égard."

10. Tout fabricant de cigares est aussi tenu de coller sur chaque boîte ou paquet contenant des cigares fabriqués par ou pour lui, une étiquette sur laquelle seront imprimés, outre le nom du port où, et le numéro de la déclaration en vertu de laquelle ces cigares ont été sortis de l'entrepôt pour le paiement des droits, les mots suivants:—"Avis.—Le fabricant des cigares ci-contenus s'est conformé à toutes les prescriptions de la loi. Quiconque ouvrira cette boîte ou ce paquet est tenu de le faire de manière à briser ou déchirer l'estampille, et est prévenu de ne pas se servir de cette boîte ou de ce paquet pour y mettre des cigares de nouveau, ni de se servir de l'estampille qui y est apposée, ni d'enlever le contenu de cette boîte ou de ce paquet sans détruire l'estampille, sous peine des amendes prescrites par la loi à cet égard."

11. Cette étiquette d'avertissement, sur les boîtes, caddies, barillets, seaux, caisses ou autres colis de tabac, doit être d'au moins quatre pouces et d'au plus six pouces de long, et d'au moins deux pouces et demi de large, et doit être placée en vue sur le paquet, dans un endroit où elle sera le moins possible exposée à être usée ou effacée, ou brisée en ouvrant le paquet, et de façon à n'être pas couverte ou cachée par d'autres étiquettes ou marques, et de façon à ne cacher elle-même aucune autre marque voulue par la loi. Sur le tabac en petits paquets, l'étiquette d'avertissement peut être plus petite, mais doit être imprimée en caractères clairs et lisibles, et placée de façon à n'être pas couverte par l'estampille ou autrement cachée ou dissimulée.

12. Sur les boîtes de cigares, l'étiquette d'avertissement doit être d'au moins trois pouces de long et de deux de large; si elle est de forme circulaire ou ovale, elle doit couvrir au moins six pouces de superficie. Elle doit être placée en vue sur la boîte ou paquet de façon à ne pas être couverte par l'estampille ni autrement cachée ou dissimulée, non plus qu'à être brisée en ouvrant le paquet.

13. Si l'importateur le désire il peut faire imprimer l'avis sur un papier plus grand de façon à porter en même temps, mais à part, son nom et sa marque de commerce.

14. Pour les paquets de tabac importé ne contenant qu'une demi livre ou moins, il n'y a pas besoin d'étiquette distincte et séparée, mais l'importateur doit faire imprimer sur chacun de ces paquets l'avis voulu en caractères clairs et lisibles dans un endroit où il ne sera pas couvert par l'estampille ou autrement caché ou dissimulé. Le nom du port et le numéro de la déclaration pour le paiement des droits, au lieu d'être imprimé, peut être écrit ou marqué avec un étampe en caoutchouc.

15. L'emballage et l'estampillage doivent être faits suivant qu'il est prescrit par l'acte du revenu de l'intérieur.

16. L'Acte du revenu de l'intérieur décrète aussi que les tabacs ou cigares importés destinés à être transportés en entrepôt à un autre port ou lieu dans la Puissance du Canada, peuvent être transportés à cet autre port conformément aux règlements qui pourront être établis par le gouverneur en conseil ; " et ces règlements sont comme suit :

(a.) Le tabac et les cigares doivent être consignés à l'ordre du percepteur de la douane au port de destination.

(b.) Le percepteur de la douane exigera du propriétaire ou de l'importateur une obligation pour une somme égale au double du montant des droits de douane dont sont frappés les articles ainsi transportés, la condition de l'obligation étant que les articles seront livrés au percepteur de la douane auquel ils sont consignés.

(c.) Cette obligation sera annulée par le certificat du percepteur de la douane au port de destination, attestant que les articles ont été reçus par lui et remis en entrepôt et qu'une obligation a été dûment consentie, et que les articles seront mis en nouveaux paquets dans les conditions prescrites pour les articles semblables manufacturés au Canada, et régulièrement estampillés ou déclarés pour l'exportation ou la destruction.

17. Sont prescrites les recettes suivantes pour la fabrication d'une colle et d'un vernis commodes et peu dispendieux. Ces recettes ont été éprouvées.

Colle.—Faites dissoudre une livre de gomme arabe dans une chopine et trois quarts d'eau bouillante, ajoutez de deux à quatre onces d'acide acétique et gardez bouché. Appliquez uniment à l'estampille ou à l'étiquette, puis pressez fermement sur le bois ou autre matière formant l'extérieur du paquet.

Vernis.—Mettez dans une bouteille assez grande, une demi-livre de gomme shellac blanchie, concassée, et ajoutez de l'alcool fort, secouez de temps à autre jusqu'à dissolution, et gardez bouché pour éviter l'évaporation. S'il arrive au vernis de devenir trop épais ajoutez un peu d'alcool.

ARTICLE 5.

VENTE DU TABAC FABRIQUÉ OU DES CIGARES.—GROSSEUR ET FORME DES PAQUETS, ETC.

1. Les fabricants ne peuvent vendre le tabac qu'en colis ou paquets au complet, portant chacun une estampille régulièrement apposée et oblitérée (ou si le tabac est déclaré pour l'exportation chaque colis ou paquet étant régulièrement estampé) et dans les conditions prescrites par l'Acte du revenu de l'intérieur, 1883, et non autrement.

2. Les marchands de tabacs fabriqués, doivent aussi vendre en paquets au complet, portant chacun une estampille régulièrement oblitérée ; mais il est permis aux marchands en détail de vendre au détail, le tabac en tablettes contenu dans des boîtes dites *demi-caddies*, *caddies*, demi-boîtes et boîtes, le tabac à chiquer haché fin contenu dans des paquets de cinq et de dix livres, et le tabac à priser contenu dans des paquets de cinq, dix et vingt livres, régulièrement estampillés, marqués, étiquetés, et emballés selon la loi. A l'exception du tabac à priser qui peut quelquefois avoir besoin d'être humecté, les marchands ne doivent retirer le tabac des paquets ou des boîtes que lorsqu'ils le mettent réellement en vente.

3. L'estampille sur le paquet contenant le tabac détaillé est une preuve *prima facie* que le droit a été payé. L'absence de l'estampille est une preuve *prima facie* que le droit n'a pas été payé. Les marchands de tabacs manufacturés ne pourront pas diviser un paquet en deux et vendre les parties du paquet ou en détailler le tabac.

4. La loi décrète que tous cigares doivent être emballés dans des boîtes qui n'ont pas encore servi à cette fin, en nombres définis et limités, et défend positivement la vente des cigares sous aucune autre forme excepté par les marchands en détail. Les marchands en détail ont le droit de vendre au détail les cigares contenus dans des boîtes emballées,

estampillées et estampées ou marquées selon que prescrit par la loi ; mais cela n'autorise ni ne justifie aucunement la pratique de vendre au détail les cigares en montre. Les cigares que l'on vend doivent être tirés du paquet estampillé dans lequel ils ont été emballés dès l'origine et frappés de l'accise.

5. Les fabricants de cigares ne peuvent vendre de l'établissement de fabrication que des paquets de première façon et qui n'ont pas été brisés.

6. Il est par le présent enjoint aux percepteurs du revenu de l'intérieur de subdiviser leur division en circonscriptions qu'ils mettront sous la surveillance d'officiers ou agents qui pourront être désignés par eux ou par l'inspecteur du revenu de l'intérieur. Il sera du devoir de ces agents contrôleurs de visiter tous les endroits où il est emmagasiné, gardé, ou exposé en vente du tabac fabriqué ou des cigares, de s'assurer si l'on se conforme rigoureusement à la loi relativement à l'estampillage, la marque, l'oblitération et à la vente du tabac ou des cigares, et de prendre les mesures prescrites par la loi en cas de contraventions découvertes.

ARTICLE 6.

EMPLOI DE BOIS, DE MÉTAL, DE PAPIER OU D'AUTRE MATIÈRE DANS L'EMPAQUETAGE DU TABAC OU DES CIGARES.

1. Tout fabricant de tabac ou de cigares qui désire profiter du privilège qu'autorise la loi de substituer des enveloppes d'autres substances aux boîtes de bois employées aujourd'hui pour emballer les cigares, le tabac à chiquer haché fin, le cavendish, le tabac en tablettes, le tabac à priser, ou le tabac en torquettes, doit soumettre au commissaire du revenu de l'intérieur des échantillons de ces enveloppes, et si celles-ci sont de nature à permettre l'apposition voulue des marques, étampes, étiquettes, etc., ainsi que l'apposition et l'oblitération des estampilles, l'emploi pourra en être permis.

2. Tous les échantillons d'enveloppes soumis à l'approbation du commissaire doivent être accompagnés d'une déclaration énonçant de quelles matières sont faites ces enveloppes, la nature des articles qu'elles doivent contenir et leurs quantités, en livres s'il s'agit de tabac, ou, s'il s'agit de cigares, le nombre qui sera emballé dans chacun, et indiquant aussi, par des échantillons, la manière d'apposer sur les paquets les marques, étampes, étiquettes et estampilles, et que la loi sous ces rapports a été fidèlement observée.

ARTICLE 7.

ESTAMPILLES DU TABAC OU DES CIGARES, ABANDONNÉS, CONDAMNÉS OU CONFISQUÉS, LORSQU'ILS SERONT VENDUS AU BÉNÉFICE DU CANADA.

1. Tous tabac et cigares, soit importés ou de fabrication domestique, vendus par tout officier du gouvernement pour le bénéfice du Canada, devront, avant être délivrés, porter sur les paquets qui les contiennent, les estampilles du revenu de l'intérieur ou des douanes convenables, indiquant le droit sur ces tabacs et cigares, et ces estampilles ne seront employées que pour cette fin lorsque toutes les circonstances se rattachant à la vente projetée auront été rapportées au département, et que permission aura été obtenue de s'en servir.

2. Lorsque du tabac ou des cigares abandonnés, condamnés ou confisqués sont offerts en vente, et ne rapportent pas un prix égal aux droits imposables, alors la loi en défend la vente pour la consommation au Canada. Ces articles pourront, cependant, être vendus pour l'exportation immédiate en pays étrangers, et porter l'étampe ordinaire d'exportation.

DESTRUCTION DU TABAC OU DES CIGARES ABANDONNÉS, CONDAMNÉS OU CONFISQUÉS.

3. Le tabac ou les cigares abandonnés, condamnés ou confisqués pourront être détruits par ordre du commissaire toutes les fois que leur vente ne rapportera pas une somme égale aux droits dus et payables sur ces articles.

4. Les percepteurs du revenu de l'intérieur ou des douanes ayant la garde de ces articles qui ont été

offerts en vente, et qui n'ont pu réaliser une somme égale aux droits imposables, et qui désirent obtenir la permission de les détruire, la demanderont au commissaire.

5. En faisant cette demande, ils relateront l'histoire complète de ces articles, indiquant leur espèce, leur qualité, leur condition présente, et quels efforts ils ont faits pour les vendre, et si le commissaire voit qu'il est de l'intérêt du gouvernement de détruire ces articles, il donnera ordre de les détruire.

ARTICLE 8.

POUR FAÇONNER DE NOUVEAU LE TABAC.

1. Avant qu'aucun tabac puisse être façonné de nouveau, le fabricant devra donner vingt-quatre heures d'avis, et obtenir à cette fin une permission spéciale du percepteur du revenu de l'intérieur de la division où se trouve située la manufacture.

2. Le fabricant, en demandant la permission de façonner de nouveau le tabac, doit donner des détails complets quant à la qualité et à la sorte de tabac qu'il veut façonner de nouveau; déclarer si le tabac sort de sa propre manufacture, ou s'il est le produit d'une autre manufacture, et dans ce dernier cas, donner le nom du fabricant. Il devra aussi énoncer la raison pour laquelle il demande la permission de façonner de nouveau le tabac en question.

3. Le tabac, lorsqu'il sera pris pour être façonné de nouveau sera crédité comme tel sur le Magasinier No 2 (et une déclaration de sortie d'entrepôt sera faite sous la forme prescrite pour cette fin, lorsqu'il sera sorti de l'entrepôt) et la quantité sera portée au débit du Journal et traité comme matière première, et il sera rendu compte du produit comme de tabac manufacturé, de la manière ordinaire et estampillé et traité comme tabac provenant originairement de la feuille.

4. Lorsque le tabac qui devra être façonné de nouveau aura payé les droits, les estampilles des paquets devront être détruites en présence de deux officiers du revenu de l'intérieur, dont l'un sera l'officier chargé de la surveillance de la manufacture, et l'autre un officier spécialement envoyé dans ce but par le percepteur de la division; et ces officiers garderont un registre, et fourniront au percepteur un certificat en double, indiquant les numéros de chaque estampille, le poids du tabac contenu dans chaque paquet portant ces estampilles, et le numéro de registre de la manufacture, (ou s'il est manufacturé avant le 1er juillet 1883, le nom ou le numéro de licence du fabricant), l'endroit où il a été manufacturé ou mis en paquets.

5. Lorsque le tabac entreposé qui doit être façonné de nouveau a été estampillé en vertu des dispositions des actes antérieurs, les estampilles sur les paquets doivent être enlevées et détruites sous l'autorité des mêmes règlements que ceux prescrits dans le présent acte lorsque le tabac qui doit être façonné de nouveau a payé les droits.

6. Le percepteur du revenu de l'intérieur comparera les numéros de ces estampilles et les poids, avec le registre des estampilles délivrées, gardé dans son bureau; et si les estampilles ont été délivrées dans une autre division, il transmettra au percepteur de cette division un état détaillé du numéro et du poids de chaque estampille ainsi détruite, ainsi que le numéro de la manufacture où (ou le nom du fabricant par lequel) le tabac a été originairement mis en paquets. Le percepteur qui recevra ainsi un semblable état, le comparera avec son registre des estampilles délivrées aux fabricant ou fabricants qui y seront mentionnés, et renverra de suite cet état au percepteur de qui il l'aura reçu, avec un certificat de son exactitude ou autrement.

7. Aussitôt que les estampilles auront été acceptées en acompte et détruites, les paquets devront aussi être détruits, et le tabac qu'ils contenaient brisé et chauffé à la vapeur ou traité de manière à ne pouvoir sortir de la manufacture pour être vendu sans être façonné de nouveau.

8. Aucune remise ne sera allouée ou payée lorsque les estampilles sur les paquets contenant du tabac n'auront pas été acceptées en acompte, et les dites estampilles détruites en présence des officiers men-

tionnés dans les présentes, ou bien lorsque la liste des estampilles détruites ne s'accordera pas avec le livre d'estampilles du percepteur qui les a délivrées.

9. Lorsque le tabac qui doit être façonné de nouveau a payé les droits, une remise de sept centins par livre sur la quantité de tabac entré pour être manufacturé de nouveau, sera allouée au fabricant, et sera payée par le département sur réception d'une déclaration du fabricant attestée par serment que le tabac ainsi pris a été façonné de nouveau et porté au débit du Magasinier No 2 comme produit, accompagnée d'un certificat de l'officier en charge de la manufacture, que les estampilles et les paquets ont été détruits en sa présence, et que le tabac a été brisé et chauffé à la vapeur, ou traité de manière à ne pouvoir sortir de la manufacture pour être vendu sans avoir été façonné de nouveau, lequel certificat devra être contresigné par le percepteur de la division.

10. Aucun honoraire de surveillance ne sera exigé lorsque le tabac entreposé et façonné de nouveau est le produit de la manufacture où l'opération doit se faire; ou bien lorsque le tabac en tablettes est simplement sorti de la boîte pour être frotté ou essuyé. Dans ce dernier cas, cependant, l'opération doit se faire sous la surveillance de l'officier en charge et à la satisfaction du percepteur.

11. Il n'est pas permis de façonner de nouveau le produit du tabac en feuille canadien.

12. Le tabac importé ne peut être façonné de nouveau que lorsqu'il a payé les droits.

13. Chaque fois qu'il devient nécessaire de façonner ou de manufacturer de nouveau des cigares, une permission spéciale à cette fin doit être obtenue du commissaire du revenu de l'intérieur. Il devra prescrire les règlements et les restrictions en vertu desquels les cigares pourront être façonnés ou manufacturés de nouveau.

ARTICLE 9.

MARQUE OU ETAMPAGE DES BOITES DE CIGARES.

1. La loi stipule qu'il sera étampé, incisé, marqué au fer chaud ou empreint sur toutes les boîtes contenant des cigares, d'une manière lisible et durable, le numéro de registre de la manufacture, le numéro de la division du revenu de l'intérieur dans laquelle est située la manufacture, et le nombre de cigares contenu dans chaque boîte. Le nombre de cigares contenus dans chaque boîte peut, cependant, si on le désire, être peint au patron à la surface du bois ou autre matière dont la boîte est faite, mais le numéro de registre de la manufacture et celui de la division du revenu de l'intérieur devront être marqués au fer chaud, étampés, incisés ou imprimés dans chaque boîte, tel que voulu par la loi.

2. Les boîtes à cigares vides qui auront été brisées ou seront autrement impropres à l'usage, pourront être détruites en la présence de l'officier en charge de la manufacture, et le fait consigné dans le Journal.

INSCRIPTION DE FAISEURS DE CIGARES.

3. Les dispositions de l'Acte relatives à l'inscription des faiseurs de cigares ne seront pas appliquées maintenant.

ÉCHANTILLONS DE CIGARES.

Outre ce que l'Acte ordonne au sujet des boîtes d'échantillons de cigares, les règlements suivants sont maintenant prescrits :—

4. Un fabricant de cigares pourra avoir la permission du percepteur de prendre dans l'entrepôt un paquet ou colis ne contenant pas plus de cent cigares de chaque espèce fabriquée par lui. Ces paquets pourront rester dans les appartements de la manufacture sans être estampillés, dans le but d'en montrer le contenu aux clients; quant ils seront requis pour la consommation, la déclaration régulière de sortie d'entrepôt sera faite, les droits payés, et les paquets estampillés comme s'ils sortaient à l'instant de l'entrepôt.

5. Tout fabricant qui retirera aucun de ces paquets sans faire cette déclaration de sortie d'entrepôt, sans acquitter les droits, et étamper, marquer au fer chaud

ou étiqueter ces paquets régulièrement, sera censé les avoir soustraits illégalement de l'entrepôt et se rendra passible des pénalités édictées par l'acte pour cette offense. Bien qu'en la possession du fabricant, les marchandises seront considérées comme étant encore dans l'entrepôt et traitées comme telles jusqu'à ce que la déclaration de sortie soit faite. L'officier qui livrera ces paquets de cigares sur permis tiendra compte du nombre et de la contenance de ces paquets et les marquera de façon à pouvoir plus tard constater leur identité.

6. Si un fabricant de cigares abusait du privilège qui lui est accordé par le présent, en retirant de l'entrepôt un plus grand nombre de paquets ou de colis, qu'il ne sera jugé nécessaire par l'inspecteur des tabacs, le département se réserve de priver ce fabricant du privilège accordé à tous.

ARTICLE 10.

MACHINES A COUPER LE TABAC.

1. Quiconque n'est pas porteur d'une licence pour la manufacture du tabac ou des cigares n'aura la permission de se servir, ni (sans avoir notifié le fait par écrit au percepteur du revenu) d'avoir en sa possession aucune machine à couper le tabac. Cependant les personnes qui vendent au détail du tabac manufacturé pourront avoir un permis de se servir d'une de ces machines durant le bon plaisir du ministre du revenu de l'intérieur après avoir déclaré, sous leur signature, qu'ils n'en feront usage que pour couper le tabac cavendish ou en tablettes ayant acquitté les droits et devant être vendu immédiatement à leurs clients, mais il ne leur sera pas permis de garder aucune provision de tabac ainsi coupé, la machine ne devant sortir que pour couper le tabac à la demande du client et pour livraison immédiate.

2. Quiconque (outre les personnes qui viennent d'être nommées) a en sa possession une machine à couper le tabac est tenu d'en avertir le percepteur du revenu de l'intérieur, qui devra le faire attacher ou sceller de telle manière qu'il soit impossible de s'en servir sans enlever le sceau.

3. Toutes les machines à couper le tabac qui seront trouvées en la possession d'une personne autre que celles ci-dessus mentionnées ou d'un particulier qui ne fait pas le commerce de tabac et qui s'en sert pour couper le tabac à son usage personnel (auquel cas la machine ne doit pas être rotatoire) seront forfeites et pourront être saisies et emportées par tout officier du revenu de l'intérieur.

ARTICLE 11.—FIXATION DES DÉFICITS.

TABAC.

1. La section 258 de l'acte du revenu de l'intérieur de 1883 exige qu'en aucun temps et dans aucune manufacture le déficit ne soit jamais de plus de six pour cent.

CIGARES.

2. La section 259 exige qu'au moins mille cigares soient produits par toute et chaque quantité de vingt-cinq livres de feuilles avec leurs tiges, déchets, rognures ou autres matériaux apportés pour être utilisés dans une manufacture de cigares. Une diminution sera faite dans le cas du tabac en feuilles vendu ou rapporté, ou des rognures et côtes quand elles seront susceptibles d'être fabriquées en cigares, ou qu'elles seront vendues ou enlevées à cette fin; il n'y en aura pas pour les tiges ou pour les déchets et rebuts ordinaires du commerce. En manufacturant les meilleures qualités de cigares, surtout avec du tabac de la Havane, les fabricants n'emploient souvent que le meilleur de la feuille et vendent le reste pour le corps de cigares inférieurs et à plus bas prix. Une diminution sera accordée dans ces cas selon la quantité vendue ou enlevée.

3. Les tableaux d'inventaires annuels ont été faits de façon à ce que les officiers puissent comprendre facilement la manière dont on se rend compte de la production.

4. Le commissaire du revenu de l'intérieur a le pouvoir, par la section 263 de l'acte, d'asseoir le droit

et d'en ordonner la perception du fabricant au chiffre le plus élevé imposable sur le tabac fabriqué ou les cigares manquant ainsi. On entend par là le chiffre le plus élevé des droits imposables sur le tabac ou les cigares produits dans la manufacture où le déficit est découvert.

ARTICLE 12.

CONFISCATION ADDITIONNELLE.

1. Tout paquet ou colis contenant du tabac ou des cigares qu'il sera prouvé n'avoir pas été faits par le fabricant dont le nom ou le numéro de registre est indiqué ou marqué au fer chaud sur le dit paquet, sera avec son contenu saisi et forfait à la Couronne.

ARTICLE 13.

ABROGATION DES RÈGLEMENTS ANTÉRIEURS.

1. Tous les règlements administratifs et les arrêtés du Conseil relatifs au tabac et aux cigares établis ou passés sous l'empire des actes antérieurs (à l'exception seulement d'un certain arrêté de Son Excellence en Conseil en date du 5 octobre 1880, qui confère des privilèges particuliers, lesquels seront continués durant le bon plaisir du ministre du revenu de l'intérieur) sont par le présent abrogés.

Divers.

23. On exigera des postulants, des certificats de moralité, de sobriété, d'expérience, d'habileté et bonne conduite habituelle à bord, et sans ces certificats personne ne sera examiné. Comme ces certificats devront être attentivement considérés par les examinateurs qui les vérifieront avant que le certificat d'admission puisse être délivré, il est désirable que les candidats les fassent parvenir aussitôt que possible. Les certificats de service d'étrangers ou de marins anglais ayant servi sur navires étrangers devront être confirmés soit par le consul du pays auquel appartient le navire à bord duquel aura servi le candidat, ou par quelque autre autorité officielle de ce pays, ou par le témoignage, donné sur les lieux, de quelque personne digne de foi, ayant une connaissance personnelle des faits à établir. En s'adressant au bureau des examinateurs, les candidats recevront une formule qu'ils devront remplir et transmettre avec leurs certificats aux examinateurs.

24. Les candidats sont requis de comparaître à la chambre des examens exactement au temps indiqué.

25. Les candidats ne devront apporter à la chambre des examens ni livres, ni papiers d'aucune sorte. La plus légère infraction à cette règle entraînera pour celui qui la commettra toutes les conséquences d'un examen manqué.

26. Au cas où l'on découvrirait qu'un candidat a mutilé ou gâté un livre appartenant au bureau, ou y a fait des ratures ou écritures, les papiers de ce candidat seront retenus jusqu'à ce qu'il ait remplacé ce livre. Il ne lui sera pas permis toutefois d'emporter le livre endommagé, qui continuera d'appartenir au bureau.

27. Au cas où l'on s'apercevrait qu'un candidat copie sur un autre, ou qu'il donne à un autre quelque aide ou quelque renseignement, ou qu'il communique avec un autre de quelque manière que ce soit pendant le temps de l'examen, il encourra lui-même toutes les conséquences d'un examen manqué.

28. Il ne sera permis à aucun candidat de travailler ses problèmes sur une ardoise ou sur un morceau de papier de rebut.

29. Il ne sera permis à aucun candidat de sortir de la chambre avant d'avoir remis le papier sur lequel il aura fait son travail.

30. Il sera permis aux candidats de résoudre les différents problèmes d'après la méthode et les tables dont ils auront l'habitude de se servir, et il leur sera accordé six heures pour accomplir leur travail. Au bout de six heures, s'ils n'ont pas fini, ils seront déclarés avoir manqué leur examen, à moins que le bureau des examinateurs ne juge à propos de pro-

longer ce temps dans des cas spéciaux. Lorsqu'il y aura ainsi prolongation du temps fixé, les circonstances particulières du cas et les raisons de la prolongation devront être rapportées par les examinateurs au ministre de la marine et des pêcheries lorsqu'ils lui transmettront leur rapport.

31. Il ne sera pas permis de faire de correction en se servant de tables contenues dans des ouvrages sur la navigation.

32. On s'attend que les candidats, dans leurs réponses à tous problèmes, ne feront point d'erreur ou d'écart de plus d'un mille de la position précise à déterminer.

33. En cherchant la longitude au moyen du chronomètre, les logarithmes employés pour trouver l'angle horaire devront représenter les secondes de l'arc.

34. Dans tous les autres problèmes, les logarithmes venant à la minute la plus proche seront considérés comme suffisamment corrects pour tous les grades, excepté celui de capitaine; pour celui-ci on exigera dans les calculs et dans les résultats, un degré de précision plus marqué que pour le grade inférieur.

35. Dans tous les cas, l'examen du candidat demandant à être reçu capitaine commencera par les problèmes à proposer aux seconds.

36. Dans tous les cas où un candidat manquera son examen, il devra être examiné *de novo*. S'il a manqué dans ses réponses, il ne sera pas réexaminé avant un intervalle de six mois de service sur les eaux intérieures ou sur les côtes, suivant le cas, afin qu'il ait le temps d'acquiescer de l'expérience.

37. Comme les examens des capitaines et des seconds sont obligatoires, les conditions d'aptitude ont été faites aussi faciles que possible; mais il doit être clairement compris que le ministre de la marine et des pêcheries pourra, de temps en temps, élever le niveau de ces examens, lorsqu'il le jugera à propos.

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

61. Dans le cas de toute demande de bill privé, provenant du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un

exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Toute personne désirant obtenir un bill privé devra dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

Et de plus, en conformité d'une Résolution adoptée par la Chambre des communes, le 20 avril 1883, il est ordonné que—

“Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et ré-imprimés à leurs frais, avant qu'aucun comité en examine les clauses.

J. G. BOURINOT,
Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce.

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba.) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

VICTORIA, by the Grace of God, of the United Kingdom of Great Britain and Ireland, QUEEN, Defender of the Faith, &c., &c., &c.

To all to whom these presents shall come, or whom the same may in anywise concern,—GREETING :

A PROCLAMATION.

GEO. W. BURBIDGE, Deputy of the Minister of Justice, Canada. } **W** HEREAS it has been represented to Us that there exists among some of Our Indian subjects, in the Province of British Columbia, one of the Provinces of Our Dominion of Canada, a custom called "Potlach" which consists in the lavish and improvident distributions of property among their own or among other people.

That this dangerous custom is indulged in, not only by the rich, but by the poor who also follow the pra-

tice, and spend their time in accumulating property and then in distributing it among their own and neighbouring Tribes.

That the custom of "Potlach" is based on the desire for distinction and is practised with the view of receiving greater presents in return for those made.

That the poor borrow from the rich to be able to practise "Potlach," paying exorbitant and ruinous interest or usury, for any advances in money or goods.

That such custom leads to immoral practices and that our Indian subjects who make a practice of "Potlach" often deprive their families and even themselves of the necessities of life for that purpose.

That the whole system of "Potlach" is improvident, demoralizing and ruinous to those who practise it :

Now NNOW YE that We, in Our desire to promote the welfare of Our true and loyal Indian subjects of the said Province of British Columbia, do hereby enjoin, recommend and earnestly urge them as their Sovereign and Friend to abandon and give up the said practice of "Potlach," and do hereby proclaim and declare the continuance of the same to be in violation of Our counsel and desire.

Of all which Our loving Indian subjects of the said Province of British Columbia and all others whom these presents may concern, are hereby required to take notice and to govern themselves accordingly.

IN TESTIMONY WHEREOF, We have caused these Our Letters to be made Patent, and the Great Seal of Canada to be hereunto affixed. WITNESS, Our Right Trusty and Well Beloved Councillor, SIR JOHN DOUGLAS SUTHERLAND CAMPBELL, (commonly called the Marquis of Lorne) Knight of Our Most Ancient and Most Noble Order of the Thistle, Knight Grand Cross of Our Most Distinguished Order of St. Michael and St. George, Governor General of Canada and Vice Admiral of the same.

At Our Government House, in Our CITY of OTTAWA, this SEVENTH day of JULY, in the year of Our Lord one thousand eight hundred and eighty-three, and in the forty-seventh year of Our Reign.

GEO. W. BURBIDGE, Deputy of the Minister of Justice, Canada. } **W** HEREAS it is, in and by the Act passed in the thirty-second and thirty-third years of Our Reign, chaptered twenty-four, and intituled "An Act for the better preservation of the Peace in the vicinity of Public Works," as amended by the Act passed in the thirty-third year of Our Reign, chaptered twenty-eight and intituled "An Act to amend an Act for the better preservation of the Peace in the vicinity of Public Works," amongst other things in effect enacted, that the Governor in Council may as often as occasion requires declare by Proclamation that upon and after a day in such proclamation named the said Act first above mentioned or any section or sections thereof, shall be in force in any place in Canada in such proclamation designated, within the limits, or in the vicinity whereof any railway, canal or other public work is in progress of construction, or such places as are in the vicinity of any railway, canal or other public work

Miscellaneous.

23. Testimonials of character and of sobriety, experience, ability and good conduct on board ship, will be required of all applicants, and without producing them no person will be examined. As such testimonials will have to be closely examined by the examiners, for verification before any certificates can be granted, candidates are to lodge them as early as possible. The testimonials of servitude of foreigners and British seamen serving in foreign vessels, must be confirmed either by the Consul of the country to which the ship in which the candidate served belonged, or by some other official authority of that country, or by the testimony of some credible person on the spot, having personal knowledge of the facts required to be established. Upon application to one of the examiners, candidates will be supplied with a form, which they will be required to fill up and lodge with their testimonials in the hand of the examiner.

24. Candidates are required to appear at the examination room punctually at the time appointed.

25. Candidates are prohibited from bringing into the examination room books or paper of any kind whatever. The slightest infringement of this regulation will subject the offender to all the penalties of a failure.

26. In the event of any candidate being detected in defacing, blotting, writing in or otherwise injuring any book or books belonging to the Board, the papers of such candidates will be detained until the book or books so defaced be replaced by him. He will not, however, be at liberty to remove the damaged book, which will still remain the property of the Board.

27. In the event of any candidate being discovered copying from another, or affording any assistance or giving any information to another, or communicating in any way with another during the time of examination, he will subject himself to a failure and its consequences.

28. No candidate will be allowed to work out his problems on a slate or on waste paper.

29. No candidate will be permitted to leave the room until he has given up the paper on which he is engaged.

30. Candidates will be allowed to work out the various problems by the method and tables they have been accustomed to use, and will be allowed six hours to perform the work. At the expiration of six hours they will, if they have not finished, be declared to have failed, unless the Board of Examiners see fit to lengthen the period in any special case. If, however, the period is lengthened in any case, the special circumstances of that case and the reasons for lengthening the period must be reported to the Minister of Marine and Fisheries by the Examiners at the time they send in the report.

31. The corrections by inspection, from tables given in many works on navigation, will not be allowed.

32. Candidates are expected to bring their answers to all problems within, or not to exceed, a margin of one mile of position from a correct result.

33. In finding the longitude by chronometer, the logarithms used in finding the hour-angle should be taken out for seconds of arc.

34. In all other problems the logarithms to the nearest minute will be sufficiently correct for Mates. From Masters a degree of precision will be required, both in the work and in the results, beyond what is demanded from mates.

35. In every case where problems are required to be worked out, the examination for master is to commence with the problems for mate.

36. In all cases of failure the candidate must be re-examined *de novo*. If a candidate fails, he will not be re-examined until after a lapse of six months' service afloat on the inland waters or sea coast, as the case may be, to give him time to gain experience.

37. As the examinations of Masters and Mates are made compulsory, the qualifications have been kept as low as possible, but it is distinctly to be understood that the Minister of Marine and Fisheries may raise the standard from time to time if deemed advisable.

Ottawa, 7th July, 1883.

Que non-seulement les riches mais encore les pauvres suivent cette coutume dangereuse, et passent leur temps à accumuler des propriétés et à les distribuer ensuite parmi les leurs ou les tribus voisines.

Que le pauvre emprunte du riche afin de pouvoir pratiquer la "Potlach," qu'il paie l'intérêt exorbitant et ruineux, se soumet à l'usure, pour obtenir de l'argent ou des marchandises.

Qu'une telle coutume conduit à des pratiques immorales, et que nos sujets Sauvages qui pratiquent la "Potlach," privent souvent dans ce but leur famille et eux-mêmes des choses les plus nécessaires à la vie.

PROCLAMATION.

GEO. W. BURBIDGE, } ATTENDU qu'en vertu d'un acte du Député du ministre de la Justice du Canada. } parlement du Canada, passé dans la session tenue la 35e année de notre règne, et intitulé "Acte concernant la quarantaine," il est entre autre choses en substance statué, que le gouverneur en conseil pourra de temps en temps faire tels règlements qu'il jugera expédients pour se mettre en accord avec toutes les conditions imposées par le dit acte, concernant l'entrée et le départ des navires aux différents ports du Canada, et concernant le débarquement des passagers ou des cargaisons pour les navires, ou l'embarquement des passagers ou cargaisons, et établir les règles que l'on croira les plus propres à préserver la santé publique, et à assurer la parfaite exécution des règlements de la quarantaine par les navires au sujet des passagers, des marchandises ou effets arrivant à un port du Canada ou dans son voisinage, auquel il jugera qu'afin d'assurer la préservation de la santé publique, tels règlements devront être appliqués, et dans le but de bien purifier et désinfecter tels navires ou passagers, marchandises ou effets de manière à prévenir autant que possible, l'introduction ou dissémination de la maladie dans le Canada; que le gouverneur en conseil peut nommer ou déplacer tels officiers qu'il jugera nécessaire pour cette besogne, et qu'il pourra leur assigner respectivement tels pouvoirs qu'il jugera nécessaires afin d'exécuter ces règlements; qu'il pourra de temps en temps, révoquer ou amender les dits règlements ou une partie seulement, en faire d'autres à la place, et imposer des pénalités, confiscations et punitions pour contravention à ces règlements; et tels règlements seront rendus publics par proclamation publiée dans la *Gazette du Canada*, au moins deux fois; et la production des exemplaires de la *Gazette* contenant telle proclamation, sera la preuve de la passation, de la date et du contenu de tels règlements; et de plus que tels règlements auront force de loi durant tout le temps qu'ils ne seront pas révoqués, à moins que la période pendant laquelle ils doivent être en vigueur soit expressément définie pour un certain temps, certaines époques ou certaines saisons, dans tels cas ils auront force de loi, pendant le temps et aux époques et saisons pendant lesquelles ou pour lesquelles ils auront été établis et devront être en force; et que toute personne enfreignant tels règlements, sera tenue coupable de délit et poursuivie pour telle offense, punissable par l'amende ou l'emprisonnement, ou les deux à la fois comme le juge le décidera, ou telle personne pourra être poursuivie

d'une autre manière pour les pénalités contenues dans tels règlements.

Et attendu qu'il a plu à notre gouverneur en conseil, aujourd'hui, de faire, sous l'autorité de l'acte en partie cité plus haut et en conformité avec ses clauses, certains règlements comme suit, savoir :

1. Que tous les vaisseaux venant de la mer Méditerranée, ou ayant navigué sur la dite mer seront censés venir d'un port infecté et réputés pouvant introduire dans le Canada le choléra ou toute autre maladie contagieuse, ou air corrompu dangereux pour la santé publique.

2. Le fait que tel navire ou vaisseau viendra de la mer Méditerranée ou aura navigué sur la dite mer le soumettra à l'application des règlements de la quarantaine en vigueur pour les ports de Québec, Saint-Jean, Halifax, Pictou et Charlottetown, et aux règlements de la quarantaine en vigueur dans les autres ports de la Confédération.

3. Le surintendant médical des établissements réguliers de quarantaine établis en vertu des règlements en premier lieu mentionnés, et le percepteur des douanes de chaque port en Canada, à l'exception des stations régulières de quarantaine citées plus haut, devront appliquer les règlements définissant leurs devoirs à chaque navire ou navires venant de la mer Méditerranée ou ayant navigué sur ses eaux, traitant ces navires *ipso facto*, comme s'il était reconnu qu'ils appartiennent à la classe des navires que les surintendants médicaux et les percepteurs des douanes ont l'ordre de visiter et auxquels ils ont droit d'imposer des conditions dans un but de quarantaine.

SACHEZ maintenant que Nous commandons et enjoignons à tous nos bien-aimés sujets de prendre connaissance de ces règlements tels que plus haut cités, de les observer et de se conduire en conséquence.

EN FOI DE QUOI, Nous avons fait émettre Nos présentes Lettres Patentes et à icelles fait apposer le Grand Sceau du Canada. TÉMOIN, Notre Très-Fidèle et Bien-Aimé Conseiller Sir JOHN DOUGLAS SUTHERLAND CAMPBELL, (communément appelé le Marquis de Lorne), Chevalier de Notre Très Ancien et Très Noble Ordre du Chardon, Chevalier Grand' Croix de Notre Ordre Très Distingué de Saint-Michel et Saint-George, Gouverneur Général du Canada et Vice-Amiral d'icelui.

Divers.

23. On exigera des postulants, des certificats de moralité, de sobriété, d'expérience, d'habileté et bonne conduite habituelle à bord, et sans ces certificats personne ne sera examiné. Comme ces certificats devront être attentivement considérés par les examinateurs qui les vérifieront avant que le certificat d'admission puisse être délivré, il est désirable que les candidats les fassent parvenir aussitôt que possible. Les certificats de service d'étrangers ou de marins anglais ayant servi sur navires étrangers devront être confirmés soit par le consul du pays auquel appartient le navire à bord duquel aura servi le candidat, ou par quelque autre autorité officielle de ce pays, ou par le témoignage, donné sur les lieux, de quelque personne digne de foi, ayant une connaissance personnelle des faits à établir. En s'adressant au bureau des examinateurs, les candidats recevront une formule qu'ils devront remplir et transmettre avec leurs certificats aux examinateurs.

24. Les candidats sont requis de comparaître à la chambre des examens exactement au temps indiqué.

25. Les candidats ne devront apporter à la chambre des examens ni livres, ni papiers d'aucune sorte. La plus légère infraction à cette règle entraînera pour celui qui la commettra toutes les conséquences d'un examen manqué.

26. Au cas où l'on découvrirait qu'un candidat a mutilé ou gâté un livre appartenant au bureau, ou y a fait des ratures ou écritures, les papiers de ce candidat seront retenus jusqu'à ce qu'il ait remplacé ce

livre. Il ne lui sera pas permis toutefois d'emporter le livre endommagé, qui continuera d'appartenir au bureau.

27. Au cas où l'on s'apercevrait qu'un candidat copie sur un autre, ou qu'il donne à un autre quelque aide ou quelque renseignement, ou qu'il communique avec un autre de quelque manière que ce soit pendant le temps de l'examen, il encourra lui-même toutes les conséquences d'un examen manqué.

28. Il ne sera permis à aucun candidat de travailler ses problèmes sur une ardoise ou sur un morceau de papier de rebut.

29. Il ne sera permis à aucun candidat de sortir de la chambre avant d'avoir remis le papier sur lequel il aura fait son travail.

30. Il sera permis aux candidats de résoudre les différents problèmes d'après la méthode et les tables dont ils auront l'habitude de se servir, et il leur sera accordé six heures pour accomplir leur travail. Au bout de six heures, s'ils n'ont pas fini, ils seront déclarés avoir manqué leur examen, à moins que le bureau des examinateurs ne juge à propos de prolonger ce temps dans des cas spéciaux. Lorsqu'il y aura ainsi prolongation du temps fixé, les circonstances particulières du cas et les raisons de la prolongation devront être rapportées par les examinateurs au ministre de la marine et des pêcheries lorsqu'ils lui transmettront leur rapport.

31. Il ne sera pas permis de faire de correction en se servant de tables contenues dans des ouvrages sur la navigation.

32. On s'attend que les candidats, dans leurs réponses à tous problèmes, ne feront point d'erreur ou d'écart de plus d'un mille de la position précise à déterminer.

33. En cherchant la longitude au moyen du chronomètre, les logarithmes employés pour trouver l'angle horaire devront représenter les secondes de l'arc.

34. Dans tous les autres problèmes, les logarithmes venant à la minute la plus proche seront considérés comme suffisamment corrects pour tous les grades, excepté celui de capitaine; pour celui-ci on exigera dans les calculs et dans les résultats, un degré de précision plus marqué que pour le grade inférieur.

35. Dans tous les cas, l'examen du candidat demandant à être reçu capitaine commencera par les problèmes à proposer aux seconds.

36. Dans tous les cas où un candidat manquera son examen, il devra être examiné *de novo*. S'il a manqué dans ses réponses, il ne sera pas réexaminé avant un intervalle de six mois de service sur les eaux intérieures ou sur les côtes, suivant le cas, afin qu'il ait le temps d'acquérir de l'expérience.

37. Comme les examens des capitaines et des seconds sont obligatoires, les conditions d'aptitude ont été faites aussi faciles que possible; mais il doit être clairement compris que le ministre de la marine et des pêcheries pourra, de temps en temps, élever le niveau de ces examens, lorsqu'il le jugera à propos.

CONSEIL PRIVÉ,

Ottawa, 7 juillet 1883.

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur, — un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé — le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit, par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

Et de plus, en conformité d'une Résolution adoptée par la Chambre des communes, le 20 avril 1883, il est ordonné que —

“ Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et réimprimés à leurs frais, avant qu'aucun comité en examine les clauses.

J. G. BOURINOT,
Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce.

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

GEO. W. BURBIDGE, } WHEREAS it has

among some of Our Indian subjects, in the Province of British Columbia, one of the Provinces of Our Dominion of Canada, a custom called "Potlach" which consists in the lavish and improvident distributions of property among their own or among other people.

That this dangerous custom is indulged in, not only by the rich, but by the poor who also follow the practice, and spend their time in accumulating property and then in distributing it among their own and neighbouring Tribes.

That the custom of "Potlach" is based on the desire for distinction and is practised with the view of receiving greater presents in return for those made.

That the poor borrow from the rich to be able to practise "Potlach," paying exorbitant and ruinous interest or usury, for any advances in money or goods.

That such custom leads to immoral practices and that our Indian subjects who make a practice of "Potlach" often deprive their families and even themselves of the necessities of life for that purpose.

That the whole system of "Potlach" is improvident, demoralizing and ruinous to those who practise it:

Now Nnow YE that We, in Our desire to promote the welfare of Our true and loyal Indian subjects of the said Province of British Columbia, do hereby enjoin, recommend and earnestly urge them as their Sovereign and Friend to abandon and give up the said practice of "Potlach," and do hereby proclaim and declare the continuance of the same to be in violation of Our counsel and desire.

Of all which Our loving Indian subjects of the said Province of British Columbia and all others whom these presents may concern, are hereby required to take notice and to govern themselves accordingly.

APPLICATIONS TO PARLIAMENT.

DOMINION PARLIAMENT.

Rules relating to Notices for Private Bills.

51. All applications for Private Bills, properly the subject of legislation by the Parliament of Canada, within the purview of "The British North America Act, 1867," whether for the erection of a Bridge, the making of a Railroad, Turnpike Road or Telegraph Line; the construction or improvement of a Harbour, Canal, Lock, Dam or Slide, or other like work; the granting the right of Ferry; the incorporation of any particular Trade or Calling, or of any Banking or other Joint Stock Company; or otherwise for the granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community; or for making any amendment of a like nature to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application, and (except in the case of existing corporations) signed by, or on behalf of the applicants, to be published as follows, viz:

In the Provinces of Quebec and Manitoba.

A notice inserted in the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District, in which a newspaper is published.

In any other Province.

A notice inserted in the *Canada Gazette*, and in one newspaper published in the County, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County in which a newspaper is published. Such Notices to be continued in each case, for a period of two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. And copies of the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House.

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioner or petitioners, upon giving the notice prescribed by the preceding Rule, shall also, at the same time, and in the same manner, give notice of the rates which they intend to ask; the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and whether

they intend to erect a drawbridge, and the dimensions of the same.

Any person seeking to obtain any Private Bill shall, eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the bill is to originate, a copy of such bill in the English or French language, with a sum sufficient to pay for translating and printing the same—600 copies to be printed in English, and 200 copies in French—the translation to be done by the officers of the House, and the printing by the contractor. The applicant shall be also required to pay the accountant of the House a sum of \$200 and the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred—such payment to be made immediately after the second reading, and before the consideration of the Bill by such Committee.

No Petition for a Private Bill is received by either House after the first ten days of the session.

EDOUARD J. LANGEVIN,
Clerk of the Senate.

Que non-seulement les riches mais encore les pauvres suivent cette coutume dangereuse, et passent leur temps à accumuler des propriétés et à les distribuer ensuite parmi les leurs ou les tribus voisines.

Que la coutume de "Potlach" a pour fond, le désir de se distinguer et est pratiquée dans le but de recevoir des présents plus considérables en retour de ceux que l'on a faits.

Que le pauvre emprunte du riche afin de pouvoir pratiquer la "Potlach," qu'il paie l'intérêt exorbitant et ruineux, se soumet à l'usure, pour obtenir de l'argent ou des marchandises.

Que le système entier de "Potlach" est imprudent, démoralisateur et ruineux pour ceux qui le pratiquent :

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

Et de plus, en conformité d'une Résolution adoptée par la Chambre des communes, le 20 avril 1883, il est ordonné que—

“Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et ré-imprimés à leurs frais, avant qu'aucun comité en examine les clauses.

J. G. BOURINOT,
Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce.

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba.) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

GEO. W. BURBIDGE, }

WHEREAS it has been represented to Us that there exists among some of Our Indian subjects, in the Province of British Columbia, one of the Provinces of Our Dominion of Canada, a custom called "Potlach" which consists in the lavish and improvident distributions of property among their own or among other people.

That this dangerous custom is indulged in, not only by the rich, but by the poor who also follow the practice, and spend their time in accumulating property and then in distributing it among their own and neighbouring Tribes.

That the custom of "Potlach" is based on the desire for distinction and is practised with the view of receiving greater presents in return for those made.

That the poor borrow from the rich to be able to practise "Potlach," paying exorbitant and ruinous interest or usury, for any advances in money or goods.

That such custom leads to immoral practices and that our Indian subjects who make a practice of "Potlach" often deprive their families and even themselves of the necessities of life for that purpose.

That the whole system of "Potlach" is improvident, demoralizing and ruinous to those who practise it:

Now Nnow YE that We, in Our desire to promote the welfare of Our true and loyal Indian subjects of

the said Province of British Columbia, do hereby enjoin, recommend and earnestly urge them as their Sovereign and Friend to abandon and give up the said practice of "Potlach," and do hereby proclaim and declare the continuance of the same to be in violation of Our counsel and desire.

Of all which Our loving Indian subjects of the said Province of British Columbia and all others whom these presents may concern, are hereby required to take notice and to govern themselves accordingly.

IN TESTIMONY WHEREOF, We have caused these Our Letters to be made Patent, and the Great Seal of Canada to be hereunto affixed. ques uns de nos sujets Sauvages, dans la province de la Colombie-Anglaise, une des provinces de Notre Puissance du Canada, une coutume appelée "Potlach" qui consiste dans une distribution excessive et imprévoyante de la propriété parmi les leurs ou autres populations.

Que non-seulement les riches mais encore les pauvres suivent cette coutume dangereuse, et passent leur temps à accumuler des propriétés et à les distribuer ensuite parmi les leurs ou les tribus voisines.

Que la coutume de "Potlach" a pour fond, le désir de se distinguer et est pratiquée dans le but de recevoir des présents plus considérables en retour de ceux que l'on a faits.

Que le pauvre emprunte du riche afin de pouvoir pratiquer la "Potlach," qu'il paie l'intérêt exorbitant et ruineux, se soumet à l'usure, pour obtenir de l'argent ou des marchandises.

Qu'une telle coutume conduit à des pratiques immorales, et que nos sujets Sauvages qui pratiquent la "Potlach," privent souvent dans ce but leur famille et eux-mêmes des choses les plus nécessaires à la vie.

Que le système entier de "Potlach" est imprudent, démoralisateur et ruineux pour ceux qui le pratiquent :

SACHEZ, maintenant, que dans notre désir de promouvoir le bien-être de Nos féaux et loyaux sujets Sauvages, dans la dite province de la Colombie-Britannique, Nous enjoignons, recommandons et les priens instamment, comme leur souveraine et leur amie, d'abandonner complètement cette pratique de "Potlach," et Nous proclamons et déclarons que ceux qui continueront cette pratique agiront en violation de Nos conseils et de Notre désir.

De ce qui précède Nos sujets Sauvages, de la dite province de la Colombie-Britannique, et tous ceux que les présentes peuvent concerner, sont par les présentes requis d'en prendre avis et d'agir en conséquence.

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada—suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.

JOHN GEORGE BOURINOT,
Greffier des Communes.

Et de plus, en conformité d'une Résolution adoptée par la Chambre des communes, le 20 avril 1883, il est ordonné que—

“Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les *clauses* des Actes généraux concernant les détails qui font l'objet de ces bills; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général; les bills qui ne seront pas rédigés conformément à cette Règle, devront être remodelés par les auteurs et ré-imprimés à leurs frais, avant qu'aucun comité en examine les clauses.

J. G. BOURINOT,
Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce.

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba.) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

Et attendu qu'il a été passé un ordre du Gouverneur en conseil, en date du dix-huitième jour d'août, dans l'année de Notre-Seigneur mil huit cent quatre-vingt-trois, désignant le Port de East Bay, dans le comté de Cap-Breton, dans la province de la Nouvelle-Ecosse, comme un port auquel devront s'appliquer le dit acte et ses amendements, et déclarant que les limites du dit port embrasseront l'étendue d'eau qu'il y a à l'est d'une ligne se prolongeant de Shipyard Point jusqu'à McAdam Point.

SACHEZ maintenant que par et en vertu de l'autorité que Nous confère le dit acte et un ordre en conseil, Nous proclamons et déclarons que l'acte ci-dessus mentionné et intitulé "Acte pour pourvoir à la nomination de maîtres de havre pour certains ports dans les provinces de la Nouvelle-Ecosse et du Nouveau-Brunswick," et les actes qui l'amendent, devront désormais s'appliquer au port de East Bay, dans le comté de Cap-Breton, dans la province de la Nouvelle-Ecosse.

De ce qui précède Nos féaux sujets et tous ceux que les présentes peuvent concerner, sont par les présentes requis d'en prendre avis et d'agir en conséquence.

EN FOI DE QUOI, Nous avons fait émettre Nos présentes Lettres Patentes et à icelles fait apposer le Grand Sceau du Canada. A Notre Hôtel du Gouvernement, en Notre CITÉ d'OTTAWA, ce DIX-HUITIÈME jour d'AOUT, dans l'année de Notre-Seigneur mil huit cent quatre-vingt-trois, et de Notre Règne la quarante-septième.

clause d'un acte passé en la session du parlement du

Canada tenue dans la quarante-troisième année de Notre règne, chapitre vingt-cinq et intitulé "Acte des Territoires du Nord-Ouest, 1880," il est entre autres choses en substance statué que le gouverneur en conseil pourra de temps en temps par proclamation, détacher une partie des territoires du Nord-Ouest, et en faire un district d'enregistrement pour lequel il pourra nommer un registrateur, et qu'à partir du jour fixé par la dite proclamation, aucun enregistrement ne sera fait dans ce district par le registrateur général.

ORDRES EN CONSEIL.

HOTEL DU GOUVERNEMENT.

Ottawa, lundi, 9 juillet 1883.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR la recommandation de l'honorable ministre des douanes, et conformément au paragraphe 12 de la clause 230 de la loi passée en la session du parlement du Canada, tenue en la 46me année du règne

de Sa Majesté, chapitre 12, et intitulé "Acte à l'effet de modifier et refondre les actes concernant les douanes," il a plu à Son Excellence, suivant l'avis du Conseil privé de la Reine pour le Canada, d'ordonner et il est par le présent ordonné que l'on pourra, sujet cependant aux restrictions et règles générales concernant le paiement des drawbacks sur les marchandises manufacturées en Canada et exportées en pays étrangers, payer au fabricant canadien de clous pour les fers à chevaux sur les clous qu'il fabriquera et exportera un drawback équivalant à 90 pour cent des droits payés sur un poids égal de fer importé avec lequel sont manufacturés les dits clous pour fers à chevaux; ou dans le cas où le fabricant ne pourra pas montrer le montant exact de droits ainsi payés, alors le drawback sera au taux de 35 centins par 100 livres des dits clous, pourvu dans ce dernier cas, qu'ils aient été fabriqués exclusivement avec le fer en baguettes importé.

Et il est de plus ordonné que l'on pourra payer également au fabricant canadien de fers à chevaux fabriqués en Canada et exportés en pays étranger, un drawback, équivalant à 90 pour cent des droits payés sur un poids égal de fer importé dont on a fabriqué les dits fers à chevaux, ou dans le cas où le fabricant ne pourra pas montrer le montant exact des droits payés, le drawback sera alors de 10 centins par chaque cent (100) livres des dits fers à chevaux.

JOHN J. McGEE,

Greffier du Conseil Privé.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada—suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes ou privilèges exclusifs ou partiels, ou faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit :

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

EDOUARD J. LANGEVIN,
Greffier du Sénat.
JOHN GEORGE BOURINOT,
Greffier des Communes.

Et de plus, en conformité d'une Résolution adoptée par la Chambre des communes, le 20 avril 1883, il est ordonné que—

“Tous les bills privés demandant des actes constitutifs devront être rédigés de manière à y incorporer, en les spécifiant, les clauses des Actes généraux concernant les détails qui font l'objet de ces bills; des raisons spéciales seront données chaque fois que l'on aura l'intention de se départir de ce principe, ou que l'on voudra y introduire d'autres dispositions touchant ces détails; et une note sera annexée au bill indiquant les dispositions au sujet desquelles l'on entend s'écarter de l'Acte général; les bills qui ne seront pas rédigés conformément à cette Règle, devront être

remodelés par les auteurs et ré-imprimés à leurs frais, avant qu'aucun comité en examine les clauses.

J. G. BOURINOT,
Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce.

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba,) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

In the Provinces of Quebec and Manitoba.

A notice inserted in the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District, in which a newspaper is published.

And copies of the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House.

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioner or petitioners, upon giving the notice prescribed by the preceding Rule, shall also, at the same time, and in the same manner, give notice of the rates which they intend to ask; the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and whether

they intend to erect a drawbridge, and the dimensions of the same.

Any person seeking to obtain any Private Bill shall, eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the bill is to originate, a copy of such bill in the English or French language, with a sum sufficient to pay for translating and printing the same—600 copies to be printed in English, and 200 copies in French—the translation to be done by the officers of the House, and the printing by the contractor. The applicant shall be also required to pay the accountant of the House a sum of \$200 and the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred—such payment to be made immediately after the second reading, and before the consideration of the Bill by such Committee.

No Petition for a Private Bill is received by either House after the first ten days of the session.

ORDRES EN CONSEIL.

RÈGLEMENTS pour permettre la mise en bouteilles des spiritueux en douane, conformément à la 46 Victoria, chapitre 15, clause 147.

1. Le département du revenu de l'intérieur pourra autoriser toute personne qui a obtenu une licence comme distillateur, à mettre en bouteilles les spiritueux, produits par sa propre distillerie, sujet aux règlements suivants:

2. Une partie de l'établissement de distillerie, approuvée par le département, doit être divisée en compartiments par des cloisons solides et fermées par les employés de la Couronne—telle partie de l'établissement ne devant servir qu'à cet usage seul.

3. Le distillateur n'aura accès dans le dit compartiment qu'en présence d'un officier du revenu de l'intérieur.

4. Le distillateur devra donner six heures d'avis de son intention de transporter des spiritueux du magasin d'entrepôt ou de la distillerie à la chambre où se fait la mise en bouteilles dont il a été parlé plus haut. Cet avis doit être entré dans un livre fourni à cet effet par le département.

5. L'avis devra définir (a) le nombre de barils que l'on se propose de déménager ; (b) leurs marques et chiffres, leur poids net et en bloc ainsi que la tare, la quantité de gallons d'après l'étalon, la force à l'épreuve et le nombre de gallons contenus dans chaque baril séparément, suivant les marques posées conformément aux règlements du revenu de l'intérieur.

6. Les bouteilles dont on se servira, après avoir été lavées et séchées, seront pesées en présence de l'officier, qui devra en enregistrer le nombre et la pesanteur totale dans un livre fournit à cet effet par le département.

7. L'officier devra ensuite peser un égal nombre de bouchons, affiches, ou tout autre objet se rattachant aux dites bouteilles, et en marquer la pesanteur totale dans tel livre.

8. Le percepteur devra veiller avec soin à ce que dans chaque cas les conditions imposées par les clauses 28 et 29 des règlements concernant les magasins d'entrepôt, approuvés le 27 avril 1868 ou tout amendement s'y rapportant fait à une époque subséquente, soient fidèlement observées.

9. Les spiritueux ainsi entrés dans la chambre où se fait la mise en bouteilles, seront inscrits dans le livre No 2 des stocks des manufacturiers, et considérés comme sortis de la distillerie proprement dite, et la quantité ainsi transportée sera inscrite dans la colonne DR. du "Daily Record of Bottling."

10. La même quantité, lorsqu'elle sera mise en bouteilles sera inscrite dans la colonne CR. du livre des stocks No. 2, cité plus haut et notée en conséquence lorsqu'elle sera enlevée ou lorsqu'on en disposera d'une autre manière.

11. Les deux livres dont il est fait mention plus haut devront être balancés tous les mois.

12. Le distillateur devra fournir un réservoir ou des réservoirs ayant la capacité qu'il jugera nécessaire, et tous les spiritueux, avant d'être mis en bouteille, seront jetés dans ce réservoir à même lequel on remplira les bouteilles.

13. On ne pourra pas mettre dans ce ou ces réservoirs une quantité moindre que celle contenue dans le baril ou les barils sortis de l'entrepôt.

14. A la fin de chaque mois on devra faire l'inventaire dans la chambre où se fait la mise en bouteilles, des spiritueux renfermés dans les barils non entamés, et de ceux non mis en bouteilles restant dans le réservoir ou les réservoirs ; et l'évaluateur des douanes devra exiger l'entrée et percevoir les droits pour tout déficit qui pourra s'être produit pendant le mois.

15. Le distillateur devra, le premier jour de chaque mois, faire un rapport supplémentaire, suivant une formule que lui prescrira le département, et donnant les détails des transactions faites pendant le mois précédant la date de ce rapport nécessaire pour l'intelligence du dit rapport.

16. Les boîtes ou paniers dans lesquels les spiritueux mis en bouteilles seront placés ne doivent pas renfermer moins de douze bouteilles chaque.

17. On devra appliquer aux spiritueux ainsi mis en bouteilles, lorsqu'ils sont sortis de l'entrepôt ou transportés ailleurs, les clauses 143, 150 et 152 de l'acte 46 Victoria, chapitre 15, qui se rapportent à tel déménagement, et ces spiritueux en bouteilles seront sujets à tous les règlements et restrictions qui se rapportent aux autres spiritueux.

18. Chaque bouteille ainsi remplie portera une étiquette que placera le distillateur sur le bouchon qui descendra de chaque côté du goulot de la bouteille de manière à cacher complètement le bouchon et à empêcher que la contenu ne soit enlevé de la bouteille sans briser le cachet.

19. Les étiquettes seront fournies par le département et seront faites, d'après un dessin et avec les matériaux désignés par le département ; elles seront fournies au distillateur sur la demande qu'il en fera au percepteur du Revenu de l'Intérieur, et la quantité qui sera requise de temps à autre pour usage immédiat. Le prix des étiquettes sera de une piastre (\$1.00) le cent.

20. Chaque boîte devra être marquée par le distillateur et indiquer le nombre de bouteilles, la quantité de gallons, la force et la preuve des gallons contenus, et aussi le numéro enregistré de la distillerie, le mois et l'année de la mise en bouteilles, et le numéro de la division du revenu de l'intérieur.

CONSEIL PRIVÉ,
Ottawa, 25 août 1883.

Je certifie que les règlements précités pour permettre la mise en bouteille des spiritueux en entrepôt, conformément à l'acte 46 Victoria, chap. 15, clause 147, ont été approuvés par Son Excellence le gouverneur-général en conseil ce 25e jour d'août 1883.

JOHN J. McGEE,
Greffier du Conseil Privé.

HOTEL DU GOUVERNEMENT.

Ottawa, lundi, 9 juillet 1883.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR la recommandation de l'honorable ministre des douanes, et conformément au paragraphe 12 de la clause 230 de la loi passée en la session du parlement du Canada, tenue en la 46me année du règne de Sa Majesté, chapitre 12, et intitulé "Acte à l'effet de modifier et refondre les actes concernant les douanes," il a plu à Son Excellence, suivant l'avis du Conseil privé de la Reine pour le Canada, d'ordonner et il est par le présent ordonné que l'on pourra, sujet cependant aux restrictions et règles générales concernant le paiement des drawbacks sur les marchandises manufacturées en Canada et exportées en pays étrangers, payer au fabricant canadien de clous pour les fers à chevaux sur les clous qu'il fabriquera et exportera un drawback équivalant à 90 pour cent des droits payés sur un poids égal de fer importé avec lequel sont manufacturés les dits clous pour fers à chevaux ; ou dans le cas où le fabricant ne pourra pas montrer le montant exact de droits ainsi payés, alors le drawback sera au taux de 35 centins par 100 livres des dits clous, pourvu dans ce dernier cas, qu'ils aient été fabriqués exclusivement avec le fer en baguettes importé.

Et il est de plus ordonné que l'on pourra payer également au fabricant canadien de fers à chevaux fabriqués en Canada et exportés en pays étranger, un drawback, équivalant à 90 pour cent des droits payés sur un poids égal de fer importé dont on a fabriqué les dits fers à chevaux, ou dans le cas où le fabricant ne pourra pas montrer le montant exact des

droits payés, le drawback sera alors de 10 centins par chaque cent (100) livres des dits fers à chevaux.
